Overview

We are a leading owner, operator, and provider of electric vehicle ("EV") charging equipment and networked EV charging services. We offer both residential and commercial EV charging equipment, enabling EV drivers to easily recharge at various location types.

Our principal line of products and services is our Blink EV charging network (the "Blink Network") and EV charging equipment (also known as electric vehicle supply equipment) and EV related services. Our Blink Network is proprietary cloud-based software that operates, maintains, and tracks all of the Blink EV charging stations and the associated charging data. The Blink Network provides property owners, managers, and parking companies, who we refer to as our "Property Partners", with cloud-based services that enable the remote monitoring and management of EV charging stations, payment processing, and provides EV drivers with vital station information including station location, availability, and applicable fees.

We offer our Property Partners a flexible range of business models for EV charging equipment and services. In our comprehensive and turnkey business model, we own and operate the EV charging equipment, manage the installation, maintenance, and related services; and share a portion of the EV charging revenue with the property owner. Alternatively, Property Partners may share in the equipment and installation expenses, with CarCharging operating and managing the EV charging stations and providing connectivity to the Blink Network. For Property Partners interested in purchasing and owning EV charging stations that they manage, we can also provide EV charging hardware, site recommendations, connectivity to the Blink Network, and service and maintenance services.

We have strategic relationships with hundreds of Property Partners that include well-recognized companies, large municipalities, and local businesses. The types of properties include airports, auto dealers, healthcare/medical, hotels, mixed-use, municipal locations, multifamily residential and condo, parks and recreation areas, parking lots, religious institutions, restaurants, retailers, schools and universities, stadiums, supermarkets, transportation hubs, and workplace locations. Some examples are Caltrans, City of Azusa, City of Chula Vista, City of Springfield, City of Tucson, Cracker Barrel, Federal Realty, Fred Meyer Stores, Inc., Fry's Food & Drug, Inc., IKEA, JBG Associates, LLC, Kroger Company and Ralphs Grocery Company. We continue to establish contracts with Property Partners that previously had contracts with the EV services providers that we acquired, including ECOtality, Inc. ("ECOtality"), the former owner of the Blink related assets, which we acquired in October 2013.

As of June 26 , 2017, we have approximately 14,370 charging stations deployed of which 4,972 are Level 2 public charging units, 119 DC Fast Charging EV chargers and 2,269 residential charging units in service on the Blink Network. Additionally, we currently have approximately 353 Level 2 charging units on other networks and there are also approximately an additional 6,657 non-networked, residential Blink EV charging stations. The non-networked, residential Blink EV charging stations are all partner owned. Level 2 EV chargers are ideal for commercial and residential use, and has the standard J1772 connector, which is compatible with all major auto manufacturer electric vehicle models. Our DC Fast Charging equipment ("DCFC") currently has the CHAdeMo connector, which is compatible with Nissan, Kia, and Tesla electric vehicle models, and typically provides an 80% charge in less than 30 minutes.

Competitive Advantages/Operational Strengths

Early Mover Advantage*:* We continue to leverage our large and defendable first mover advantage and the digital customer experience we have created for both drivers and Property Partners. We have approximately 96,000 drivers currently registered with Blink that appreciate the value of EV charging sessions on a leading, established, and robust network. We have thousands of Blink chargers deployed across the United States and the goal is to keep our Property Partners on one consistent network when expanding on any given property.

Long-Term Contracts with Property Owners: We have strategic and often long term agreements with location exclusivity for Property Partners across numerous transit/destination locations, including airports, car dealers, healthcare/medical, hotels, mixed-use, municipal locations, multifamily residential and condo, parks and recreation areas, parking lots, religious institutions, restaurants, retailers, schools and universities, stadiums, supermarkets, transportation hubs, and workplace locations. We have hundreds of Property Partners that include well-recognized companies, large municipalities, and local businesses. Some examples are Caltrans, Carl's Jr., City of Azusa, City of Chula Vista, City of Springfield, City of Tucson, Cracker Barrel, Federal Realty, Fred Meyer Stores, Inc., Fry's Food & Drug, Inc., Garage Management Company, Icon Parking, IKEA, iPark, JBG Associates, Kohls, Kroger Company, LAZ Parking, Macy's, McDonald's, and Ralphs Grocery Company, Sears, Simon Properties, and SP+ Parking. We continue to establish new contracts with Property Partners that previously secured our services independently, or had contracts with the EV services providers that we acquired, including ECOtality, the former owner of the Blink related assets.

Flexible Business Model*:* We are able to offer and sell both EV charging equipment as well as access to our robust, cloud-based EV charging software, which we refer to as the Blink Network. We believe that we have an advantage in our ability to provide by offering various business models to Property Partners and leverage along with our technology to meet the needs of both Property Partners and EV drivers, we have an advantage compared to our competitors. Our Property Partner business model options include:

1. CarCharging Owns: We provide EV charging equipment, which we own and maintain, and operate the EV charging services through our Blink Network and share a portion of the revenues generated from the stations with our Property Partner.

2. Host Owned: The Property Partner purchases our EV charging equipment and pays for connectivity to our Blink Network as well as payment transaction fees and optional service fees.

3. Hybrid: We also offer customized business models that meet individual Property Partner needs and combines features from the aforementioned business models.

Ownership and Control of EV Charging Stations and Services*:* We own a large percentage of our stations, which is a significant differentiation between us and some of our primary competitors. This ownership model allows us to control the settings and pricing for our EV charging services, service the equipment as necessary, and have greater brand management and price uniformity.

Experience with Products and Services of Other EV Charging Service Providers. From inception in 2009 and via acquisitions of other EV charging service providers (Beam Charging, 350Green, EV Pass, and Blink), we have had the experience of owning and operating EV charging equipment provided by other EV charging service providers, including General Electric, ChargePoint, and SemaConnect. This experience has provided us with the working knowledge of the benefits and drawbacks of other equipment manufacturers and their applicable EV charging networks.

Securities Purchase Agreement with JMJ Financial

We entered into a Securities Purchase Agreement dated October 7, 2016 (the "Purchase Agreement") with JMJ Financial, a Nevada sole proprietorship owned by Justin Keener ("JMJ," and together with our Company, the "Parties"). In accordance with its terms, the Purchase Agreement became effective upon (i) execution by the Parties of the Purchase Agreement, a Promissory Note (as defined below), and the October JMJ Warrant (as defined below), and (ii) delivery of an initial advance pursuant to the Promissory Note of $500,000, which occurred on October 13, 2016. The Promissory Note and the October JMJ Warrant were issued on October 13, 2016. Pursuant to the Purchase Agreement, as amended on March 23, 2017, May 15, 2017 and June 15, 2017, JMJ purchased from our Company (i) a promissory note (the "Promissory Note"), convertible into Common Stock, in the aggregate principal amount of up to $3,725,000 due and payable on the earlier of July 15, 2017 or the third business day after the closing of an offering pursuant to the registration statement of which this prospectus forms a part (the "Registered Offering"), and (ii) a Common Stock purchase warrant (the "October JMJ Warrant") to purchase 14,286 shares of our Common Stock at an exercise price per share equal to the lesser of (i) 80% of the per share price in the contemplated Registered Offering, (ii) $35, (iii) 80% of the unit price in the Registered Offering (if applicable), (iv) the exercise price of any warrants issued in the Registered Offering, or (v) the lowest conversion price, exercise price, or exchange price, of any security issued by us that was outstanding on October 13, 2016. Pursuant to the terms of the Promissory Note, JMJ has agreed that it will not convert the Promissory Note into more than 9.99% of our outstanding shares of Common Stock. JMJ currently does not own any shares of our Common Stock. The initial amount borrowed under the Promissory Note was $500,000, with the remaining amounts permitted to be borrowed under the Promissory Note being subject to us achieving certain milestones. The Promissory Notes each have an original issue discount of approximately 6%. This means that the Company will need to repay at least $530,000 for every $500,000 borrowed. We refer to these transactions that occurred in October 2016 as the "JMJ Financing".

If we do not repay the Promissory Note on the maturity date (currently July 15, 2017), JMJ can convert all or part of the outstanding and unpaid principal, accrued interest, and any other fees into shares of Common Stock at a conversion price that is the lesser of $35.00 or 60% of the lowest trade price in the 25 trading days previous to the conversion. If we do not repay the Promissory Note on the maturity date and if we have issued a variable security at any time the Promissory Note is outstanding, then in such event JMJ shall have the right to convert all or any portion of the outstanding balance of the Promissory Note into shares of Common Stock on the same terms as granted in any applicable variable security issued by us.

With the achievement of certain milestones in November 2016 (the filing with the Securities and Exchange Commissions (the "SEC") of a Preliminary Information Statement on Schedule 14C regarding the Reverse Stock Split), an additional advance of $500,000 under the Promissory Note occurred on November 28, 2016. Another warrant to purchase 14,286 shares of our Common Stock was issued as of November 28, 2016. With the achievement of certain milestones in February 2017 (the filing with the SEC of a revised Preliminary Information Statement and a Definitive Information Statement, each on Schedule 14C regarding a reverse stock split), additional advances of $225,100 and $300,000 under the Promissory Note occurred on February 10 and February 27, respectively. Thus, two more warrants to purchase the Company's Common Stock were issued, one for 6,431 shares and the other for 8,571 shares, respectively. All advances after February 28, 2017 have been at the discretion of JMJ without regard to any specific milestones occurring. Additional advances of $250,000 and $30,000 under the Promissory Note occurred on March 14, 2017 and March 24, 2017, respectively, and two more warrants to purchase the Company's Common Stock were issued, one for 7,143 shares and the other for 857 shares. An additional advance of $400,000 occurred on April 5, 2017 and another warrant to purchase 11,429 shares of our Common Stock was issued on the same date. An additional advance of $295,000 occurred on May 9, 2017 and another warrant to purchase 8,429 share of the Company's Common Stock was issued on the same date. As of June 26, 2017, eight (8) warrants to purchase a total of 71,432 shares of the Company's Common Stock have been issued to JMJ. The aggregate exercise price is $2,500,100. On the fifth (5th) trading day after the closing of the Registered Offering, but in no event later than July 15, 2017, we will deliver to JMJ shares of our Common Stock ("Origination Shares") equal to 48% of the consideration paid by JMJ under the Promissory Note divided by the lowest of (i) $35.00 per share, or (ii) the lowest daily closing price of our Common Stock during the ten days prior to delivery of the Origination Shares (subject to adjustment for stock splits), or (iii) 80% of the Common Stock offering price of the Registered Offering, or (iv) 80% of the unit offering price of the Registered Offering (if applicable), or (v) the exercise price of any warrants issued in the Registered Offering. The number of shares to be issued will be determined based on the share price in this offering. If the Registered Offering does not occur prior to July 15, 2017, if JMJ owns Origination Shares at the time of a subsequent public offering where the pricing terms above would result in a lower Origination Share pricing, the Origination Shares pricing shall be subject to a reset based on the same pricing terms as described above.

In connection with the Purchase Agreement, the Company entered into a Representations and Warranties Agreement (the "Representations and Warranties Agreement") with JMJ regarding the Company's existing debt as of October 7, 2016. The Company had agreed to obtain agreements, by December 15, 2016, with holders owning at least $7,000,000 of the outstanding liabilities as reflected on the Company's balance sheet as of June 30, 2016, providing for those holders to convert their liabilities into shares of Series C Convertible Preferred Stock ("Series C Preferred Shares") or Common Stock of the Company at or prior to the time of the closing of the Registered Offering. The Company had also agreed to, by December 15, 2016, seek agreements so that the Company would not have, other than securities issued to JMJ, any variable securities. The Company is still seeking these letter agreements. Although the Company did not meet the December 2016 deadline, JMJ has not sought any remedies or assessed any fees for such failure.

On March 23, 2017, the parties amended the terms of the Promissory Note such that JMJ agreed to conditionally waive the defaults with regards to our failure to meet the original maturity date of the Promissory Note and the original delivery date of February 15, 2017 for the Origination Shares and extended the Maturity Date to May 15, 2017. JMJ did not waive any damages, fees, penalties, liquidated damages, or other amounts or remedies otherwise resulting from such defaults (which damages, fees, penalties, liquidated damages, or other amounts or remedies JMJ may choose in the future to assess, apply or pursue in its sole discretion) and JMJ's conditional waiver is conditioned on us not being in default of and not breaching any term of the note, the securities purchase agreement, or any other transaction documents in connection therewith at any time subsequent to March 23, 2017. The parties amended the terms of the Promissory Note in a similar manner on May 15, 2017 (extending the Maturity Date to June 15, 2017) and June 15, 2017 (extending the Maturity Date to July 15, 2017) . As of June 26, 2017, JMJ has not asserted its right to assess penalties resulting from the defaults with regards to our failure to meet the original (and amended) maturity date of the Promissory Note and the original (and amended) delivery date for the Origination Shares.

We are subject to a number of additional risks which you should be aware of before you buy our securities in this offering. These risks are discussed more fully in the section entitled "Risk Factors" following this prospectus summary.

Listing on The Nasdaq Capital Market

We have applied to list our Common Stock and warrants on The Nasdaq Capital Market ("NASDAQ") under the symbols "BLNK" and "BLNKW." If our listing application is approved, we expect to list our Common Stock and warrants on NASDAQ upon the closing of this offering and our Common Stock will cease to be traded on the OTC Pink Current Information Marketplace. No assurance can be given that our listing application will be approved. This offering will occur only if NASDAQ approves the listing of our Common Stock and warrants on NASDAQ. If NASDAQ does not approve the listing of our Common Stock and warrants, we will not proceed with this offering.

Going Concern Considerations

As reflected in our unaudited condensed consolidated financial statements for the year ended March 31, 2017, we had a cash balance, a working capital deficiency and an accumulated deficit of $2,988, $18,989,258 and $84,169,514, respectively. During the three months ended March 31, 2017, the Company incurred a net loss of $3,097,732. These factors raise substantial doubt about our ability to continue as a going concern within a year after the financial statement issuance date, as expressed in the notes to our unaudited condensed consolidated financial statements. Historically, we have been able to raise funds to support our business operations.

While we believe in the viability of our strategy to generate sufficient revenues and in our ability to raise additional funds through the completion of this offering, there can be no assurance that we will be able to generate sufficient revenues or complete this offering, raise anticipated proceeds, or that any other debt or equity financing will be available or, if available, that it will be available on terms acceptable to us. If we fail to complete this offering or raise anticipated proceeds, we may not be able to continue operations and as such our independent auditor's report will continue to contain an uncertainty paragraph related to our ability to continue as a going concern.

Corporate Information

Car Charging Group, Inc., a Nevada corporation, is the parent company of Car Charging, Inc., a Delaware corporation, which serves as the main operating company and is, in turn, the parent company of several distinct wholly-owned subsidiary operating companies including, but not limited to, eCharging Stations LLC, Blink, Beam Charging LLC and EV Pass LLC. Car Charging Group, Inc. was formed in the State of Nevada on October 3, 2006, under our prior name, New Image Concepts, Inc. New Image Concepts, Inc. changed its name to Car Charging Group, Inc., on December 8, 2008. Car Charging, Inc. was incorporated in Delaware on September 8, 2009. We purchased the assets referred to as the Blink Network from ECOtality, Inc. on October 16, 2013. From April 22, 2013 to April 16, 2014, 350 Green LLC ("350 Green") was a wholly-owned subsidiary of the Company in which the Company had full control and was consolidated. Beginning on April 17, 2014, when 350 Green's assets and liabilities were transferred to a trust mortgage, 350 Green became a Variable Interest Entity. We determined that we were the primary beneficiary of 350 Green, and as such, 350 Green's assets, liabilities and results of operations are included in our consolidated financial statements. On May 18, 2017, each of 350 Green and Green 350 Trust Mortgage LLC filed to commence an assignment for the benefit of creditors, which results in their residual assets being controlled by an assignee in a judicial proceeding. As a result, as of May 18, 2017, 350 Green is no longer a variable interest entity of the Company and, accordingly, 350 Green's approximately $3.7 million of liabilities will, as of June 30, 2017, be deconsolidated from the Company's financial statements.

The balance sheet table below presents consolidated balance sheets data as of March 31, 2017 on:

- an actual basis;
- a pro forma basis, giving effect to

(1) the sale by us to JMJ of a Promissory Note in the amount of approximately $1.8 million offset by the Promissory Note discounts and issuance costs of:

(A) Common Stock purchase warrants for 51,574 shares of Common Stock issued to JMJ with an estimated fair value of $230,263 using the multi-nomial lattice pricing model based upon: (i) an expected life of 1.53 – 4.25 years ; (ii) estimated volatility of 149.3%; (iii) annual rate of expected dividends of 0%; (iv) a risk free interest rate of 1.50%; and (v) an estimated exercise price of $35.00;

(B) placement agent cash fees of $195,510 and warrants to purchase 5,157 shares of Common Stock with an estimated fair value of $23,022 using the multi-nomial lattice pricing model based upon: (i) an expected life of 1.53 – 4 years; (ii) estimated volatility of 149.3%; (iii) annual rate of expected dividends of 0%; (iv) a risk free interest rate of 1.50%; and (v) an estimated exercise price of $35.00. Such fees and warrants were issued in connection with the JMJ Financing; and

(C) Subsequent to March 31, 2017, the Company received an additional $695,000 from JMJ, issued to JMJ an additional 19,857 warrant shares valued at $39,899, became obligated to issue Origination Shares valued at $333,600, incurred additional placement fee issuance costs of approximately $69,000, an additional $168,000 of deferred issuance associated with the default conversion feature of the borrowings and incurred additional original issue discount of approximately $72,000.

(2) On May 8, 2017, the Company issued 61,740 Series C Preferred Shares to settle liabilities totaling $ 6,155,489 for the accrued public information fee, dividend payable, and registration rights penalty liabilities.

(3) On May 8, 2017, the Company issued 21,166 shares of Common Stock in settlement of $386,900 in various accrued expenses (including payments to a business development consultant , a law firm engaged for representation of the Company during the ECOtality bankruptcy, an accounting firm, and a sales agent).

(4) On May 18, 2017, each of 350 Green and Green 350 Trust Mortgage LLC filed to commence an assignment for the benefit of creditors in the state of Michigan, which results in their residual assets being controlled by an assignee in a judicial proceeding. As a result, as of May 18, 2017, 350 Green is no longer a variable interest entity of the Company and, accordingly, 350 Green's approximately $3.7 million of liabilities will, as of June 30, 2017, be deconsolidated from the Company's financial statements. The Company determined that pro forma financial statements are not required to be presented because 350 Green had no operations and no assets. In connection with the matter, the Company paid $71,000 of legal fees.

- a pro forma as adjusted basis, giving effect to the pro forma events above and for the sale by us of 2,162,162 shares of Common Stock in this offering at an assumed public offering price of $9.25 per share, which is the last reported sales price for our Common Stock as reported on the OTC Pink Current Information Marketplace on June 26, 2017, as adjusted to reflect the Reverse Stock Split, after deducting sales agents' discounts and commissions and estimated offering expenses, and the following:

  (1) As of June 26, 2017, the Company received agreements signed by certain holders of outstanding warrants to purchase Common Stock, pursuant to which at the closing of this offering, warrants to purchase an aggregate of 633,407 warrant shares will convert into 411,638 shares of Common Stock, based on the assumed public offering price per share of $9.25, as adjusted to reflect the Reverse Stock Split. The issuance of these 411,638 shares will result in an inducement charge of approximately $2.4 million and reduce derivative liabilities by approximately $1.86 million.
  (2) On June 23, 2017, the two holders of the Series A Preferred Shares signed letter agreements pursuant to which, at the closing of this offering, 11,000,000 Series A Preferred Shares will convert into 2,200,000 shares of Common Stock. Pursuant to the original terms of the Series A Preferred Shares, the conversion price of the Series A Preferred Shares is not impacted by a reverse stock split such that the holders would have been entitled to 27,500,000 shares of Common Stock on a post-split basis. The Company recorded the contingent beneficial conversion feature with a value of $1,000,000 as a deemed dividend by recording an offsetting debit and credit to additional paid-in capital because the Company has an accumulated deficit. On May 19, 2017, the holder of the Series B Preferred Shares signed a conversion agreement pursuant to which, at the closing of this offering, 8,250 Series B Preferred Shares will convert into 102,568 shares of Common Stock which will result in an inducement charge of approximately $120,000. During May and June 2017, the holders of the Series C Preferred Shares signed letter agreements pursuant to which, at the closing of this offering, 204,164 Series C Preferred Shares will convert into 3,172,824 shares of Common Stock. The above number of shares are based on an assumed public offering price of $9.25, as adjusted to reflect the Reverse Stock Split. The conversion of the Series C Preferred Shares resulted in a deemed dividend of approximately $24.0 million which was recognized by recording an offsetting debit and credit to additional paid-in capital because the Company has an accumulated deficit.

  (3) Pursuant to drag-along rights under the Series C Amendment expected to be filed following the expected approval by the majority holder of the Series C Preferred Shares (an entity affiliated with Mr. Farkas), 8,003 Series C Preferred Shares will convert into 124,371 shares of Common Stock which is equal to 8,003 Series C Preferred Shares (i) multiplied by a factor of 115 (ii) divided by the assumed public offering price per share of $9.25, as adjusted to reflect the Reverse Stock Split, (iii) multiplied by 80%. The conversion of the Series C Preferred Shares resulted in a deemed dividend of approximately $0.9 million which was recognized by recording an offsetting debit and credit to additional paid-in capital because the Company has an accumulated deficit.

  (4) At the closing of this offering, the Company will repay: (i) $542,567 in principal and interest owed pursuant to outstanding convertible notes issued to an entity controlled by our Executive Chairman, Mr. Farkas; (ii) $2,500,100 to JMJ related to funding provided under the JMJ convertible financing (not including the original issue discount of approximately 6% which we owe and which equals, as of June 26, 2017, approximately $150,000); and (iii) placement agent and legal fees of approximately $125,000 related to the JMJ Financing (of which $22,000 will be paid to Joseph Gunnar & Co., LLC, the representative of the underwriters of this offering, and $58,000 will be paid to Ardour). See "Use of Proceeds" section on page 29.

  (5) Concurrent with the closing of the offering, the Company will pay the former principals of 350 Green LLC $25,000 and $50,000 within 60 days thereafter in settlement of a $360,000 debt (inclusive of imputed interest) in accordance with a Settlement Agreement between the parties dated August 21, 2015.

  (6) Concurrent with the closing of the offering, the Company will issue 15,359 shares of Common Stock to three employee Board members in settlement and consideration of services rendered during the period of April 1, 2016 through March 31, 2017.

  (7) Concurrent with the closing of this offering, the Company will charge $617,000 against additional paid-in capital related to offering costs that have been deferred.

  (8) On June 8, 2017, the Company entered into a settlement agreement with former external legal counsel to settle $475,394 in payables owed for legal services as of March 31, 2017 for $100,000 in consideration: (a) $25,000 to be paid in cash at the closing of this offering; and (b) $75,000 in the form of shares of Common Stock issuable upon the closing of this offering. As a result, the Company will show a $375,395 reduction in liabilities.

  (9) The Company will issue 129,735 Origination Shares valued at $1,200,048, after the closing of this offering to JMJ pursuant to the Purchase Agreement.

  (10) On June 13, 2017, the Company entered into an agreement with ITT Canon LLC whereby the Company reached a settlement regarding, as of March 31, 2017, an accrued liability of $175,000. The Company will issue 21,622 shares of Common Stock at the closing of this offering.

The pro forma information will be adjusted based on the actual public offering price and other terms of this offering determined at pricing.

RISK FACTORS

Investing in our Common Stock involves a high degree of risk. You should carefully consider the following risks and uncertainties described below, as well as other information included in this prospectus before deciding to purchase our securities. There are many risks that affect our business and results of operations, some of which are beyond our control. Our business, financial condition or operating results could be materially harmed by any of these risks. This could cause the trading price of our Common Stock to decline, and you may lose all or part of your investment. Additional risks that we do not yet know of or that we currently think are immaterial may also affect our business and results of operations.

Relating to Our Business

Our Revenue Growth Depends on Consumers' Willingness to Adopt Electric Vehicles.

Our growth is highly dependent upon the adoption by consumers of electric vehicles ("EV"), and we are subject to a risk of any reduced demand for EVs. If the market for EVs does not gain broad market acceptance or develops more slowly than we expect, our business, prospects, financial condition and operating results will be harmed. The market for alternative fuel vehicles is relatively new, rapidly evolving, characterized by rapidly changing technologies, price competition, additional competitors, evolving government regulation and industry standards, frequent new vehicle announcements, long development cycles for EV original equipment manufacturers, and changing consumer demands and behaviors. Factors that may influence the purchase and use of alternative fuel vehicles, and specifically EVs, include:

- perceptions about EV quality, safety (in particular with respect to lithium-ion battery packs), design, performance and cost, especially if adverse events or accidents occur that are linked to the quality or safety of EVs;
- the limited range over which EVs may be driven on a single battery charge and concerns about running out of power while in use;
- improvements in the fuel economy of the internal combustion engine;
- consumers' desire and ability to purchase a luxury automobile or one that is perceived as exclusive;
- the environmental consciousness of consumers;
- volatility in the cost of oil and gasoline;
- consumers' perceptions of the dependency of the U.S. on oil from unstable or hostile countries and the impact of international conflicts;
- government regulations and economic incentives promoting fuel efficiency and alternate forms of energy;
- access to charging stations, standardization of EV charging systems and consumers' perceptions about convenience and cost to charge an EV; and
- the availability of tax and other governmental incentives to purchase and operate EVs or future regulation requiring increased use of nonpolluting vehicles.

The influence of any of the factors described above may negatively impact the widespread consumer adoption of EVs, which would materially adversely affect our business, operating results, financial condition and prospects.

Changes to the Corporate Average Fuel Economy Standards May Impact the Electric Vehicle Market and Affect our Business and Results of Operations.

As regulatory initiatives have required an increase in the consumption of renewable transportation fuels, such as ethanol and biodiesel, consumer acceptance of electric and other alternative vehicles is increasing. To meet higher fuel efficiency and greenhouse gas emission standards for passenger vehicles, automobile manufacturers are increasingly using technologies, such as turbocharging, direct injection and higher compression ratios, that require high octane gasoline. If fuel efficiency of vehicles continues to rise, and affordability of vehicles using renewable transportation fuels increases, the demand for electric and high energy vehicles could diminish. If consumers no longer purchase electric vehicles, it would materially adversely affect our business, operating results, financial condition and prospects.

Computer Malware, Viruses, Hacking, Phishing Attacks and Spamming Could Harm Our Business and Results of Operations.

Computer malware, viruses, physical or electronic break-ins and similar disruptions could lead to interruption and delays in our services and operations and loss, misuse or theft of data. Computer malware, viruses, computer hacking and phishing attacks against online networking platforms have become more prevalent and may occur on our systems in the future.

Any attempts by hackers to disrupt our website service or our internal systems, if successful, could harm our business, be expensive to remedy and damage our reputation or brand. Our network security business disruption insurance may not be sufficient to cover significant expenses and losses related to direct attacks on our website or internal systems. Efforts to prevent hackers from entering our computer systems are expensive to implement and may limit the functionality of our services. Though it is difficult to determine what, if any, harm may directly result from any specific interruption or attack, any failure to maintain performance, reliability, security and availability of our products and services and technical infrastructure may harm our reputation, brand and our ability to attract customers. Any significant disruption to our website or internal computer systems could result in a loss of customers and could adversely affect our business and results of operations.

We have previously experienced, and may in the future experience, service disruptions, outages and other performance problems due to a variety of factors, including infrastructure changes, third-party service providers, human or software errors and capacity constraints. If our mobile application is unavailable when customers attempt to access it or it does not load as quickly as they expect, customers may seek other services.

Our platform functions on software that is highly technical and complex and may now or in the future contain undetected errors, bugs, or vulnerabilities. Some errors in our software code may only be discovered after the code has been deployed. Any errors, bugs, or vulnerabilities discovered in our code after deployment, inability to identify the cause or causes of performance problems within an acceptable period of time or difficultly maintaining and improving the performance of our platform, particularly during peak usage times, could result in damage to our reputation or brand, loss of revenues, or liability for damages, any of which could adversely affect our business and financial results.

We expect to continue to make significant investments to maintain and improve the availability of our platform and to enable rapid releases of new features and products. To the extent that we do not effectively address capacity constraints, upgrade our systems as needed and continually develop our technology and network architecture to accommodate actual and anticipated changes in technology, our business and operating results may be harmed.

We have a disaster recovery program to transition our operating platform and data to a failover location in the event of a catastrophe and have tested this capability under controlled circumstances, however, there are several factors ranging from human error to data corruption that could materially lengthen the time our platform is partially or fully unavailable to our user base as a result of the transition. If our platform is unavailable for a significant period of time as a result of such a transition, especially during peak periods, we could suffer damage to our reputation or brand, or loss of revenues any of which could adversely affect our business and financial results.

Growing Our Customer Base Depends Upon the Effective Operation of Our Mobile Applications with Mobile Operating Systems, Networks and Standards That We Do Not Control.

We are dependent on the interoperability of our mobile applications with popular mobile operating systems that we do not control, such as Google's Android and iOS, and any changes in such systems that degrade our products' functionality or give preferential treatment to competitive products could adversely affect the usage of our applications on mobile devices. Additionally, in order to deliver high quality mobile products, it is important that our products work well with a range of mobile technologies, systems, networks and standards that we do not control. We may not be successful in developing relationships with key participants in the mobile industry or in developing products that operate effectively with these technologies, systems, networks or standards.

We Need Additional Capital to Fund Our Growing Operations and Cannot Assure You That We Will Be Able to Obtain Sufficient Capital on Reasonable Terms or at All, and We May Be Faced to Limit the Scope of Our Operations.

We need additional capital to fund our growing operations and if adequate additional financing is not available on reasonable terms or available at all, we may not be able to undertake expansion or continue our marketing efforts and we would have to modify our business plans accordingly. The extent of our capital needs will depend on numerous factors, including (i) our profitability; (ii) the release of competitive products and/or services by our competition; (iii) the level of our investment in research and development; (iv) the amount of our capital expenditures, including acquisitions; and (v) our growth. We cannot assure you that we will be able to obtain capital in the future to meet our needs.

Even if we do find a source of additional capital, we may not be able to negotiate terms and conditions for receiving the additional capital that are acceptable to us. Any future capital investments could dilute or otherwise materially and adversely affect the holdings or rights of our existing stockholders. In addition, new equity or convertible debt securities issued by us to obtain financing could have rights, preferences and privileges senior to our Common Stock. We cannot give you any assurance that any additional financing will be available to us, or if available, will be on terms favorable to us.

The Report of Our Independent Registered Public Accounting Firm Contains an Explanatory Paragraph That Expresses Substantial Doubt About Our Ability to Continue as a Going Concern.

The report of our independent registered public accounting firm with respect to our financial statements as of December 31, 2016 and for the year then ended indicates that our financial statements have been prepared assuming that we will continue as a going concern. The report states that, since we have incurred net losses since inception and we need to raise additional funds to meet our obligations and sustain our operations, there is substantial doubt about our ability to continue as a going concern. Our plans in regard to these matters are described in Note 2 to our audited financial statements as of December 31, 2016 and 2015 and for the years then ended. Our financial statements do not include any adjustments that might result from the outcome of this uncertainty.

We Have a History of Significant Losses, and If We Do Not Achieve and Sustain Profitability, Our Financial Condition Could Suffer.

We have experienced significant net losses, and we expect to continue to incur losses for the foreseeable future. We incurred net losses of $7.7 million and $8.2 million the years ended December 31, 2016 and 2015, respectively, and as of December 31, 2016 our accumulated deficit was $81.1 million. We incurred a net loss of $3.1 million during the three months ended March 31, 2017, and as of March 31, 2017 our accumulated deficit was $84.2 million. Our prior losses, combined with expected future losses, have had and will continue to have, for the foreseeable future, an adverse effect on our stockholders' equity and working capital. If our revenue grows more slowly than we anticipate, or if our operating expenses are higher than we expect, we may not be able to achieve profitability and our financial condition could suffer. Even if we achieve profitability in the future, we may not be able to sustain profitability in subsequent periods. Whether we can achieve cash flow levels sufficient to support our operations cannot be accurately predicted. Unless such cash flow levels are achieved in addition to the proceeds from this offering, we may need to borrow additional funds or sell debt or equity securities, or some combination thereof, to provide funding for our operations. Such additional funding may not be available on commercially reasonable terms, or at all.

If the proceeds from this offering are insufficient for us to continue as a going concern, it could make it more difficult for us to raise additional capital, should it be needed, or cause our customers, suppliers and other business partners to lose confidence in us thereby resulting in a reduction of revenue, loss of supply resources and other effects that would be significantly harmful to our business. If adequate funds are not available when needed, our liquidity, financial condition and operating results would be materially and adversely affected, and we may not be able to operate our business without significant changes in our operations or at all.

We May Not Have The Liquidity to Support Our Future Operations and Capital Requirements.

Whether we can achieve cash flow levels sufficient to support our operations cannot be accurately predicted. Unless such cash flow levels are achieved, in addition to the proceeds from this offering, we may need to borrow additional funds or sell debt or equity securities, or some combination thereof, to provide funding for our operations. Such additional funding may not be available on commercially reasonable terms, or at all. If adequate funds are not available when needed, our financial condition and operating results would be materially and adversely affected and we may not be able to operate our business without significant changes in our operations, or at all.

We Have Failed to Pay Certain State and Federal Taxes and May be Subject to Penalties as a Result.

We are delinquent in filing and, in certain instances, paying sales taxes collected from customers in specific states that impose a tax on sales of our products. We have accrued an approximate $216,000 liability as of March 31, 2017 and December 31, 2016 related to this matter. In addition, we are currently delinquent in remitting approximately $247,000 and $244,000 as of March 31, 2017 and December 31, 2016, respectively, of federal and state payroll taxes withheld from employees. On March 29, 2017, we sent a letter to the Internal Revenue Service (“IRS”) notifying the IRS of our intention to resolve the delinquent taxes upon the receipt of additional working capital. We may be subject to penalties as a result of our failure to pay these taxes and such penalties may have an adverse effect on our business.

We Are Applying For Listing of Our Common Stock And Warrants on NASDAQ. We Can Provide No Assurance That Our Common Stock and Warrants Qualify to Be Listed, and if Listed, That Our Securities Will Continue to Meet NASDAQ Listing Requirements. If We Fail to Comply With The Continuing Listing Standards of NASDAQ, Our Securities Could Be Delisted.

We expect that our securities will be eligible to be listed on NASDAQ subject to our ability to satisfy the initial listing requirements. Our ability to have our securities become listed on NASDAQ will require us to, among other items, improve our balance sheet, which we may be unable to accomplish. As of December 31, 2016, we had accumulated stockholders’ deficiency of approximately $20.8 million . As of March 31, 2017, we had accumulated stockholders’ deficiency of approximately $20.8 million, and our stockholders’ deficiency may increase as a result of additional net losses in subsequent quarterly periods.

We can provide no assurance that our listing application will be approved, and that an active trading market for our Common Stock will develop and continue. If, after listing, we fail to satisfy the continued listing requirements of NASDAQ, such as the corporate governance requirements, stockholder equity requirements or the minimum closing bid price requirement, NASDAQ may take steps to delist our Common Stock . Such a delisting would likely have a negative effect on the price of our Common Stock and would impair your ability to sell or purchase Common Stock underlying the units when you wish to do so. In the event of a delisting, we can provide no assurance that any action taken by us to restore compliance with listing requirements would allow our Common Stock to become listed again, stabilize the market price or improve the liquidity of our Common Stock, prevent our Common Stock from dropping below the NASDAQ minimum bid price requirement or prevent future non-compliance with NASDAQ’s listing requirements.

To meet the requirements of NASDAQ, we may be required to restructure certain of our equity securities or satisfy certain liabilities through the issuance of additional equity securities. Our ability to restructure certain of our equity securities may require us to enter into new agreements with the applicable security holders, which we may be unable to do on favorable terms or at all. Any such agreement may result in the issuance of new securities or the modification of the rights of existing securities in a manner that may be dilutive to our Common Stock holders. In addition, NASDAQ has certain requirements that are beyond our control, such as financial requirements that are based on the trading price of our stock. If we are unable to meet the minimum financial eligibility of NASDAQ, we may be unable to list our stock, and we may be unsuccessful in completing this offering. Moreover, it would prevent us from increasing liquidity in our shares of Common Stock and make it more difficult for us to raise capital on favorable terms, or at all.

The Unavailability, Reduction or Elimination of Government Incentives Could Have a Material Adverse Effect on Our Business, Financial Condition, Operating Results and Prospects.

As of December 31, 2016, and March 31, 2017 , government grants accounted for 10% and 6%, respectively , of our revenues. Any reduction, elimination or discriminatory application of government subsidies and economic incentives because of policy changes, fiscal tightening or other reasons may result in diminished revenues from government sources and diminished demand for our products. This could materially and adversely affect our business, prospects, financial condition and operating results.

Our growth depends in part on the availability and amounts of government subsidies for EV charging equipment. In the event such subsidies discontinue, our business outlook and financial conditions could be negatively impacted.

If We Are Unable to Keep Up With Advances in EV Technology, We May Suffer a Decline in Our Competitive Position.

The EV industry is characterized by rapid technological change. If we are unable to keep up with changes in EV technology, our competitive position may deteriorate which would materially and adversely affect our business, prospects, operating results and financial condition. As technologies change, we plan to upgrade or adapt our EV charging stations and Blink Network software in order to continue to provide EV charging services with the latest technology. However, due to our limited cash resources, our efforts to do so may be limited. For example, the EV charging network that we acquired from ECOtality was originally funded, in part, by the U.S. Department of Energy ("DOE"), which funding is no longer available to us. As a result, we may be unable to grow, maintain and enhance the network of charging stations that we acquired from ECOtality at the same rate and scale as ECOtality did prior to the acquisition or at levels comparable our current competitors. Any failure of our charging stations to compete effectively with other manufacturers' charging stations will harm our business, operating results and prospects.

