“We are thrilled to announce this contract with Car Charging Group,” said Ari Pearl, the developer of Oceanside. “Teaming up with this innovative company illustrates how cutting-edge our property is. This is a great addition to the World Class amenities we offer to our residents.”

Car Charging Group, Inc. is in the business of owning, providing and servicing electric car charging stations in designated parking areas of public and private property, such as multi-family residential and commercial buildings, parking garages, municipalities, sporting venues and other convenient charging locations. Applications are currently being taken for the Nissan Leaf, Chevy Volt, the Fisker Karma, and the Tesla Roadster for delivery in 2010. It is only a matter of time before drivers make the transition from gasoline-powered vehicles to electric vehicles, and we are prepared to help develop an EV charging infrastructure to aid the process.