We Need to Manage Growth in Operations to Realize Our Growth Potential and Achieve Our Expected Revenues, and Our Failure to Manage Growth Will Cause a Disruption of Our Operations Resulting in the Failure to Generate Revenue and an Impairment of Our Long-Lived Assets.

In order to take advantage of the growth that we anticipate in our current and potential markets, we believe that we must expand our marketing operations. This expansion will place a significant strain on our management and our operational, accounting, and information systems. We expect that we will need to continue to improve our financial controls, operating procedures and management information systems. We will also need to effectively train, motivate and manage our employees. Our failure to manage our growth could disrupt our operations and ultimately prevent us from generating the revenues we expect.

In order to achieve the above-mentioned targets, the general strategies of our Company are to maintain and search for hard-working employees who have innovative initiatives, as well as to keep a close eye on expansion opportunities through merger and/or acquisition.

If Our Estimates or Judgments Relating to Our Critical Accounting Policies Prove to Be Incorrect, Our Financial Condition And Results of Operations Could Be Adversely Affected.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, as discussed under "Management's Discussion and Analysis of Financial Condition and Results of Operations," included elsewhere in this prospectus and in our consolidated financial statements included herein. The results of these estimates form the basis for making judgments about the carrying values of assets, liabilities and equity, and the amount of revenue and expenses that are not readily apparent from other sources. Significant assumptions and estimates used in preparing our consolidated financial statements include those related to revenue recognition, allowance for doubtful accounts, inventory reserves, impairment of goodwill, indefinite-lived and long-lived assets, pension and other post-retirement benefits, product warranty, valuation allowances for deferred tax assets, valuation of Common Stock warrants, and share-based compensation. Our financial condition and results of operations may be adversely affected if our assumptions change or if actual circumstances differ from those in our assumptions, which could cause our results of operations to fall below the expectations of securities analysts and investors, resulting in a decline in the price of our Common Stock .

We Face Risks Arising From Acquisitions.

In 2012 and 2013, we acquired certain assets from 350 Green and Beam Charging, LLC ("Beam Charging"). We may pursue similar strategic transactions in the future. Risks in acquisition transactions include difficulties in the integration of acquired businesses into our operations and control environment, difficulties in assimilating and retaining employees and intermediaries, difficulties in retaining the existing clients of the acquired entities, assumed or unforeseen liabilities that arise in connection with the acquired businesses, the failure of counterparties to satisfy any obligations to indemnify us against liabilities arising from the acquired businesses, and unfavorable market conditions that could negatively impact our growth expectations for the acquired businesses. Fully integrating an acquired company or business into our operations may take a significant amount of time. We cannot assure you that we will be successful in overcoming these risks or any other problems encountered with acquisitions and other strategic transactions. These risks may prevent us from realizing the expected benefits from acquisitions and could result in the failure to realize the full economic value of a strategic transaction or the impairment of goodwill and/or intangible assets recognized at the time of an acquisition. These risks could be heightened if we complete a large acquisition or multiple acquisitions within a short period of time. In addition, in connection with the acquisition of 50% of the interests of the ECOtality Estate in April 2015, we issued certain Series B Preferred Shares, which we believe constitute an exempt issuance as intended under agreements with certain of our investors as such shares (i) were issued to effectuate the strategic acquisition of ECOtality, and (ii) permit us, in our sole control, to settle these shares for cash at stated optional redemption dates, as opposed to a variable number of shares. However, there can be no assurance that our investors agree with our interpretation of our investment documents and won't pursue any of the potential remedies that may be available to them.

We Have Limited Insurance Coverage, and Any Claims Beyond Our Insurance Coverage May Result in Our Incurring Substantial Costs and a Diversion of Resources.

We hold employer's liability insurance generally covering death or work-related injury of employees. We hold public liability insurance covering certain incidents involving third parties that occur on or in the premises of our Company. We hold directors and officers liability insurance. We do not maintain key-man life insurance on any of our senior management or key personnel, or business interruption insurance. Our insurance coverage may be insufficient to cover any claim for product liability, damage to our fixed assets or employee injuries. Any liability or damage to, or caused by, our facilities or our personnel beyond our insurance coverage may result in our incurring substantial costs and a diversion of resources.

Our Future Success Depends, in Part, on the Performance and Continued Service of Our Officers.

We presently depend to a great extent upon the experience, abilities and continued services of our management team, which consists of Michael Calise (our CEO), Michael D. Farkas (our Executive Chairman), Michael Andrew Kinard " Andy Kinard " (our President) and Ira Feintuch (our Chief Operating Officer). The loss of services of Mr. Calise, Mr. Farkas, Mr. Kinard or Mr. Feintuch could have a material adverse effect on our business, financial condition or results of operation. Failure to maintain our management team could prove disruptive to our daily operations, require a disproportionate amount of resources and management attention and could have a material adverse effect on our business, financial condition and results of operations.

Our Future Success Depends, in Part, on Our Ability to Attract and Retain Highly Qualified Personnel.

Our future success also depends upon our ability to attract and retain highly qualified personnel. We are in the process of building our management team. Among other positions, we need to hire a Chief Financial Officer with public company experience. Although Mr. Calise currently acts as our interim principal financial officer and our interim principal accounting officer, in November 2016 we hired a financial reporting consultant with public company experience. Although we intend to hire a permanent Chief Financial Officer soon, there is no assurance that we will have sufficient financial resources to do so. Our accounting controls may continue to be deficient unless we obtain the services of an experienced Chief Financial Officer who can help us address material weaknesses. In addition, expansion of our business and the management and operation of our Company will require additional managers and employees with industry experience, and our success will be highly dependent on our ability to attract and retain skilled management personnel and other employees. There can be no assurance that we will be able to attract or retain highly qualified personnel. As our industry continues to evolve, competition for skilled personnel with the requisite experience will be significant. This competition may make it more difficult and expensive to attract, hire and retain qualified managers and employees.

We Are in an Intensely Competitive Industry and There Can Be No Assurance That We Will Be Able to Compete with Our Competitors Who May Have Greater Resources.

We face strong competition from competitors in the EV charging services industry, including competitors who could duplicate our model. Many of these competitors may have substantially greater financial, marketing and development resources and other capabilities than us. In addition, there are very few barriers to entry into the market for our services. There can be no assurance, therefore, that any of our current and future competitors, many of whom may have far greater resources, will not independently develop services that are substantially equivalent or superior to our services. Therefore, an investment in our Company is very risky and speculative due to the competitive environment in which we may operate.

Our competitors may be able to provide customers with different or greater capabilities or benefits than we can provide in areas such as technical qualifications, past contract performance, geographic presence and price. Furthermore, many of our competitors may be able to utilize substantially greater resources and economies of scale to develop competing products and technologies, divert sales away from us by winning broader contracts or hire away our employees by offering more lucrative compensation packages. In the event that the market for EV charging stations expands, we expect that competition will intensify as additional competitors enter the market and current competitors expand their product lines. In order to secure contracts successfully when competing with larger, well-financed companies, we may be forced to agree to contractual terms that provide for lower aggregate payments to us over the life of the contract, which could adversely affect our margins. Our failure to compete effectively with respect to any of these or other factors could have a material adverse effect on our business, prospects, financial condition or operating results.

We Have Experienced Significant Customer Concentration in Recent Periods, And Our Revenue Levels Could Be Adversely Affected if Any Significant Customer Fails To Purchase Products From Us At Anticipated Levels.

We are subject to customer concentration risk as a result of our reliance on a relatively small number of customers for a significant portion of our revenues. The relative magnitude and the mix of revenue from our largest customers have varied significantly quarter to quarter. During the three months ended March 31, 2017, two customers accounted for 26% of our revenues. In addition, one of these customers accounted for 11% of total accounts receivable as of March 31, 2017 . The loss of these customers could have a material adverse effect on our business.

If a Third Party Asserts That We Are Infringing Its Intellectual Property, Whether Successful or Not, It Could Subject Us to Costly and Time-Consuming Litigation or Expensive Licenses, and Our Business May Be Harmed.

The EV and EV charging industries are characterized by the existence of a large number of patents, copyrights, trademarks and trade secrets. As we face increasing competition, the possibility of intellectual property rights claims against us grows. Our technologies may not be able to withstand any third-party claims or rights against their use. Additionally, although we have acquired from other companies' proprietary technology covered by patents, we cannot be certain that any such patents will not be challenged, invalidated or circumvented. Intellectual property infringement claims against us could harm our relationships with our customers, may deter future customers from subscribing to our services or could expose us to litigation with respect to these claims. Even if we are not a party to any litigation between a customer and a third party, an adverse outcome in any such litigation could make it more difficult for us to defend our intellectual property in any subsequent litigation in which we are a named party. Any of these results could harm our brand and operating results.

Any intellectual property rights claim against us or our customers, with or without merit, could be time-consuming, expensive to litigate or settle and could divert management resources and attention. An adverse determination also could prevent us from offering our services to our customers and may require that we procure or develop substitute services that do not infringe.

With respect to any intellectual property rights claim against us or our customers, we may have to pay damages or stop using technology found to be in violation of a third party's rights. We may have to seek a license for the technology, which may not be available on reasonable terms, may significantly increase our operating expenses or require us to restrict our business activities in one or more respects. The technology also may not be available for license to us at all. As a result, we may also be required to develop alternative non-infringing technology, which could require significant effort and expense.

The Success of Our Business Depends in Large Part on Our Ability to Protect and Enforce Our Intellectual Property Rights.

We rely on a combination of patent, copyright, service mark, trademark, and trade secret laws, as well as confidentiality procedures and contractual restrictions, to establish and protect our proprietary rights, all of which provide only limited protection. We cannot assure you that any patents will issue with respect to our currently pending patent applications, in a manner that gives us the protection that we seek, if at all, or that any future patents issued to us will not be challenged, invalidated or circumvented. Our currently issued patents and any patents that may issue in the future with respect to pending or future patent applications may not provide sufficiently broad protection or they may not prove to be enforceable in actions against alleged infringers. Also, we cannot assure you that any future service mark registrations will be issued with respect to pending or future applications or that any registered service marks will be enforceable or provide adequate protection of our proprietary rights.

We endeavor to enter into agreements with our employees and contractors and agreements with parties with whom we do business in order to limit access to and disclosure of our proprietary information. We cannot be certain that the steps we have taken will prevent unauthorized use of our technology or the reverse engineering of our technology. Moreover, others may independently develop technologies that are competitive to ours or infringe our intellectual property. The enforcement of our intellectual property rights also depends on our legal actions against these infringers being successful, but we cannot be sure these actions will be successful, even when our rights have been infringed.

Furthermore, effective patent, trademark, service mark, copyright and trade secret protection may not be available in every country in which our services are available over the Internet. In addition, the legal standards relating to the validity, enforceability and scope of protection of intellectual property rights in EV-related industries are uncertain and still evolving.

Changes to Federal, State or International Laws or Regulations Applicable To Our Company Could Adversely Affect Our Business.

Our business is subject to a variety of federal, state and international laws and regulations, including those with respect government incentives promoting fuel efficiency and alternate forms of energy, electric vehicles and others. These laws and regulations, and the interpretation or application of these laws and regulations, could change. Any reduction, elimination or discriminatory application of government subsidies and economic incentives because of policy changes, fiscal tightening or other reasons may result in diminished revenues from government sources and diminished demand for our products. In addition, new laws or regulations affecting our business could be enacted. These laws and regulations are frequently costly to comply with and may divert a significant portion of management's attention. If we fail to comply with these applicable laws or regulations, we could be subject to significant liabilities which could adversely affect our business.

There are many federal, state and international laws that may affect our business, including measures to regulate charging systems, electric vehicles, and others. If we fail to comply with these applicable laws or regulations we could be subject to significant liabilities which could adversely affect our business.

There are a number of significant matters under review and discussion with respect to government regulations which may affect the business we intend to enter and/or harm our customers, and thereby adversely affect our business, financial condition and results of operations.

Our Ability to Use Our Net Operating Loss Carryforwards May Be Limited.

For the year ended December 31, 2016 , we had net operating loss carryforwards ("NOLs") for U.S. federal income tax purposes of approximately $59 million. We generally are able to carry NOLs forward to reduce taxable income in future years. These NOLs may be offset against future taxable income through 2035 , if not utilized before that time. However, our ability to utilize the NOLs is subject to the rules of Section 382 of the Internal Revenue Code of 1986, as amended ("Section 382"). Section 382 generally restricts the use of NOLs after an "ownership change." An ownership change generally occurs if, among other things, the stockholders (or specified groups of persons) who own, have owned or are treated as owning, directly or indirectly, five percent or more of our stock increase their aggregate percentage ownership of our stock by more than 50 percentage points over the lowest percentage of the stock owned by these persons over a three-year rolling period. In the event of an ownership change, Section 382 generally imposes an annual limitation on the amount of taxable income that we may offset with NOLs. Any unused annual limitation may be carried over to later years until the applicable expiration date for the respective NOLs.

The rules of Section 382 are complex and subject to varying interpretations. Because of our numerous capital raises, uncertainty exists as to whether we may have undergone an ownership change in the past or will undergo one as a result of the various transactions discussed herein or other future transactions. Accordingly, no assurance can be given that our NOLs will be fully available or utilizable.

Risks Associated with Our Common Stock

If We Fail to Establish and Maintain an Effective System of Internal Control, We May Not Be Able to Report Our Financial Results Accurately or Prevent Fraud. Any Inability to Report and File Our Financial Results Accurately and Timely Could Harm Our Reputation and Adversely Impact the Trading Price of Our Common Stock.

Effective internal control is necessary for us to provide reliable financial reports and prevent fraud. If we cannot provide reliable financial reports or prevent fraud, we may not be able to manage our business as effectively as we would if an effective control environment existed, and our business and reputation with investors may be harmed. As a result, our small size and any current internal control deficiencies may adversely affect our financial condition, results of operations and access to capital. We have also experienced complications reporting as a result of material weaknesses and have at times been delinquent in our reporting obligations. We have carried out an evaluation under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the most recent period covered by this report. Based on the foregoing, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were not effective at the reasonable assurance level due to the material weaknesses described below.

A material weakness is a deficiency, or a combination of deficiencies, within the meaning of Public Company Accounting Oversight Board ("PCAOB") Audit Standard No. 5, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of our annual or interim financial statements will not be prevented or detected on a timely basis. Management has identified the following material weaknesses which have caused management to conclude that as of March 31, 2017 our internal controls over financial reporting ("ICFR") were not effective at the reasonable assurance level:

1. We do not have written documentation of our internal control policies and procedures. Written documentation of key internal controls over financial reporting is a requirement of Section 404 of the Sarbanes-Oxley Act which is applicable to us for the year ended December 31, 2016. Management evaluated the impact of our failure to have written documentation of our internal controls and procedures during our assessment of our disclosure controls and procedures and concluded that the control deficiency that resulted represented a material weakness.

2. We do not have sufficient resources in our accounting function, which restricts our ability to gather, analyze and properly review information related to financial reporting in a timely manner. In addition, due to our size and nature, segregation of all conflicting duties may not always be possible and may not be economically feasible. However, to the extent possible, the initiation of transactions, the custody of assets and the recording of transactions should be performed by separate individuals. Management evaluated the impact of our failure to have segregation of duties during our assessment of our disclosure controls and procedures and concluded that the control deficiency that resulted represented a material weakness.

3. We do not have personnel with sufficient experience with U.S. GAAP to address complex transactions.

4. We have inadequate controls to ensure that information necessary to properly record transactions is adequately communicated on a timely basis from non-financial personnel to those responsible for financial reporting. Management evaluated the impact of the lack of timely communication between non–financial and financial personnel on our assessment of our reporting controls and procedures and has concluded that the control deficiency represented a material weakness.

5. We have determined that oversight over our external financial reporting and internal control over our financial reporting by our audit committee is ineffective. The audit committee has not provided adequate review of our SEC filings and consolidated financial statements and has not provided adequate supervision and review of our accounting personnel or oversight of the independent registered accounting firm's audit of our consolidated financial statement.

We have taken steps to remediate some of the weaknesses described above, including by engaging third party financial consultants with expertise in accounting for complex transactions and SEC reporting. We intend to continue to address these weaknesses as resources permit.

We are Required to Register Under the Securities Act the Resale of Shares of Our Common Stock by a Number of Our Security Holders. Our Failure to Comply With Our Contractual Obligations and Timely Register the Resale of Any Shares of Our Common Stock Has Resulted in, and Will Result in, Among Other Things, the Payment of Liquidated Damages, And Could Have a Material Adverse Effect on Our Ability to Raise Additional Funds in The Future And Have a Material Adverse Effect on Our Business.

We have entered into various agreements with purchasers of our securities from time to time which require us to register under the Securities Act of 1933, as amended (the "Securities Act") the resale of shares of our Common Stock that we have issued or will be required to issue to such purchasers. We had failed to perform our obligations under these agreements and had accrued registration rights penalties, inclusive of accrued interest, in an aggregate amount equal to $1,245,212 as of March 31, 2017. On May 8, 2017, the Company issued a total of 61,740 Series C Preferred Shares to forty-eight (48) stockholders as payment in full , among other items, of registration rights penalties accrued through March 31, 2017. The Company is still assessing whether it needs to accrue any registration rights penalties going forward from April 1, 2017.

These additional issuances of securities had a dilutive effect on our other stockholders. In addition, our failure to timely register the resale of any shares of our Common Stock may result in reputational harm for our Company and could have a material adverse effect on our ability to raise additional funds in the future, which may have a material adverse effect on our business.

We are Required to Enable Some of our Stockholders to Sell Shares of Our Common Stock Pursuant to Rule 144 of the Securities Act. Our Failure to Comply With Our Contractual Obligations and Enable Such Sales Has Resulted in, and Will Result in, Among Other Things, the Payment of Liquidated Damages, And Could Have a Material Adverse Effect on Our Ability to Raise Additional Funds Through Private Placements in The Future And Have a Material Adverse Effect on Our Business.

The Company is a former shell company. As a result, to enable investors to sell shares of our Common Stock pursuant to Rule 144 of the Securities Act, we need to be: (A) subject to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"); and (B) current in filing such reports. We have entered into various agreements with purchasers of our securities from time to time which require us to enable sales of our Common Stock pursuant to Rule 144. Although we became current in our filings in August 2016, because we are not currently subject to the Exchange Act and make such filings voluntarily, investors are still not able to utilize Rule 144. We accrued public information failure rights penalties in an aggregate amount equal to $3,005,277, inclusive of accrued interest, as of March 31, 2017 due to our failure to perform our obligations under these agreements. On May 8, 2017, the Company issued a total of 61,740 Series C Preferred Shares to forty-eight (48) stockholders as payment in full, among other items, of these public information failure rights penalties accrued through March 31, 2017. The Company is still assessing whether it needs to accrue any public information failure rights penalties going forward from April 1, 2017.

Our failure to comply with our contractual obligations and timely register the resale of any shares of our Common Stock for any reason, including as a result of any unexpected delay in the completion of any offering, may result in additional breaches of the agreements with certain security holders and in the payment of liquidated damages as required under the terms of our agreements with certain security holders. These additional issuances of securities had a dilutive effect on our other stockholders. In addition, our failure to timely file our 10-Qs and 10-Ks may result in reputational harm for our Company and could have a material adverse effect on our ability to raise additional funds through private placements in the future, which may have a material adverse effect on our business.

Our Common Stock Is Currently Quoted Only on the OTC Pink Current Information Marketplace, Which May Have an Unfavorable Impact on Our Stock Price and Liquidity.

Our Common Stock is quoted on the OTC Pink Current Information Marketplace. The OTC Pink Current Information Marketplace is a significantly more limited market than the New York Stock Exchange or the NASDAQ stock market. The quotation of our shares on the OTC Pink Current Information Marketplace may result in a less liquid market available for existing and potential stockholders to trade shares of our Common Stock, could depress the trading price of our Common Stock and could have a long-term adverse impact on our ability to raise capital in the future.

There can be no assurance that there will be an active market for our shares of Common Stock either now or in the future. Market liquidity will depend on the perception of our operating business and any steps that our management might take to bring us to the awareness of investors. There can be no assurance given that there will be any awareness generated. Consequently, investors may not be able to liquidate their investment or liquidate it at a price that reflects the value of the business. As a result, holders of our securities may not find purchasers for our securities should they to desire to sell them. Consequently, our securities should be purchased only by investors having no need for liquidity in their investment and who can hold our securities for an indefinite period of time.

Shares of Our Common Stock Which May Be Issued Upon Conversion of Indebtedness by JMJ May Dilute the Ownership Interests of Our Stockholders.

On October 7, 2016, we executed the Promissory Note in favor of JMJ in the amount up to $3,725,000 bearing interest on the unpaid balance at the rate of six percent. The initial amount borrowed under the Promissory Note was $500,000, with the remaining amounts permitted to be borrowed under the Promissory Note being subject to us achieving certain milestones. The Promissory Note is convertible into shares of our Common Stock based on the lesser of a per share price of $35.00 or 60% of the lowest trade prices in the 25 trading days prior to the date of conversion. If JMJ elects to convert the principal balance of the Promissory Note into shares of our Common Stock under the terms of the Promissory Note , our current stockholders would be subject to dilution of their interests. Pursuant to the terms of the Promissory Note, JMJ has agreed that it will not convert the note into more than 9.99% of our outstanding shares. JMJ currently does not own any shares of our Common Stock.

If we do not repay the Promissory Note on the maturity date and if we issue a variable security at any time the Promissory Note is outstanding, then in such event JMJ shall have the right to convert all or any portion of the outstanding balance of the Promissory Note into shares of Common Stock on the same terms as granted in any applicable variable security issued by us.

We initially issued one warrant to JMJ to purchase a total of 14,286 shares of our Common Stock at an exercise price equal to the lesser of: (i) 80% of the per share price of the Common Stock in our contemplated Registered Offering, (ii) $35.00 per share, (iii) 80% of the unit price in a public offering (if applicable), (iv) the exercise price of any warrants issued in the Registered Offering, or (v) the lowest conversion price, exercise price, or exchange price, of any security issued by us that is outstanding on October 13, 2016.

The initial amount borrowed under the Promissory Note was $500,000, with the remaining amounts permitted to be borrowed under the Promissory Note being subject to us achieving certain milestones. With the achievement of certain milestones in November 2016 (the filing with the SEC of a Preliminary Information Statement on Schedule 14C regarding the Reverse Stock Split), an additional advance of $500,000 under the Promissory Note occurred on November 28, 2016. Another warrant to purchase 14,286 shares of our Common Stock was issued as of November 28, 2016. With the achievement of certain milestones in February 2017 (the filing with the SEC of a revised Preliminary Information Statement and a Definitive Information Statement, each on Schedule 14C regarding the Reverse Stock Split), additional advances of $225,100 and $300,000 under the Promissory Note occurred on February 10 and February 27, respectively. Thus, two more warrants to purchase the Company's Common Stock were issued, one for 6,431 shares and the other for 8,571 shares, respectively. All advances after February 28, 2017 have been at the discretion of JMJ without regard to any specific milestones occurring. Additional advances of $250,000 and $30,000 under the Promissory Note occurred on March 14, 2017 and March 24, 2017, respectively, and two more warrants to purchase the Company's Common Stock were issued, one for 7,143 shares and the other for 857 shares. An additional advance of $400,000 occurred on April 5, 2017 and another warrant to purchase 11,429 shares of our Common Stock was issued on the same date. An additional advance of $295,000 occurred on May 9, 2017 and another warrant to purchase 8,429 share of the Company's Common Stock was issued on the same date. As of June 26, 2017, eight (8) warrants to purchase a total of 71,432 shares of the Company's Common Stock have been issued to JMJ.

On the fifth (5th) trading day after the closing of the Registered Offering, but in no event later than July 15, 2017, we will deliver to JMJ shares of our Common Stock ("Origination Shares") equal to 48% of the consideration paid by JMJ under the Promissory Note divided by the lowest of (i) $35.00 per share, or (ii) the lowest daily closing price of our Common Stock during the ten days prior to delivery of the Origination Shares (subject to adjustment for stock splits), or (iii) 80% of the Common Stock offering price of the Registered Offering, or (iv) 80% of the unit price offering price of the Registered Offering (if applicable), or (v) the exercise price of any warrants issued in the Registered Offering. The number of Origination Shares will be determined based on the per share price of this Offering. If the Registered Offering does not occur prior to July 15, 2017, if JMJ owns Origination Shares at the time of a subsequent public offering where the pricing terms above would result in a lower Origination Share pricing, the Origination Shares pricing shall be subject to a reset based on the same pricing terms as described above.

The conversion of the Promissory Note, Origination Shares and warrants issued to JMJ, in addition to any other outstanding options, warrants, convertible notes, as well as potential future transactions, would result in dilution, possibly substantial, to present and prospective holders of our Common Stock.

Our Shares of Common Stock Are Very Thinly Traded, and the Price May Not Reflect Our Value and There Can Be No Assurance That There Will Be an Active Market for Our Shares of Common Stock Either Now or in the Future.

Our shares of Common Stock are very thinly traded, and the price, if traded, may not reflect our value. There can be no assurance that there will be an active market for our shares of Common Stock either now or in the future. The market liquidity will be dependent on the perception of our operating business and any steps that our management might take to increase awareness of our Company with investors. There can be no assurance given that there will be any awareness generated. Consequently, investors may not be able to liquidate their investment or liquidate it at a price that reflects the value of the business. If a more active market should develop, the price may be highly volatile. Because there may be a low price for our shares of Common Stock , many brokerage firms may not be willing to effect transactions in the securities. Even if an investor finds a broker willing to effect a transaction in the shares of our Common Stock , the combination of brokerage commissions, transfer fees, taxes, if any, and any other selling costs may exceed the selling price. Further, many lending institutions will not permit the use of such shares of Common Stock as collateral for loans.

We Have a Significant Number of Shares of Our Common Stock Issuable Upon Conversion of Certain Outstanding Options, Warrants, Debt Obligations, and Convertible Preferred Stock, and The Issuance of Such Shares Upon Exercise or Conversion Will Have a Dilutive Impact On Our Stockholders. Sales of a Substantial Number of Shares of Our Common Stock Following This Offering May Adversely Affect the Market Price of Our Common Stock and the Issuance of Additional Shares Will Dilute All Other Stockholders.

As of June 26, 2017, there were 27,500,000, 91,666 and 606,191 shares of Common Stock issuable upon conversion of our Series A, Series B and Series C Preferred Shares, respectively.

In addition, as of June 26, 2017, we had outstanding convertible debt convertible into 17,360 shares of our Common Stock issuable to Chase Mortgage, Inc. and The Farkas Group Inc. ("FGI") (an entity wholly-owned by Mr. Farkas). In addition, as of June 26, 2017, we had outstanding stock options and warrants to purchase a total of 3,926,259 shares of our Common Stock consisting of: (i) 366,587 shares issuable upon exercise of outstanding warrants with a weighted average exercise price of $43.00; (ii) 411,638 shares issuable pursuant to letter agreements with regard to warrants to purchase 633,407 warrant shares; (iii) 3,000,000 warrant shares owned by FGI not subject to the Reverse Stock Split at a

weighted average exercise price of $0.70 (such exercise price is also not subject to the Reverse Stock Split); and (iv) 148,034 shares issuable upon exercise of outstanding options with a weighted average exercise price of $58.00, under our equity compensation plans. The issuance of these shares of Common Stock will have a significant dilutive impact on our stockholders.

Sales of a substantial number of shares of our Common Stock in the public market or otherwise following this offering, or the perception that such sales could occur, could adversely affect the market price of our Common Stock. After completion of this offering at an assumed public offering price of $9.25 per share, the last reported sales price for our Common Stock as reported on the OTC Pink Current Information Marketplace on June 26, 2017, as adjusted to reflect the Reverse Stock Split, our existing stock holders will own approximately 18% of our Common Stock assuming there is no exercise of the underwriters' over-allotment option to purchase shares and/or warrants.

After completion of this offering at an assumed public offering price of $9.25 per share, there will be 9,970,974 shares of our Common Stock outstanding. In addition, our articles of incorporation, as amended, permits the issuance of up to approximately 490,029,026 additional shares of Common Stock after the completion of this offering. Thus, we have the ability to issue substantial amounts of Common Stock in the future, which would dilute the percentage ownership held by the investors who purchase shares of our Common Stock in this offering.

Upon the closing of this offering, there will be 2,200,000, 102,568, and 3,297,195 shares of Common Stock issued upon conversion of our Series A, Series B and Series C Preferred Shares, respectively. As the convertible debt will be repaid with the proceeds from this offering, the 17,360 shares issuable to Chase Mortgage, Inc. and FGI will no longer be issuable.

For a more complete description concerning the dilution you will incur if you purchase Common Stock in this offering, see "Dilution."

We and our officers, directors and certain stockholders have agreed, subject to customary exceptions, not to, without the prior written consent of Joseph Gunnar & Co., LLC, the representative of the underwriters of this offering, during the period ending 180 days from the date of this offering in the case of us and our directors and officers and 90 days from the date of this offering in the case of our stockholders who beneficially own more than 5% of our Common Stock, directly or indirectly, offer to sell, sell, pledge or otherwise transfer or dispose of any of shares of our Common Stock, enter into any swap or other derivatives transaction that transfers to another any of the economic benefits or risks of ownership of shares of our Common Stock, make any demand for or exercise any right or cause to be filed a registration statement, including any amendments thereto, with respect to the registration of any shares of Common Stock or securities convertible into or exercisable or exchangeable for Common Stock or any other securities of our Company or publicly disclose the intention to do any of the foregoing.

After the lock-up agreements with our principal stockholders pertaining to this offering expire 90 days from the date of this offering unless waived earlier by the representative, up to of the shares that had been locked up will be eligible for future sale in the public market. After the lock-up agreements with our directors and officers pertaining to this offering expire 180 days from the date of this offering unless waived earlier by the representative, up to of the shares (net of any shares also restricted by lock-up agreements with our principal stockholders) that had been locked up will be eligible for future sale in the public market. Sales of a significant number of these shares of Common Stock in the public market could reduce the market price of the Common Stock.

Future Issuance of Our Common Stock, Preferred Stock, Options and Warrants Could Dilute the Interests of Existing Stockholders.

We may issue additional shares of our Common Stock , preferred stock, options and warrants in the future. The issuance of a substantial amount of Common Stock, options and warrants could have the effect of substantially diluting the interests of our current stockholders. In addition, the sale of a substantial amount of Common Stock or preferred stock in the public market, or the exercise of a substantial number of warrants and options either in the initial issuance or in a subsequent resale by the target company in an acquisition which received such Common Stock as consideration or by investors who acquired such Common Stock in a private placement could have an adverse effect on the market price of our Common Stock .

We Have Established Preferred Stock Which Can Be Designated By The Board of Directors and Have Established Series A Preferred Shares, Series B Preferred Shares and Series C Preferred Shares , Which Give The Holders Thereof a Liquidation Preference and The Ability to Convert Such Shares Into Our Common Stock.

We have 40,000,000 shares of preferred stock authorized, which includes 20,000,000 shares of designated Series A Preferred Shares of which 11,000,000 shares are issued and outstanding, 10,000 designated Series B Preferred Shares , of which 8,250 shares are issued and outstanding and 250,000 designated Series C Preferred Shares, of which 212,167 shares are issued and outstanding. The Series A Preferred Shares do not have a liquidation preference so long as any Series C Preferred Shares are outstanding. The Series B Preferred Shares have a liquidation preference of $100 per share. The Series C Preferred Shares have a liquidation preference of $100 per share, which is pari passu to the liquidation preference of the Series B Preferred Shares and payable prior to the liquidation preference on the Series A Preferred Shares . As a result, if we were to dissolve, liquidate or sell our assets, the holders of our Series A Preferred Shares would not have the right to receive any proceeds from any such transaction, holders of our Series B Preferred Shares would have the right to receive up to approximately $825,000 from any such transaction, and the holders of our Series C Preferred Shares would have the right to receive up to $16,192,700 from any such transaction, but before any amount is paid to the holders of our Common Stock . The payment of the liquidation preferences could result in Common Stock holders not receiving any consideration if we were to liquidate, dissolve or wind up, either voluntarily or involuntarily.

Additionally, the existence of the liquidation preferences may reduce the value of our Common Stock, make it harder for us to sell shares of Common Stock in offerings in the future, or prevent or delay a change of control. Furthermore, the conversion of Series A Preferred Shares , Series B Preferred Shares and Series C Preferred Shares into Common Stock may cause substantial dilution to our Common Stock holders . Because our Board of Directors (the "Board") is entitled to designate the powers and preferences of the preferred stock without a vote of our stockholders, subject to NASDAQ rules and regulations, our stockholders will have no control over what designations and preferences our future preferred stock, if any, will have. In addition, we may be required to redeem any non-converted Series C Preferred Shares at the rate of $100 per share, plus accrued dividends; and (b) Series B Preferred Shares at the rate of $100 per share, which funds we may not have, or which may not be available on favorable terms, if at all.

We Have Outstanding Shares of Preferred Stock With Rights And Preferences Superior to Those of Our Common Stock.

The issued and outstanding Series A Preferred Shares, Series B Preferred Shares and Series C Preferred Shares grant the holders of our preferred stock certain anti-dilution, voting, dividend and liquidation rights that are superior to those held by the holders of our Common Stock.

The issuance of shares of Common Stock in the future, issuances or deemed issuances of additional shares of Common Stock for a price below the applicable preferred shares conversion price will have the effect of diluting current stockholders. The rights of our preferred stockholders may increase our net losses, dilute our Common Stock holders, and allow such preferred stockholders to have approval rights and therefore to exert influence over certain corporate actions. For example, the holders of our Series C Preferred Shares are entitled to certain dividend, liquidation preference, and anti-dilution rights that are described in the as-amended Certificate of Designation of the Series C Preferred Shares (the "Series C Certificate of Designation ") and the related securities purchase agreement dated as of March 11, 2016. In addition, the holders of our Series C Preferred Shares have certain redemption rights that may be exercised after December 2016 and, if such rights are exercised, could adversely affect our business and could require us to consider a range of strategic alternatives, including refinancing their securities or effecting a sale of our Company or its assets. We cannot assure you that the rights associated with the Series C Preferred Shares or our other series of preferred stock will not adversely affect the holders of our Common Stock.

We Do Not Intend to Pay Dividends for the Foreseeable Future, and You Must Rely on Increases in the Market Prices of Our Common Stock for Returns on Your Investment.

For the foreseeable future, we intend to retain any earnings to finance the development and expansion of our business, and we do not anticipate paying any cash dividends on our Common Stock . Accordingly, investors must be prepared to rely on sales of their Common Stock after price appreciation to earn an investment return, which may never occur. Investors seeking cash dividends should not purchase our Common Stock . Any determination to pay dividends in the future will be made at the discretion of our Board and will depend on our results of operations, financial condition, contractual restrictions, restrictions imposed by applicable law and other factors the Board deems relevant.

Our Executive Officers and Directors, Including Our Executive Chairman Mr. Farkas and His Affiliates, Possess Controlling Voting Power With Respect to Our Common Stock, Which Will Limit Your Influence on Corporate Matters.

As of June 26, 2017, our directors and executive officers collectively beneficially own approximately 95.80% of the shares of our Common Stock on a fully-diluted basis including the beneficial ownership of our Executive Chairman and director Mr. Farkas and his affiliates, of 88.16% of the shares of our Common Stock on a fully-diluted basis.

Upon the closing of this offering, our directors and executive officers will collectively beneficially own approximately 66.24% of the shares of our Common Stock on a fully-diluted basis including the beneficial ownership of Mr. Farkas and his affiliates of 62.88% of the shares of our Common Stock on a fully-diluted basis.

As a result, our insiders have the ability to effectively control our management and affairs through the election and removal of our Board and all other matters requiring stockholder approval, including any future merger, consolidation or sale of all or substantially all of our assets. This concentrated control could discourage others from initiating any potential merger, takeover or other change-of-control transaction that may otherwise be beneficial to our stockholders. Furthermore, this concentrated control will limit the practical effect of your influence over our business and affairs, through any stockholder vote or otherwise. Any of these effects could depress the price of our Common Stock.

Our Executive Chairman Mr. Farkas May Be Able To Influence The Outcome of Stockholder Votes. Mr. Farkas' Interests May Differ From Other Stockholders.

Upon the closing of this offering, Mr. Farkas and his affiliates will beneficially own 62.88% of the shares of our Common Stock on a fully-diluted basis.

Subject to any fiduciary duties owed to our other stockholders under Nevada law, Mr. Farkas may be able to exercise significant influence over matters requiring stockholder approval, including the election of directors and approval of significant corporate transactions, and will have some control over our management and policies. Mr. Farkas may have interests that are different from yours. For example, Mr. Farkas may support proposals and actions with which you may disagree. The concentration of ownership could delay or prevent a change in control of our Company or otherwise discourage a potential acquirer from attempting to obtain control of our Company, which in turn could reduce the price of our stock. In addition, Mr. Farkas could use his voting influence to maintain our existing management and directors in office, delay or prevent changes in control of our Company, or support or reject other management and board proposals that are subject to stockholder approval, such as amendments to our employee stock plans and approvals of significant financing transactions.

In addition, we currently owe $542,567 in principal and interest pursuant to nine convertible notes issued to FGI between June 2016 and September 2016, which have matured and are past due. We have not satisfied this debt and are in negotiations with Mr. Farkas to extend the maturity dates of such notes. If we are unable to do so on favorable terms, or at all, Mr. Farkas could seek to enforce the notes against us, which could have an adverse effect on our business and reduce the market price of our Common Stock.

Our Articles of Incorporation Grants Our Board The Power to Issue Additional Shares of Common And Preferred Shares And to Designate Other Classes of Preferred Shares, All Without Stockholder Approval.

Our authorized capital consists of 540,000,000 shares of capital stock of which 40,000,000 shares are designated as preferred stock. Our Board, without any action by our stockholders, may designate and issue shares of preferred stock in such series as it deems appropriate and establish the rights, preferences and privileges of such shares, including dividends, liquidation and voting rights, provided it is consistent with Nevada law.

The rights of holders of our preferred stock that may be issued could be superior to the rights of holders of our shares of Common Stock . The designation and issuance of shares of capital stock having preferential rights could adversely affect other rights appurtenant to shares of our Common Stock . Furthermore, any issuances of additional stock (common or preferred) will dilute the percentage of ownership interest of then-current holders of our capital stock and may dilute our book value per share.

Certain Provisions of Our Corporate Governing Documents And Nevada Law Could Discourage, Delay, or Prevent A Merger or Acquisition at a Premium Price.

Certain provisions of our organizational documents and Nevada law could discourage potential acquisition proposals, delay or prevent a change in control of our Company, or limit the price that investors may be willing to pay in the future for shares of our Common Stock. For example, our articles of incorporation and bylaws permit us to issue, without any further vote or action by the stockholders, up to 40,000,000 shares of preferred stock in one or more series and, with respect to each series, to fix the number of shares constituting the series and the designation of the series, the voting powers (if any) of the shares of the series, and the preferences and relative, participating, optional, and other special rights, if any, and any qualifications, limitations, or restrictions of the shares of the series.

Risks Related to the Offering

Investors in This Offering Will Experience Immediate and Substantial Dilution in Net Tangible Book Value.

The public offering price will be substantially higher than the net tangible book value per share of our outstanding shares of Common Stock . As a result, investors in this offering will incur immediate dilution of $8.57 per share, based on the assumed public offering price of $9.25 per share. Investors in this offering will pay a price per share that substantially exceeds the book value of our assets after subtracting our liabilities. See “Dilution” for a more complete description of how the value of your investment will be diluted upon the completion of this offering.

In the Event That Our Common Stock and Warrants Are Listed on NASDAQ, Our Stock Price Could Fall and We Could Be Delisted in Which Case Broker-Dealers May Be Discouraged from Effecting Transactions in Shares of Our Common Stock Because They May Be Considered Penny Stocks and Thus Be Subject to the Penny Stock Rules.

The Securities and Exchange Commission (the "SEC") has adopted a number of rules to regulate "penny stocks" that restricts transactions involving stock which is deemed to be penny stock. Such rules include Rules 3a51-1, 15g-1, 15g-2, 15g-3, 15g-4, 15g-5, 15g-6, 15g-7, and 15g-9 under the Exchange Act. These rules may have the effect of reducing the liquidity of penny stocks. "Penny stocks" generally are equity securities with a price of less than $5.00 per share (other than securities registered on certain national securities exchanges or quoted on the NASDAQ Stock Market if current price and volume information with respect to transactions in such securities is provided by the exchange or system). Our securities have in the past constituted, and may again in the future constitute, "penny stock" within the meaning of the rules. The additional sales practice and disclosure requirements imposed upon U.S. broker-dealers may discourage such broker-dealers from effecting transactions in shares of our Common Stock , which could severely limit the market liquidity of such shares and impede their sale in the secondary market.

A U.S. broker-dealer selling penny stock to anyone other than an established customer or "accredited investor" (generally, an individual with net worth in excess of $1,000,000 or an annual income exceeding $200,000, or $300,000 together with his or her spouse) must make a special suitability determination for the purchaser and must receive the purchaser's written consent to the transaction prior to sale, unless the broker-dealer or the transaction is otherwise exempt. In addition, the "penny stock" regulations require the U.S. broker-dealer to deliver, prior to any transaction involving a "penny stock", a disclosure schedule prepared in accordance with SEC standards relating to the "penny stock" market, unless the broker-dealer or the transaction is otherwise exempt. A U.S. broker-dealer is also required to disclose commissions payable to the U.S. broker-dealer and the registered representative and current quotations for the securities. Finally, a U.S. broker-dealer is required to submit monthly statements disclosing recent price information with respect to the "penny stock" held in a customer's account and information with respect to the limited market in "penny stocks".

Stockholders should be aware that, according to the SEC, the market for "penny stocks" has suffered in recent years from patterns of fraud and abuse. Such patterns include (i) control of the market for the security by one or a few broker-dealers that are often related to the promoter or issuer; (ii) manipulation of prices through prearranged matching of purchases and sales and false and misleading press releases; (iii) "boiler room" practices involving high-pressure sales tactics and unrealistic price projections by inexperienced sales persons; (iv) excessive and undisclosed bid-ask differentials and markups by selling broker-dealers; and (v) the wholesale dumping of the same securities by promoters and broker-dealers after prices have been manipulated to a desired level, resulting in investor losses. Our management is aware of the abuses that have occurred historically in the penny stock market. Although we do not expect to be in a position to dictate the behavior of the market or of broker-dealers who participate in the market, management will strive within the confines of practical limitations to prevent the described patterns from being established with respect to our securities.

Speculative Nature of Warrants.

The warrants offered in this offering do not confer any rights of Common Stock ownership on their holders, such as voting rights or the right to receive dividends, but rather merely represent the right to acquire shares of our Common Stock at a fixed price for a limited period of time. Specifically, commencing on the date of issuance, holders of the warrants may exercise their right to acquire the Common Stock and pay an exercise price of $11.56 per share, based on the assumed price of $9.25, the last reported sales price for our Common Stock as reported on the OTC Pink Current Information Marketplace on June 26, 2017, as adjusted to reflect the Reverse Stock Split (125% of the combined public offering price of our Common Stock and warrants in this offering), prior to five years from the date of issuance, after which date any unexercised warrants will expire and have no further value. Moreover, following this offering, the market value of the warrants is uncertain and there can be no assurance that the market value of the warrants will equal or exceed their public offering price. There can be no assurance that the market price of the Common Stock will ever equal or exceed the exercise price of the warrants, and consequently, whether it will ever be profitable for holders of the warrants to exercise the warrants.

We May Need Additional Capital, and the Sale of Additional Shares or Equity or Debt Securities Could Result in Additional Dilution to Our Stockholders.

We believe that our existing cash, together with the net proceeds from this offering, will be sufficient to meet our anticipated cash needs for at least the next two years. We may, however, require additional cash resources due to changed business conditions or other future developments. If these resources are insufficient to satisfy our cash requirements, we may seek to sell additional equity or debt securities or obtain one or more credit facilities. The sale of additional equity securities could result in additional dilution to our stockholders and the terms of these securities may include liquidation or other preferences that adversely affect your rights as a Common Stock holder. The incurrence of indebtedness would result in increased debt service obligations and could result in operating and financing covenants that would restrict our operations. It is uncertain whether financing will be available in amounts or on terms acceptable to us, if at all.

If we raise additional funds through government grants, collaborations, strategic alliances, licensing arrangements or marketing and distribution arrangements, we may have to relinquish valuable rights to our technologies, future revenue stream or grant licenses on terms that may not be favorable to us. If we are unable to raise additional funds through equity or debt financings when needed, we may be required to delay, limit, reduce or terminate our product development or future commercialization efforts or grant rights to develop and market products that we would otherwise prefer to develop and market ourselves.

We Have Broad Discretion in the Use of the Net Proceeds from This Offering and May Not Use Them Effectively.

Our management will have broad discretion in the application of the net proceeds, including for any of the purposes described in the section of this prospectus entitled “Use of Proceeds.” You will be relying on the judgment of our management with regard to the use of these net proceeds, and you will not have the opportunity, as part of your investment decision, to assess whether the net proceeds are being used appropriately. The failure by our management to apply these funds effectively could result in financial losses that could have a material adverse effect on our business, cause the price of our securities to decline and delay the development of our product candidates. Pending the application of these funds, we may invest the net proceeds from this offering in a manner that does not produce income or that loses value.

If Securities or Industry Analysts Do Not Publish Research or Reports About Our Business, or Publish Inaccurate or Unfavorable Research Reports About Our Business, Our Share Price and Trading Volume Could Decline.

The trading market for our Common Stock will, to some extent, depend on the research and reports that securities or industry analysts publish about us or our business. We do not have any control over these analysts. If one or more of the analysts who cover us from time to time should downgrade our shares or change their opinion of our business prospects, our share price would likely decline. If one or more of these analysts ceases coverage of our Company or fails to regularly publish reports on us, we could lose visibility in the financial markets, which could cause our share price or trading volume to decline.

Substantial Future Sales of Shares of Our Common Stock In The Public Market Could Cause Our Stock Price To Fall.

Shares of our Common Stock that we have issued directly or that have been or may be acquired upon exercise of warrants or the conversion of convertible securities are or may be covered by registration statements which permit the public sale of stock. Other holders of shares of Common Stock that we have issued, including shares of Common Stock issuable upon conversion and/or exercise of outstanding convertible notes, shares of preferred stock and warrants, may be entitled to dispose of their shares pursuant to an exemption from registration under the Securities Act. Additional sales of a substantial number of our shares of our Common Stock in the public market, or the perception that sales could occur, could have a material adverse effect on the price of our Common Stock. Our Common Stock is quoted on the OTC Pink Current Information Marketplace and there is not now, nor has there been, any significant market for shares of our Common Stock, and an active trading market for our shares may never develop or be sustained. If our Common Stock becomes listed on NASDAQ or if we register our Common Stock as a class pursuant to the Exchange Act, investors will be able to use Rule 144 to sell shares of our Common Stock in which case the then-prevailing market prices for our Common Stock may be reduced. Any substantial sales of our Common Stock or listing of our Common Stock on NASDAQ may have an adverse effect on the market price of our securities.

Sales of a substantial number of shares of our Common Stock in the public market following this offering could cause the market price of our Common Stock to decline. If there are more shares of Common Stock offered for sale than buyers are willing to purchase, then the market price of our Common Stock may decline to a market price at which buyers are willing to purchase the offered shares of Common Stock and sellers remain willing to sell the shares. All of the securities issued in the offering will be freely tradable without restriction or further registration under the Securities Act.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus contains forward-looking statements within the meaning of Section 27A of the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, that involve substantial risks and uncertainties. Forward-looking statements present our current expectations or forecasts of future events. You can identify these statements by the fact that they do not relate strictly to historical or current facts. Forward-looking statements involve risks and uncertainties and include statements regarding, among other things, our projected revenue growth and profitability, our growth strategies and opportunity, anticipated trends in our market and our anticipated needs for working capital. They are generally identifiable by use of the words "may," "will," "should," "anticipate," "estimate," "plans," "potential," "projects," "continuing," "ongoing," "expects," "management believes," "we believe," "we intend" or the negative of these words or other variations on these words or comparable terminology. These statements may be found under the sections entitled "Prospectus Summary," "Risk Factors," "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Business," as well as in this prospectus generally. In particular, these include statements relating to future actions, prospective products, market acceptance, future performance or results of current and anticipated products, sales efforts, expenses, and the outcome of contingencies such as legal proceedings and financial results.

- that the EV charger industry as a whole is undercapitalized to deliver the full potential of the expected EV market growth in the near future;
- that we expect to retain our leadership position with new capital;
- that we do not anticipate paying any cash dividends on our Common Stock;
- that we anticipate continuing to expand our revenues by selling our next generation of EV charging equipment, expanding our sales channels, and implementing EV charging station occupancy fees (fees for remaining connected to the charging station beyond an allotted grace period after charging is completed), subscription plans for our Blink-owned public charging locations, and advertising fees;
- that we are unique in our ability to provide various business models to Property Partners and leverage our technology to meet the needs of both Property Partners and EV drivers;
- Important factors that could cause actual results to differ materially from the results and events anticipated or implied by such forward-looking statements include, but are not limited to:
- changes in the market acceptance of our products and services;

- increased levels of competition;
- changes in political, economic or regulatory conditions generally and in the markets in which we operate;
- our relationships with our key customers;
- adverse conditions in the industries in which our customers operate;
- our ability to retain and attract senior management and other key employees;
- our ability to quickly and effectively respond to new technological developments;
- our ability to protect our trade secrets or other proprietary rights, operate without infringing upon the proprietary rights of others and prevent others from infringing on our proprietary rights; and
- other risks, including those described in the "Risk Factors" discussion of this prospectus.

We operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for us to predict all of those risks, nor can we assess the impact of all of those risks on our business or the extent to which any factor may cause actual results to differ materially from those contained in any forward-looking statement. Some market data and statistical information contained in this prospectus are also based on management's estimates and calculations, which are derived from our review and interpretation of the independent sources listed above, our internal research and our knowledge of the EV industry. USE OF PROCEEDS

We estimate that the net proceeds from the sale of the Common Stock and warrants in the offering will be approximately $18.0 million, after deducting the underwriting discounts and commissions and estimated offering expenses, or $20.7 million if the underwriters exercise their over-allotment option to purchase shares and/or warrants in full.

We intend to use the net proceeds of this offering for the repayment of certain debt and other obligations, for the deployment of charging stations, to expand our product offerings, to add additional staff in the areas of finance, sales, and engineering, and for general working capital purposes.

We currently expect to use the net proceeds of this offering primarily for the following purposes:

- approximately $3.3 million for the repayment of certain debt and other obligations including (i) $542,567 in principal and interest owed pursuant to convertible notes issued to an entity controlled by Michael D. Farkas, our Executive Chairman, that are currently past due. The interest rate is 18%. The Company used the proceeds of these convertible notes for working capital; (ii) $2,500,100 owed to JMJ (not including the original issue discount of approximately 6% which we owe and which equals, as of June 26, 2017, approximately $150,000) with no interest rate and a maturity date of the earlier of July 15, 2017 or the third business day after the closing of this offering. The Company used the proceeds of the loans from JMJ for working capital; (iii) placement agent and legal fees of approximately $125,000 related to the JMJ Financing (of which $22,000 will be paid to Joseph Gunnar & Co., LLC, the representative of the underwriters of this offering, and $58,000 will be paid to Ardour, an entity of which Mr. Farkas owns less than 5%); and (iv) $50,000 owed to Chase Mortgage, Inc., pursuant to the Third Amendment to Secured Convertible Promissory Note dated November 9, 2015 with a monthly interest rate of 1.5% that is currently past due. The original Secured Convertible Promissory Note, dated as of November 13, 2014 was also amended February 20, 2015 and May 1, 2015.

- approximately $4.0 million for the deployment of charging stations;

- approximately $1.0 million to expand our product offerings including but not limited to completing the research and development, as well as the launch of our next generation of EV charging equipment;

- approximately $3.0 million to add additional staff in the areas of finance, sales, customer support , and engineering;

- the remainder for working capital and other general corporate purposes.

We believe that the expected net proceeds from this offering and our existing cash and cash equivalents, together with interest thereon, will be sufficient to fund our operations for at least the next two years, although we cannot assure you that this will occur.

The amount and timing of our actual expenditures will depend on numerous factors, including the status of our development efforts, sales and marketing activities and the amount of cash generated or used by our operations. We may find it necessary or advisable to use portions of the proceeds for other purposes, and we will have broad discretion and flexibility in the application of the net proceeds. Pending these uses, the proceeds will be invested in short-term bank deposits.

Dividend Policy

To date, we have not paid any dividends on our Common Stock and do not anticipate paying any such dividends in the foreseeable future. The declaration and payment of dividends on the Common Stock is at the discretion of our Board and will depend on, among other things, our operating results, financial condition, capital requirements, contractual restrictions or such other factors as our Board may deem relevant. We currently expect to use all available funds to finance the future development and expansion of our business and do not anticipate paying dividends on our Common Stock in the foreseeable future. The payment of cash dividends was prohibited under our Series C Preferred Shares financing agreements with Eventide Gilead Fund (“Eventide”). On February 7, 2017, BLNK Holdings LLC, a Delaware limited liability company (“BLNK”) for which Mr. Farkas has voting power and investment power with regard to this entity’s holdings, bought all of the Company’s securities owned by Eventide and now owns over 75% of the Series C Preferred Shares outstanding. In addition, under the as-amended Certificate of Designation for the Series B Preferred Shares (the “Series B Certificate of Designation”), for so long as any shares of the Series B Preferred Shares remain outstanding, we are restricted from paying cash dividends on any shares of our capital stock.

The following table sets forth our consolidated cash and capitalization as of March 31, 2017. Such information is set forth on the following basis:

- On an actual basis.

  On a pro forma basis, giving effect to

  (1) the sale by us to JMJ of a Promissory Note in the amount of approximately $1.8 million offset by the Promissory Note discounts and issuance costs of:

  (A) Common Stock purchase warrants for 51,574 shares of Common Stock issued to JMJ with an estimated fair value of $230,263 using the multi-nomial lattice pricing model based upon: (i) an expected life of 1.53 – 4.25 years; (ii) estimated volatility of 149.3%; (iii) annual rate of expected dividends of 0%; (iv) a risk free interest rate of 1.50%; and (v) an estimated exercise price of $35.00;

  (B) the placement agent cash fees of $195,510 and warrants to purchase 5,157 shares of Common Stock with an estimated fair value of $23,022 using the multi-nomial lattice pricing model based upon: (i) an expected life of 1.53 – 4.25 years; (ii) estimated volatility of 149.3%; (iii) annual rate of expected dividends of 0%; (iv) a risk free interest rate of 1.50%; and (v) an estimated exercise price of $35.00. Such fees and warrants were issued in connection with the JMJ Financing; and

  (C) Subsequent to March 31, 2017, the Company received an additional $695,000 from JMJ, issued to JMJ an additional 19,857 warrant shares valued at $39,899, became obligated to issue Origination Shares valued at $333,600, incurred additional placement fee issuance costs of approximately $69,000, an additional $168,000 of deferred issuance associated with the default conversion feature of the borrowings and incurred additional original issue discount of approximately $72,000.

  (2) On May 8, 2017, the Company issued 61,740 Series C Preferred Shares to settle liabilities totaling $6,155,489 for the accrued public information fee, dividend payable, and registration rights penalty liabilities.

  (4) On May 18, 2017, each of 350 Green and Green 350 Trust Mortgage LLC filed to commence an assignment for the benefit of creditors in the state of Michigan, which results in their residual assets being controlled by an assignee in a judicial proceeding. As a result, as of May 18, 2017, 350 Green is no longer a variable interest entity of the Company and, accordingly, 350 Green's approximately $3.7 million of liabilities will, as of June 30, 2017, be deconsolidated from the Company's financial statements. The Company determined that pro forma financial statements are not required to be presented because 350 Green had no operations and no assets. In connection with the matter, the Company paid $71,000 of legal fees.

● On a pro forma as adjusted basis, giving effect to the pro forma events above and to the sale by us of 2,162,162 shares of Common Stock in this offering at an assumed public offering price of $9.25 per share, which is the last reported sales price for our Common Stock as reported on the OTC Pink Current Information Marketplace on June 26, 2017, as adjusted to reflect the Reverse Stock Split, after deducting sales agents' discounts and commissions and estimated offering expenses and the following:

The Company recorded the contingent beneficial conversion feature with a value of $1,000,000 as a deemed dividend by recording an offsetting debit and credit to additional paid-in capital because the Company has an accumulated deficit. On May 19, 2017, the holder of the Series B Preferred Shares signed a conversion agreement pursuant to which, at the closing of this offering, 8,250 Series B Preferred Shares will, at the closing of this offering, convert into 102,568 shares of Common Stock which will result in an inducement charge of approximately $120,000. (3) Pursuant to drag-along rights under the Series C Amendment expected to be filed following the expected approval by the majority holder of the Series C Preferred Shares (an entity affiliated with Mr. Farkas), 8,003 Series C Preferred Shares will convert into 124,371 shares of Common Stock which is equal to 8,003 Series C Preferred Shares (i) multiplied by a factor of 115 (ii) divided by the assumed public offering price per share of $9.25,, as adjusted to reflect the Reverse Stock Split, (iii) multiplied by 80%. The conversion of the Series C Preferred Shares resulted in a deemed dividend of approximately $0.9 million which was recognized by recording an offsetting debit and credit to additional paid-in capital because the Company has an accumulated deficit..

(4) At the closing of this offering, the Company will repay: (i) $542,567 in principal and interest owed pursuant to

convertible notes issued to an entity controlled by our Executive Chairman, Mr. Farkas; (ii) $2,500,100 to JMJ related to funding provided under the JMJ convertible financing (not including the original issue discount of approximately 6% which we owe and which equals, as of June 26, 2017, approximately $150,000); and (iii) placement agent and legal fees of approximately $125,000 related to the JMJ Financing (of which $22,000 will be paid to Joseph Gunnar & Co., LLC, the representative of the underwriters of this offering, and $58,000 will be paid to Ardour). See "Use of Proceeds" section on page 29.

(8) On June 8, 2017, the Company entered into a settlement agreement with former external legal counsel to settle $475,394 in payables owed for legal services as of March 31, 2017 for $100,000 in consideration: (a) $25,000 to be paid in cash at the closing of this offering; and (b) $75,000 in the form of shares of Common Stock issuable upon the closing of this offering. As a result, the Company will show a $375,395 reduction in liabilities.

The outstanding historical share information in the table above is based on Common Stock outstanding as of March 31, 2017 and excludes as of such date the following:

(i) Preferred Shares

a. 11,000,000 Series A Preferred Shares, issued and outstanding as of March 31, 2017, as if converted into 27,500,000 shares of Common Stock;
b. 8,250 Series B Preferred Shares, issued and outstanding as of March 31, 2017, as if converted into 85,490 shares of Common Stock; and
c. 150,426 Series C Preferred Shares, issued and outstanding as of March 31, 2017, as if converted into 429,789 shares of Common Stock.

(ii) outstanding options to purchase an aggregate of 148,234 shares of our Common Stock, with a weighted-average exercise price of approximately $58.00 per share, under our equity compensation plans;

(iii) 3,778,225 shares of our Common Stock issuable upon exercise of outstanding warrants which included 778,225 shares at a weighted average exercise price of $55.92 per share and 3,000,000 warrant shares owned by FGI not subject to the Reverse Stock Split at a weighted average exercise price of $0.70 (such exercise price is also not subject to the Reverse Stock Split);

A $1.00 increase (decrease) in the assumed public offering price of $9.25, the last reported sales price for our Common Stock as reported on the OTC Pink Current Information Marketplace on June 26, 2017, as adjusted to reflect the Reverse Stock Split, would increase (decrease) each of cash, total shareholders' equity and total capitalization by approximately $1.9 million, assuming the number of shares of Common Stock and warrants we are offering in this offering, as set forth on the cover page of this prospectus, remains the same, after deducting the estimated underwriting discount and estimated offering expenses payable by us. We may also increase or decrease the number of shares of Common Stock and warrants we are offering in this offering. Each increase (decrease) of 500,000 shares of Common Stock and warrants we are offering would increase (decrease) each of cash, total shareholders' equity and total capitalization from this offering by approximately $4.2 million, assuming the assumed public offering price remains the same, and after deducting the estimated underwriting discount and estimated offering expenses payable by us.

(3) Pursuant to drag-along rights under the Series C Amendment expected to be filed following the expected approval by the majority holder of the Series C Preferred Shares (an entity affiliated with Mr. Farkas), 8,003 Series C Preferred Shares will convert into 124,371 shares of Common Stock which is equal to 8,003 Series C Preferred Shares (i) multiplied by a factor of 115 (ii) divided by the assumed public offering price per share of $9.25,, as adjusted to reflect the Reverse Stock Split, (iii) multiplied by 80%. The conversion of the Series C Preferred Shares resulted in

a deemed dividend of approximately $0.9 million which was recognized by recording an offsetting debit and credit to additional paid-in capital because the Company has an accumulated deficit.

(4) At the closing of this offering, the Company will repay: (i) $542,567 in principal and interest owed pursuant to outstanding convertible notes issued to an entity controlled by our Executive Chairman, Mr. Farkas; (ii) $2,500,100 to JMJ related to funding provided under the JMJ convertible financing (not including the original issue discount of approximately 6% which we owe and which equals, as of June 26, 2017, approximately $150,000); and (iii) placement agent and legal fees of approximately $125,000 related to the JMJ Financing (of which $22,000 will be paid to Joseph Gunnar & Co., LLC, the representative of the underwriters of this offering, and $58,000 will be paid to Ardour). See "Use of Proceeds" section on page 29.

(5) Concurrent with the closing of the offering, the Company will pay the former principals of 350 Green LLC $25,000 and $50,000 within 60 days thereafter in settlement of a $360,000 debt (inclusive of imputed interest) in accordance with a Settlement Agreement between the parties dated August 21, 2015.

(6) Concurrent with the closing of the offering, the Company will issue 15,359 shares of Common Stock to three employee Board members in settlement and consideration of services rendered during the period of April 1, 2016 through March 31, 2017.

(7) Concurrent with the closing of this offering, the Company will charge $617,000 against additional paid-in capital related to offering costs that have been deferred.

(8) On June 8, 2017, the Company entered into a settlement agreement with former external legal counsel to settle $475,394 in payables owed for legal services as of March 31, 2017 for $100,000 in consideration: (a) $25,000 to be paid in cash at the closing of this offering; and (b) $75,000 in the form of shares of Common Stock issuable upon the closing of this offering. As a result, the Company will show a $375,395 reduction in liabilities.

(9) The Company will issue 129,735 Origination Shares valued at $1,200,048, after the closing of this offering to JMJ pursuant to the Purchase Agreement.

(10) On June 13, 2017, the Company entered into an agreement with ITT Canon LLC whereby the Company reached a settlement regarding, as of March 31, 2017, an accrued liability of $175,000. The Company will issue 21,622 shares of Common Stock at the closing of this offering.

After giving effect to the sale of shares of Common Stock at the assumed public offering price of $9.25 per share, and after deducting the underwriting discount and commission and estimated offering expenses, our pro forma, as adjusted net tangible book value (deficit) as of March 31, 2017 would have been $6.8 million, or $0.68 per share. This represents an immediate increase in pro forma net tangible book value (deficit) of $32.1 million to existing stockholders and immediate dilution of $8.57 per share to new investors purchasing shares in the offering.

The following table illustrates this per share dilution and is calculated on a pro forma basis, giving effect to the conversion of 212,167 Series C Preferred Shares into 3,297,195 shares of Common Stock; the conversion of 633,407 warrant shares into 411,638 shares of Common Stock; and 8,250 Series B Preferred Shares into 102,568 shares of Common Stock.

Assumed public offering price per share			$	9.25
Historical net tangible book value (deficit) per share as of March 31, 2017	$	(15.76)		
Pro Forma increase in net tangible book value (deficit) as of March 31, 2017	$	6.42		
Pro forma net tangible book value (deficit) as of March 31, 2017	$	(9.34)		
Pro Forma as adjusted increase in net tangible book value (deficit) as of March 31, 2017	$	10.02		
Pro forma, as adjusted, net tangible book value (deficit) per share as of March 31, 2017			$	0.68
Dilution per share to new investors in this offering			$	8.57

If the underwriter's overallotment option is exercised in full, our pro forma as adjusted net tangible book value per share following this offering will be $0.92 per share, which amount represents an immediate increase in net tangible book value of $10.26 per share of our Common Stock to existing shareholders and an immediate dilution in net tangible book value of $8.33 per share of our Common Stock to new investors purchasing shares in this offering.

The outstanding historical share information in the table above is based on Common Stock outstanding as of March 31, 2017 and excludes as of such date the following:

(i) Preferred Shares:

a. 11,000,000 Series A Preferred Shares, issued and outstanding as of March 31, 2017, as if converted into 27,500,000 shares of Common Stock;
b. 8,250 Series B Preferred Shares, issued and outstanding as of March 31, 2017, as if converted into 85,490 shares of Common Stock; and
c. 150,426 Series C Preferred Shares, issued and outstanding as of March 31, 2017, as if converted into 429,789 shares of Common Stock.

(ii) outstanding options to purchase an aggregate of 148,234 shares of our Common Stock, with a weighted-average exercise price of approximately $58.00 per share, under our equity compensation plans; and

(iii) 3,778,225 shares of our Common Stock issuable upon exercise of outstanding warrants of which 778,225 shares are at a weighted average exercise price of $55.90 per share and 3,000,000 warrant shares owned by FGI not subject to the Reverse Stock Split at a weighted average exercise price of $0.70 (such exercise price is also not subject to the Reverse Stock Split).

A $1.00 increase or decrease in the assumed public offering price per share would increase or decrease our pro forma as adjusted net tangible book value per share after this offering by approximately $0.04 per share, and increase or decrease the dilution per share to new investors by approximately $0.96 per share, assuming the number of shares of Common Stock offered by us, as set forth on the cover page of this prospectus, remains the same, after deducting the underwriting discount and estimated offering expenses payable by us.

If any Common Stock are issued upon exercise of outstanding options or warrants or conversion of outstanding Series A, B or C Preferred Shares, you may experience further dilution.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis of the financial condition and results of our operations should be read in conjunction with the "Summary Statements of Operations Data" and our consolidated financial statements and the notes to those statements appearing elsewhere in this prospectus. This discussion and analysis contains forward-looking statements reflecting our management's current expectations that involve risks, uncertainties and assumptions. Our actual results and the timing of events may differ materially from those described in or implied by these forward-looking statements due to a number of factors, including those discussed below and elsewhere in this prospectus particularly on page 9 entitled "Risk Factors".

Overview

We are a leading owner, operator, and provider of electric vehicle ("EV") charging equipment and networked EV charging services. We offer both residential and commercial EV charging equipment, enabling EV drivers to easily recharge at various location types.

Our principal line of products and services is our Blink EV charging network (the "Blink Network") and EV charging equipment (also known as electric vehicle supply equipment) and EV related services. Our Blink Network is proprietary cloud-based software that operates, maintains, and tracks all of the Blink EV charging stations and the associated charging data. The Blink Network provides property owners, managers, and parking companies, who we refer to as our Property Partners, with cloud-based services that enable the remote monitoring and management of EV charging stations, payment processing, and provide EV drivers with vital station information including station location, availability, and applicable fees.

We offer our Property Partners a flexible range of business models for EV charging equipment and services. In our comprehensive and turnkey business model, we own and operate the EV charging equipment, manage the installation, maintenance, and related services, and share a portion of the EV charging revenue with the property owner. Alternatively, Property Partners may share in the equipment and installation expenses, with CarCharging operating and managing the EV charging stations and providing connectivity to the Blink Network. For Property Partners interested in purchasing and owning EV charging stations that they manage, we can also provide EV charging hardware, site recommendations, connectivity to the Blink Network, and service and maintenance services.

As reflected in our unaudited condensed consolidated financial statements for the three months ended March 31, 2017, we had had a cash balance, a working capital deficiency and an accumulated deficit of $2,988, $18,989,258 and $84,169,514, respectively. During the three months ended March 31, 2017, we incurred a net loss of $3,097,732. These factors raise substantial doubt about our ability to continue as a going concern, as expressed in the notes to our unaudited condensed consolidated financial statements. Historically, we have been able to raise funds to support our business operations, although there can be no assurance we will be successful.

Through April 16, 2014, 350 Green was our wholly-owned subsidiary in which we had full control and the Company was consolidated. Beginning on April 17, 2014, when 350 Green's assets and liabilities were transferred to a trust mortgage, 350 Green became a Variable Interest Entity ("VIE"). The consolidation guidance relating to accounting for VIEs requires an enterprise to perform an analysis to determine whether the enterprise's variable interest or interests give it a controlling financial interest in a VIE and perform ongoing reassessments of whether an enterprise is the primary beneficiary of a VIE. We had determined that our Company was the primary beneficiary of 350 Green, and as such, 350 Green's assets, liabilities and results of operations were included in our unaudited condensed consolidated financial statements. On May 18, 2017, each of 350 Green and Green 350 Trust Mortgage LLC filed to commence an assignment for the benefit of creditors, which results in their residual assets being controlled by an assignee in a judicial proceeding. As a result, as of May 18, 2017, 350 Green is no longer a VIE of the Company and, accordingly, 350 Green's approximately $3.7 million of liabilities will, as of June 30, 2017, be deconsolidated from the Company's financial statements.

Consolidated Results of Operations

Three Months Ended March 31, 2017 Compared With March 31 Ended March 31, 2016

Revenues

Total revenue for the three months ended March 31, 2017 was $595,620 compared to $840,137, a decline of $244,517, or 29%. The decline is primarily attributed to a $136,618, or 47%, decline in product sales that decreased to $153,587 for the three months ended March 31, 2017 compared to $290,205 for the three months ended March 31, 2016. The decrease was primarily due to lower volume of residential and commercial units sold during the three months ended March 31, 2017. In addition, the decline is attributed to a $66,970, or 29%, decline in grants and rebates revenue that decreased to $32,810 for the three months ended March 31, 2017 compared to $99,780 for the three months ended March 31, 2016. Grants and rebates relating to equipment and the related installation are deferred and amortized in a manner consistent with the depreciation expense of the related assets over their useful lives. The ability to secure grant revenues is typically unpredictable and, therefore, uncertain.

Charging service revenue company-owned charging stations was $267,874 for the three months ended March 31, 2017 compared to $292,743 for the three months ended March 31, 2016, a slight decrease of $24,869, or 8%. Charging services derived from revenue company-owned charging stations increased, despite a $54,099 decrease in revenue from a program sponsored by Nissan North America (called No Charge to Charge and currently still active) that the Company has participated in since July 2014. The Program Coordinator pays the Company based on the number of program participants and the percentage of DC Fast Chargers in the program. Starting in July 2015, the private company participating in this program began adding chargers to the program and we no longer were able to generate as much revenue from the percentage of chargers we have in the program. We expect revenues derived from this program during the balance of 2017 to continue to be lower than the revenues we derived from this program in the same periods in 2016.

Total revenue from warranty revenue, network fees and other revenue was $141,349 for the three months ended March 31, 2017, as compared to $157,409 for the three months ended March 31, 2016, a decrease of $16,060, or 10%. The decrease is primarily attributable to a decrease in non-company owned fee generating units on our network during the three months ended March 31, 2017 as compared to the three months ended March 31, 2016, partially offset by an increase in maintenance contracts entered into by the Company as compared to the prior period.

Cost of Revenues

Cost of revenues primarily consists of depreciation of installed charging stations, amortization of the Blink Network infrastructure, the cost of charging station goods and related services sold, repairs and maintenance, electricity reimbursements and revenue share payments to hosts when we are the primary obligor in the revenue share arrangement. Cost of revenues for the three months ended March 31, 2017 were $432,407 as compared to $746,775 for the three months ended March 31, 2016. The decrease is primarily attributable to a decrease of $158,032, or 50%, in total cost of revenues in connection with cost of charging services, host provider fees and cost of product sales primarily due to a decrease in charging service revenues and equipment sales, with margins remaining consistent as compared to the prior period, as well as a reduction in depreciation and amortization expense that declined to $112,153 for the three months ended March 31, 2017 as compared to $202,104 for the three months ended March 31, 2016, as the underlying assets became fully depreciated since the 2016 period. There is a degree of variability in our gross margins related to charging services revenues from period to period primarily due to (i) the mix of revenue share payment arrangements, (ii) electricity reimbursements, and (iii) the costs of maintaining charging stations not currently in operation. Any variability in our gross margins related to equipment sales depends on the mix of products sold.

Operating Expenses

Operating expenses consist of selling, marketing, advertising, payroll, administrative, finance and professional expenses.

Compensation expense decreased by $466,422, or 32%, from $1,463,779 (consisting of approximately $0.9 million of cash compensation and approximately $0.6 million of non-cash compensation) for the three months ended March 31, 2016 to $997,357 (consisting of approximately $0.8 million of cash compensation and approximately $0.2 million of non-cash compensation) for the three months ended March 31, 2017. The decrease was primarily attributable reduced payroll expenses of approximately $180,000 due to the departure of certain management and other personnel during the second half of 2016 and a reduction in non-cash compensation of approximately $400,000 (which includes a $201,000 reduction of stock-based compensation expense related to share-based payments made to our Chief Operating Officer during the three months ended March 31, 2016 under the terms of his employment agreement.)

Other operating expenses consist primarily of rent, travel and IT expenses. Other operating expenses decreased by $101,862, or 30%, from $344,803 for the three months ended March 31, 2016 to $242,941 for the three months ended March 31, 2017. The decrease was primarily attributable to decreased call center expenses as the Company inaugurated their own internal call center in Phoenix, Arizona during 2016 and reduced travel and third party IT expenses as compared to the prior period.

General and administrative expenses increased by $44,804, or 17%, from $268,904 for the three months ended March 31, 2016 to $313,708 for the three months ended March 31, 2017. The increase was primarily due to increased legal and consulting fees as compared to the three months ended March 31, 2016, partially offset by a general reduction in other expenditures due to cash constraints.

During the three months ended March 31, 2017, we incurred lease termination costs of $300,000 which represents the fair value of our remaining under our lease agreement.

Other Expense

Other expense decreased by $1,009,729, or 42%, from $2,416,668 for the three months ended March 31, 2016 to $1,406,939 for the three months ended March 31, 2017. The decrease was primarily attributable to a decrease in the change of the fair value of warrant liabilities of $1,550,119, or 77%, from $2,014,408 for the three months ended March 31, 2016 to $464,289 for the three months ended March 31, 2017, partially offset by an increase in amortization of discount on convertible notes of $614,901.

Net Loss

Our net loss for the three months ended March 31, 2017 decreased by $1,303,060, or 30%, to $3,097,732 as compared to $4,400,792 for the three months ended March 31, 2016. The decrease was primarily attributable to a decrease in operating expenses of $223,480 and other expenses of $1,009,729, partially offset by an increase in gross profit of $69,851. Our net loss attributable to Common Stock holders for the three months ended March 31, 2017 decreased by $866,560, or 18%, from $4,719,192 to $3,852,632 for the aforementioned reasons and due to an increase in the dividend attributable to Series C Preferred Shares of $436,500.

Year Ended December 31, 2016 Compared With Year Ended December 31, 2015

Revenues

Total revenue for the year ended December 31, 2016 was $3,326,021 compared to $ 3,957,795, a decline of $631,774 or 16%. The decline is primarily attributed to an $836,477 decline in grants and rebates revenue that decreased to $332,672, or 72% for the year ended December 31, 2016 compared to $1,169,149 for the year ended December 31, 2015. Grants and rebates relating to equipment and the related installation are deferred and amortized in a manner consistent with the depreciation expense of the related assets over their useful lives. Our grant revenue during the 2014 and 2015 fiscal years was primarily derived from our agreement with the Bay Area Air Quality Management District (the "BAAQMD"). Our agreement with the BAAQMD ended on December 31, 2015. Although we are not currently receiving funding under the grant, we are recognizing the funding received as revenue over the lives of the chargers to which they pertained.

Charging service revenue company-owned charging stations was $1,144,016 for the year ended December 31, 2016 compared to $1,074,163 for the year ended December 31, 2015, a slight increase of $69,853 or 7%. Charging services derived from revenue company-owned charging stations increased, despite a $155,940 decrease in revenue from a program sponsored by Nissan North America (called No Charge to Charge and currently still active) , that the Company has participated in since July 2014. The Program Coordinator pays the Company based on the number of program participants and the percentage of DC Fast Chargers in the program. Starting in July 2015, the private company participating in this program began adding chargers to the program and we no longer were able to generate as much revenue from the percentage of chargers we have in the program. We expect revenues derived from this program during the balance of 2017 to continue to be lower than the revenues we derived from this program in the same periods in 2016.

Revenue from product sales was $1,126,939 for the year ended December 31, 2016 compared to $805,143 for the year ended December 31, 2015, an increase of $321,796 or 40%. The increase was primarily due to a higher volume of residential and commercial units sold in 2016.

Total revenue from warranty revenue, network fees and other revenue was $722,394 for the year ended December 31, 2016, compared to $909,340 the year ended December 31, 2015 a decrease of $186,946, or 21%. The decrease is attributed to a one-time gain of $209,086 associated with the settlement of accounts payable related to network fees.

Cost of Revenues

Cost of revenues primarily consists of depreciation of installed charging stations, amortization of the Blink Network infrastructure, the cost of charging station goods and related services sold, repairs and maintenance, electricity reimbursements and revenue share payments to hosts when we are the primary obligor in the revenue share arrangement. Cost of revenues for the year ended December 31, 2016 were $2,813,680 as compared to $2,861,738 for the year ended December 31, 2015, a decrease of $48,058, or 2%, primarily due to a reduction in warranty and repair costs that declined to $346,477 for year ended December 31, 2016 compared to $671,474 for the year ended December 31, 2015. There is a degree of variability in our gross margins related to charging services revenues from period to period primarily due to (i) the mix of revenue share payment arrangements, (ii) electricity reimbursements, and (iii) the costs of maintaining charging stations not currently in operation. Any variability in our gross margins related to equipment sales depends on the mix of products sold.

Gross Profit

The gross profit for the year ended December 31, 2016, was $512,341 compared to $1,096,057 for the year ended December 31, 2015, a decrease of $583,716. The reduction in gross profit contribution is largely attributed to a year over year reduction in grant and rebate revenue of $836,477. For the year ended December 31, 2016, the gross profit contribution from company-owned charging stations defined as charging service revenue from company-owned charging stations less cost of charging services- company-owned charging stations less host provider fees was $495,587 or 43% compared to $562,979 or 52% for the year ended December 31, 2015. The reduction in gross profit contribution from company-owned charging stations is attributed to the reduction in revenue from a program sponsored by Nissan North America (called No Charge to Charge and currently still active) that the Company has participated in since July 2014.

Gross Profit from product sales defined as product sales less cost of equipment sales was $625,210 or 55% for the year ended December 31, 2016, compared to $434,217 or 54% for the year ended December 31, 2015 an improvement of $190,993. Management anticipates that product sales attributed to the launch of the Company’s next generation charging stations targeted in the second half of 2017 will contribute to increased gross profit from product sales.

Operating Expenses

Operating expenses consist of selling, marketing, advertising, payroll, administrative, finance and professional expenses.

Compensation expense decreased by $3,320,634, or 40%, from $8,200,246 (consisting of approximately $4.3 million of cash compensation and approximately $3.9 million of non-cash compensation) for the year ended December 31, 2015 to $4,879,612 (consisting of approximately $4.1 million of cash compensation and approximately $0.8 million of non-cash compensation) for the year ended December 31, 2016. The decrease was primarily attributable to share-based payments with a fair value of approximately $1,750,000 made to our Chief Operating Officer during the year ended December 31, 2015 under the terms of an employment agreement, as well as reduced payroll expenses of approximately $1,251,000 due to the departure of certain management and other personnel during the second half of 2015.

Other operating expenses consist primarily of rent, travel and IT expenses. Other operating expenses decreased by $211,065, or 13%, from $1,662,748 for the year ended December 31, 2015 to $1,451,683 for the year ended December 31, 2016. The decrease was primarily attributable to decreased call center expenses as the Company inaugurated their own internal call center in Phoenix, Arizona during 2016 and reduced travel expenses as compared to the prior period.

General and administrative expenses decreased by $1,158,903, or 45%, from $2,552,857 for the year ended December 31, 2015 to $1,393,954 for the year ended December 31, 2016. The decrease was primarily due to reduced legal and consulting fees as compared to the year ended December 31, 2015, which was primarily attributable to a greater demand for legal and consulting services during the year ended December 31, 2015.

Other (Expense) Income

Other (expense) income decreased by $3,561,089, or 116%, from other income of $3,074,870 for the year ended December 31, 2015 to other (expense) of $(486,219) for the year ended December 31, 2016. The decrease was primarily attributable to a decrease in the gain of the fair value of warrant liabilities of $2,535,398, or 78%, from $3,262,637 for the years ended December 31, 2015 to $727,239 for the year ended December 31, 2016, partially offset by an increase in a gain of settlements or forgiveness of accounts payable of $780,028. In addition, there was $1,833,896 of income during the year ended December 31, 2015 which related to a notification from the DOE that it had no further property interest in certain direct current fast chargers, which resulted in the release of our liability to the DOE, partially offset by a decrease in the provision for non-compliance penalty for delinquent regular SEC filings of $1,150,674, or 67%, from $1,722,217 for the year ended December 31, 2015 to $571,543 for the years ended December 31, 2016.

Net Loss

Our net loss for the year ended December 31, 2016 decreased by $545,797, or 7%, to $7,699,127 as compared to $8,244,924 for the year ended December 31, 2015. The decrease was primarily attributable to a decrease in operating expenses of $4,690,602 and gross profit of $583,716, partially offset by an increase in other expenses of $3,561,089. Our net loss attributable to Common Stock holders for the year ended December 31, 2016 decreased by $416,997, or 4%, from $9,584,624 to $9,167,627 for the aforementioned reasons and due to an increase in the dividend attributable to holders of Series C Preferred Shares of $518,400 and a decrease in income attributable to our non-controlling interest of $389,600.

Liquidity and Capital Resources

During the three months ended March 31, 2017, we financed our activities from proceeds derived from debt and equity financing. A significant portion of the funds raised from the sale of capital stock have been used to cover working capital needs and personnel, office expenses and various consulting and professional fees.

For the three ended March 31, 2017 and 2016, we used cash of $783,135 and $823,037, respectively, in operations. Our cash use for the three months ended March 31, 2017 was primarily attributable to our net loss of $3,097,732, adjusted for net non-cash expenses in the aggregate amount of $1,477,377, partially offset by $837,220 of net cash provided by changes in the levels of operating assets and liabilities. Our cash use for the three months ended March 31, 2016 was primarily attributable to our net loss of $4,400,792, adjusted for net non-cash expenses in the aggregate amount of $3,188,644 partially offset by $389,111 of net cash provided by changes in the levels of operating assets and liabilities.

During the three months ended March 31, 2017, cash used in investing activities was $206, which was used to purchase charger cables. Net cash used in investing activities was $5,836 during the three months ended March 31, 2016, which was used to purchase office and computer equipment.

Net cash provided by financing activities for the three months ended March 31, 2017 was $780,431, of which $805,100 was provided in connection with the issuance of convertible notes payable and $47,567 was provided in connection with proceeds from the issuance of notes payable to a related party, partially offset by $24,720 of payment of future offering costs, $39,000 of payment of debt issuance costs, repayment of notes payable of $3,604 and $4,912 of net cash used in connection with bank overdrafts. Cash provided by financing activities for the three months ended March 31, 2016 was $831,566 of which $855,000 of net proceeds (gross proceeds of $900,000 less cash issuance costs of $45,000) were from the sale of Series C Preferred Shares and warrants, partially offset by the repayment of notes payable of $23,434.

Charging service revenue derived from company-owned charging stations was $267,874 for the three months ended March 31, 2017 compared to $292,743 for the three months ended March 31, 2016, a slight decrease of $24,869, or 8%. Charging services revenue derived from company-owned charging stations increased, despite a $54,099 decrease in revenue from a program sponsored by Nissan North America that the Company has participated in since July 2014. The Program Coordinator pays the Company based on the number of program participants and the percentage of DC Fast Chargers in the program. Starting in July 2015, the private company participating in this program began adding chargers to the program and we no longer were able to generate as much revenue from the percentage of chargers we have in the program. We expect revenues derived from this program during the balance of 2017 to continue to be lower than the revenues we derived from this program in the same periods in 2016.

Our source of grant revenue for this period was from the Pennsylvania Turnpike Commission. Although we are not currently receiving funding under the grant, we are recognizing the funding received as revenue over the lives of the chargers to which they pertained. However, historically, the Company has secured and depended on incentives and intends to continue to pursue incentives from various governmental jurisdictions. As an example, the Company endorsed the Obama Administration's announcement of, among other things, programs to release up to $4.5 billion in loan guarantees and invite applications to support the deployment of commercial EV charging facilities, and launch the Fixing America's Surface Transportation ("FAST") Act process to identify and develop corridors for zero emission and alternative fuel vehicles, which will include a network of EV fast charging stations.

Management anticipates that the gross profit contribution from company-owned charging stations as defined will improve as the company attains increased revenue contributions from its deployed base of charging stations and that product sales attributed to the launch of the Company's next generation charging stations targeted in the second half of 2017 will contribute to increased gross profit from product sales.

We believe that our existing cash, together with the net proceeds from this offering, will be sufficient to meet our anticipated cash needs for at least the next two years . There can be no assurance that this offering will succeed. Given these conditions, there is substantial doubt about our ability to continue as a going concern and our future is contingent upon our ability to secure the levels of debt or equity capital we need to meet our cash requirements. In addition, our ability to continue as a going concern must be considered in light of the problems, expenses and complications frequently encountered by entrants into established markets, the competitive environment in which we operate and the current capital raising environment.

Since inception, our operations have primarily been funded through proceeds from equity and debt financings. Although management believes that we have access to capital resources, there are currently no commitments in place for new financing at this time, except as described above under the heading Recent Developments, and there is no assurance that we will be able to obtain funds on commercially acceptable terms, if at all.

The funds we intend to raise pursuant to this offering will be used to fund our operations. The current level of cash and operating margins is insufficient to cover our existing fixed and variable obligations, so increased revenue performance and the addition of capital through issuances of securities are critical to our success. Should we not be able to raise additional debt or equity capital through this offering or some other financing source, we would take one or more of the following actions to conserve cash: further reductions in employee headcount, reduction in base salaries to senior executives and employees, and other cost reduction measures. Assuming that we are successful in our growth plans and development efforts, we believe that we will be able to raise additional debt or equity capital. There is no guarantee that we will be able to raise such additional funds on acceptable terms, if at all.

Through March 31, 2017, we incurred an accumulated deficit since inception of $84,169,514. As of March 31, 2017, we had a cash balance and working capital deficit of $2,988 and $18,989,258, respectively. During the three months ended March 31, 2017, we incurred a net loss of $3,097,732. These conditions raise substantial doubt about our ability to continue as a going concern within one year after the issuance date of this filing. The report of our independent registered public accounting firm with respect to our financial statements as of December 31, 2016 and for the year then ended indicates that our financial statements have been prepared assuming that we will continue as a going concern. The report states that, since we have incurred net losses since inception and we need to raise additional funds to meet our obligations and sustain our operations, there is substantial doubt about our ability to continue as a going concern. Our plans in regard to these matters are described in Note 2 to our audited financial statements as of December 31, 2016 and 2015 and for the years then ended. Our financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Our condensed consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classifications of liabilities that might be necessary should we be unable to continue as a going concern.

Recent Developments

Securities Purchase Agreement with JMJ Financial

In accordance with its terms, the Purchase Agreement became effective upon (i) execution by the Parties of the Purchase Agreement, the Promissory Note, and the October JMJ Warrant, and (ii) delivery of an initial advance pursuant to the Promissory Note of $500,000, which occurred on October 13, 2016. The Promissory Note and the October JMJ Warrant were issued on October 13, 2016. Pursuant to the Purchase Agreement, as amended on March 23, 2017, May 15, 2017 and June 15, 2017, JMJ purchased from our Company (i) the Promissory Note, convertible into Common Stock, in the aggregate principal amount of up to $3,725,000 due and payable on the earlier of July 15, 2017 or the third business day after the closing of an Registered Offering, and (ii) the October JMJ Warrant to purchase 14,286 shares of our Common Stock at an exercise price per share equal to the lesser of (i) 80% of the per share price in the contemplated Registered Offering, (ii) $35.00 per share, (iii) 80% of the unit price in the Registered Offering (if applicable), (iv) the exercise price of any warrants issued in the Registered Offering, or (v) the lowest conversion price, exercise price, or exchange price, of any security issued by us that was outstanding on October 13, 2016. Pursuant to the terms of the Promissory Note, JMJ has agreed that it will not convert the Promissory Note into more than 9.99% of our outstanding shares of Common Stock. JMJ currently does not own any shares of our Common Stock. The initial amount borrowed under the Promissory Note was $500,000, with the remaining amounts permitted to be borrowed under the Promissory Note being subject to us achieving certain milestones. The Promissory Notes each have an original issue discount of approximately 6%. This means that the Company will need to repay at least $530,000 for every $500,000 borrowed.

If we do not repay the Promissory Note on the maturity date (currently July 15, 2017), JMJ can convert all or part of the outstanding and unpaid principal, accrued interest, and any other fees into shares of Common Stock at a conversion price that is the lesser of $35.00 or 60% of the lowest trade price in the 25 trading days previous to the conversion. If we do not repay the Promissory Note on the maturity date and if we have issued a variable security at any time the Promissory Note is outstanding, then in such event JMJ shall have the right to convert all or any portion of the outstanding balance of the Promissory Note into shares of Common Stock on the same terms as granted in any applicable variable security issued by us.

With the achievement of certain milestones in November 2016 (the filing with the SEC of a Preliminary Information Statement on Schedule 14C regarding the Reverse Stock Split), an additional advance of $500,000 under the Promissory Note occurred on November 28, 2016. Another warrant to purchase 14,286 shares of our Common Stock was issued as of November 28, 2016. With the achievement of certain milestones in February 2017 (the filing with the SEC of a revised Preliminary Information Statement and a Definitive Information Statement, each on Schedule 14C regarding the Reverse Stock Split), additional advances of $225,100 and $300,000 under the Promissory Note occurred on February 10 and February 27, respectively. Thus, two more warrants to purchase the Company's Common Stock were issued, one for 6,431 shares and the other for 8,571 shares, respectively. All advances after February 28, 2017 have been at the discretion of JMJ without regard to any specific milestones occurring. Additional advances of $250,000 and $30,000 under the Promissory Note occurred on March 14, 2017 and March 24, 2017, respectively, and two more warrants to purchase the Company's Common Stock were issued, one for 7,143 shares and the other for 857 shares. An additional advance of $400,000 occurred on April 5, 2017 and another warrant to purchase 11,429 shares of our Common Stock was issued on the same date. An additional advance of $295,000 occurred on May 9, 2017 and another warrant to purchase 8,429 share of the Company's Common Stock was issued on the same date. As of June 26, 2017, eight (8) warrants to purchase a total of 71,432 shares of the Company's Common Stock have been issued to JMJ. The aggregate exercise price is $2,500,100. On the fifth (5th) trading day after the closing of the Registered Offering, but in no event later than July 15, 2017, we will deliver to JMJ the Origination Shares equal to 48% of the consideration paid by JMJ under the Promissory Note divided by the lowest of (i) $35.00 per share, or (ii) the lowest daily closing price of our Common Stock during the ten days prior to delivery of the Origination Shares (subject to adjustment for stock splits), or (iii) 80% of the Common Stock offering price of the Registered Offering, or (iv) 80% of the unit offering price of the Registered Offering (if applicable), or (v) the exercise price of any warrants issued in the Registered Offering. The number of shares to be issued will be determined based on the share price in this offering. If the Registered Offering does not occur prior to July 15, 2017, if JMJ owns Origination Shares at the time of a subsequent public offering where the pricing terms above would result in a lower Origination Share pricing, the Origination Shares pricing shall be subject to a reset based on the same pricing terms as described above.

In connection with the Purchase Agreement, the Company entered into a Representations and Warranties Agreement with JMJ regarding the Company's existing debt as of October 7, 2016. The Company had agreed to obtain agreements, by December 15, 2016, with holders owning at least $7,000,000 of the outstanding liabilities as reflected on the Company's balance sheet as of June 30, 2016, providing for those holders to convert their liabilities into Series C Preferred Shares or Common Stock of the Company at or prior to the time of the closing of the Registered Offering. The Company had agreed to also, by December 15, 2016, seek agreements so that the Company would not have, other than securities issued to JMJ, any variable securities. The Company is still seeking these letter agreements. Although the Company did not meet the December 2016 deadline, JMJ has not sought any remedies or assessed any fees for such failure.

On March 23, 2017, the parties amended the terms of the Promissory Note such that JMJ agreed to conditionally waive the defaults with regards to our failure to meet the original maturity date of the Promissory Note and the original delivery date of February 15, 2017 for the Origination Shares and extended the Maturity Date to May 15, 2017. JMJ did not waive any damages, fees, penalties, liquidated damages, or other amounts or remedies otherwise resulting from such defaults (which damages, fees, penalties, liquidated damages, or other amounts or remedies JMJ may choose in the future to assess, apply or pursue in its sole discretion) and JMJ's conditional waiver is conditioned on us not being in default of and not breaching any term of the note, the securities purchase agreement, or any other transaction documents in connection therewith at any time subsequent to March 23, 2017. The parties amended the terms of the Promissory Note in a similar manner on May 15, 2017 (extending the Maturity Date to June 15, 2017) and June 15, 2017 (extending the Maturity Date to July 15, 2017). As of June 21, 2017, JMJ has not asserted its right to assess penalties resulting from the defaults with regards to our failure to meet the original (and amended) maturity date of the Promissory Note and the original (and amended) delivery date for the Origination Shares.

350 Green

On May 18, 2017, each of 350 Green and Green 350 Trust Mortgage LLC filed to commence an assignment for the benefit of creditors, which results in their residual assets being controlled by an assignee in a judicial proceeding. As a result, as of May 18, 2017, 350 Green is no longer a VIE of the Company and, accordingly, 350 Green's approximately $3.7 million of liabilities will, as of June 30, 2017, be deconsolidated from the Company's financial statements.

Critical Accounting Policies

Our critical accounting policies are included in Note 3 - Significant Accounting Policies of our consolidated financial statements included within this Annual report.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements, financings, or other relationships with unconsolidated entities or other persons, also known as "special purpose entities" (SPEs).

Recently Issued Accounting Standards

In May 2014, the FASB issued Accounting Standards Update ("ASU") No. 2014-09, "Revenue from Contracts with Customers," ("ASU 2014-09"). ASU 2014-09 supersedes the revenue recognition requirements in ASC 605 - Revenue Recognition ("ASC 605") and most industry-specific guidance throughout ASC 605. The standard requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. The guidance in ASU 2014-09 was revised in July 2015 to be effective for interim periods beginning on or after December 15, 2017 and should be applied on a transitional basis either retrospectively to each prior reporting period presented or retrospectively with the cumulative effect of initially applying ASU 2014-09 recognized at the date of initial application. In 2016, FASB issued additional ASUs that clarify the implementation guidance on principal versus agent considerations (ASU 2016-08), on identifying performance obligations and licensing (ASU 2016-10), and on narrow-scope improvements and practical expedients (ASU 2016-12) as well as on the revenue recognition criteria and other technical corrections (ASU 2016-20). The Company has not yet selected a transition method and is currently evaluating the impact of the adoption of these ASUs on its consolidated financial position and results of operations.

In July 2015, the FASB issued ASU No. 2015-11, "Inventory (Topic 330): Simplifying the Measurement of Inventory," ("ASU 2015-11"). ASU 2015-11 amends the existing guidance to require that inventory should be measured at the lower of cost and net realizable value. Net realizable value is the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. Subsequent measurement is unchanged for inventory measured using last-in, first-out or the retail inventory method. ASU 2015-11 is effective for fiscal years beginning after December 15, 2016, including interim periods within those fiscal years. The adoption of ASU 2015- 011 is not expected to have a material impact on our consolidated financial statement or disclosures .

In February 2016, the FASB issued ASU No. 2016-02, "Leases (Topic 842)" ("ASU 2016-02"). ASU 2016-02 requires an entity to recognize assets and liabilities arising from a lease for both financing and operating leases. The ASU will also require new qualitative and quantitative disclosures to help investors and other financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018, with early adoption permitted. The Company is currently evaluating ASU 2016-02 and its impact on its consolidated financial statements.

In March 2016, the FASB issued ASU No. 2016-09, "Compensation – Stock Compensation (Topic 718)" ("ASU 2016-09"). ASU 2016-09 requires an entity to simplify several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. ASU 2016-09 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The adoption of ASU 2016- 009 is not expected to have a material impact on our consolidated financial statement or disclosures.

In August 2016, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") 2016-15, "Statement of Cash Flows (Topic 230) Classification of Certain Cash Receipts and Cash Payments" ("ASU 2016-15"). ASU 2016-15 will make eight targeted changes to how cash receipts and cash payments are presented and classified in the statement of cash flows. ASU 2016-15 is effective for fiscal years beginning after December 15, 2017. ASU 2016-15 requires adoption on a retrospective basis unless it is impracticable to apply, in which case the Company would be required to apply the amendments prospectively as of the earliest date practicable. The Company is currently evaluating ASU 2016-15 and its impact on its consolidated financial statements or disclosures.

Other accounting standards that have been issued or proposed by the FASB or other standards-setting bodies that do not require adoption until a future date are not expected to have a material impact on our financial statements upon adoption.

Evaluation of Disclosure Controls and Procedures

Effective internal control is necessary for us to provide reliable financial reports and prevent fraud. If we cannot provide reliable financial reports or prevent fraud, we may not be able to manage our business as effectively as we would if an effective control environment existed, and our business and reputation with investors may be harmed. As a result, our small size and any current internal control deficiencies may adversely affect our financial condition, results of operations and access to capital. We have also experienced complications reporting as a result of material weaknesses and have at times been delinquent in our reporting obligations. We have carried out an evaluation under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the most recent period covered by this report. Based on the foregoing, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were not effective at the reasonable assurance level due to the material weaknesses described below.

A material weakness is a deficiency, or a combination of deficiencies, within the meaning of Public Company Accounting Oversight Board ("PCAOB") Audit Standard No. 5, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of our annual or interim financial statements will not be prevented or detected on a timely basis. Management has identified the following material weaknesses which have caused management to conclude that as of March 31, 2017 our internal controls over financial reporting ("ICFR") were not effective at the reasonable assurance level:

1. We do not have written documentation of our internal control policies and procedures. Written documentation of key internal controls over financial reporting is a requirement of Section 404 of the Sarbanes-Oxley Act which is applicable to us for the year ended December 31, 2016. Management evaluated the impact of our failure to have written documentation of our internal controls and procedures during our assessment of our disclosure controls and procedures and concluded that the control deficiency that resulted represented a material weakness.

2. We do not have sufficient resources in our accounting function, which restricts our ability to gather, analyze and properly review information related to financial reporting in a timely manner. In addition, due to our size and nature, segregation of all conflicting duties may not always be possible and may not be economically feasible. However, to the extent possible, the initiation of transactions, the custody of assets and the recording of transactions should be performed by separate individuals. Management evaluated the impact of our failure to have segregation of duties during our assessment of our disclosure controls and procedures and concluded that the control deficiency that resulted represented a material weakness.

3. We do not have personnel with sufficient experience with U.S. GAAP to address complex transactions.

4. We have inadequate controls to ensure that information necessary to properly record transactions is adequately communicated on a timely basis from non-financial personnel to those responsible for financial reporting. Management evaluated the impact of the lack of timely communication between non–financial and financial personnel on our assessment of our reporting controls and procedures and has concluded that the control deficiency represented a material weakness.

5. We have determined that oversight over our external financial reporting and internal control over our financial reporting by our audit committee is ineffective. The audit committee has not provided adequate review of our SEC filings and consolidated financial statements and has not provided adequate supervision and review of our accounting personnel or oversight of the independent registered accounting firm's audit of our consolidated financial statement.

We have taken steps to remediate some of the weaknesses described above, including by engaging third party financial consultants with expertise in accounting for complex transactions and SEC reporting. We intend to continue to address these weaknesses as resources permit.

BUSINESS

Overview

We are a leading owner, operator, and provider of EV charging equipment and networked EV charging services. We offer both residential and commercial EV charging equipment, enabling EV drivers to easily recharge at various location types.

Our principal line of products and services is our Blink Network and EV charging equipment (also known as electric vehicle supply equipment) and EV related services. Our Blink Network is proprietary cloud-based software that operates, maintains, and tracks all of the Blink EV charging stations and the associated charging data. The Blink Network provides property owners, managers, and parking companies, who we refer to as our Property Partners, with cloud-based services that enable the remote monitoring and management of EV charging stations, payment processing, and provides EV drivers with vital station information including station location, availability, and applicable fees.

We offer our Property Partners with a flexible range of business models for EV charging equipment and services. In our comprehensive and turnkey business model, we own and operate the EV charging equipment, manage the installation, maintenance, and related services; and share a portion of the EV charging revenue with the property owner. Alternatively, Property Partners may share in the equipment and installation expenses, with us operating and managing the EV charging stations and providing connectivity to the Blink Network. For Property Partners interested in purchasing and owning EV charging stations, that they manage, we can also provide EV charging hardware, site recommendations, connectivity to the Blink Network, and service and maintenance services.

We have strategic partnerships across numerous transit/destination locations, including airports, auto dealers, healthcare/medical, hotels, mixed-use, municipal locations, multifamily residential and condos, parks and recreation areas, parking lots, religious institutions, restaurants, retailers, schools and universities, stadiums, supermarkets, transportation hubs, and workplace locations. As of June 26, 2017, we have approximately 14,370 charging stations deployed of which 4,972 are Level 2 public charging units, 119 DC Fast Charging EV chargers and 2,269 residential charging units in service on the Blink Network. Additionally, we currently have approximately 353 Level 2 charging units on other networks and there are also approximately an additional 6,657 non-networked, residential Blink EV charging stations. The non-networked, residential Blink EV charging stations are all partner owned.

Industry Overview

We believe that the market for plug-in electric vehicles has experienced significant growth in recent years in response to consumer demand for vehicles with greater fuel efficiency, greater performance, and with lower environmental emissions. We believe that the demand for EVs has also been spurred in part by federal and state fuel economy standards and other state and local incentives and rebates for EVs. For example, the states of California, Oregon, New York, Maryland, Massachusetts and others have created mandates for EVs with the goal of 3.3 million EVs on the road by 2025. At the same time, oil and gas prices continue to experience spikes and fluctuations, while at the same time the cost of battery technology continues to fall as the battery industry achieves scale. In response, major automotive OEMs have accelerated the adoption of EV models, with more than 25 EV models currently available from Tesla, Nissan, Kia, GM, Ford, Fiat, BMW, Mercedes, Audi, Volkswagen, Toyota, Mitsubishi, Land Rover, Porsche, and many others. According to the Electric Drive Transportation Association, sales of plug-in vehicles since introduction to the market in 2010 is over 500,000 and according to a third-party researcher, sales are expected to grow by a factor of 12 to 2.5 million in 2025.

However, we believe that a major impediment to EV adoption has been the lack of EV charging infrastructure, and that a viable model for continued deployment of EV charging infrastructure continues to evolve. Examples of federal programs designed to stimulate development of EV charging infrastructure includes the recent White House announcement of, among other things, programs to release up to $4.5 billion in loan guarantees and invite applications to support the deployment of commercial EV charging facilities, and the launching of the Fixing America's Surface Transportation (FAST) Act process to identify and develop corridors for zero emission and alternative fuel vehicles, which will include a network of EV fast charging stations.

According to Navigant Research, the global market for electric vehicle supply equipment (EVSE) is expected to grow from 505,000 units in 2016 to 2.5 million in 2025. Major utility companies are also working to upgrade their grid infrastructure in order to prepare for mass consumption of electricity by electric vehicles.

While many believe that the majority of EV charging occurs at home, we believe the need for a robust, pervasive public EV charging infrastructure is required to eliminate range anxiety (that is, a worried feeling while driving an electric car caused by the driver thinking they might run out of power before reaching their destination). In addition to providing strategic, public charging stations, we believe that it is necessary to provide EV charging solutions to those drivers that do not live in single-family homes, but share parking facilities, including multifamily residential apartment buildings and condominiums. While there are a few, leading competitors and various, smaller EV charging equipment or service providers that have emerged in the market, we believe their products and services are limited. Typically, these companies offer EV charging equipment, an EV charging network, or EV charging services with third party equipment.

Our EV Charging Solutions

We offer a broad range of EV charging products and services to Property Partners and EV drivers.

EV Charging Products

- *Level 2*. We offer Level 2 (AC) EV charging equipment, which is ideal for commercial and residential use, and has the standard J1772 connector, which is compatible with all major auto manufacturer electric vehicle models. Our commercial equipment is available in pedestal or wall mount configurations, with the ability to connect to our robust Blink Network. Our non-networked residential product, Blink HQ, is available in a wall-mount configuration and offers a delay start feature that allows users to optimize charging by utility rates. Level 2 charging stations typically provide a full charge in two to eight hours. Level 2 chargers are ideally suited for low-cost installations and frequently used parking locations, such as workplace, multifamily residential, retail and mixed-use, parking garages, municipalities, colleges/schools, hospitals, and airports.

- DCFC. Our DC Fast Charging equipment ("DCFC") currently has the CHAdeMo connector, which is compatible with Nissan, Kia, and Tesla electric vehicle models (additional models may be potentially available in the future), and typically provides an 80% charge in less than 30 minutes. Installation of DCFC stations and grid requirements are typically greater than Level 2 charging stations, and are ideally suited for transportation hubs and locations between travel destinations.

We intend to enhance our current equipment offerings by developing and offering new generations of EV charging equipment.

EV Charging Services

- *Blink Network*. Our proprietary, cloud-based Blink Network allows us to share convenient and advantageous station management features and pertinent data with Property Partners and EV drivers through user interfaces. These features include real-time station status, payment processing, detailed charging session information, monitoring and troubleshooting stations remotely, as well as standard and customized reporting capabilities on, among others, energy dispensed, greenhouse gases reduced, oil barrels saved, and gallons of fuel saved.

- *Blink Mobile application*. Our proprietary mobile application, available for iOS and Android, provides EV drivers with vital station information, including the ability to locate EV charging stations on the Blink Network, view real-time station status information, pay and initiate EV charging sessions, become a Blink member, and manage their Blink account (billing information, radio frequency identification cards, text messaging, and email notifications).

We believe that we are unique in our ability to provide various business models to Property Partners and leverage our technology to meet the needs of both Property Partners and EV drivers. Our property partner business model options include:

1. Host Owned: The Property Partner purchases our EV charging equipment for use by EV drivers and pays for connectivity to the Blink Network as well as payment transaction fees.

2. Car Charging Owned: We provide EV charging equipment, which we own and maintain, and operate the EV charging services through our Blink Network and share a portion of the revenues generated from the stations with our Property Partner.

3. Hybrid: We also offer customized business models that meet individual Property Partner needs and combines features from the aforementioned business models.

Competitive Advantages/Operational Strengths

Early Mover Advantage: We continue to leverage our large and defendable first mover advantage and the digital customer experience we have created for both drivers and Property Partners. We have approximately 96,000 drivers currently registered with Blink that appreciate the value of EV charging sessions on a leading, established, and robust network. We have thousands of Blink chargers deployed across the United States and the goal is to keep our Property Partners on one consistent network when expanding on any given property.

Long-Term Contracts with Property Owners: We have strategic and often long term agreements with location exclusivity for Property Partners across numerous transit/destination locations, including airports, car dealers, healthcare/medical, hotels, mixed-use, municipal locations, multifamily residential and condo, parks and recreation areas, parking lots, religious institutions, restaurants, retailers, schools and universities, stadiums, supermarkets, transportation hubs, and workplace locations. We have hundreds of Property Partners that include well-recognized companies, large municipalities, and local businesses. Some examples are Caltrans, Carl's Jr., City of Azusa, City of Chula Vista, City of Springfield, City of Tucson, Cracker Barrel, Federal Realty, Fred Meyer Stores, Inc., Fry's Food & Drug, Inc., Garage Management Company, Icon Parking, IKEA, iPark, JBG Associates, Kohls, Kroger Company, LAZ Parking, Macy's, McDonald's, Ralphs Grocery Company, Sears, Simon Properties, and SP+ Parking. We continue to establish new contracts with Property Partners that previously secured our services independently, or had contracts with the EV service providers that we acquired, including ECOtality, the former owner of the Blink related assets.

***Flexible Business Model**:* We are able to offer and sell both EV charging equipment as well as access to our robust, cloud-based EV charging software, which we refer to as the Blink Network. We believe that we have an advantage in our ability to provide various business models to Property Partners and leverage our technology to meet the needs of both Property Partners and EV drivers.

***Ownership and Control of EV Charging Stations and Services**:* We own a large percentage of our stations, which is a significant differentiation between us and some of our primary competitors. This ownership model allows us to control the settings and pricing for our EV charging services, service the equipment as necessary, and have greater brand management and price uniformity.

Experience with Products and Services of Other EV Charging Service Providers. From our early days and through our acquisitions, we have had the experience of owning and operating EV charging equipment provided by other EV charging service providers, including General Electric, ChargePoint, and SemaConnect. This experience has provided us with the working knowledge of the benefits and drawbacks of other equipment manufacturers and their applicable EV charging networks.

Our Strategy

Our objective is to continue to be a leading provider of EV charging solutions by deploying mass scale EV charging infrastructure, and by doing so, enable the accelerated growth of EV adoption and the EV industry. Key elements of our strategy include:

- *Relentless Focus on Customer Satisfaction*. Increase overall customer satisfaction with new and existing Property Partners and EV drivers by upgrading and expanding the EV charging footprint throughout high demand, high density geographic areas. In addition, improve productivity and utilization of existing EV charging stations, as well as to continue to enhance the valuable features of our EV charging station hardware and the Blink Network.

- *Leverage Our Early Mover Advantage.* We continue to leverage our large and defendable first mover advantage and the digital customer experience we have created for both drivers and Property Partners. We believe that there are tens of thousands of Blink driver registrants that appreciate the value of transacting charging sessions on a leading, established, and robust network experience. We have thousands of Blink chargers deployed across the United States and the tendency, among users, is to stay within one consistent network for expansion on any given property.

- *Expand Sales and Marketing Resources.* Our intention is to invest in sales and marketing infrastructure to capitalize on the growth in the market as well as to expand our go-to-market strategy. Today, we use a direct sales force and intend to continue to expand our efforts as well as invest in a wholesale channel go-to-market strategy that may include wholesale electrical distributors, independent sales agents, utilities, solar distributors, contractors, automotive manufacturers, and auto dealers.

- *Continue to Invest in Technology Innovation*. We will continue to enhance the product offerings available in our EV charging hardware, cloud-based software, and networking capability. This includes the design and launch of our next generation of EV charging solutions, including accelerating the charge currents currently available in EV charging hardware and new, robust Blink Network features in order to distance ourselves from the competition. Our key service solutions allow us to remain technology agnostic, and if market conditions shift, we have the option to leverage pure play hardware providers to augment our products.

- *Properly Capitalize Our Business*. We continue to pursue and welcome new potential capital sources to deliver on key operational objectives and the necessary resources to execute our overall strategy. The EV charger industry as a whole is undercapitalized to deliver the full potential of the expected EV market growth in the near future. We expect to retain our leadership position with new capital.

Sales

We currently maintain an in-house field sales force that maintains business relationships with our Property Partners and develops new sales opportunities through lead generation and marketing. We also sell our EV charging hardware, software services (connectivity to Blink Network), and service plans through reseller partners, which then sell these products and services to property representatives and/or hosts.

Marketing is performed by our in-house staff. To promote and sell our services to property owners and managers, parking companies, and EV drivers, we also utilize marketing and communication channels including press releases, email marketing, websites (www.CarCharging.com, www.BlinkNetwork.com, www.BlinkHQ.com), Google AdWords, and social media. The information on our websites is not, and will not be deemed, a part of this prospectus or incorporated into any other filings we make with the SEC.

We continue to invest in the improvement of the service and maintenance of our Company-owned stations, as well as those stations with a service and maintenance plans, and expanding our cloud-based network capabilities. We anticipate continuing to expand our revenues by selling our next generation of EV charging equipment to current as well as new Property Partners, which includes airports, auto dealers, healthcare/medical, hotels, mixed-use, municipal locations, multifamily residential and condos, parks and recreation areas, parking lots, religious institutions, restaurants, retailers, schools and universities, stadiums, supermarkets, transportation hubs, and workplace locations, expanding our sales channels to wholesale distributors, utilities, auto original equipment manufacturers (“OEMs”), solar integrators, and dealers, which will include implementing EV charging station occupancy fees (after charging is completed, fees for remaining connected to the charging station beyond an allotted grace period), and subscription plans for EV drivers on our Blink-owned public charging locations.

Our revenues are primarily derived from fees charged to EV drivers for EV charging in public locations, EV charging hardware sales, and government grants. EV charging fees to EV drivers are based either on an hourly rate, a per kilowatt-hour (“kWh”) rate, or by session, and are calculated based on a variety of factors, including associated station costs and local electricity tariffs. EV charging hardware is sold to our Property Partners such as Green Commuter, IKEA, Nashville Music Center, and Wendy’s. In addition, other sources of fees from EV charging services are network fees and payment processing fees paid by our Property Partners.

Our Customers and Partners

We have strategic partnerships across numerous transit/destination locations, including airports, auto dealers, healthcare/medical, hotels, mixed-use, municipal locations, multifamily residential and condos, parks and recreation areas, parking lots, religious institutions, restaurants, retailers, schools and universities, stadiums, supermarkets, transportation hubs, and workplace locations. We have hundreds of Property Partners that include well-recognized companies, large municipalities, and local businesses. Some examples are Caltrans, City of Azusa, City of Chula Vista, City of Springfield, City of Tucson, Cracker Barrel, Federal Realty, Fred Meyer Stores, Inc., Fry's Food & Drug, Inc., IKEA, JBG Associates, LLC, Kroger Company and Ralphs Grocery Company. We continue to establish new contracts with Property Partners that previously secured our services independently, or had contracts with the EV services providers that we acquired, including ECOtality, the former owner of the Blink related assets.

Our revenues are primarily derived from EV charging hardware sales to our Property Partners, fees from public EV charging services to EV drivers, government grants, and marketing incentives. EV charging fees to EV drivers are based either on an hourly rate, a per kWh rate, or by session, and are calculated based on a variety of factors, including associated station costs and local electricity tariffs. In addition, other sources of fees from EV charging services are network fees and payment processing fees paid by our Property Partners.

We continue to invest in the improvement of the service and maintenance of our Company-owned stations, as well as those stations with a service and maintenance plans, and expanding our cloud-based network capabilities. We anticipate continuing to expand our revenues by selling our next generation of EV charging equipment, expanding our sales channels, and implementing EV charging station occupancy fees (after charging is completed, fees for remaining connected to the charging station beyond an allotted grace period), subscription plans for our Blink-owned public charging locations, and advertising fees.

Competition

The EV charging equipment and service market is highly competitive and we expect the market to become increasingly competitive as new entrants enter this growing market. Our products and services compete on the basis of product performance and features, total cost of ownership, sales capabilities, financial stability, brand recognition, product reliability and size of installed base. Our existing competition currently includes ChargePoint, which manufactures EV charging equipment and operates the ChargePoint Network; and EVgo**,** which offers home and public charging with pay-as-you-go and subscription models. There are other entrants into the connected EV charging station equipment market, such as General Electric, SemaCharge, EVConnect, and Greenlots. We believe these additional competitors struggle with gaining the necessary network traction but could gain momentum in the future. While Tesla does offer EV charging services, the connector type utilized currently restricts the chargers to Tesla vehicles. There are many other large and small EV charger companies that offer non-networked or "basic" chargers that have limited customer leverage, but could provide a low-cost solution for basic charger needs in commercial and home locations.

We believe we have competitive advantages over our competitors, such as our long-term contracts with property owners and managers, and our flexible business model where we are able to sell both EV charging stations as well provide access to a leading EV charging network. However, many of our current and expected future competitors have considerably greater financial and other resources than we do, and may leverage those resources to compete effectively.

Government Regulation and Incentives

State, regional, and local regulations for installation of EV charging stations vary from jurisdiction to jurisdiction and may include permitting requirements, inspection requirements, licensing of contractors, and certifications as examples. Compliance with such regulation(s) may cause installation delays.

Currently, we apply charging fees by the kWh for our services in states that permit this policy and hourly and by session for our services in states that do not permit per kWh pricing. California, Colorado, District of Columbia, Florida, Hawaii, Illinois, Maryland, Massachusetts, Minnesota, New York, Oregon, Pennsylvania, Utah, Virginia, and Washington have determined that companies that sell EV charging services to the public will not be regulated as utilities, therefore, allowing us to charge fees based on kW usage. These individual state determinations are not binding on any other regulator or jurisdiction; however, they demonstrate a trend in the way states view the industry. Other jurisdictions are in the process of adopting such reforms.

Historically, we have secured and depended on incentives, and intend to continue to pursue incentives from various governmental jurisdictions. As an example, we recently endorsed the Obama Administration's announcement of, among other things, programs to:

- Release up to $4.5 billion in loan guarantees and invite applications to support the deployment of commercial EV charging facilities;
- Launch the Fixing America's Surface Transportation (FAST) Act process to identify and develop corridors for zero emission and alternative fuel vehicles, which will include a network of EV fast charging stations; and
- Host an "Electric Vehicle Hackathon" in order to determine insights and develop new EV charging solutions.

We intend to continue to vigorously seek additional grants, loans, rebates, subsidies, and incentives as a cost effective means of reducing our capital investment in the promotion, purchase, and installation of charging stations where applicable. We expect that these incentives, rebates, and tax credits will be critical to our future growth. Additionally, there are incentives that are currently offered to support electric car adoption at the federal, state, and local levels, including a $7,500 federal income tax credit, and rebates/credits in California, Colorado, Delaware, Louisiana, Massachusetts, New York, and Rhode Island.

CESQG

As a Conditionally Exempt Small Quantity Generator ("CESQG"), we generate a limited quantity of hazardous waste, mostly solvent contaminated wipes that are transported to the local solid waste facility. Scrapped electronic boards are transported to a local recycler. A CESQG of hazardous waste is a generator that:

- Produces no more than 100 kg (220lbs) of hazardous waste per month;
- Produces no more than 1 kg (2.2lbs) of acute hazardous waste per month;
- Does not accumulate more than 1000 kg(2204lbs) of hazardous waste on-site; and
- a CESQG has no time limit for accumulation.

The use of our machinery and equipment must comply with the following applicable laws and regulations, including safety and environmental regulations:

- General Safety for all employees- includes health hazard communication, emergency exit plans, electrical safety-related work practices, office safety, and hand and hand-powered tools.
- Technicians and Engineers- Only authorized persons (technicians and engineers) perform product testing and repair in the production and engineering areas of the facility. Also, including those engineers involved in field service work. Regulations include control of hazardous energy, and personal protective equipment.

● Logisticians- includes forklift operations, which are performed only by certified shipping/receiving personnel, and material handling and storage.

On May 22, 2017, the Company entered into a lease for 11,457 square feet of office and warehouse space in Phoenix, Arizona beginning June 1, 2017 and ending July 31, 2019. As of June 23, 2017, we are still transitioning to this new space. We anticipate completing the move by July 21, 2017. Until we fully move into our new Phoenix space, we will not be in full compliance with the environmental regulations in the General Industry category applicable to us as a CESQG. We will be in full compliance upon the completion of our move into Phoenix. Our operations are not currently impacted by our non-compliance.

OSHA

We are subject to the Occupational Safety and Health Act of 1970, as amended ("OSHA"). OSHA establishes certain employer responsibilities, including maintenance of a workplace free of recognized hazards likely to cause death or serious injury, compliance with standards promulgated by the Occupational Safety and Health Administration and various record keeping, disclosure and procedural requirements. Various standards, including standards for notices of hazards, safety in excavation and demolition work and the handling of asbestos, may apply to our operations. Until we fully move into our new Phoenix space, we will not be in full compliance with the OSHA regulations. We will be in full compliance upon the completion of our move into Phoenix. Our operations are not currently impacted by our non-compliance.

NEMA

The National Electrical Manufacturers Association ("NEMA") is the association of electrical equipment and medical imaging manufacturers. NEMA provides a forum for the development of technical standards that are in the best interests of the industry and users, advocacy of industry policies on legislative and regulatory matters, and collection, analysis, and dissemination of industry data. All three of the Company's products comply with the NEMA standards that are applicable to such products.

CAFÉ Standards

The regulations mandated by the Corporate Average Fuel Economy ("CAFE") standards set the average new vehicle fuel economy, as weighted by sales, that a manufacturer's fleet must achieve. Although we are not a car manufacturer and are thus not directly subject to the CAFÉ standards, we believe such standards may have a material effect on our business. The Energy Independence and Security Act of 2007 raised the fuel economy standards of America's cars, light trucks, and Sport Utility Vehicles ("SUVs") to a combined average of at least 35 miles per gallon by 2020—a 10 mpg increase over 2007 levels—and required standards to be met at maximum feasible levels through 2030. Building on the success of the first phase of the National Program, the second phase of fuel economy and global warming pollution standards for light duty vehicles covers model years 2017–2025. These standards were finalized by the U.S. Environmental Protection Agency and U.S. Department of Transportation in August 2012. These new standards will reduce average global warming emissions of new passenger cars and light trucks to 163 grams per mile (g/mi) in model year 2025. This is equivalent to 54.5 miles per gallon (mpg), if the standards were met exclusively with fuel efficiency improvements. Manufacturers may choose to comply with these standards by manufacturing more EVs which will mean that more charging stations of the type we manufacture will be needed.

Intellectual Property

We rely on a combination of patent, trademark, copyright, unfair competition and trade secret laws, as well as confidentiality procedures and contractual restrictions, to establish, maintain and protect our proprietary rights. Our success depends in part upon our ability to obtain and maintain proprietary protection for our products, technology and know-how, to operate without infringing the proprietary rights of others, and to prevent others from infringing our proprietary rights.

As of June 26, 2017, we had 6 patents issued in the U.S., 4 patents issued in Canada, and 4 patents issued in South Korea. These patents relate to various aspects of battery charging and EV charging design. We intend to continue to regularly assess opportunities for seeking patent protection for those aspects of our technology, designs and methodologies that we believe provide a meaningful competitive advantage. However, our ability to do so may be limited until such time as we are able to generate cash flow from operations or otherwise raise sufficient capital to continue to invest in our intellectual property. For example, maintaining patents in the United States and other countries requires the payment of maintenance fees which, if we are unable to pay, may result in loss of our patent rights. If we are unable to do so, our ability to protect our intellectual property or prevent others from infringing our proprietary rights may be impaired.

Employees

As of June 26 , 2017, we have 19 full-time and 7 part-time employees. Our full-time employees work in the following places: 9 are located at our headquarters in Hollywood, Florida, 7 are located in Phoenix, Arizona, 1 is located in Los Gatos, California, 1 is located in New York, New York and 1 is located in Oregon. None of our employees are represented by a union or covered by a collective bargaining agreement. We have not experienced any work stoppages and we consider our relationship with our employees to be good.

Other Corporate Information

Car Charging Group, Inc., a Nevada corporation, is the parent company of Car Charging, Inc., a Delaware corporation, which serves as the main operating company and is, in turn, the parent company of several distinct wholly-owned subsidiary operating companies including, but not limited to, eCharging Stations LLC, Blink, Beam Charging LLC and EV Pass LLC. Car Charging Group, Inc. was formed in the State of Nevada on October 3, 2006, under our prior name, New Image Concepts, Inc. New Image Concepts, Inc. changed its name to Car Charging Group, Inc., on December 8, 2008. Car Charging, Inc. was incorporated in Delaware on September 8, 2009. We purchased the assets referred to as the Blink Network from ECOtality, Inc. on October 16, 2013. From April 22, 2013 to April 16, 2014, 350 Green was a wholly-owned subsidiary of the Company in which the Company had full control and was consolidated. Beginning on April 17, 2014, when 350 Green's assets and liabilities were transferred to a trust mortgage, 350 Green became a VIE. We determined that we were the primary beneficiary of 350 Green, and as such, 350 Green's assets, liabilities and results of operations are included in our consolidated financial statements. On May 18, 2017, each of 350 Green and Green 350 Trust Mortgage LLC filed to commence an assignment for the benefit of creditors, which results in their residual assets being controlled by an assignee in a judicial proceeding. As a result, as of May 18, 2017, 350 Green is no longer a VIE of the Company and, accordingly, 350 Green's approximately $3.7 million of liabilities will, as of June 30, 2017, be deconsolidated from the Company's financial statements.

We maintain our principal offices at 3284 West 29 Court, Hollywood , Florida, 33020 . Our telephone number is (305) 521-0200. Our Silicon Valley office houses our CEO. Property

We maintain our principal offices at 3284 West 29 Court, Hollywood, Florida, 33020. We also had a five-year sublease for office and warehouse space in Phoenix, Arizona beginning December 1, 2013 and ending November 30, 2018. On February 28, 2017, we vacated the Phoenix, Arizona space and we have no further obligations in connection with the sublease. On May 22, 2017, the Company entered into a lease for 11,457 square feet of office and warehouse space in Phoenix, Arizona beginning June 1, 2017 and ending July 31, 2019. Monthly lease payments range from approximately $6,300 to $6,600 (with the Company paying approximately $6,300 in total during the first three months of the lease) for a total of approximately $155,000 for the total term of the lease. As of June 26, 2017, the Company has not yet moved into this new space in Phoenix.

Legal Proceedings

From time to time, we are a defendant or plaintiff in various legal actions that arise in the normal course of business. We record legal costs associated with loss contingencies as incurred and has accrued for all probable and estimable settlements.

With the exception of the foregoing, we are not involved in any material disputes and do not have any material litigation matters pending except:

350 GREEN, LLC

There have been five lawsuits filed against 350 Green by creditors of 350 Green regarding unpaid claims. These lawsuits relate solely to alleged pre-acquisition unpaid debts of 350 Green. Also, there are other unpaid creditors, aside from those noted above, that claim to be owed certain amounts for pre-acquisition work done on behalf of 350 Green solely, that potentially could file lawsuits at some point in the future.

On August 7, 2014, 350 Green received a copy of a complaint filed by Sheetz, a former vendor of 350 Green alleging breach of contract and unjust enrichment of $112,500. The complaint names 350 Green, 350 Holdings LLC and the Company in separate breach of contract counts and names all three entities together in an unjust enrichment claim. The Company and 350 Holdings will seek to be dismissed from the litigation, because, as the complaint is currently plead, there is no legal basis to hold the Company or 350 Green liable for a contract to which they are not parties. As of December 31, 2016 and 2015, an amount of $112,500 is included in accounts payable of 350 Green. The Company settled with Sheetz and the parties signed two agreements on February 23, 2017: a General Release and Settlement Agreement and a Exclusive Electronic Vehicle Charging Services Agreement. The settlement involved a combination of DC charging equipment, installation, charging services, shared driver charging revenue and maintenance for two systems in exchange for no further legal action between 350 Holdings or the Company.

The Exclusive Electronic Vehicle Charging Services Agreement with Sheetz is for a five (5) year term. Pursuant to the agreement, Blink shall remit to Sheetz gross revenue generated by electric vehicle charging fees and advertising, minus (i) any and all taxes, (ii) 8% transaction fees, (iii) $18.00 per charger per month; and (iv) any electricity costs incurred by Blink ((i), (ii), (iii), and (iv) being referred to as the "Service Fees"). In the event the aggregate gross revenues are insufficient to cover the Service Fees incurred in a given month by the charging stations, such unpaid Service Fees will accrue to the following month. The agreement is subject to an automatic five year renewal unless written notice for the contrary is provided.

OTHER MATTER

On May 12, 2016, the SEC filed a complaint with the United States District Court in the Central District of California wherein the SEC alleges that an attorney who previously served as securities counsel to the Company was involved in a fraudulent scheme to create and sell seven (7) public "shell" companies. The SEC's complaint indicates that one of the shell companies, New Image Concepts, Inc. ("NIC") was the subject of the Company's December 7, 2009 reverse merger, wherein following the merger, NIC was renamed Car Charging Group, Inc. The Company is not named as a defendant in the SEC's complaint and, based on internal review and discussions, there were and are no continuing affiliations between any employees, directors, or investors of the pre-merger shell company and the Company. The Company has determined that no current or past employees of the Company were involved with the former shell company and it does not expect any additional actions to be necessary with respect to this matter.

LITIGATION UPDATES

On July 28, 2015, a Notice of Arbitration was received stating ITT Cannon has a dispute with Blink for the manufacturing and purchase of 6,500 charging cables by Blink, which had not taken delivery or made payment on the contract price of $737,425. ITT Cannon also seeks to be paid the cost of attorney's fees as well as punitive damages. The Company contends that the product was not in accordance with the specifications in the purchase order and, as such, believes the claim is without merit. On June 13, 2017, Blink and ITT Cannon agreed to a settlement agreement. The parties agreed as follows: (a) the Blink purchase order dated May 7, 2014 for 6,500 charging cables is terminated, cancelled and voided; (b) three (3) business days following the closing date of a public offering of the Company's securities and listing of such securities on the Nasdaq Capital Market, the Company shall issue to ITT Cannon shares of the same class of the Company's securities with an aggregate value of $200,000; and (c) within seven (7) calendar days of the valid issuance of the shares in item (b) above, ITT Cannon shall ship and provide the remaining 6,500 charging cables to Blink and dismiss the arbitration without prejudice

On April 8, 2016, Douglas Stein filed a Petition for Fee Arbitration with the State Bar of Georgia against the Company for breach of contract for failure to pay invoices in the amount of $178,893 for legal work provided. The invoices have been accrued for in the periods in which the services were provided. The Company has responded to the claim and is simultaneously pursuing settlement options. The parties failed to settle after numerous attempts. On February 15, 2017, the case was brought to the Georgia Arbitration Committee. On February 26, 2017, The Stein Law firm was awarded a summary judgment for $178,893. The Company may appeal the decision and/or offer stock and/or cash in exchange for the awarded judgment at a later date.

On May 18, 2016, the Company was served with a complaint from Solomon Edwards Group, LLC for breach of written agreement and unjust enrichment for failure to pay invoices in the amount of $172,645 for services provided, plus interest and costs. The invoices have been accrued for in the periods in which the services were provided. The Company has responded to the claim and is simultaneously pursuing settlement options.

On September 9, 2015, the United States Court of Appeals for the Seventh Circuit of Chicago, Illinois affirmed the ruling of the United States District Court for the Northern District of Illinois in the matter of JNS Power & Control Systems, Inc. v. 350 Green, LLC in favor of JNS, which affirmed the sale of certain assets by 350 Green to JNS and the assumption of certain 350 Green liabilities by JNS. On April 7, 2016, JNS amended the complaint to add the Company alleging an unspecified amount of lost revenues from the chargers, among other matters, caused by the defendants. Plaintiff also seeks indemnity for its unspecified costs in connection with enforcing the Asset Purchase Agreement in courts in New York and Chicago. The parties concluded their efforts to mediate a settlement before Magistrate Judge Kim without achieving a settlement. Settlement discussions are ongoing between the parties. The next status hearing on the matter is set for July 12, 2017.

Upon the completion of this offering, our Common Stock is expected to be listed on The NASDAQ Capital Market. Under the rules of NASDAQ, "independent" directors must make up a majority of a listed company's board of directors. In addition, applicable NASDAQ rules require that, subject to specified exceptions, each member of a listed company's audit and compensation committees be independent within the meaning of the applicable NASDAQ rules. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act.

Our Board has undertaken a review of the independence of each director and considered whether any director has a material relationship with us that could compromise his ability to exercise independent judgment in carryout out his responsibilities. As a result of this review, our Board determined that Messrs. Shapiro and Engel qualify as "independent" directors within the meaning of the NASDAQ rules. We plan on appointing two other "independent" directors prior to the closing of this offering . Upon the appointment of two other "independent" directors, a majority of our directors will be independent, as required under applicable NASDAQ rules. As required under applicable NASDAQ rules, we anticipate that our independent directors will meet in regularly scheduled executive sessions at which only independent directors are present.

Board Composition

Our Board is currently composed of five members. Our articles of incorporation and our bylaws permit our stockholders to establish by resolution the authorized number of directors, and six are currently authorized. Our directors hold office until their successors have been elected and qualified, or the earlier of their death, resignation or removal.

In addition, the Series C Certificate of Designation entitles the holders of our Series C Preferred Shares, exclusively and as a separate class, to elect one of our directors, whom we will refer to as our Series C Director. The Series C Director may be removed without cause, and only by, the affirmative vote of the holders of the shares of our Series C Preferred Shares. Since the resignation of Kevin Evans on December 8, 2016, the Board has not had a Series C Director. The holders of our Series C Preferred Shares have the right to appoint a new Board member. As of February 7, 2017, BLNK, for which Mr. Farkas has voting power and investment power with regard to this entity's holdings, owns over 80% of the Series C Preferred Shares outstanding. BLNK does not plan on appointing a new Board member.

Employment Agreements

Mr. Farkas' Employment Agreement. We entered into an employment agreement with Michael D. Farkas, our CEO at the time, on October 15, 2010 (the "Original Farkas Employment Agreement"). The agreement was for three years and stipulated a base salary of $120,000 in year one, $240,000 in year two and $360,000 in year three. The agreement also included a signing bonus of $60,000.

At a Board meeting on April 17, 2014, the Board resolved to enter into a three-year contract with Mr. Farkas, whereby Mr. Farkas was due to receive a monthly salary of $40,000 with an increase to $50,000 per month in the event we became listed on a national securities exchange.

On December 23, 2014, in connection with the closing and as a condition to the closing of the securities purchase agreement executed simultaneously therewith, we entered into an amendment to the employment agreement with Mr. Farkas (who was still CEO at that time) (the "First Amendment"). The First Amendment provided that Mr. Farkas was to have a salary of Forty Thousand Dollars ($40,000) per month. However, for such time as any of the aggregate subscription amount from the December 2014 securities purchase agreement was still held in escrow, Mr. Farkas was to receive Twenty Thousand Dollars ($20,000) in cash and the remaining amount of his compensation: (i) was to be deferred; and (ii) was to be determined by the compensation committee of the Board to be fair and equitable. Additionally, beginning on the date that the aggregate subscription amount was released from escrow and continuing for so long as the Series C Preferred Shares remained issued and outstanding, Mr. Farkas' salary was only to be paid in cash if doing so would not have put us in a negative operating cash flow position.

Effective July 24, 2015, we again amended our employment agreement with Mr. Farkas, such that Mr. Farkas was appointed our Chief Visionary Officer and was no longer our CEO (the "Second Amendment"). Mr. Farkas continued to serve as our Executive Chairman of the Board. The Second Amendment called for Mr. Farkas to serve as Chief Visionary Officer for only four months. The Second Amendment specified the following: (i) in the event of a sale of the Company within one year of July 24, 2015, Mr. Farkas was to be entitled to receive an incentive payment equal to 1% of the gross sale price; and (ii) in satisfaction of amounts previously owed to Mr. Farkas, we were to issue Series C Preferred Shares valued at $400,000. The one year elapsed without a sale of our Company and the 4,444 Series C Preferred Shares were issued 4,000 on July 24, 2015 and 444 on March 31, 2016. All options and warrants that had been previously awarded to Mr. Farkas vested as of July 24, 2015.

Effective June 15, 2017, we again amended our employment agreement with Mr. Farkas (the "Third Amendment"). This Third Amendment was approved by the Compensation Committee and the Board as a whole (with Mr. Farkas recusing himself from the vote regarding the Third Amendment). The Third Amendment clarified that, on a going-forward basis, the Executive Chairman position held by Mr. Farkas is the principle executive officer of the Company. Mr. Farkas will hold this position for a term of three (3) years, with an automatic one (1) year renewal unless either party terminates Mr. Farkas' employment with the Company at least sixty (60) days prior to the expiration of the term.

We agreed that Mr. Farkas was paid $20,000 per month from July 24, 2015 to November 24, 2015 and we agreed to pay Mr. Farkas the equivalent of $15,000 per month in cash compensation for the past eighteen (18) months (from December 1, 2015 through May 31, 2017), or $270,000.

Prior to entering into the Original Farkas Employment Agreement, the Company and an entity controlled by Mr. Farkas entered into: (i) that certain Consulting Agreement dated October 20, 2009 (the "Consulting Agreement"); and (ii) that certain Car Charging Group, Inc. Fee/Commission Agreement dated November 17, 2009 (the "Fee Agreement") and, after entering into the Original Farkas Employment Agreement, the parties entered into that certain Patent License Agreement dated March 29, 2012 among the Company, Mr. Farkas and Balance Holdings, LLC and the March 11, 2016 Agreement regarding the Patent License Agreement (collectively with the Fee Agreement and the Consulting Agreement, the "Affiliate Agreements").

Upon the closing of this offering, Mr. Farkas will be paid: (i) $270,000 in cash for payments owed Mr. Farkas from December 1, 2015 through May 31, 2017; and (ii) at least $645,000 (the value of the accrued commissions on hardware sales, accrued commissions on revenue from charging stations due pursuant to the Affiliate Agreements, and accrued monthly stock compensation) in units of the Company's Common Stock and warrants sold in this offering at a 20% discount to the price per unit of the units sold in this offering. Pursuant to the Third Amendment, we and Mr. Farkas agreed that not all amounts due pursuant to the Affiliate Agreements had been calculated as of June 15, 2017. Once calculated prior to the offering, the additional amount shall be paid in the form of units at a 20% discount to the price per unit of the units sold in this offering.

In addition, pursuant to the Third Amendment, Mr. Farkas is due to receive (regardless of the status of the offering) warrants in replacement of expired warrants he was due to receive under the terms of the Original Farkas Employment Agreement. These warrants will expire five years after their issuance date (all share amounts and exercise prices in this paragraph are on a pre-split basis): (a) warrants for 2,000 shares of our Common Stock at an exercise price of $9.50 per share; (b) warrants for 68,677 shares of our Common Stock at an exercise price of $21.50 per share; and (c) warrants for 44,000 shares of our Common Stock at an exercise price of $37.00 per share. Mr. Farkas will also receive options (regardless of the status of the offering) for 7,000 shares of our Common Stock at an exercise price of $30.00 per share and options for 8,240 shares of our Common Stock at an exercise price of $37.50 per share in connection with amounts owed pursuant to the Affiliate Agreements.

The Third Amendment resolves all claims Mr. Farkas had with regard to the Affiliate Agreements.

Pursuant to the Third Amendment, Mr. Farkas' salary will be, prior to the closing of this offering, fifteen thousand dollars ($15,000) per month in cash and fifteen thousand dollars ($15,000) per month in shares of our Common Stock. Pursuant to the Third Amendment, Mr. Farkas will be entitled to salary and benefits for eighteen (18) months if he is terminated for a reason other than for cause (defined in the Original Farkas Employment Agreement as a conviction for committing or participating in an injurious act that constitutes fraud, gross negligence, misrepresentation, or embezzlement with regard to the Company). After the closing of this offering, Mr. Farkas' salary monthly salary during will be $30,000 of cash compensation. If the Company has positive EBITDA for a fiscal quarter during the term of Mr. Farkas' employment, his monthly salary shall be $40,000 of cash compensation for as long as the Company has positive EBITDA as assessed on a quarterly basis.

Mr. Farkas agreed that the Fee Agreement and the Consulting Agreement are suspended and no payments are due thereunder (other than the payments specified in the Third Amendment) for as long as he is a full-time employee of the Company and is due to be paid a monthly salary of at least $30,000.

Mr. Feintuch's Employment Agreement. On March 24, 2015, we entered into an employment agreement with Mr. Ira Feintuch to serve as our Chief Operating Officer for an initial three-year term renewable annually unless written notice is provided 60 days prior to the renewal term. Mr. Feintuch is to receive an annual salary of $250,000 and shall participate in all of our benefit programs. In addition, options to purchase an aggregate of 29,913 shares of Common Stock held by Mr. Feintuch with exercise prices ranging from $50.00 to $73.00 per share had their expiration dates extended to March 24, 2018. If, at any time prior to the one (1) year anniversary of the employment agreement we experienced a Fundamental Transaction (as defined in the employment agreement), the unvested equity compensation granted pursuant to the employment agreement was entitled to acceleration of vesting. Mr. Feintuch is entitled to paid -time -off of twenty-five (25) days per annum. If Mr. Feintuch is terminated without "cause" (as defined in the employment agreement), we shall continue to be obligated to pay Mr. Feintuch for nine (9) months after written notice of termination. If Mr. Feintuch is terminated for cause, he shall only continue to receive accrued salary for the period ending with the date of such termination, and he shall immediately forfeit any rights and benefits that he may have in respect to any other compensation. Omnibus Incentive Plans

We have adopted four omnibus incentive plans. On November 30, 2012, the Board, as well as a majority of our stockholders, approved our 2012 Omnibus Incentive Plan (the "2012 Plan"). On January 11, 2013, the Board approved our 2013 Omnibus Incentive Plan (the "2013 Plan") and a majority of our stockholders approved the 2013 Plan on February 13, 2013. On March 31, 2014, the Board approved our 2014 Omnibus Incentive Plan (the "2014 Plan") and a majority of our stockholders approved the 2014 Plan on April 17, 2014. On February 10, 2015, the Board approved our 2015 Omnibus Incentive Plan (the "2015 Plan," and together with the 2012 Plan, the 2013 Plan and the 2014 Plan, the "Plans," and each a "Plan") and a majority of our stockholders approved the 2015 Plan on April 21, 2015. The Plans are substantially similar. The Plans enable us to grant options, stock appreciation rights (SARs), restricted stock, restricted stock units, phantom stock and dividend equivalent rights to our employees, directors, consultants, and advisors or any affiliate (as defined in applicable Plan), and to improve our ability or an affiliate to attract, retain, and motivate individuals upon whom our sustained growth and financial success depend, by providing such persons with an opportunity to acquire or increase their proprietary interest in us. Any of these awards may be made as performance incentives to reward attainment of annual or long-term performance goals, which awards are anticipated to result in "performance-based" compensation (as that term is used for purpose of Section 162(m) of the Internal Revenue Code). The material terms of the Plans are summarized below.

Administration. The Plans are administered by the Board, or, in the discretion of the Board, by a committee composed of two (2) or more members of the Board (the "committee"). To the extent possible, and to the extent the Board deems it necessary or appropriate, each member of the committee will be a non- employee director and an outside director; however, the Board may designate two or more committees to operate and administer the Plans. The committee will authority to (i) determine the optionees and grantees to whom and the times at which options and awards will be granted, (ii) determine the price at which options will be granted, (iii) determine the type of option to be granted and the number of shares of Common Stock subject to the option, (iv) determine the number of shares of Common Stock to be granted pursuant to each award, and (v) approve the form and terms and conditions of the documents for each option and award; all subject, however, to the express provisions of the Plans. The interpretation and construction by the committee of any provisions of the Plans or of any option or award granted under it will be final, binding and conclusive.

Authorized Shares. The aggregate maximum number of shares of Common Stock for which options or awards may be granted pursuant to each Plan is 100,000, as adjusted under the terms of the applicable Plan. If an option terminates or expires without having been fully exercised for any reason, or if any award or option is canceled or forfeited for any reason, the shares of the Common Stock for which the option was not exercised or that were canceled or forfeited pursuant to the award or option may again be the subject of any option or award granted under the Plans. Shares of Common Stock covered by an award option will be counted as used as of the award date or grant date, as applicable. Any shares of Common Stock that are subject to awards or options will be counted against the plan limit one (1) share of Common Stock for every one (1) share of Common Stock subject to an award or option. With respect to SARs, the number of shares of Common Stock subject to an award of SARs or phantom stock will be counted against the aggregate number of shares of Common Stock available for issuance under the Plans regardless of the number of shares of Common Stock actually issued to settle the SAR upon exercise. If any shares of Common Stock covered by an award or option granted under the Plans are not purchased or are forfeited or expire, or if an award or option otherwise terminates without delivery of any share of Common Stock subject thereto or is settled in cash in lieu of shares of Common Stock, then the number of shares of Common Stock counted against the aggregate number of shares of Common Stock available under the Plans with respect to such award or option will, to the extent of any such forfeiture, termination or expiration, again be available for granting awards or options under the Plans.

Stock Options. The terms and conditions of the options will be specified in an option document. Options granted under the Plans may be Non-Qualified Stock Options or Incentive Stock Options ("ISOs"), within the meaning of Section 422(b) of the Internal Revenue Code of 1986 (the "Code"), except that options granted to outside directors and any consultants or advisers providing services to our Company or an affiliate will in all cases be Non-Qualified Stock Options. The maximum number of shares of Common Stock for which options may be granted to any single optionee in any fiscal year under each Plan is 30,000, as adjusted under the terms of the applicable Plan. Options are granted pursuant to option documents approved by the committee. The exercise price of an option will be at least 100% of the fair market value of a share of Common Stock on the date of grant as determined by the committee. With respect to an ISO granted to an optionee that owns more than 10% of the total combined voting power of all classes of our stock or an affiliate, then the exercise price per share may not be less than 110% of the fair market value of a share of Common Stock on the date the option is granted. In no event will the aggregate fair market value of the shares of Common Stock with respect to an ISO is exercisable for the first time by the optionee during any calendar year exceed $100,000. Options granted under the Plans will have an option term specified in the option documents, which will not exceed (i) three years from the date of grant, or (ii) three years from the date of grant of an ISO if the optionee on the date of grant owns, directly or by attribution under Section 424(d) of the Code, shares of capital stock possessing more than ten percent (10%) of the total combined voting power of all classes of capital stock of our Company or of an affiliate. No option may be exercised unless six months, or such greater period of time as specified in the option documents have elapsed from the date of grant. No repricings are permitted under the Plans without the approval of our stockholders.

SARs. The terms and conditions of SARs will be specified in an award document. The grant price of the SAR will be at least the fair market value of a share of Common Stock on the date of grant. SARs may be grated in conjunction with all or part or an option or award. Each SAR will terminate upon the expiration of not more than 10 years from the date of grant.

Restricted Stock and Restricted Stock Unit Awards. The terms and conditions of restricted stock and restricted stock units will be specified in an award document. No cash or other compensation will be required to be paid by a grantee for a restricted stock unit award. Unless otherwise provided in an award document, holders of restricted stock will have the right to vote such shares of Common Stock and the right to receive any dividends declared or paid with respect to such shares of Common Stock. Holders of restricted stock units will have no rights as stockholders of our Company. Restricted stock units are settled in stock and the award documents may provide that the grantee may be entitled to cash dividends. The committee may grant an unrestricted stock award to any grantee pursuant to which such grantee may receive shares of Common Stock free of any restrictions.

Phantom Stock. The terms and conditions of phantom stock will be specified in an award document. No cash or other compensation will be required to be paid by a grantee for phantom stock. Phantom stock will be settled in cash equal to the fair market value of a share of Common Stock for each phantom stock and the aggregate amount of cash dividends paid with respect to a share of Common Stock during the period commencing on the date on which the share of phantom stock was granted and terminating on the date the phantom stock vests. Holders of phantom stock will have no rights as stockholders of our Company.

Dividend Equivalent Rights. The terms and conditions of dividend equivalent rights will be specified in the award document. A dividend equivalent right is an award entitling the grantee to receive credits based on cash distributions that would have been paid on the shares of Common Stock specified in the dividend equivalent right (or other award to which it relates) if such shares of Common Stock had been issued to and held by the grantee.

Performance-Based Awards. The committee may grant awards of restricted stock, restricted stock units, SARs, phantom stock or dividend equivalent rights which will include vesting requirements based specifically on the attainment of one or more performance targets (as defined in the applicable Plan) applicable to any such award. No grantee will receive a performance-based award for shares of Common Stock in excess of 5,000,000 shares of Common Stock under the applicable Plan. The committee will establish one or more performance targets for each performance period (as defined in the applicable Plan). In establishing any performance target under the Plans, the committee will establish an objective target based upon one or more of the following business criteria (which may be determined for these purposes by reference to (i) our Company as a whole, (ii) any of our subsidiaries, operating divisions, business segments or other operating units, or (iii) any combination thereof): earnings before interest, taxes, depreciation, and amortization; profit before taxes; stock price; market share; gross revenue; net revenue; pretax income; net operating income; cash flow; earnings per share; return on equity; return on invested capital or assets; cost reductions and savings; return on revenues or productivity; loss ratio; expense ratio; combined ratio; product spread; or any variations or combinations of the preceding business criteria, which may also be modified at the discretion of the committee, to take into account extraordinary items or which may be adjusted to reflect such costs or expense as the committee deems appropriate. The committee may grant performance shares which are contingent rights to receive shares of Common Stock, where the right to receive all or a portion of such shares is subject to the same rules regarding performance-based awards.

Transferability. No option or SAR may be transferred except by will or the laws of descent and distribution; provided that (i) a Non-Qualified Stock Option may be transferred pursuant to the terms of a qualified domestic relations order (as defined in the applicable Plan), or (ii) if authorized in the award document a grantee may transfer, not for value, all or part of a SAR to any family member. No restricted stock, restricted stock unit or phantom stock may be transferred, provided that if authorized in the grant agreement a grantee may transfer, not for value, all or part of a phantom stock to any family member.

Change of Control. In the event of a change of control (as defined by the applicable Plan), the committee may take whatever action with respect to options and awards outstanding as it deems necessary or desirable, including, without limitation, accelerating the expiration or termination date or the date of exercisability, or removing any restrictions from or imposing any additional restrictions on any outstanding awards or options.

Adjustments on Changes in Capitalization. The aggregate number of shares of Common Stock and class of shares of Common Stock as to which options and awards may be granted hereunder, the limitation as to grants to individuals, the number of shares of Common Stock covered by each outstanding option or award, and the option price for each related outstanding option, will be appropriately adjusted in the event of a stock dividend, stock split, recapitalization or other change in the number or class of issued and outstanding equity securities resulting from a subdivision or consolidation of the Common Stock and/or, if appropriate, other outstanding equity securities or a recapitalization or other capital adjustment affecting the Common Stock which is effected without receipt of consideration by us. The committee will have authority to determine the adjustments to be made; provided, however, that no adjustment will be made that will cause an ISO to lose its status as such without the consent of the optionee, except for adjustments made in the event of a change of control.

Parachute Limitations. Notwithstanding any other provision of the applicable Plan or any other agreement (as defined in the applicable Plan), and notwithstanding any benefit arrangement (as defined in the applicable Plan), if the grantee is a "disqualified individual," as defined in Section 280G(c) of the Code, any award held by that grantee and any right to receive any payment or other benefit under the applicable Plan will not become exercisable or vested to the extent that such payment or other benefit, taking into account all other payments or other benefits to or for the grantee under the applicable Plan, all other agreements, and all benefit arrangements, would cause any payment or benefit to the grantee under this Plan to be considered a "parachute payment" within the meaning of Section 280G(b)(2) of the Code as then in effect; provided that it is beneficial to the grantee (on an after-tax basis).

Plan Amendment or Termination. The Board may amend the Plan from time to time in such manner as it may deem advisable; provided, however that the Board may not: (i) change the class of individuals eligible to receive an ISO, (ii) increase the maximum number of shares of Common Stock as to which options or awards may be granted, or (iii) make any other change or amendment as to which stockholder approval is required under Rule 16b-3 promulgated under the Exchange Act (as defined in the applicable Plan), in each case without obtaining approval, within twelve months before or after such action, by (A) vote of a majority of the votes cast at a duly called meeting of the stockholders at which a quorum representing a majority of all of our outstanding voting stock is, either in person or by proxy, present and voting on the matter, or (B) a method and in a degree that would be treated as adequate under applicable state law for actions requiring stockholder approval, including, without limitation, by written consent of stockholders constituting a majority of the voting power of all shares of outstanding voting stock of our Company entitled to vote. No amendment to the Plans will adversely affect any outstanding option or award, however, without the consent of the optionee or grantee.

Term of the Plans. The 2012 Plan expired on December 1, 2014. No awards may be issued (i) after December 1, 2015 under the 2013 Plan, (ii) after March 11, 2016 under the 2014 Plan, and (iii) after March 11, 2017 under the 2015 Plan.

Pension Benefits and Nonqualified Deferred Compensation

We do not provide a pension plan for our employees, and none of our Named Executive Officers participated in a nonqualified deferred compensation plan in 2015.

401(k) Plan

We maintain a tax qualified retirement plan (the "401(k) plan"), that provide eligible employees with an opportunity to save for retirement on a tax advantaged basis. Eligible employees may participate in the 401(k) plan on the entry date coincident with or following the date they meet the 401(k) plan's age and service eligibility requirements. The entry date is either January 1 or July 1. In order to meet the age and service eligibility requirements, otherwise eligible employees must be age 21 or older and complete 3 consecutive months of employment. Participants are able to defer up to 100% of their eligible compensation subject to applicable annual Code limits. All participants' interest in their deferrals are 100% vested when contributed. Currently, the 401(k) plan does not provide for any matching contributions on employee deferrals.

Compensation of Directors

Mr. Farkas' employment agreement, as amended provides that for so long as Mr. Farkas serves as a member of our Board, Mr. Farkas' compensation for each meeting attended includes: (i) 100 options to purchase shares of our Common Stock at an exercise price equal to $0.01 above the closing price of our Common Stock on the date of the Board meeting; and (ii) a cash payment of $1,500 or, at our option, $3,000 worth of Common Stock based on the closing price of our Common Stock on the date of the Board meeting.

We entered into a director agreement (the "Shapiro Agreement") with Mr. Shapiro on April 28, 2014. The Shapiro Agreement has a term of three years, and Mr. Shapiro shall attend no fewer than four meetings per year. As compensation for his services, Mr. Shapiro shall receive: (i) annual compensation of $100,000; (ii) an option to purchase 8,000 shares of Common Stock, upon execution of the director agreement at an exercise price equal to $0.01 above the closing price on the date the Board approved of his appointment (the "Membership Option Award"); (iii) an option to purchase up to 100 shares of Common Stock for each Board meeting attended by Mr. Shapiro, at an exercise price equal to $0.01 above the closing price on the date of such a meeting; (iv) $1,500 for each Board meeting attended by Mr. Shapiro; and (v) $1,500 for each committee meeting of the Board, should Mr. Shapiro become Chairman of such committee. The Membership Option Award shall vest immediately and expire seven years from the date of issue; all other options issued pursuant to the director agreement shall have a one year vesting period and expire five years from the date of issue. Pursuant to the Shapiro Agreement, Mr. Shapiro is subject to a lock up provision, whereby he may not in any way dispose of the shares he acquires as a director for a period of six months "the Lock up Period." After the Lock up Period, Mr. Shapiro may transfer the shares without restriction, up to five percent (5%) of the total daily trading volume of our Common Stock.

On July 30, 2014, the Board appointed Donald Engel to the Board to fill a vacancy. It has been determined by us that Mr. Engel is an independent member of the Board pursuant to the required standards set forth in Rule 10A-3(b) of the Exchange Act. In connection with his appointment, we and Mr. Engel entered into a Director Agreement whereby we agreed to issue Mr. Engel an option to purchase 6,000 shares of Common Stock at an exercise price of $50.00 per share. Additionally, for each Board meeting that Mr. Engel attends he will receive compensation of: (i) an option to purchase 100 shares of Common Stock at an exercise price equal to $0.01 above the closing price on the day of such Board meeting; and (ii) at our option, either (a) $1,500 cash or (b) such number of shares of Common Stock that equal $3,000 as of the date of such Board meeting. Pursuant to the Director Agreement, Mr. Engel is subject to a lock up provision, whereby he may not in any way dispose of the shares he acquires as a director for the Lock up Period. After the Lock up Period, Mr. Engel may transfer the shares without restriction, up to five percent (5%) of the total daily trading volume of our Common Stock.

As of March 31, 2016, the board suspended its compensation plan of: (i) an option to purchase 100 shares of Common Stock at an exercise price equal to $0.01 above the closing price on the day of such Board meeting; and (ii) at our option, either (a) $1,500 cash or (b) such number of shares of Common Stock that equal $3,000 as of the date of such board meeting and is in the process of formulating a new compensation plan.

The following table provides information for 2016 regarding all compensation awarded to, earned by or paid to each person who served as a non-employee director for some portion or all of 2016 . Other than as set forth in the table, to date we have not paid any fees to or, except for reasonable expenses for attending Board and committee meetings, reimbursed any expenses of our directors, made any equity or non-equity awards to directors, or paid any other compensation to directors.

Private Placement Financings

Series C Preferred Shares Financing

In a series of transactions occurring between December 23, 2014 and June 30, 2016, we entered into securities purchase agreements (the "Series C Securities Purchase Agreements") with certain investors (the "Purchasers") for total gross proceeds to us of $8,297,120. Pursuant to the Series C Securities Purchase Agreements, we issued the following to the Purchasers: (i) 110,342 shares of our Series C Preferred Shares and (ii) warrants, exercisable for a period of five years from the original issue date, to purchase an aggregate of 315,264 shares of Common Stock for an exercise price of $52.50 per share.

In connection with the sale of our Series C Preferred Shares in December 2014, July 2015 and March 2016, we entered into registration rights agreements (the "Series C Registration Rights Agreements") with certain investors, pursuant to which we agreed to register all of the shares of Common Stock underlying the Series C Preferred Shares and warrants to purchase our Common Stock purchased pursuant to such transactions, on registration statements to be filed with the SEC, and to use best efforts to cause the such registration statements to be declared effective under the Securities Act within certain time periods after the date of such sales of Series C Preferred Shares (the "Effectiveness Deadlines"). The Company did not meet the Effectiveness Deadlines, and as a result has incurred an obligation under the Series C Registration Rights Agreements to pay certain investors penalties equal to $1,163,033 inclusive of accrued interest, which such penalties we have not yet satisfied. On May 8, 2017, the Company issued a total of 61,740 Series C Preferred Shares to forty-eight (48) stockholders as payment in full, among other items, of these registration rights penalties accrued through March 31, 2017. The Company is still assessing whether it needs to accrue any registration rights penalties going forward from April 1, 2017.

In connection with the sale of our Series C Preferred Shares in March 2016, we also agreed that if we failed to achieve certain milestones and if the holders of the Series C Preferred Shares request a redemption of their shares pursuant to the Series C Certificate of Designation and we choose not to honor such request, then, following our receipt of notice from at least 60% of the holders of the Series C Preferred Shares, we will use reasonable efforts to sell substantially all of our assets. In the event we do not complete the sale of substantially all of our assets within the required time period, Michael D. Farkas has agreed to vote all shares of our voting capital stock registered in his name or beneficially owned by him in accordance with the instructions of at least 60% of the holders of the Series C Preferred Shares.

The following table summarizes the Series C Preferred Shares purchased by related parties in connection with the transaction described in this section. If our Company enters into bankruptcy proceedings, all of the above convertible notes will not be subject to an automatic stay. In addition, these notes feature piggyback registration rights and give Mr. Farkas a first priority lien on and continuing security interest in all of our assets. These notes have a waiver of automatic stay . We have not satisfied this debt and are in negotiations with Mr. Farkas to extend the maturity dates of such notes. If we are unable to do so on favorable terms, or at all, Mr. Farkas could seek to enforce the notes against us, which could have an adverse effect on our business and reduce the market price of our Common Stock.

License Agreements

On March 29, 2012, we, as Licensee, entered into an exclusive patent license agreement with Mr. Farkas, and Balance Holdings, LLC (an entity controlled by Mr. Farkas) as Licensor, whereby we agreed to pay a royalty of 10% of the gross profits received by us from commercial sales and/or use of two provisional patent applications, one relating to an inductive charging parking bumper and one relating to a process which allows multiple EVs to plug into an EV charging station simultaneously and charge as the current becomes available.

On March 11, 2016, we and Balance Holdings, LLC entered into an agreement related to the March 29, 2012 patent license agreement. The parties acknowledged that we have paid a total of $8,525 in registration and legal fees for the U.S. Provisional Patent Application No. 61529016 (the "Patent Application") (related to the inductive charging parking bumper) to date. Effective March 11, 2016, the patent license agreement, solely with respect to the Patent Application and the parties' rights and obligations thereto, was terminated. Mr. Farkas agreed to be solely responsible for all future costs and fees associated with the prosecution of the patent application. In the event the Patent Application is successful, Mr. Farkas shall grant a credit to us in the amount of $8,525 to be applied against any outstanding amount(s) owed to him. If we do not have any outstanding payment obligations to Mr. Farkas at the time the Patent Application is approved, Mr. Farkas shall remit the $8,525 to us within twenty (20) days of the approval. The parties agreed to a mutual release of any claims associated with the patent license agreement. We have not paid nor incurred any royalties to date under the patent license agreement.

Other Transactions with Michael Farkas and Affiliates

On February 7, 2017, Eventide and BLNK completed a sales transaction. Eventide Fund sold all of the Company's securities that it owned (142,857 shares of Common Stock, 114,491 Series C Preferred Shares, warrants to purchase 524,604 shares of the Company's Common Stock, and all rights, claims, title, and interests in any securities of whatever kind or nature issued or issuable as a result of Eventide's ownership of the Company's securities) to BLNK for $1 million. The result of this transaction is that it is now possible for Mr. Farkas to arrange for a change in control of the Company via (1) his veto power over changes to the Company's charter (Mr. Farkas, via his control of BLNK, now controls over 60% of the Series C Preferred Shares outstanding. This 60% control allows Mr. Farkas, pursuant to the Series C Certificate of Designation, to veto any changes to the Company's charter); and (2) the ability to control, via the conversion of Preferred Shares into shares of Common Stock, and the exercise of warrants, over 50% of the Company's voting shares.

We paid commissions to a company owned by Mr. Farkas, such company is referred to as "FGI," totaling $0, $47,750 and $40,250 during the years ended December 31, 2016, 2015 and 2014 for business development related to installations of EV charging stations by us in accordance with the support services contract. These amounts are recorded as compensation on the consolidated statement of operations. These amounts were paid pursuant to a Fee/Commission Agreement entered into by the Company and FGI on November 17, 2009. The Fee/Commission Agreement calls for us to pay FGI $500 for the first charging station installed at a client introduced by FGI and $250 for each additional station. FGI also receives a quarterly commission payment equal to 5% of gross revenue generated by each car charging station installed as a result of FGI's efforts. At FGI's election, FGI may receive stock in lieu of a cash payment. FGI shall also receive stock options/warrants upon achievement of certain installation targets: (i) stock options/warrants to purchase 2,000 shares at $30.00 per share for 25 units; (ii) stock options/warrants to purchase 5,000 shares at $30.00 per share for 100 units; (iii) stock options/warrants to purchase 10,000 shares at $37.50 per share for 500 units; (iv) stock options/warrants to purchase 20,000 shares at $37.50 per share for 1,000 units; and (v) for each additional 250 units, stock options/warrants to purchase 5,000 shares at $50.00 per share for 1,001 units and above.

In addition, we paid $52,500 in fees to FGI from January 1 to June 30, 2016 as a result of financings entered into by the Company.

Effective June 15, 2017 we entered into the Third Amendment to Mr. Farkas' employment agreement. Prior to entering into the Original Farkas Employment Agreement, the Company and an entity controlled by Mr. Farkas entered into the Affiliate Agreements.

Upon the closing of this offering, Mr. Farkas will be paid: (i) $270,000 in cash for payments owed Mr. Farkas from December 1, 2015 through May 31, 2017; and (ii) at least $645,000 (the value of the accrued commissions on hardware sales, accrued commissions on revenue from charging stations due pursuant to the Affiliate Agreements, and accrued monthly stock compensation) in units of the Company's Common Stock and warrants sold in this offering at a 20% discount to the price per unit of the units sold in this offering. Pursuant to the Third Amendment, we and Mr. Farkas agreed that not all amounts due pursuant to the Affiliate Agreements had been calculated as of June 15, 2017. Once calculated prior to the offering, the additional amount shall be paid in the form of units at a 20% discount to the price per unit of the units sold in this offering.

In addition, pursuant to the Third Amendment, Mr. Farkas is due to receive (regardless of the status of the offering) warrants in replacement of expired warrants he was due to receive under the terms of the Original Farkas Employment Agreement. These warrants will expire five years after their issuance date (all share amounts and exercise prices in this paragraph are on a pre-split basis): (a) warrants for 2,000 shares of our Common Stock at an exercise price of $9.50 per share; (b) warrants for 68,677 shares of our Common Stock at an exercise price of $21.50 per share; and (c) warrants for 44,000 shares of our Common Stock at an exercise price of $37.00 per share. Mr. Farkas will also receive options (regardless of the status of the offering) for 7,000 shares of our Common Stock at an exercise price of $30.00 per share and options for 8,240 shares of our Common Stock at an exercise price of $37.50 per share in connection with amounts owed pursuant to the Affiliate Agreements. Mr. Farkas agreed that the Fee Agreement and the Consulting Agreement are suspended and no payments are due thereunder (other than the payments specified in the Third Amendment) for as long as he is a full-time employee of the Company and is due to be paid a monthly salary of at least $30,000.

The Third Amendment resolves all claims Mr. Farkas had with regard to the Affiliate Agreements.

On July 28, 2016, the Company ("Sublandlord") entered into a sublease agreement with Balance Labs, Inc. ("Subtenant") (an entity controlled by Mr. Farkas) pursuant to which the Company agreed to sublease a portion of its Miami, Florida corporate headquarters to Subtenant. The term of the sublease agreement is from August 1, 2016 to September 29, 2018, subject to earlier termination upon written notice of termination by the landlord or Sublandlord. Throughout the term of the agreement, Subtenant shall pay to Sublandlord fixed base rent and operating expenses equal to 50% of Sublandlord's obligation under its primary lease agreement, resulting in monthly base rent payments ranging from approximately $7,500 to $8,000 per month, for a total of approximately $200,000 for the total term of the sublease agreement.

On August 3, 2016, we executed a consulting agreement with Ardour to serve as our financial advisor with respect to any private equity offerings, derivative equity offerings or debt offerings. As of June 26, 2017, Mr. Farkas owns less than 5% of Ardour. For acting as our placement agent, Ardour will receive a sales commission of 5% of the gross proceeds from any private equity offering and a five-year warrant to purchase 5% of the Common Stock from such private equity transaction with an exercise price struck at the valuation of the private equity transaction. Ardour will receive a sales commission of three percent of gross proceeds from a non-convertible debt related transaction whereby there is no equity component other than customary warrant coverage not in excess of 10% of the associated debt. Additionally, Joseph Gunnar & Co., LLC ("Gunnar") will receive a sales commission of 5% of the gross proceeds from any private equity offering and a five-year warrant to purchase 5% of the Common Stock from such private equity transaction with an exercise price struck at the valuation of the private equity transaction. As of June 26, 2017, JMJ had advanced $2,500,100 to the Company. In connection with these advances, we have paid $67,500 (and owe $57,505) to Ardour as sales commissions and we have paid $110,255 (and owe $14,750) to Gunnar as sales commissions. Upon the closing of this offering, Ardour is due to receive a warrant worth 10% of the ultimate amount of securities issued to JMJ.

In September 2016, we executed a consulting agreement with Balance Labs, Inc. ("Balance Labs"), an entity controlled by Mr. Farkas. Balance Labs will, among other services, work to establish strategic partnerships, identify customers, and identity hardware manufacturers. The consulting agreement calls for us pay a fee of 7% of any gross revenues realized by the Company as a result of Balance Labs' introductions. Balance Labs will receive a fee, to the extent permitted by applicable federal or state law, of 5% with regard to any mergers (payable in-kind) of the aggregate consideration of the merger, sales of the Company, or our assets. There is also compensation tied to hardware sales ($500 per unit) and any celebrity endorsements (18% of the compensation we pay) arranged by Balance Labs. Finally, if we execute an EV services agreement with a party introduced by Balance Labs and we retain ownership of the hardware, Balance Labs is entitled to 5% of the net revenues generated by the deployed hardware. We have not yet paid any commissions to Balance Labs pursuant to this contract.

Other Transactions

We entered into a Fee/Commission Agreement with our Chief Operating Officer, Ira Feintuch, on November 17, 2009 that is substantially similar to the Fee/Commission Agreement we entered into with FGI discussed above. The Fee/Commission Agreement calls for us to pay Mr. Feintuch $500 for the first charging station installed at a client introduced by Mr. Feintuch and $250 for each additional station. Mr. Feintuch also receives a quarterly commission payment equal to 5% of gross revenue generated by each car charging station installed as a result of Mr. Feintuch's efforts. Mr. Feintuch has made certain claims for historical unpaid unquantifiable compensation pursuant to his Fee/Commission Agreement with the Company. The Company's reasonable estimate of the aggregate liability for FGI and our Chief Operating Officer is $445,000 (estimated as $277,000 payable in cash and $168,000 payable in stock options) which was accrued and is included within accrued expenses on the consolidated balance sheet as of December 31, 2016.

On June 16, 2017, the Company entered into a Compensation Agreement with Mr. Feintuch. The Compensation Agreement clarifies the accrued compensation owed to Mr. Feintuch under the Fee/Commission Agreement. Upon signing the Compensation Agreement, Mr. Feintuch received (i) options for 350,000 shares of the Company's Common Stock at an exercise price of $0.60 per share; and (ii) options for 480,000 shares of the Company's Common Stock at an exercise price of $0.75 per share.

Pursuant to the Compensation Agreement, Mr. Feintuch is due to receive (regardless of the status of the offering) $142,250 for accrued commission on hardware sales and $31,969 for accrued commissions on revenue from charging stations. The aforementioned amounts of commissions on hardware sales and revenue from charging stations were calculated through March 31, 2017. The Company and Mr. Feintuch agreed that from April 1, 2017 through the closing of this offering, these commissions shall be calculated using the same formula (the "Additional Amounts"), and once approved by the Compensation Committee of the Board, will be paid to Mr. Feintuch.

The timing of the payments described above shall be as follows: The Company shall pay Mr. Feintuch (i) $130,664 in cash (75% of the value of the accrued commissions on hardware sales and accrued commission on revenues from charging stations as calculated through March 31, 2017 and (ii) an amount of cash equal to 75% of the Additional Amounts by the third (3 rd) business day following the closing of this offering. By the third (3rd) business day following the closing of this offering, the Company shall also issue to Mr. Feintuch (i) units of shares of Common Stock and warrants sold in the offering with a value of $43,555 (25% of the value of the accrued commissions on hardware sales and the accrued commission on revenue from charging stations, as calculated through March 31, 2017) at a 20% discount to the price per unit of the units sold in the offering; and (ii) an amount of units with a value of 25% of the Additional Amounts at a 20% discount to the price per unit of the units sold in the offering.

The Compensation Agreement resolves all claims Mr. Feintuch had with regard to the Fee/Commission Agreement .

Director Independence

Because our Common Stock is not currently listed on a national securities exchange, we have used the definition of "independence" of The NASDAQ Stock Market to make this determination. NASDAQ Listing Rule 5605(a)(2) provides that an "independent director" is a person other than an officer or employee of the Company or any other individual having a relationship which, in the opinion of the Company's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The NASDAQ listing rules provide that a director cannot be considered independent if:

- the director is, or at any time during the past three years was, an employee of the company;
- the director or a family member of the director accepted any compensation from the company in excess of $120,000 during any period of 12 consecutive months within the three years preceding the independence determination (subject to certain exclusions, including, among other things, compensation for board or board committee service);
- a family member of the director is, or at any time during the past three years was, an executive officer of the company;
- the director or a family member of the director is a partner in, controlling stockholder of, or an executive officer of an entity to which the company made, or from which the company received, payments in the current or any of the past three fiscal years that exceed 5% of the recipient's consolidated gross revenue for that year or $200,000, whichever is greater (subject to certain exclusions);
- the director or a family member of the director is employed as an executive officer of an entity where, at any time during the past three years, any of the executive officers of the company served on the compensation committee of such other entity; or the director or a family member of the director is a current partner of the company's outside auditor, or at any time during the past three years was a partner or employee of the company's outside auditor, and who worked on the company's audit.

We have determined that Andrew Shapiro and Donald Engel are currently independent directors.

Disclosure of Commission Position on Indemnification of Securities Act Liabilities

Our directors and officers are indemnified as provided by the Nevada corporate law and our Bylaws. We have agreed to indemnify each of our directors and certain officers against certain liabilities, including liabilities under the Securities Act. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the provisions described above, or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than our payment of expenses incurred or paid by our director, officer or controlling person in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

We have been advised that in the opinion of the SEC indemnification for liabilities arising under the Securities Act is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities is asserted by one of our directors, officers, or controlling persons in connection with the securities being registered, we will, unless in the opinion of our legal counsel the matter has been settled by controlling precedent, submit the question of whether such indemnification is against public policy to a court of appropriate jurisdiction. We will then be governed by the court's decision.

All of the Series A, B and certain Series C Preferred Share holders have executed letter agreements pursuant to which the preferred stock would convert upon a different formula as described further below.

Common Stock

Dividend Rights

Subject to preferences that may apply to any shares of preferred stock outstanding at the time, the holders of our Common Stock may, pursuant to Article VI of our bylaws, receive dividends out of funds legally available if our Board, in its discretion, determines to issue dividends and then only at the times and in the amounts that our Board may determine. We have not paid any dividends on our Common Stock and do not contemplate doing so in the foreseeable future.

Voting Rights

In accordance with Nevada Revised Statute ("NRS") Section 78.350, holders of our Common Stock are entitled to one vote for each share held on all matters submitted to a vote of stockholders. We have not provided for cumulative voting for the election of directors in our Articles of Incorporation.

No Preemptive or Similar Rights

In accordance with NRS Section 78.267, our Common Stock is not entitled to preemptive rights and is not subject to conversion, redemption or sinking fund provisions.

Right to Receive Liquidation Distribution

In accordance with NRS Sections 78.565 to 78.620, if we become subject to a liquidation, dissolution or winding-up, the assets legally available for distribution to our stockholders would be distributable among the holders of our Common Stock and our participating preferred stock outstanding at that time, subject to prior satisfaction of all outstanding debt and liabilities and the preferential rights and payment of liquidation preferences on any outstanding shares of preferred stock.

Fully Paid and Non-Assessable

In accordance with NRS Sections 78.195 and 78.211 and the assessment of our Board, all of the outstanding shares of our Common Stock are, and the shares of our Common Stock to be issued pursuant to this offering will be, fully paid and non-assessable.

Preferred Stock

We are authorized to issue 40,000,000 shares of preferred stock, $0.001 par value per share. Pursuant to our articles of incorporation, the Board is authorized to authorize and issue preferred stock and to fix the designations, preferences and rights of the preferred stock pursuant to a board resolution. Our Board may designate the rights, preferences, privileges and restrictions of the preferred stock, including dividend rights, conversion rights, voting rights, redemption rights, liquidation preference, sinking fund terms, and the number of shares constituting any series or the designation of any series. The issuance of preferred stock could have the effect of restricting dividends on our Common Stock , diluting the voting power of our Common Stock , impairing the liquidation rights of our Common Stock , or delaying, deterring, or preventing a change in control. Such issuance could have the effect of decreasing the market price of our Common Stock.

Series A Preferred Shares

The rights and preferences of the Series A Preferred Shares are as contained in the Series A Certificate of Designations, as amended (the "Series A Certificate of Designation"). The holders of Series A Preferred Shares shall not be entitled to receive dividends paid on the Common Stock. At any time on or after the date of issuance, the holder of any such Series A Preferred Shares may, at such holder's option, elect to convert all or any portion of the Series A Preferred Shares held by such person into a number of fully paid and non-assessable shares of Common Stock on a 2.5:1 basis. In the event of a liquidation, dissolution or winding up of the Company, the conversion rights shall terminate at the close of business on the last full day preceding the date fixed for the payment of any such amounts distributable on such event to the holders of Series A Preferred Shares. In the event of such a redemption or liquidation, dissolution or winding up, the Company shall provide to each holder of Series A Preferred Shares notice of such redemption or liquidation, dissolution or winding up, which notice shall (i) be sent at least fifteen (15) days prior to the termination of the conversion rights (or, if the Company obtains lesser notice thereof, then as promptly as possible after the date that it has obtained notice thereof) and (ii) state the amount per share of Series A Preferred Shares that will be paid or distributed on such redemption or liquidation, dissolution or winding up, as the case may be. No holder of Series A Preferred Shares shall be entitled to conduct a conversion which would result in such shareholder beneficial owning more than 4.99% of the outstanding shares of Common Stock of the Company after such conversion. For the purposes of the immediately preceding sentence, beneficial ownership shall be determined in accordance with Section 13(d) of the Exchange Act and Rule 13d-3 thereunder. As long as shares of the Series C Preferred Shares are outstanding, each share of Series A Preferred Shares has one vote per share based on the number of shares of Common Stock into which such Series A Preferred Shares are convertible and does not have any liquidation preference rights. The holders of the Series A Preferred Shares are not entitled to receive dividends. The Series A Preferred Shares are convertible into Common Stock at a ratio of 2.5 to 1 per share. Under the terms of the Series A Certificate of Designation, the Reverse Stock Split will not result in a proportionate adjustment to the conversion ratio of the Series A Preferred Shares. On June 23, 2017, the Company and Messrs. Farkas and Feintuch (the only holders of the Series A Preferred Shares) entered into letter agreements with the Company whereby they agreed that, upon the Company's implementation of the Reverse Stock Split (regardless of whether the offering ever closes), a total of 27,500,000 shares of Common Stock issuable upon conversion of the Series A Preferred Shares to Mr. Farkas (25,000,000 shares) and Mr. Feintuch (2,500,000 shares) will be reduced to 2,200,000 shares of Common Stock (2,000,000 for Mr. Farkas and 200,000 for Mr. Feintuch). The same letter agreements state that, upon the closing of this offering, the Series A Preferred Shares will convert into 2,000,000 shares of Common Stock for Mr. Farkas and 200,000 shares of Common Stock for Mr. Feintuch.

As of June 26, 2017, there are 11,000,000 Series A Preferred Shares outstanding. As of June 26, 2017 there are 27,500,000 shares of Common Stock issuable upon conversion of such Series A Preferred Shares. There will be 2,200,000 shares of Common Stock issuable upon the implementation of the Reverse Stock Split with such shares automatically being issued at the closing of this offering pursuant to the letter agreements discussed in the previous paragraph.

Series B Preferred Shares

The rights and preferences of the Series B Preferred Shares are as contained in the Series B Certificate of Designation (together with the Series A Certificate of Designation and the Series C Certificate of Designation, the "Certificates of Designation"). The Series B Preferred Shares do not have voting rights with regard to our Company unless and until such shares are converted into Common Stock, in accordance with the Nevada Revised Statutes Section 78.350. The Series B Preferred Shares have liquidation preference rights on a pari passu basis with the Series C Preferred Shares. The holders of Series B Preferred Shares are not entitled to receive dividends. Under the Series B Certificate of Designation, for so long as any Series B Preferred Shares remain outstanding, we are restricted from paying cash dividends on any shares of our capital stock. The Series B Preferred Shares are convertible at the option of the holder into Common Stock at a ratio based on the average closing price per share of Common Stock over the 30-day period prior to each conversion date. In addition, the Series B Preferred Shares are convertible at the option of the holder upon certain events of default, including the failure to make payments under a tax sharing agreement entered into by and between us and certain parties, the enforcement of any rights granted in connection with an operating line of credit entered into with certain parties and a change of control transaction. The Series B Preferred Shares are redeemable at the option of the holder in three equal annual installments starting December 31, 2016, subject to certain earlier acceleration rights upon certain defaults by us, for $100 per share. The Series B Preferred Shares are also redeemable, in full or in part, at our option for $100 per share at any time and from time to time. On May 19, 2017, the Company entered into an agreement with the Trustees of the Series B Preferred Shares whereby the current $825,000 payable to the holders of Series B Preferred Shares to redeem such shares will be converted into a number of shares of Common Stock equal to the $825,000 divided by the offering price per share of Common Stock in this offering multiplied by a factor of 1.15. As of June 26, 2017, with an assumed public offering price of $9.25 per share, , as adjusted to reflect the Reverse Stock Split to be effected in connection with this offering, the Series B Preferred Shares would be converted into 102,568 shares of Common Stock. If this offering is not completed, pursuant to the Series B Certificate of Designation, 91,666 shares of Common Stock are issuable upon conversion of outstanding Series B Preferred Shares.

Series C Preferred Shares

The rights and preferences of the Series C Preferred Shares are as contained in the Series C Certificate of Designation. Each share of Series C Preferred Shares is entitled to one vote per share based on the number of shares of Common Stock into which such Series C Preferred Shares are convertible, provided that if a holder of Series C Preferred Shares would be deemed an affiliate of our Company based on the number of shares a holder of Series C Preferred Shares would be entitled to vote, then the number of shares such holder will be entitled to vote will remain less than 9.99% of the number of shares of our Common Stock outstanding immediately after giving effect to the issuance of shares of Common Stock issuable upon the conversion of preferred stock held by the applicable holder. In addition, the affirmative vote of the holders of 60% of our Series C Preferred Shares will be required to amend the rights of the Series C Preferred Shares or amend the Series C Certificate of Designation or our articles of incorporation. The holders of the Series C Preferred Shares, exclusively and as a separate class, are entitled to elect one director.

Subject to the restriction on our ability to pay cash dividends contained in the Series B Certificate of Designation as described above, the holders of our Series C Preferred Shares are entitled to receive dividends at our sole discretion either in cash at a rate of 2% on the stated value of the shares of $100, compounded quarterly, or in the form of additional Series C Preferred Shares at a rate of 2.5% on the stated value of the shares of $100, compounded quarterly. Upon a liquidation, the Series C Preferred Shares are entitled to receive cash and any accrued or unpaid dividends. The Series C Preferred Shares has senior liquidation preference rights compared to the other classes of preferred shares and Common Stock, provided that the Series B Preferred Shares are entitled to receive distributions on a pari passu basis with the Series C Preferred Shares. The holders of the Series C Preferred Shares are entitled to convert their shares into shares of Common Stock at a conversion price of $35.00, which is subject to adjustment for stock dividends and stock splits, sales of equity securities for a price per share lower than the applicable conversion price, subsequent rights offerings, pro rata distributions and certain fundamental transactions, such as a change of control. If we are unable to convert such shares into our Common Stock, we are subject to partial liquidated damages penalties.

The holders of our Series C Preferred Shares are entitled to redeem their shares at the request of holders representing at least 60% of the outstanding Series C Preferred Shares. In addition, we are permitted to redeem the Series C Preferred Shares at a price per share equal to 120% of the stated value of $100, plus accrued but unpaid dividends.

As of June 26, 2017, the Company received agreements signed by certain holders of outstanding Series C Preferred Shares, pursuant to which at the closing of this offering, 204,164 Series C Preferred Shares will convert into 3,172,824 shares of Common Stock, based on an assumed public offering price of $9.25, as adjusted to reflect the Reverse Stock Split.

As of June 26, 2017, there are 212,167 Series C Preferred Shares outstanding. As of the same date, 606,191 shares are issuable to convert such shares. If the offering does close, (a) 3,172,824 shares of Common Stock will be issued to the holders of the Series C Preferred Shares upon conversion of 204,164 Series C Preferred Shares based on 204,164 Series C Preferred Shares (i) multiplied by a factor of 115 (ii) divided by the assumed public offering price of $9.25 per share, as adjusted to reflect the Reverse Stock Split, (iii) multiplied by 80%; and (b) 124,371 shares will be issued pursuant to drag-along rights under the Series C Amendment expected to be filed following the expected approval by the majority holder of the Series C Preferred Shares (an entity affiliated with Mr. Farkas), based on 8,003 Series C Preferred Shares times 115 divided by the assumed public offering price of $9.25 per share, as adjusted to reflect the Reverse Stock Split, times 80%.

In connection with the securities purchase agreements dated as of October 11, 2013 and December 9, 2013, we entered into a registration rights agreement with the certain purchasers, pursuant to which we agreed to register all of the shares and warrant shares on a Form S-1 registration statement to be filed with the SEC within 30 calendar days following the closing date of such transaction and to use best efforts to cause the registration statement to be declared effective under the Securities Act within 60 days following the closing date of such transaction.

As of today, 315,263 shares of Common Stock are issuable to the holders of these 110,342 Series C Preferred Shares and if the offering closes this amount will convert to 1,714,774 shares of Common Stock. The Company is still assessing whether it needs to accrue any registration rights penalties going forward from April 1, 2017.

Pursuant to our Series C Registration Rights Agreement dated March 11, 2016, we agreed that if we fail to achieve certain milestones, and the holders of the Series C Preferred Shares request redemption of their shares pursuant to the Series C Certificate of Designation and we choose not to honor such request, then following our receipt of notice from at least 60% of the holders of the Series C Preferred Shares, we will use reasonable efforts to sell substantially all of our Company's assets. In the event we do not complete the sale of substantially all of our Company's assets within the required time period, Michael D. Farkas has agreed to vote all shares of voting capital stock of our Company registered in his name or beneficially owned by him in accordance with the instructions of at least 60% of the holders of the Series C Preferred Shares.

Warrants

As of June 26, 2017, we have issued warrants to purchase 366,587 shares of Common Stock with a weighted average exercise price of $43.00 (excluding warrants to purchase 3,000,000 shares of Common Stock with a weighted average exercise price of $0.70 issued to FGI which are not subject to the Reverse Stock Split). Certain warrant holders have executed letter agreements whereby they have agreed to receive 411,638 shares of Common Stock in exchange for their 633,407 outstanding warrants at the closing of this offering based on the following: (i) 86,926 warrant shares to be exchanged on a one warrant share for one share of Common Stock basis; (ii) 486,032 warrant shares held by BLNK to be exchanged for 323,885 shares of Common Stock; and (iii) 59,199 warrant shares held by Horton Capital Partners, LLC to be exchanged for 827 shares of Common Stock based on receiving the value of the warrant shares in the form of shares of Common Stock at a 20% discount to the offering price. Certain of the warrants granted by us contain various adjustment mechanisms, including anti-dilution protection for issuances of securities at a price below $79.00, weighted average anti-dilution, restrictions on effectuating issuances of Common Stock or Common Stock equivalents containing variable settlement provisions, vesting provisions of varying duration.

JMJ Warrants

Pursuant to the terms of JMJ's warrants, the exercise price per share of Common Stock shall be the lesser of (i) 80% of the per share price of Common Stock in the offering, (ii) $0.70 per share (or $35 after giving effect to the Reverse Stock Split, (iii) 80% of the unit price offering price in the offering (if applicable), (iv) the exercise price of any warrants issued in the offering, or (v) the lowest conversion price, exercise price, or exchange price of any security issued by us that is outstanding on the issue date. JMJ may also exercise the warrant, in whole or in part, by means of a "cashless exercise." If on the termination date, any portion of the warrant amount remains unexercised, the termination date will be extended for two years. Until such time up to and including the date on which the Company closes on the offering, if the Company shall dispose of or issue any Common Stock at an effective price per share less than the exercise price, then in effect the exercise price shall be adjusted. As of June 26, 2017, eight (8) warrants to purchase a total of 71,432 shares of the Company's Common Stock have been issued to JMJ. The aggregate exercise price is $2,500,100.

FGI Warrants

Pursuant to the terms of FGI's warrants, the exercise price per share of Common Stock is $0.70 (not subject to the Reverse Stock Split). The warrants may be exercised in full or in part (but not for a fractional share). FGI may also exercise the warrant, in whole or in part, by means of a "cashless exercise." We shall grant the holder piggyback registration rights for any shares of Common Stock issued pursuant to this warrant. In the case of any adjustment or readjustment in the shares of Common Stock issuable on the exercise of the warrants, we, at our expense, will promptly cause our Chief Financial Officer or other appropriate designee to compute such adjustment or readjustment in accordance with the terms of the warrants and prepare a certificate setting forth such adjustment or readjustment and showing in detail the facts upon which such adjustment or readjustment is based.

Series C Holder Warrants

Pursuant to the terms of the Series C Shareholder's warrants, the exercise per share of Common Stock is $50.00. The warrants may be exercised in full or in part (but not for a fractional share). The holder may also exercise this Warrant, in whole or in part, by means of a "cashless exercise." The holder will not have the right to exercise any portion of the warrant if the holder (together with its affiliates) would beneficially own in excess of 9.99% of the number of shares of our Common Stock outstanding immediately after giving effect to the exercise, as such percentage ownership is determined in accordance with the terms of the warrants If at any time following the effective date of the warrant, (a) the closing price of the Common Stock is equal to or greater than $131.25 for a period of ten (10) consecutive trading days, the Company shall have the right to require the Holder to exercise all or any portion of the warrant. If the Company elects to cause a forced exercise as described above, then it must simultaneously take the same action with respect to the other warrants.

Warrants to Be Issued in the Offering

The following summary of certain terms and provisions of the warrants offered hereby is not complete and is subject to, and qualified in its entirety by the provisions of the form of warrant, which is filed as an exhibit to the registration statement of which this prospectus is a part. Prospective investors should carefully review the terms and provisions set forth in the form of warrant.

Exercisability. The warrants are exercisable at any time after their original issuance and at any time up to the date that is five years after their original issuance. The warrants will be exercisable, at the option of each holder, in whole or in part by delivering to us a duly executed exercise notice and, at any time a registration statement registering the issuance of the shares of Common Stock underlying the warrants under the Securities Act is effective and available for the issuance of such shares, or an exemption from registration under the Securities Act is available for the issuance of such shares, by payment in full in immediately available funds for the number of shares of Common Stock purchased upon such exercise. If a registration statement registering the issuance of the shares of Common Stock underlying the warrants under the Securities Act is not effective or available and an exemption from registration under the Securities Act is not available for the issuance of such shares, the holder may, in its sole discretion, elect to exercise the warrant through a cashless exercise, in which case the holder would receive upon such exercise the net number of shares of Common Stock determined according to the formula set forth in the warrant. No fractional shares of Common Stock will be issued in connection with the exercise of a warrant. In lieu of fractional shares, we will pay the holder an amount in cash equal to the fractional amount multiplied by the exercise price.

Exercise Limitation. A holder will not have the right to exercise any portion of the warrant if the holder (together with its affiliates) would beneficially own in excess of 4.99% of the number of shares of our Common Stock outstanding immediately after giving effect to the exercise, as

such percentage ownership is determined in accordance with the terms of the warrants. However, any holder may increase or decrease such percentage to any other percentage not in excess of 9.99% upon at least 61 days' prior notice from the holder to us.

Exercise Price. The exercise price per whole share of Common Stock purchasable upon exercise of the warrants is $_____ per share or 125% of public offering price of Common Stock. The exercise price is subject to appropriate adjustment in the event of certain stock dividends and distributions, stock splits, stock combinations, reclassifications or similar events affecting our Common Stock and also upon any distributions of assets, including cash, stock or other property to our stockholders.

Transferability. Subject to applicable laws, the warrants may be offered for sale, sold, transferred or assigned without our consent.

Exchange Listing. We intend to apply for the listing of the warrants offered in this offering on The NASDAQ Capital Market under the symbol "BLNKW". No assurance can be given that such listing will be approved or that a trading market will develop.

Fundamental Transactions. In the event of a fundamental transaction, as described in the warrants and generally including any reorganization, recapitalization or reclassification of our Common Stock, the sale, transfer or other disposition of all or substantially all of our properties or assets, our consolidation or merger with or into another person, the acquisition of more than 50% of our outstanding Common Stock, or any person or group becoming the beneficial owner of 50% of the voting power represented by our outstanding Common Stock, the holders of the warrants will be entitled to receive upon exercise of the warrants the kind and amount of securities, cash or other property that the holders would have received had they exercised the warrants immediately prior to such fundamental transaction.

Rights as a Stockholder. Except as otherwise provided in the warrants or by virtue of such holder's ownership of shares of our Common Stock , the holder of a warrant does not have the rights or privileges of a holder of our Common Stock, including any voting rights, until the holder exercises the warrant.

Options

As of June 26, 2017, we had outstanding options to purchase an aggregate of 148,034 shares of our Common Stock, with a weighted-average exercise price of approximately $58.00, under our equity compensation plans.

Anti-Takeover Effects of Various Provisions of Nevada Law and Our Articles of Incorporation and Bylaws

Provisions of the Nevada Corporation Law and our articles of incorporation, as amended and bylaws could make it more difficult to acquire us by means of a tender offer, a proxy contest or otherwise, or to remove incumbent officers and directors. These provisions, summarized below, would be expected to discourage certain types of takeover practices and takeover bids our Board may consider inadequate and to encourage persons seeking to acquire control of us to first negotiate with us. We believe that the benefits of increased protection of our ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us will outweigh the disadvantages of discouraging takeover or acquisition proposals because, among other things, negotiation of these proposals could result in an improvement of their terms.

Blank Check Preferred

Our articles of incorporation permit our Board to issue preferred stock with voting, conversion and exchange rights that could negatively affect the voting power or other rights of our Common Stockholders . The issuance of our preferred stock could delay or prevent a change of control of our Company.

Board Vacancies to be Filled by Remaining Directors

Our bylaws provide that casual vacancies on the Board may be filled by the remaining directors then in office.

Removal of Directors by Stockholders

Our bylaws and the Nevada Corporation Law provide that directors may be removed with or without cause at any time by a vote of two-thirds of the stockholders entitled to vote thereon, at a special meeting of the stockholders called for that purpose.

Stockholder Action

Our bylaws provide that special meetings of the stockholders may be called by the Board or such person or persons authorized by the Board.

Amendments to our Articles of Incorporation and Bylaws

Under the Nevada Corporation Law, our articles of incorporation may not be amended by stockholder action alone. Amendments to our articles of incorporation require a board resolution approved by the majority of the outstanding capital stock entitled to vote. Our bylaws may only be amended by a majority vote of the stockholders at any annual meeting or special meeting called for that purpose. Subject to the right of stockholders as described in the immediately preceding sentence, the Board has the power to make, adopt, alter, amend and repeal, from time to time, our bylaws.

Nevada Anti-Takeover Statute

We may be subject to Nevada's Combination with Interested Stockholders Statute (Nevada Corporation Law Sections 78.411-78.444) which prohibits an "interested stockholder" from entering into a "combination" with the corporation, unless certain conditions are met. An "interested stockholder" is a person who, together with affiliates and associates, beneficially owns (or within the prior two years, did beneficially own) 10% or more of the corporation's capital stock entitled to vote.

Limitations on Liability and Indemnification of Officers and Directors

Nevada Corporation Law limits or eliminates the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties as directors. Our bylaws include provisions that require the company to indemnify our directors or officers against monetary damages for actions taken as a director or officer of our company. We are also expressly authorized to carry directors' and officers' insurance to protect our directors, officers, employees and agents for certain liabilities. Our articles of incorporation do not contain any limiting language regarding director immunity from liability.

The limitation of liability and indemnification provisions under the Nevada Corporation Law and in our articles of incorporation and bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duties. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. However, these provisions do not limit or eliminate our rights, or those of any stockholder, to seek non-monetary relief such as injunction or rescission in the event of a breach of a director's fiduciary duties. Moreover, the provisions do not alter the liability of directors under the federal securities laws. In addition, your investment may be adversely affected to the extent that, in a class action or direct suit, we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

Authorized but Unissued Shares

Our authorized but unissued shares of Common Stock and preferred stock will be available for future issuance without stockholder approval, except as may be required under the listing rules of any stock exchange on which our Common Stock is then listed. We may use additional shares for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued shares of Common Stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

SHARES ELIGIBLE FOR FUTURE SALE

We cannot predict the effect, if any, future sales of shares of Common Stock , or the availability for future sale of shares of Common Stock, will have on the market price of shares of our Common Stock prevailing from time to time. Future sales of substantial amounts of our Common Stock in the public market or the perception that such sales might occur may adversely affect market prices prevailing from time to time. Furthermore, there may be sales of substantial amounts of our Common Stock in the public market after the existing legal and contractual restrictions lapse. This may adversely affect the prevailing market price and our ability to raise equity capital in the future. See "Risk Factors—Risks Associated with our Common Stock— Substantial Future Sales of Shares of Our Common Stock In The Public Market Could Cause Our Stock Price To Fall."

Based on the number of shares of Common Stock outstanding as of , 2017, after giving pro forma effect to the closing of this offering we will have shares of Common Stock outstanding, assuming (1) no exercise of the underwriters' option to purchase additional shares of Common Stock and/or warrants and (2) no exercise of outstanding options or warrants. Of those shares, all of the shares sold in this offering will be freely tradable, except that any shares held by our "affiliates," as that term is defined in Rule 144, may only be sold in compliance with the limitations described below.

Lock-up Agreements

Our directors and executive officers and certain stockholders have agreed with the underwriters that for a period of 180 days after the date of this prospectus in the case of directors and executive officers, and 90 days after the date of this prospectus in the case of our principal stockholders, except with the prior written consent of the representatives and subject to specified exceptions, we or they will not offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, lend or otherwise transfer or dispose of, directly or indirectly, any shares of Common Stock or any securities convertible into or exercisable or exchangeable for shares of Common Stock, or enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of the Common Stock . Following the expiration of the lock-up agreements, shares will become eligible for sale subject to Rule 144 (assuming our listing application is approved by NASDAQ and register our Common Stock as a class pursuant to the Exchange Act).

Our directors and officers have executed Financing Lock up Agreements required of all executive offers and directors of our Company as per the most recent round of financing and described above. Upon the expiration of the Financing Lock up Agreements, pursuant to their employment agreements and director agreements, after the expiration of the Financing Lock up Agreements, our executive officers and directors, respectively, shall only have the right to sell, dispose of or otherwise transfer their beneficially owned securities in the amount of up to 5% of the total daily trading volume of our shares.

Rule 144

The Company is a former shell company. As a result, to enable investors to sell shares of our Common Stock pursuant to Rule 144 of the Securities Act, we need to be: (A) subject to the reporting requirements of section 13 or 15(d) of the Exchange Act; and (B) current in filing such reports. Although we are current in our filings, because we are not currently subject to the Exchange Act and make such filings voluntarily, investors are not currently able to utilize Rule 144.

We have applied to list our Common Stock and warrants on NASDAQ under the symbols "BLNK" and "BLNKW." If our listing application is approved, we will, prior to listing, register our Common Stock as a class pursuant to the Exchange Act and investors will be able to use Rule 144 to sell shares of our Common Stock.

In general, under Rule 144, as currently in effect, an affiliate who beneficially owns shares that were purchased from us, or any affiliate, at least six months previously, is entitled to sell, upon the expiration of the lock-up agreement described above, within any three-month period beginning 90 days (for our principal stockholders) and 180 days (for our directors and officers) from the date of this offering, a number of shares that does not exceed the greater of 1% of our then-outstanding shares of Common Stock, which equals approximately shares immediately after this offering, or the average reported weekly trading volume of our Common Stock on NASDAQ during the four calendar weeks preceding the filing of a notice of the sale on Form 144A.

Sales under Rule 144 by our affiliates or persons selling shares on behalf of our affiliates are also subject to certain manner of sale provisions, notice requirements and the availability of current public information about us. The sale of these shares, or the perception that sales will be made, may adversely affect the price of our Common Stock after this offering because a great supply of shares would be, or would be perceived to be, available for sale in the public market.

Following this offering, a person who is not deemed to be or have been an affiliate of ours at the time of, or at any time during the three months preceding, a sale and who has beneficially owned restricted securities within the meaning of Rule 144 for at least six months, may sell such shares subject only to the availability of current public information about us.

Options and Warrants

As of June 26, 2017, we had outstanding stock options and warrants to purchase a total of 3,778,225 shares of our Common Stock consisting of: (i) 366,587 shares of Common Stock issuable upon exercise of outstanding warrants with a weighted average exercise price of $43.00; (ii) 411,638 shares of Common Stock issuable in exchange for warrants to purchase 633,407 shares of Common Stock pursuant to letter agreements executed by certain warrant holders; (iii) 3,000,000 warrant shares owned by FGI not subject to the Reverse Stock Split at a weighted average exercise price of $0.70 (such exercise price is also not subject to the Reverse Stock Split); and (iv) 148,034 shares issuable upon exercise of outstanding options with a weighted average exercise price of $58.00, under our equity compensation plans. Of the total number of shares of our Common Stock issuable under the options, all are subject to contractual lock-up agreements, and will become eligible for sale subject to Rule 144 at the expiration of those agreements. Upon the exercise of outstanding warrants, such warrant shares will become eligible for sale subject to Rule 144.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the material U.S. federal income tax considerations relating to the purchase, ownership and disposition of our Common Stock and warrants purchased in this offering but is for general information purposes only and does not purport to be a complete analysis of all the potential tax considerations relating thereto. This summary is based upon the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), existing and proposed Treasury regulations promulgated thereunder, administrative rulings and judicial decisions, all as of the date hereof. These authorities may be changed, possibly retroactively, so as to result in U.S. federal income and estate tax consequences different from those set forth below. There can be no assurance that the Internal Revenue Service (the "IRS") will not challenge one or more of the tax consequences described herein, and we have not obtained, and do not intend to obtain, an opinion of counsel or ruling from the IRS with respect to the U.S. federal income tax considerations relating to the purchase, ownership or disposition of our Common Stock or warrants.

This summary does not address any alternative minimum tax considerations, any considerations regarding the tax on net investment income, or the tax considerations arising under the laws of any state, local or non-U.S. jurisdiction, or under any non-income tax laws, including U.S. federal gift and estate tax laws, except to the limited extent set forth below. In addition, this summary does not address tax considerations applicable to an investor's particular circumstances or to investors that may be subject to special tax rules, including, without limitation:

- banks, insurance companies or other financial institutions;
- tax-exempt organizations or governmental organizations;
- regulated investment companies and real estate investment trusts;
- controlled foreign corporations, passive foreign investment companies and corporations that accumulate earnings to avoid U.S. federal income tax;
- brokers or dealers in securities or currencies;
- traders in securities that elect to use a mark-to-market method of accounting for their securities holdings;
- persons that own, or are deemed to own, more than five percent of our capital stock (except to the extent specifically set forth below);
- tax-qualified retirement plans;
- certain former citizens or long-term residents of the United States;
- partnerships or entities or arrangements classified as partnerships for U.S. federal income tax purposes and other pass-through entities (and investors therein);
- persons who hold our Common Stock or warrants as a position in a hedging transaction, "straddle," "conversion transaction" or other risk reduction transaction or integrated investment;

- persons who hold or receive our Common Stock or warrants pursuant to the exercise of any employee stock option or otherwise as compensation;

- persons who do not hold our Common Stock or warrants as a capital asset within the meaning of Section 1221 of the Code; or

- persons deemed to sell our Common Stock or warrants under the constructive sale provisions of the Code.

In addition, if a partnership (or entity or arrangement classified as a partnership for U.S. federal income tax purposes) holds our Common Stock or warrants, the tax treatment of a partner generally will depend on the status of the partner and upon the activities of the partnership. Accordingly, partnerships that hold our Common Stock or warrants, and partners in such partnerships, should consult their tax advisors.

You are urged to consult your own tax advisors with respect to the application of the U.S. federal income tax laws to your particular situation, as well as any tax consequences of the purchase, ownership and disposition of our Common Stock and warrants arising under the U.S. federal estate or gift tax laws or under the laws of any state, local, non-U.S., or other taxing jurisdiction or under any applicable tax treaty.

Consequences to U.S. Holders

The following is a summary of the U.S. federal income tax consequences that will apply to a U.S. holder of our Common Stock or warrants. For purposes of this discussion, you are a U.S. holder if, for U.S. federal income tax purposes, you are a beneficial owner of our Common Stock or warrants, other than a partnership, that is:

- an individual citizen or resident of the United States;

- a corporation or other entity taxable as a corporation created or organized in the United States or under the laws of the United States, any State thereof or the District of Columbia;

- an estate whose income is subject to U.S. federal income tax regardless of its source; or

- a trust (x) whose administration is subject to the primary supervision of a U.S. court and which has one or more "United States persons" (within the meaning of Section 7701(a)(30) of the Code) who have the authority to control all substantial decisions of the trust or (y) which has made a valid election to be treated as a "United States person."

Distributions

As described in the section titled "Dividend Policy," we have never declared or paid cash dividends on our Common Stock and do not anticipate paying any dividends on our Common Stock in the foreseeable future. However, if we do make distributions on our Common Stock , those payments will constitute dividends for U.S. tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. To the extent those distributions exceed both our current and our accumulated earnings and profits, the excess will constitute a return of capital and will first reduce your basis in our Common Stock, but not below zero, and then will be treated as gain from the sale of stock as described below under "—Sale, Exchange or Other Taxable Disposition of Common Stock. "

Dividend income may be taxed to an individual U.S. holder at rates applicable to long-term capital gains, provided that a minimum holding period and other limitations and requirements are satisfied. Any dividends that we pay to a U.S. holder that is a corporation will qualify for a deduction allowed to U.S. corporations in respect of dividends received from other U.S. corporations equal to a portion of any dividends received, subject to generally applicable limitations on that deduction. U.S. holders should consult their own tax advisors regarding the holding period and other requirements that must be satisfied in order to qualify for the reduced tax rate on dividends or the dividends-received deduction.

Constructive Distributions

The terms of the warrants allow for changes in the exercise price of the warrants under certain circumstances. A change in exercise price of a warrant that allows holders to receive more shares of Common Stock on exercise may increase a holder's proportionate interest in our earnings and profits or assets. In that case, such holder may be treated as though it received a taxable distribution in the form of our Common Stock . A taxable constructive stock distribution would generally result, for example, if the exercise price is adjusted to compensate holders for distributions of cash or property to our stockholders.

Not all changes in the exercise price that result in a holder's receiving more Common Stock on exercise, however, would be considered as increasing a holder's proportionate interest in our earnings and profits or assets. For instance, a change in exercise price could simply prevent the dilution of a holder's interest upon a stock split or other change in capital structure. Changes of this type, if made pursuant to bona fide reasonable adjustment formula, are not treated as constructive stock distributions for these purposes. Conversely, if an event occurs that dilutes a holder's interest and the exercise price is not adjusted, the resulting increase in the proportionate interests of our stockholders could be treated as a taxable stock distribution to our stockholders.

Any taxable constructive stock distributions resulting from a change to, or a failure to change, the exercise price of the warrants that is treated as a distribution of Common Stock would be treated for U.S federal income tax purposes in the same manner as distributions on our Common Stock paid in cash or other property, resulting in a taxable dividend to the recipient to the extent of our current or accumulated earnings and profits (with the recipient's tax basis in its Common Stock or warrants, as applicable, being increased by the amount of such dividend), and with any excess treated as a return of capital or as capital gain. U.S. holders should consult their own tax advisors regarding whether any taxable constructive stock dividend would be eligible for tax rates applicable to long-term capital gains or the dividends-received deduction described under "—Distributions," as the requisite applicable holding period requirements might not be considered to be satisfied.

Sale, Exchange or Other Taxable Disposition of Common Stock

A U.S. holder will generally recognize capital gain or loss on the sale, exchange or other taxable disposition of our Common Stock . The amount of gain or loss will equal the difference between the amount realized on the sale and such U.S. holder's tax basis in such Common Stock. The amount realized will include the amount of any cash and the fair market value of any other property received in exchange for such Common Stock. Gain or loss will be long-term capital gain or loss if the U.S. holder has held the Common Stoc k for more than one year. Long-term capital gains of non-corporate U.S. holders are generally taxed at preferential rates. The deductibility of capital losses is subject to certain limitations.

Sale, Exchange, Redemption, Lapse or Other Taxable Disposition of a Warrant

Upon a sale, exchange, redemption, lapse or other taxable disposition of a warrant, a U.S. holder generally will recognize capital gain or loss in an amount equal to the difference between the amount realized (if any) on the disposition and such U.S. holder's tax basis in the warrant. The amount realized will include the amount of any cash and the fair market value of any other property received in exchange for the warrant. The U.S. holder's tax basis in the warrant generally will equal the amount the holder paid for the warrant. Gain or loss will be long-term capital gain or loss if the U.S. holder has held the warrant for more than one year. Long-term capital gains of non-corporate U.S. holders are generally taxed at preferential rates. The deductibility of capital losses is subject to certain limitations.

Exercise of a Warrant

The exercise of a warrant for shares of Common Stock generally will not be a taxable event for the exercising U.S. holder, except with respect to cash, if any, received in lieu of a fractional share. A U.S. holder will have a tax basis in the shares of Common Stock received on exercise of a warrant equal to the sum of the U.S. holder's tax basis in the warrant surrendered, reduced by any portion of the basis allocable to a fractional share, plus the exercise price of the warrant. A U.S. holder generally will have a holding period in shares of Common Stock acquired on exercise of a warrant that commences on the date of exercise of the warrant.

Consequences to Non-U.S. Holders

The following is a summary of the U.S. federal income tax consequences that will apply to a non-U.S. holder of our Common Stock or warrants. A "non-U.S. holder" is a beneficial owner of our Common Stock or warrants (other than a partnership or an entity or arrangement treated as a partnership for U.S. federal income tax purposes) that, for U.S. federal income tax purposes, is not a U.S. holder.

Distributions

Subject to the discussion below regarding effectively connected income, any dividend, including any taxable constructive stock dividend resulting from certain adjustments, or failure to make adjustments, to the exercise price of a warrant (as described above under "Consequences to U.S. Holders—Constructive Distributions"), paid to a non-U.S. holder generally will be subject to U.S. withholding tax either at a rate of 30% of the gross amount of the dividend or such lower rate as may be specified by an applicable income tax treaty. In order to receive a reduced treaty rate, a non-U.S. holder must provide us with an IRS Form W-8BEN, IRS Form W-8BEN-E or other applicable IRS Form W-8 properly certifying qualification for the reduced rate. These forms must be updated periodically. A non-U.S. holder eligible for a reduced rate of U.S. withholding tax pursuant to an income tax treaty may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS. If a non-U.S. holder holds our Common Stock or warrants through a financial institution or other agent acting on the non-U.S. holder's behalf, the non-U.S. holder will be required to provide appropriate documentation to the agent, which then may be required to provide certification to us or our paying agent, either directly or through other intermediaries.

Dividends received by a non-U.S. holder that are effectively connected with its conduct of a U.S. trade or business (and, if required by an applicable income tax treaty, attributable to a permanent establishment or fixed base maintained by the non-U.S. holder in the United States) are generally exempt from such withholding tax if the non-U.S. holder satisfies certain certification and disclosure requirements. In order to obtain this exemption, the non-U.S. holder must provide us with an IRS Form W-8ECI or other applicable IRS Form W-8 properly certifying such exemption. Such effectively connected dividends, although not subject to withholding tax, are taxed at the same graduated U.S. federal income tax rates applicable to U.S. holders, net of certain deductions and credits. In addition, dividends received by a corporate non-U.S. holder that are effectively connected with its conduct of a U.S. trade or business may also be subject to a branch profits tax at a rate of 30% or such lower rate as may be specified by an applicable income tax treaty. Non-U.S. holders should consult their own tax advisors regarding any applicable tax treaties that may provide for different rules.

Gain on Sale, Exchange or Other Taxable Disposition of Common Stock or Warrants

Subject to the discussion below regarding backup withholding and foreign accounts, a non-U.S. holder generally will not be required to pay U.S. federal income tax on any gain realized upon the sale, exchange or other taxable disposition of our Common Stock or a warrant unless:

- the gain is effectively connected with the non-U.S. holder's conduct of a U.S. trade or business (and, if required by an applicable income tax treaty, the gain is attributable to a permanent establishment or fixed base maintained by the non-U.S. holder in the United States);

- the non-U.S. holder is a non-resident alien individual who is present in the United States for a period or periods aggregating 183 days or more during the calendar year in which the sale or disposition occurs and certain other conditions are met; or

- shares of our Common Stock or our warrants, as applicable, constitute U.S. real property interests by reason of our status as a "United States real property holding corporation" (a USRPHC) for U.S. federal income tax purposes at any time within the shorter of the five-year period preceding the non-U.S. holder's disposition of, or the non-U.S. holder's holding period for, our Common Stock or warrants, as applicable.

We believe that we are not currently and will not become a USRPHC for U.S. federal income tax purposes, and the remainder of this discussion so assumes. However, because the determination of whether we are a USRPHC depends on the fair market value of our U.S. real property relative to the fair market value of our other business assets, there can be no assurance that we will not become a USRPHC in the future. Even if we become a USRPHC, however, if our Common Stock becomes regularly traded on an established securities market (as defined by applicable Treasury regulations), such Common Stock will be treated as U.S. real property interests only if the non-U.S. holder actually or constructively held more than five percent of such regularly traded Common Stock at any time during the shorter of the five-year period preceding the non-U.S. holder's disposition of, or the non-U.S. holder's holding period for, our Common Stock. In addition, provided that our Common Stock is regularly traded on an established securities market (as defined by applicable Treasury regulations), a warrant will not be treated as a U.S. real property interest with respect to a non-U.S. holder if such holder did not own, actually or constructively, warrants whose total fair market value on the date they were acquired (and on the date or dates any additional warrants were acquired) exceeded the fair market value on that date (and on the date or dates any additional warrants were acquired) of five percent of all our Common Stock.

If the non-U.S. holder is described in the first bullet above, it will be required to pay tax on the net gain derived from the sale, exchange or other taxable disposition under regular graduated U.S. federal income tax rates, and a corporate non-U.S. holder described in the first bullet above also may be subject to the branch profits tax at a rate of 30%, or such lower rate as may be specified by an applicable income tax treaty. An individual non-U.S. holder described in the second bullet above will be required to pay a flat 30% tax (or such lower rate specified by an applicable income tax treaty) on the gain derived from the sale, exchange or other taxable disposition, which gain may be offset by U.S. source capital losses for the year (provided the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses). Non-U.S. holders should consult their own tax advisors regarding any applicable income tax or other treaties that may provide for different rules.

Federal Estate Tax

Common Stock or warrants beneficially owned by an individual who is not a citizen or resident of the United States (as defined for U.S. federal estate tax purposes) at the time of their death will generally be includable in the decedent's gross estate for U.S. federal estate tax purposes. Such shares, therefore, may be subject to U.S. federal estate tax, unless an applicable estate tax treaty provides otherwise.

Backup Withholding and Information Reporting

Generally, we must report annually to the IRS the amount of dividends paid to you, your name and address and the amount of tax withheld, if any. A similar report will be sent to you. Pursuant to applicable income tax treaties or other agreements, the IRS may make these reports available to tax authorities in your country of residence if you reside outside of the United States .

Payments of dividends on or of proceeds from the disposition of our Common Stock or warrants made to you may be subject to information reporting and backup withholding. Backup withholding may apply at a current rate of 28% unless you (i) provide the payor with a correct taxpayer identification number and comply with applicable certification requirements, or (ii) establish an exemption, for example, by properly certifying your non-U.S. status on an IRS Form W-8BEN or IRS Form W-8BEN-E or other applicable IRS Form W-8. Notwithstanding the foregoing, backup withholding and information reporting may apply if either we or our paying agent has actual knowledge, or reason to know, that you are a U.S. person that is not an exempt recipient.

Backup withholding is not an additional tax; rather, the U.S. federal income tax liability of persons subject to backup withholding will be reduced by the amount of tax withheld. If withholding results in an overpayment of taxes, a refund or credit may generally be obtained from the IRS, provided that the required information is furnished to the IRS in a timely manner.

Foreign Account Tax Compliance

The Foreign Account Tax Compliance Act ("FATCA") generally imposes withholding tax at a rate of 30% on dividends on and gross proceeds from the sale or other disposition of our Common Stock or warrants paid to a "foreign financial institution" (as specially defined under these rules), unless such institution enters into an agreement with the U.S. government to, among other things, withhold on certain payments and to collect and provide to the U.S. tax authorities substantial information regarding the U.S. account holders of such institution (which includes certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners) or otherwise establishes an exemption. FATCA also generally imposes a U.S. federal withholding tax of 30% on dividends on and gross proceeds from the sale or other disposition of our Common Stock or warrants paid to a "non-financial foreign entity" (as specially defined for purposes of these rules) unless such entity provides the withholding agent with a certification identifying certain substantial direct and indirect U.S. owners of the entity, certifies that there are none or otherwise establishes an exemption. The withholding provisions under FATCA generally apply to dividends paid by us, and under current transitional rules are expected to apply with respect to the gross proceeds from a sale or other disposition of our Common Stock or warrants on or after January 1, 2019. Under certain circumstances, a non-U.S. holder might be eligible for refunds or credits of such taxes. An intergovernmental agreement between the United States and an applicable foreign country may modify the requirements described in this paragraph. Non-U.S. holders should consult their own tax advisors regarding the possible implications of this legislation on their investment in our Common Stock or warrants.

Each prospective investor should consult its own tax advisor regarding the particular U.S. federal, state and local and non-U.S. tax consequences of purchasing, owning and disposing of our Common Stock or warrants, including the consequences of any proposed changes in applicable laws.

UNDERWRITING

Joseph Gunnar & Co., LLC is acting as sole bookrunner and as representative of the underwriters (the "Representative"). Subject to the terms and conditions of an underwriting agreement between us and the Representative, we have agreed to sell to each underwriter named below, and each underwriter named below has severally agreed to purchase, at the public offering price less the underwriting discounts set forth on the cover page of this prospectus, the number of shares of Common Stock and warrants listed next to its name in the following table:

Name of Underwriter	Number of Shares	Number of Warrants
Joseph Gunnar & Co., LLC		
Total		

The underwriters are committed to purchase all the shares of Common Stock and warrants offered by this prospectus if they purchase any shares of Common Stock and warrants. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering may be terminated. The underwriters are not obligated to purchase the shares of Common Stock and/or warrants covered by the underwriters' over-allotment option to purchase shares and/or warrants described below. The underwriters are offering the shares of Common Stock and warrants, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Over-Allotment Option

We have granted to the underwriters a 45-day option to purchase up to an aggregate of 324,324 additional shares of Common Stock and/or warrants to purchase shares of Common Stock equal to 15% of the number of shares of Common Stock and warrants sold in the offering, less underwriting discounts and commissions. The underwriters may exercise this option for 45 days from the date of this prospectus solely to cover sales of shares of Common Stock and/or warrants by the underwriters in excess of the total number of shares of Common Stock and/or warrants set forth in the table above. If any of these additional shares and/or warrants are purchased, the underwriters will offer the additional shares and/or warrants on the same terms as those on which the shares and warrants are being offered.

Discounts and Commissions

The underwriters propose initially to offer the shares of Common Stock and warrants to the public at the public offering price set forth on the cover page of this prospectus and to dealers at those prices less a concession not in excess of $ per share of Common Stock and warrant. If all of the shares of Common Stock and warrants offered by us are not sold at the public offering price, the underwriters may change the offering price and other selling terms by means of a supplement to this prospectus.

The following table shows the public offering price, underwriting discounts and commissions and proceeds before expenses to us. The information assumes either no exercise or full exercise of the over-allotment option to purchase shares and/or warrants we granted to the representatives of the underwriters .

	Per Combined Share and Warrant	Total Without Over-Allotment Option	Total With Full Over-Allotment Option
Public offering price	$	$	$
Underwriting discount	$	$	$
Non-accountable expense allowance	$	$	$
Proceeds, before expenses, to us	$	$	$

We have agreed to pay a non-accountable expense allowance to the representative of the underwriters equal to 1% of the gross proceeds received at the closing of this offering (excluding any proceeds received upon any subsequent exercise of the over-allotment option to purchase shares and/or warrants).

We have also agreed to pay the representative's expenses relating to the offering, including (a) all actual filing fees incurred in connection with the review of this offering by the Financial Industry Regulatory Authority ("FINRA"), and all fees and expenses relating to the listing of our shares of Common Stock and warrants on NASDAQ; (b) all fees, expenses and disbursements relating to background checks of our officers and directors in an amount not to exceed $15,000 in the aggregate; (c) all actual fees, expenses and disbursements relating to the registration or qualification of securities offered under state securities laws, or "blue sky" laws, or under the securities laws of foreign jurisdictions designated by the representative, including reasonable fees and disbursements of "blue sky" counsel; (d) all actual fees, expenses and disbursements relating to the registration, qualification or exemption of our shares of Common Stock and warrants under the securities laws of such foreign jurisdictions as the representative may reasonably designate; (e) the costs of all mailing and printing of the underwriting documents as the representative may reasonably deem necessary; (f) the costs and expenses of the public relations firm; (g) the costs of preparing, printing and delivering certificates representing the Common Stock; (h) fees and expenses of the transfer agent for the Common Stock; (i) stock transfer and/or stamp taxes, if any; (j) the costs associated with post-closing advertising the offering; (k) the costs associated with bound volumes of the public offering materials as well as commemorative mementos and lucite tombstones, not to exceed the sum of $3,000 and in such quantities as the representative may reasonably request; (l) the fees and expenses of the Company's accountants; (m) the fees and expenses of the Company's legal counsel and other agents and representatives; (n) the fees and expenses of the representative's legal counsel not to exceed $75,000, $25,000 of which has been paid in advance and will be returned to us to the extent that offering expenses are not actually incurred in compliance with FINRA Rule 5110(f)(2)(C); (o) $29,500 for the underwriters' use of Ipreo's book-building, prospectus tracking and compliance software for this offering; (p) up to $20,000 of the representative's actual accountable road show expenses for the offering and (q) the representatives' cost of mailing prospectuses to potential investors, provided, however, that the accountable expenses to be reimbursed are set forth in clauses (b), (k), (n) and (p) above and shall not exceed $142,500 in the aggregate.

The total estimated expenses of the offering, including registration, filing and listing fees, printing fees and legal and accounting expenses, but excluding underwriting discounts, commissions and expenses, are approximately $_____and are payable by us.

Discretionary Accounts

The underwriters do not intend to confirm sales of the securities offered hereby to any accounts over which they have discretionary authority.

Lock-Up Agreements

Pursuant to "lock-up" agreements, we, our executive officers and directors, and certain of our stockholders, have agreed, without the prior written consent of the Representative not to directly or indirectly, offer to sell, sell, pledge or otherwise transfer or dispose of any of shares of (or enter into any transaction or device that is designed to, or could be expected to, result in the transfer or disposition by any person at any time in the future of) our Common Stock , enter into any swap or other derivatives transaction that transfers to another, in whole or in part, any of the economic benefits or risks of ownership of shares of our Common Stock , make any demand for or exercise any right or cause to be filed a registration statement, including any amendments thereto, with respect to the registration of any shares of Common Stock or securities convertible into or exercisable or exchangeable for Common Stock or any other securities of the Company or publicly disclose the intention to do any of the foregoing, subject to customary exceptions, for a period of 180 days from the date of this prospectus, in the case of our directors and officers, and 90 days from the date of this prospectus, in the case of our principal stockholders.

Right of First Refusal

We have granted the representatives a right of first refusal, for a period of twelve months from the commencement of sales, to act as sole and exclusive investment banker, book-runner, financial advisor, underwriter and/or placement agent, at the Representative's sole and exclusive discretion, for each and every future public and private equity and debt offering, including all equity linked financings (each, a "Subject Transaction"), during such twelve (12) month period, of the Company, or any successor to or subsidiary of the Company, on terms and conditions customary to the Representative for such Subject Transactions.

Indemnification

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that the underwriters may be required to make for these liabilities.

OTC Pink **Current Information Marketplace and NASDAQ Capital Market**

Our Common Stock is presently quoted on the OTC Pink Current Information Marketplace under the symbol "CCGI". We intend to apply to have our Common Stock and warrants listed on The NASDAQ Capital Market under the symbols " BLNK " and " BLNKW ," respectively. No assurance can be given that our application will be approved. There is no established public trading market for the warrants. No assurance can be given that a trading market will develop for the warrants.

Price Stabilization, Short Positions and Penalty Bids

In order to facilitate the offering of our securities, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of our securities. In connection with the offering, the underwriters may purchase and sell our securities in the open market. These transactions may include short sales, purchases on the open market to cover positions created by short sales and stabilizing transactions. Short sales involve the sale by the underwriters of a greater number of shares of securities than they are required to purchase in the offering. "Covered" short sales are sales made in an amount not greater than the underwriters' option to purchase additional shares of securities in the offering. The underwriters may close out any covered short position by either exercising the over-allotment option to purchase shares and/or warrants or purchasing shares of securities in the open market. In determining the source of shares of securities to close out the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the over-allotment option to purchase shares and/or warrants . "Naked" short sales are sales in excess of the over-allotment option to purchase shares and/or warrants . The underwriters must close out any naked short position by purchasing securities in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of our securities in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of shares of securities made by the underwriters in the open market before the completion of the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of our securities or preventing or retarding a decline in the market price of our securities. As result, the price of our securities may be higher than the price that might otherwise exist in the open market.

The underwriters have advised us that, pursuant to Regulation M under the Exchange Act, they may also engage in other activities that stabilize, maintain or otherwise affect the price of our securities, including the imposition of penalty bids. This means that if the representative of the underwriters purchases securities in the open market in stabilizing transactions or to cover short sales, the representative can require the underwriters that sold those shares as part of this offering to repay the underwriting discount received by them.

The underwriters make no representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our securities. In addition, neither we nor the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Electronic Offer, Sale and Distribution of Shares

A prospectus in electronic format may be made available on the websites maintained by one or more underwriters or selling group members, if any, participating in the offering. The underwriters may agree to allocate a number of shares of securities to underwriters and selling group members for sale to their online brokerage account holders. Internet distributions will be allocated by the representative to underwriters and selling group members that may make internet distributions on the same basis as other allocations. Other than the prospectus in electronic format, the information on the underwriters' websites and any information contained in any other website maintained by the underwriters is not part of this prospectus or the registration statement of which this prospectus forms a part.

Other Relationships

From time to time, certain of the underwriters and their affiliates have provided, and may provide in the future, various advisory, investment and commercial banking and other services to us in the ordinary course of business, for which they have received and may continue to receive customary fees and commissions. However, except as disclosed in this prospectus, we have no present arrangements with any of the underwriters for any further services.

In connection with the JMJ transaction in October 2016 , we entered into a placement agency agreement with the Representative pursuant to which we have paid the Representative a cash fee of $50,000 based on the $1,000,000 advanced by JMJ through November 28, 2016 . The cash fee is not included in the aggregate compensation attributed to the Representative for the offering.

Pricing of the Offering

The public offering price was determined by negotiations between us and the representative. Among the factors considered in determining the public offering price were our future prospects and those of our industry in general, our sales, earnings and certain other financial and operating information in recent periods, and the price-earnings ratios, price-sales ratios, market prices of securities, and certain financial and operating information of companies engaged in activities similar to ours. The estimated public offering price range set forth on the cover page of this prospectus is subject to change as a result of market conditions and other factors. Neither we nor the underwriters can assure investors that an active trading market for the shares will develop, or that after the offering the shares will trade in the public market at or above the public offering price.

INDEX TO FINANCIAL STATEMENTS

After the effectiveness of the reverse stock described in the last paragraph of (Note 18) to the financial statements of Car Charging Group, Inc. and Subsidiaries, we expect to be in a position to render the following audit report.

/s/ Marcum LLP
June 30, 2017

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders
Car Charging Group, Inc. and Subsidiaries

We have audited the accompanying consolidated balance sheets of Car Charging Group, Inc. and Subsidiaries (the "Company") as of December 31, 2016 and 2015, and the related consolidated statements of operations, changes in stockholders' deficiency, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Car Charging Group, Inc. and Subsidiaries as of December 31, 2016 and 2015, and the consolidated results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As more fully discussed in Note 2, the Company has incurred net losses since inception and needs to raise additional funds to meet its obligations and sustain its operations. These conditions raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are described in Note 2. The financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern.

CAR CHARGING GROUP, INC. & SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015

1. BUSINESS ORGANIZATION AND NATURE OF OPERATIONS

Car Charging Group, Inc. ("CCGI") was incorporated on October 3, 2006 under the laws of the State of Nevada as New Image Concepts, Inc. On December 7, 2009, New Image Concepts, Inc. changed its name to Car Charging Group, Inc.

CCGI, through its wholly-owned subsidiaries (collectively, the "Company" or "Car Charging"), acquires and installs electric vehicle ("EV") charging stations and shares servicing fees received from customers that use the charging stations with the property owner(s), on a property by property basis. In addition, the Company sells hardware and enters into individual arrangements for this purpose with various property owners, which may include municipalities, garage operators, hospitals, multi-family properties, shopping malls and facility owner/operators.

2. GOING CONCERN AND MANAGEMENT'S PLANS

As of December 31, 2016 , the Company had a cash balance, a working capital deficiency and an accumulated deficit of $5,898, $21,184,871 and $81,071,782 , respectively. During the years ended December 31, 2016 and 2015 , the Company incurred net losses of $7,699,127 and $8,244,924, respectively. These conditions raise substantial doubt about the Company's ability to continue as a going concern within a year after the issuance date of this filing.

Since inception, the Company's operations have primarily been funded through proceeds received in equity and debt financings. Although management believes that the Company has access to capital resources, there are currently no commitments in place for new financing at this time, except as described below, and there is no assurance that the Company will be able to obtain funds on commercially acceptable terms, if at all. There is also no assurance that the amount of funds the Company might raise will enable the Company to complete its development initiatives or attain profitable operations. If the Company is unable to obtain additional financing on a timely basis, it may have to curtail its development, marketing and promotional activities, which would have a material adverse effect on the Company's business, financial condition and results of operations, and ultimately the Company could be forced to discontinue its operations and liquidate.

The accompanying consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which contemplate continuation of the Company as a going concern and the realization of assets and satisfaction of liabilities in the normal course of business. The consolidated financial statements do not include any adjustment that might become necessary should the Company be unable to continue as a going concern.

Subsequent to December 31, 2016, the Company received an aggregate of $1,252,667 associated with the issuances of convertible and non-convertible notes payable. In addition, pursuant to a convertible note, an additional $1,294,900 of funding could be released to the Company upon the completion of certain contractually defined milestones. See Note 11 – Notes Payable – Convertible Notes and Other, Note 18 – Subsequent Events – Convertible Note and Note 18 – Subsequent Events - Non-Convertible Notes – Related Party for additional details. There can be no assurance that the Company will be successful in attaining the defined milestones. The Company is currently funding its operations on a month-to-month basis. While there can be no assurance that it will be successful, the Company is in active negotiations to raise additional capital.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements include the accounts of CCGI and its wholly-owned subsidiaries, including Car Charging, Inc., Beam Charging LLC ("Beam"), EV Pass LLC ("EV Pass"), Blink Network LLC ("Blink") and Car Charging China Corp. ("Car Charging China"). All intercompany transactions and balances have been eliminated in consolidation.

Through April 16, 2014, 350 Green LLC ("350 Green") was a wholly-owned subsidiary of the Company in which the Company had full voting control and was therefore consolidated. Beginning on April 17, 2014, when 350 Green's assets and liabilities were transferred to a trust mortgage, 350 Green became a Variable Interest Entity ("VIE"). The consolidation guidance relating to accounting for VIEs requires an enterprise to perform an analysis to determine whether the enterprise's variable interest or interests give it a controlling financial interest in a variable interest entity and perform ongoing reassessments of whether an enterprise is the primary beneficiary of a VIE. The Company determined that it is the primary beneficiary of 350 Green, and as such, 350 Green's assets, liabilities and results of operations are included in the Company's consolidated financial statements.

USE OF ESTIMATES

Preparation of financial statements in conformity with U.S. GAAP requires management to make estimates, judgments and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, together with amounts disclosed in the related notes to the financial statements. The Company's significant estimates used in these financial statements include, but are not limited to, stock-based compensation, accounts receivable reserves, warranty reserves, inventory valuations, the valuation allowance related to the Company's deferred tax assets, the carrying amount of intangible assets, estimates of future EV sales and the effects thereon, fair value of derivative liabilities and the recoverability and useful lives of long-lived assets. Certain of the Company's estimates could be affected by external conditions, including those unique to the Company and general economic conditions. It is reasonably possible that these external factors could have an effect on the Company's estimates and could cause actual results to differ from those estimates.

CASH

The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents in the consolidated financial statements. The Company has cash on deposits in several financial institutions which, at times, may be in excess of FDIC insurance limits. The Company has not experienced losses in such accounts.

ACCOUNTS RECEIVABLE

Accounts receivable are carried at their contractual amounts, less an estimate for uncollectible amounts. As of December 31, 2016 and 2015 , there was an allowance for uncollectable amounts of $42,349 and $140,998 , respectively. Management estimates the allowance for bad debts based on existing economic conditions, the financial conditions of the customers, and the amount and age of past due accounts. Receivables are considered past due if full payment is not received by the contractual due date. Past due accounts are generally written off against the allowance for bad debts only after all collection attempts have been exhausted.

INVENTORIES

Inventory is comprised of electric charging stations and related parts, which are available for sale or for warranty requirements. Inventories are stated at the lower of cost or market. Cost is determined by the first-in, first-out method. Inventory that is sold to third parties is included within cost of sales and inventory that is installed on the premises of participating owner/operator properties, where the Company retains ownership, is transferred to fixed assets at the carrying value of the inventory. The Company periodically reviews for slow-moving, excess or obsolete inventories. Products that are determined to be obsolete, if any, are written down to net realizable value. Based on the aforementioned periodic reviews, the Company recorded an inventory reserve for slow-moving, excess or obsolete inventories of $154,000 and $290,000 as of December 31, 2016 and 2015 , respectively.

As of December 31, 2016 and 2015 , the Company's inventory was comprised solely of finished goods and parts that are available for sale.

FIXED ASSETS

Fixed assets are stated at cost, net of accumulated depreciation and amortization which is recorded commencing at the in-service date using the straight-line method over the estimated useful lives of the assets, as set forth in the following table:

Asset	Useful Lives (In Years)
Computer software and office and computer equipment	3 - 5
Machinery and equipment, automobiles, furniture and fixtures	3 - 10
Installed Level 2 electric vehicle charging stations	3
Installed Level 3 (DC Fast Chargers ("DCFC")) electric vehicle charging stations	5

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

FIXED ASSETS - CONTINUED

When fixed assets are retired or otherwise disposed of, the cost and accumulated depreciation are removed from the accounts and any resulting gain or loss is included in the statements of operations for the respective period. Minor additions and repairs are expensed in the period incurred. Major additions and repairs which extend the useful life of existing assets are capitalized and depreciated using the straight-line method over their remaining estimated useful lives.

EV charging stations represents the cost, net of accumulated depreciation, of charging devices that have been installed on the premises of participating owner/operator properties or are earmarked to be installed. The Company held approximately $48,000 and $29,000 in EV charging stations that were not placed in service as of December 31, 2016 and 2015 , respectively.

The Company's long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. The Company assesses the recoverability of its long-lived assets by monitoring current selling prices of car charging units in the open market, the adoption rate of various auto manufacturers in the EV market and projected car charging utilization at various public car charging stations throughout its network in determining fair value. An impairment loss would be recognized when estimated future cash flows expected to result from the use of the asset and its eventual disposition are less than its carrying amount. See Note 6 – Fixed Assets for additional details.

CAPITALIZED SOFTWARE DEVELOPMENT COSTS

The Company capitalizes software development costs in accordance with Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification ("ASC") Topic 985 "Software". Capitalization of software development costs begins upon the determination of technological feasibility. The determination of technological feasibility and the ongoing assessment of the recoverability of these costs requires considerable judgment by management with respect to certain external factors, including anticipated future gross product revenues, estimated economic life and changes in hardware and software technology. Historically, software development costs incurred subsequent to the establishment of technological feasibility have not been material.

INTANGIBLE ASSETS

Intangible assets were acquired in conjunction with the acquisitions of Beam, EV Pass, and Blink during 2013 and were recorded at their fair value at such time. Trademarks are amortized on a straight-line basis over their useful life of ten years. Patents are amortized on a straight-line basis over the lives of the patent (twenty years or less), commencing when the patent is approved and placed in service on a straight- line basis.

SEGMENTS

The Company operates a single segment business as disclosed in the notes to the consolidated financial statements. The Company's chief operating decision maker views the Company's operating performance on a consolidated basis as its only business is the sale and distribution of electric vehicle charging machines and revenues that it earns from customers who use machines connected to its network, whether owned by the Company or third party hosts.

DERIVATIVE FINANCIAL INSTRUMENTS

The Company evaluates its convertible instruments to determine if those contracts or embedded components of those contracts qualify as derivative financial instruments to be separately accounted for in accordance with Topic 815 of the FASB ASC. The accounting treatment of derivative financial instruments requires that the Company record the conversion options and warrants at their fair values as of the inception date of the agreement and at fair value as of each subsequent balance sheet date. Any change in fair value is recorded as non-operating, non-cash income or expense for each reporting period at each balance sheet date. Conversion options are recorded as a discount to the host instrument and are amortized as interest expense over the life of the underlying instrument. The Company reassesses the classification of its derivative instruments at each balance sheet date. If the classification changes as a result of events during the period, the contract is reclassified as of the date of the event that caused the reclassification.

The Binomial Lattice Model was used to estimate the fair value of the warrants that are classified as derivative liabilities on the consolidated balance sheets. The model includes subjective input assumptions that can materially affect the fair value estimates. The expected volatility is estimated based on the most recent historical period of time equal to the weighted average life of the warrants.

SEQUENCING POLICY

Under ASC 815-40-35, the Company has adopted a sequencing policy whereby, in the event that reclassification of contracts from equity to assets or liabilities is necessary pursuant to ASC 815 due to the Company's inability to demonstrate it has sufficient authorized shares, shares will be allocated on the basis of the earliest issuance date of potentially dilutive instruments, with the earliest grants receiving the first allocation of shares.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company measures the fair value of financial assets and liabilities based on the guidance of ASC 820 "Fair Value Measurements and Disclosures" ("ASC 820") which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements.

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 describes three levels of inputs that may be used to measure fair value:

Level 1 — quoted prices in active markets for identical assets or liabilities

Level 2 — quoted prices for similar assets and liabilities in active markets or inputs that are observable

Level 3 — inputs that are unobservable (for example, cash flow modeling inputs based on assumptions)

The carrying amounts of the Company's financial instruments , such as cash and cash equivalents , accounts receivable and accounts payable approximate fair values due to the short-term nature of these instruments. The carrying amount of the Company's notes payable approximates fair value because the effective yields on these obligations, which include contractual interest rates, taken together with other features such as concurrent issuance of warrants, are comparable to rates of returns for instruments of similar credit risk.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

REVENUE RECOGNITION

The Company recognizes revenue when it is realized or realizable and earned. The Company considers revenue realized or realizable and earned when all of the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) the services have been rendered to the customer, (iii) the sales price is fixed or determinable, and (iv) collectability is reasonably assured. Accordingly, when a customer completes use of a charging station, the service can be deemed rendered and revenue may be recognized based on the time duration of the session or kilowatt hours drawn during the session. Sales of EV stations are recognized upon shipment to the customer, free on board shipping point, or the point of customer acceptance.

Governmental grants and rebates pertaining to revenues and periodic expenses are recognized as income when the related revenue and/or periodic expense are recorded. Government grants and rebates related to EV charging stations and their installation are deferred and amortized in a manner consistent with the related depreciation expense of the related asset over their useful lives.

For arrangements with multiple elements, which is comprised of (1) a charging unit, (2) installation of the charging unit, (3) maintenance and (4) network fees, revenue is recognized dependent upon whether vendor specific objective evidence ("VSOE") of fair value exists for separating each of the elements. The Company determined that VSOE exists for both the delivered and undelivered elements of the company's multiple-element arrangements. The Company limited their assessment of fair value to either (a) the price charged when the same element is sold separately or (b) the price established by management having the relevant authority.

CONCENTRATIONS

During the year ended December 31, 2016, revenues generated from Entity C represented approximately 13% of the Company's total revenue. During the year ended December 31, 2015, revenues generated from Entity A and Entity C represented approximately 18% and 16% of the Company's total revenue, respectively. The Company generated grant revenues from a governmental agency (Entity A) and charging service revenues from a customer (Entity C). As of December 31, 2016, accounts receivable from Entity C were 18% of total accounts receivable.

RECLASSIFICATIONS

Certain prior year balances have been reclassified in order to conform to current year presentation. These reclassifications have no effect on previously reported results of operations or loss per share .

STOCK-BASED COMPENSATION

The Company measures the cost of services received in exchange for an award of equity instruments based on the fair value of the award. For employees, the fair value of the award is measured on the grant date and for non-employees, the fair value of the award is measured on the measurement date and re-measured on vesting dates and interim financial reporting dates until the service period is complete. The fair value amount is then recognized over the period during which services are required to be provided in exchange for the award, usually the vesting period. Awards granted to non-employee directors for their service as a director are treated on the same basis as awards granted to employees. The Company computes the fair value of equity-classified warrants and options granted using the Black-Scholes option pricing model.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

INCOME TAXES

The Company recognizes deferred tax assets and liabilities for the expected future tax consequences of items that have been included in the financial statements or tax returns. Under this method, deferred tax assets and liabilities are based on the differences between the financial statement and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. Deferred tax assets are reduced by a valuation allowance to the extent management concludes it is more likely than not that the assets will not be realized. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the Statements of Operations in the period that includes the enactment date. As of December 31, 2016 and 2015 , the Company maintained a full valuation allowance against its deferred tax assets since it is more likely than not that the future tax benefit on such temporary differences will not be realized.

The Company recognizes the tax benefit from an uncertain income tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement by examining taxing authorities. The Company has open tax years going back to 2013 which may be subject to audit by federal and state authorities. The Company's policy is to recognize interest and penalties accrued on uncertain income tax positions in interest expense in the Company's consolidated statements of operations. As of December 31, 2016 and 2015, we had no liability for unrecognized tax benefits. The Company does not expect the unrecognized tax benefits to change significantly over the next 12 months.

NET LOSS PER COMMON SHARE

Basic net loss per common share is computed by dividing net loss by the weighted average number of vested shares of Common Stock outstanding during the period. Diluted net loss per common share is computed by dividing net loss by the weighted average number vested of shares of Common Stock, plus the net impact of shares of Common Stock (computed using the treasury stock method), if dilutive, resulting from the exercise of outstanding stock options and warrants, plus the conversion of preferred stock and convertible notes.

The following Common Stock equivalents are excluded from the calculation of weighted average dilutive shares of Common Stock because their inclusion would have been anti-dilutive:

	December 31,	
	2016	**2015**
Preferred stock	1,053,004	967,563
Warrants	1,095,115	1,220,872
Options	149,233	155,633
Convertible notes	16,332	977
Total potentially dilutive shares	2,313,684	2,345,045

COMMITMENTS AND CONTINGENCIES

Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated.

LITIGATION AND DISPUTES

The Company records legal costs associated with loss contingencies as incurred and accrues for all probable and estimable settlements.

RECENTLY ISSUED ACCOUNTING STANDARDS

In May 2014, the FASB issued Accounting Standards Update ("ASU") No. 2014-09, "Revenue from Contracts with Customers," ("ASU 2014-09"). ASU 2014-09 supersedes the revenue recognition requirements in ASC 605 - Revenue Recognition ("ASC 605") and most industry-specific guidance throughout ASC 605. The standard requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. The guidance in ASU 2014-09 was revised in July 2015 to be effective for interim periods beginning on or after December 15, 2017 and should be applied on a transitional basis either retrospectively to each prior reporting period presented or retrospectively with the cumulative effect of initially applying ASU 2014-09 recognized at the date of initial application. In 2016, FASB issued additional ASUs that clarify the implementation guidance on principal versus agent considerations (ASU 2016-08), on identifying performance obligations and licensing (ASU 2016-10), and on narrow-scope improvements and practical expedients (ASU 2016-12) as well as on the revenue recognition criteria and other technical corrections (ASU 2016-20). The Company has not yet selected a transition method and is currently evaluating the impact of the adoption of these ASUs on its consolidated financial position and results of operations.

In July 2015, the FASB issued ASU No. 2015-11, "Inventory (Topic 330): Simplifying the Measurement of Inventory," ("ASU 2015-11"). ASU 2015-11 amends the existing guidance to require that inventory should be measured at the lower of cost and net realizable value. Net realizable value is the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. Subsequent measurement is unchanged for inventory measured using last-in, first-out or the retail inventory method. ASU 2015-11 is effective for fiscal years beginning after December 15, 2016, including interim periods within those fiscal years. The adoption of ASU 2015- 011 is not expected to have a material impact on our consolidated financial statement or disclosures.

In February 2016, the FASB issued ASU No. 2016-02, "Leases (Topic 842)" ("ASU 2016-02"). ASU 2016-02 requires an entity to recognize assets and liabilities arising from a lease for both financing and operating leases. The ASU will also require new qualitative and quantitative disclosures to help investors and other financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018, with early adoption permitted. The Company is currently evaluating ASU 2016-02 and its impact on its consolidated financial statements.

In March 2016, the FASB issued ASU No. 2016-09, "Compensation – Stock Compensation (Topic 718)" ("ASU 2016-09"). ASU 2016-09 requires an entity to simplify several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. ASU 2016-09 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The adoption of ASU 2016- 009 is not expected to have a material impact on our consolidated financial statement or disclosures.

In August 2016, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") 2016-15, "Statement of Cash Flows (Topic 230) Classification of Certain Cash Receipts and Cash Payments" ("ASU 2016-15"). ASU 2016-15 will make eight targeted changes to how cash receipts and cash payments are presented and classified in the statement of cash flows. ASU 2016-15 is effective for fiscal years beginning after December 15, 2017. ASU 2016-15 requires adoption on a retrospective basis unless it is impracticable to apply, in which case the Company would be required to apply the amendments prospectively as of the earliest date practicable. The Company is currently evaluating ASU 2016- 15 and its impact on its consolidated financial statements or disclosures.

4. ECOTALITY ESTATE ACQUISITION

On December 31, 2014, the United States Bankruptcy Court, District Arizona ("Bankruptcy Court") issued a Confirmation Order Pursuant to Bankruptcy Rule 9024 in the Bankruptcy case, in regards to: Electric Transportation Engineering Corporation (Case No. 13-626), confirming a Plan of Reorganization of Electric Transport Engineering Corporation, whereby the Official Committee of Unsecured Creditors of the estate ("Creditors") would own 50% of the Reorganized Electric Transport Engineering Corporation ("Reorganized ETEC") in consideration, of foregoing the amounts formerly owed by the estate and the Company would own the remaining 50% of the Reorganized ETEC. The initial consideration as of December 31, 2014 was $1,000,000, consisting of an initial payment of $275,000 (including $70,000 to be paid on behalf of the estate directly to their professional service providers and $94,035 representing forbearance of a Blink receivable from the estate) and a subsequent cash payment of $725,000. On April 10, 2015, the consideration was amended to $1,200,000 consisting of an initial payment of $375,000 (including $280,965 to be paid on behalf of the estate directly to their professional service providers and $94,035 representing forbearance of a Blink network receivable from the estate) and a subsequent cash payment of $825,000 to the Creditors secured by 8,250 shares of Series B Convertible Preferred Stock issued in 2015 under the amendment. See Note 14 – Stockholders' Deficiency – Preferred Stock - Series B Convertible Preferred Stock for additional details.

As of December 31, 2016 and 2015 , the ECOtality estate consisted of no material assets, liabilities or business other than deferred tax assets associated with carryforward net operating losses ("NOLs"). Given that, as of December 31, 2016 and 2015 , there was no implemented plan to realize the benefit of those NOLs, the Company recorded a full valuation allowance against such deferred tax assets.

5. ASSETS AND LIABILITIES TRANSFERRED TO TRUST MORTGAGE – 350 GREEN

SUMMARY

On April 17, 2014, the Company's Board of Directors executed a resolution to form a trust mortgage relating to 350 Green. On May 29, 2014, the Company and EVSE Management LLC ("EVSE") entered into a Management Services Agreement and on June 27, 2014, EVSE purchased certain assets from 350 Green for total consideration of $860,836 which included a note receivable from Car Charging in the amount of $314,598. On September 8, 2014, the Company entered into an agreement among the trustee of 350 Green, an attorney, 350 Green and the Company whereby the Company would pay the legal fees incurred in connection with an action brought by 350 Green against JNS Power and Control Systems, Inc. ("JNS"). On September 30, 2014, the Company ("Assignor") entered into an Assignment Agreement with Green 350 Trust Mortgage LLC ("Assignee"), an entity formed by the trustee for the sole purpose to entering into this transaction, under which Assignor, the sole member of 350 Green, irrevocably assigned, sold and transferred 100% of the limited liability company membership interests in 350 Green to Assignee and Assignee accepted such transfer for nominal consideration of $100.

Through April 16, 2014, 350 Green was a wholly-owned subsidiary of the Company in which the Company had full control and was consolidated. Beginning on April 17, 2014, 350 Green was deemed to be a VIE and, therefore, we continued to consolidate 350 Green. On July 8, 2015, the Company and the trustee of 350 Green agreed to settle the note receivable in the amount of $314,598 for $25,000 in full satisfaction of the note. On September 9, 2015, the United States Court of Appeals for the Seventh Circuit of Chicago, Illinois affirmed the ruling of the United States District Court for the Northern District of Illinois in the matter of JNS Power & Control Systems, Inc. v. 350 Green, LLC in favor of JNS. REGISTRATION RIGHTS PENALTY

In connection with the sale of the Company's Common Stock and warrants during the year ended December 31, 2013, the Company granted the purchasers and the placement agents registration rights on the Common Stock and warrants within 60 days of the date of the sale of the stock, as amended. The Stock Purchase Agreement ("SPA") provided for a penalty provision of 1% of the gross proceeds for each month that the shares are not registered, not to exceed 10%. The Securities and Exchange Commission ("SEC") notified the Company that it could not review its registration statement until such time as the Company furnished two years of audited financial statements of 350 Green and ECOtality as the acquisitions were deemed significant. The Company sought a waiver of the audit requirement but the SEC denied the granting of a waiver. On February 5, 2015, the holders of a majority of the shares affected by the registration rights penalty granted the Company the option to satisfy the accrued registration rights penalty and related interest as of December 23, 2014 totaling $1,724,823 in Series C Convertible Preferred Stock with a stated value of $100 per share, in lieu of cash. The Company elected this option which required the Company to pay a 20% premium causing the liability to increase to $1,850,188, exclusive of interest of $219,600. On February 10, 2015, the Company issued 20,414 shares of Series C Convertible Preferred Stock and on March 31, 2015, the Company issued the remaining 283 shares of Series C Convertible Preferred Stock, such that there was no liability related to the 2013 SPA as of December 31, 2015.

In connection with the sale of the Company's Series C Convertible Preferred Stock, the Company granted the purchasers certain registration rights. As of December 31, 2015, the Company had not yet filed a registration statement under the Securities Act of 1933. On November 7, 2016, the Company filed a registration statement under the Securities Act of 1933 but, as of December 31, 2016, the registration statement has not been declared effective by the SEC. The registration rights agreements entered into with the Series C Convertible Preferred Stock purchasers provide that the Company has to pay liquidated damages equal to 1% of all Series C subscription amounts received on the date the Series C resale registration statement was due to be filed pursuant to such registration rights agreements. The Company is required to pay such penalty each month thereafter until the resale registration statement is filed and once filed the Company has 30 days for the registration statement to be deemed effective otherwise the penalty resumes each month until the terms are met. The maximum liquidated damages amount is 10% of all Series C subscription amounts received. Failure to pay such liquidated damages results in interest on such damages at a rate of 18% per annum becoming due. As a result, the Company accrued $967,928 and $728,750 of Series C Convertible Preferred Stock registration rights damages at December 31, 2016 and 2015, respectively.

At the point in time that the Series C Convertible Preferred Stock is no longer outstanding, the super voting rights are automatically reinstated.

SERIES B CONVERTIBLE PREFERRED STOCK

On April 21, 2015, the Company designated 10,000 shares of Series B Convertible Preferred Stock with a par value of $0.001 and a stated value of $100 per share. The Series B Convertible Preferred Stock has no voting rights except under limited conditions. The holders of Series B Convertible Preferred Stock and the holders of Series C Convertible Preferred Stock, shall proportionately be entitled to receive out of the assets, whether capital or surplus, of the Company an amount in cash equal to the stated value for each respective share of Series B Convertible Preferred Stock or Series C Convertible Preferred Stock before any payments or distributions are made to holders of Series A Convertible Preferred Stock or holders of Common Stock. As of December 31, 2015, the liquidation preference for the 8,250 issued and outstanding shares of Series B Convertible Preferred Stock was equal to $825,000. The holder of the Series B Convertible Preferred Stock is entitled to redeem: (i) 2,750 shares on December 31, 2016; (ii) 2,750 shares on December 31, 2017; and (iii) 2,750 shares on December 31, 2018. However, the Company may choose not to honor the redemption request, in which case the holder becomes entitled to immediately, or anytime thereafter, convert the Series B Convertible Preferred Stock into Common Stock by dividing the aggregate stated value by the conversion price. The conversion price is equal to the average closing price of the prior 30 trading days as of the date of the request to convert. The Company may, at any time, elect to redeem all or part of the Series B Convertible Preferred Stock at the stated value.

During the year ended December 31, 2015, the Company issued 8,250 shares of Series B Convertible Preferred Stock to the Creditors of ECOtality as partial consideration for the strategic transaction to acquire a 50% interest in ECOtality. In addition, the parties entered into a tax sharing agreement which stipulates that any benefit that CCGI realizes from the use of the ECOtality net operating loss carryforwards ("NOLs"), up to $925,000, must be paid to the ECOtality estate and such payments would result in the cancellation of a commensurate stated value amount of Series B Convertible Preferred Stock. After reviewing the terms of the Series B Convertible Preferred Stock and the embedded conversion option ("ECO"), the Company determined that the Series B Convertible Preferred Stock is classified as temporary equity and the ECO is not bifurcated, is not accounted for as a derivative and is not a beneficial conversion feature. The temporary equity classification of the Series B Convertible Preferred Stock is in accordance with ASC 480-10-s99 - Distinguishing Liabilities from Equity – Overall – SEC Materials and Accounting Series Release ("ASR") 268 – Presentation in Financial Statements of "Redeemable Preferred Stock", as the Company does not control settlement by delivery of its own shares of Common Stock because there is no cap on the number of shares of Common Stock that could potentially be issuable upon redemption and therefore cash settlement is presumed.

On December 31, 2016, the Company received a notice of redemption from the creditors committee of the ECOtality estate to redeem 2,750 shares of Series B Convertible Preferred Stock for $275,000. As of December 31, 2016, the redemption amount remained outstanding. The Company has the option to settle the redemption request either by the repayment in cash or by the issuance of shares of Common Stock. As of December 31, 2016, the liquidation preference for the Series B Convertible Preferred Stock amounted to $825,000.

PREFERRED STOCK - CONTINUED

On December 23, 2014, a total of 250,000 shares of Series C Convertible Preferred Stock have been designated for issuance under the Certificate of Designations, Preferences and Rights of Series C Convertible Preferred Stock (the "Series C Certificate of Designation"). The shares of Series C Convertible Preferred Stock have a stated value of $100 per share with an initial conversion price of $35.00 per common share (subject to adjustment as provided in the Series C Certificate of Designation). The Series C Convertible Preferred Stock may, at the option of the purchaser, be converted at any time or from time to time into fully paid and nonassessable shares of Common Stock at the conversion price in effect at the time of conversion ("Holder Redemption Request"); provided, that a holder of Series C Convertible Preferred Stock may at any given time convert only up to that number of shares of Series C Convertible Preferred Stock so that, upon conversion, the aggregate beneficial ownership of the Company's Common Stock as calculated, (pursuant to Rule 13d-3 of the Securities Exchange Act) of such purchaser and all persons affiliated with such purchaser, is not more than 9.99% of the Company's Common Stock then outstanding. The number of shares into which one share of Series C Convertible Preferred Stock shall be convertible is determined by dividing the stated value of $100 per share by the initial Conversion Price of $35.00 per common share (subject to appropriate adjustment for certain events, as defined). Shares of the Series C Convertible Preferred Stock shall receive dividends at a quarterly rate payable in either cash or additional shares of Series C Convertible Preferred Stock. If the dividend is paid in cash, the quarterly dividend payment shall be equal to 2% of the stated value per share for each of the then outstanding shares of Series C Convertible Preferred Stock (the "Cash Dividend Rate"). If, however, the quarterly dividend is paid in shares of Series C Convertible Preferred Stock, the quarterly dividend payment shall be equal to 2.5% of the stated value per share for each of the then outstanding shares of Series C Convertible Preferred Stock (the "Stock Dividend Rate"). In the event that the Company chooses to not honor the Holder Redemption Request, the Cash Dividend Rate and the Stock Dividend Rate shall thereafter be increase by a multiple of two, commencing in the first quarter following the Holder Redemption Request. In the event of a liquidation, the Series C Convertible Preferred Stock is also entitled to a liquidation preference equal to the stated value plus any accrued and unpaid dividends. Except as otherwise required by law, the holders of shares of Series C Convertible Preferred Stock shall vote on an as-if-converted-to-common-stock basis with the Common Stock . However, as long as any shares of Series C Convertible Preferred Stock are outstanding, the Company shall not take certain actions, as defined, without the prior written consent of at least 60% of the then outstanding Series C Convertible Preferred Stock. At any time following the second anniversary following the issuance of the Series C Convertible Preferred Stock, at the option of the holder, each share of Series C Convertible Preferred Stock shall be redeemable at the option of the holder for an amount equal to the stated value plus all accrued but unpaid dividends plus 1% per month, compounded monthly from the closing date.

The Series C Convertible Preferred Stock holders shall be entitled to receive out of the assets, whether capital or surplus, of the Company an amount in cash equal to the stated value, plus any accrued and unpaid dividends thereon at the Cash Dividend Rate and any other fees or liquidated damages then due and owing thereon under the Series C Certificate of Designation, for each share of Series C Convertible Preferred Stock before any distribution or payment shall be made to the holders of Series A Convertible Preferred Stock or any junior securities, and if the assets of the Company shall be insufficient to pay in full such amounts, then the entire assets to be distributed to the holders shall be ratably distributed among the holders in accordance with the respective amounts that would be payable on such shares if all amounts payable thereon were paid in full. After payment of the stated value, plus any accrued and unpaid dividends thereon, to each holder, the remaining balance of any proceeds from the Liquidation shall be allocated to the holders, holders of Series A Convertible Preferred Stock and holders of any Common Stock on an as-if-converted-to-common-stock basis.

The Series C Convertible Preferred Stock is not mandatorily redeemable, because the instrument does not embody an unconditional obligation requiring the issuer to redeem the instrument at a specified or determinable date or upon an event that is certain to occur. The Series C Convertible Preferred Stock is contingently redeemable anytime following the second anniversary of its issuance. Accordingly, the Series C Convertible Preferred Stock is be classified as permanent equity. Because the embedded conversion option is clearly and closely related to the equity host, even though it has adjustment provisions that causes it not to be indexed to the Company's own stock, it is not bifurcated and is not accounted for as a derivative liability.

STOCK WARRANTS

See Note 11 – Notes Payable for details associated with the issuance of warrants. See Note 9 – Accrued Expenses – Warrants Payable and Note 13 – Fair Value Measurement for details associated with the issuances of warrants to the former members of Beam and for the relevant warrant valuation assumptions. See Note 13 – Stockholders' Deficiency – Preferred Stock - Series C Convertible Preferred Stock for details associated with issuances of warrants in connection with a securities purchase agreement.

On February 25, 2015, the Company entered into an agreement with certain investors in the October 2013 financing whereby the investors were issued warrants to purchase 66,735 shares of the Company's Common Stock at an exercise price of $35.00 per share which vested immediately, expire five years from the date of issuance and contain weighted average anti-dilution and fundamental transaction provisions, as defined. These additional warrants represent the warrants the investors would have received as a result of the December 23, 2014 financing had they not previously surrendered their anti-dilution protection during 2014. The warrants, which were classified as derivative liabilities, had an aggregate fair value of $275,908, which was recognized immediately. Additionally, as a result of the December 23, 2014 financing, the exercise price of warrants to purchase an aggregate of 392,000 shares of Common Stock issued to the October 2013 and December 2013 investors was reduced to $35.00 per share. As the warrants are classified as derivative liabilities, the impact of the modification was included within change in fair value of warrant liabilities on the consolidated statement of operations during the year ended December 31, 2015.

During the year ended December 31, 2016, the Company agreed to extend the maturity date of warrants to purchase an aggregate of 51,800 shares of Common Stock with an exercise price of $112.50 per share by eighteen (18) months in exchange for the warrant holders' consent to rescind a fundamental transactions provision. As a result, the Company recorded warrant modification expense of $6,838 during the year ended December 31, 2016.

During the year ended December 31, 2016, the Company recorded warrant modification expense of $457 related to the extension of the expiration date of warrants to purchase 500 shares of Common Stock.

15. INCOME TAXES

The Company is subject to U.S. federal and various state income taxes.

The income tax provision (benefit) for the years ended December 31, 2016 and 2015 consists of the following:

	For The Years Ended December 31,	
	2016	**2015**
Federal:		
Current	$ -	$ -
Deferred	(2,562,884)	(3,704,115)
State and local:		
Current	-	-
Deferred	(301,516)	1,496,815
	(2,864,400)	(2,207,300)
Change in valuation allowance	2,864,400	2,207,300
Income tax provision (benefit)	$ -	$ -

No current tax provision has been recorded for the years ended December 31, 2016 and 2015 because the Company had net operating losses for federal and state tax purposes. The net operating loss carryovers may be subject to annual limitations under Internal Revenue Code Section 382, and similar state provisions, should there be a greater than 50% ownership change as determined under the applicable income tax regulations. The amount of the limitation would be determined based on the value of the company immediately prior to the ownership change and subsequent ownership changes could further impact the amount of the annual limitation. An ownership change pursuant to Section 382 may have occurred in the past or could happen in the future, such that the NOLs available for utilization could be significantly limited. The Company will perform a Section 382 analysis in the future. The related increase in the deferred tax asset was offset by the valuation allowance.

A reconciliation of the statutory federal income tax rate to the Company's effective tax rate is as follows:

	For The Years Ended December 31,	
	2016	**2015**
Tax benefit at federal statutory rate	(34.0)%	(34.0)%
State income taxes, net of federal benefit	(4.0)%	(4.0)%
Permanent differences	1.2%	(11.1)%
Prior period adjustments	0.0%	(1.1)%
Other	(0.4)%	23.4%
Change in valuation allowance	37.2%	26.8%
Effective income tax rate	0.0%	0.0%

The Company has determined that a valuation allowance for the entire net deferred tax asset is required. A valuation allowance is required if, based on the weight of evidence, it is more likely than not that some or the entire portion of the deferred tax asset will not be realized. After consideration of all the evidence, both positive and negative, management has determined that a full valuation allowance is necessary to reduce the deferred tax asset to zero, the amount that will more likely not be realized.

350 GREEN, LLC

350 Green lawsuits relate solely to alleged pre-acquisition unpaid debts of 350 Green. Also, there are other unpaid creditors, aside from those noted above, that claim to be owed certain amounts for pre-acquisition work done on behalf of 350 Green solely, that potentially could file lawsuits at some point in the future.

CCGI and 350 Holdings will seek to be dismissed from the litigation, because, as the complaint is currently plead, there is no legal basis to hold CCGI or 350 Green liable for a contract to which they are not parties. As of December 31, 2016 and 2015, an amount of $112,500 is included in accounts payable of 350 Green. The parties held a mediation conference on May 15, 2015, but no settlement was reached. The Company settled with Sheetz in principal on February 10, 2017 with the formal documentation being signed on March 1, 2017. The settlement involved a combination of DC charging equipment, installation, charging services, shared driver charging revenue and maintenance for two systems in exchange for no further legal action amongst 350 Green, 350 Holdings or the Company.

On September 9, 2015, the United States Court of Appeals for the Seventh Circuit of Chicago, Illinois affirmed the ruling of the United States District Court for the Northern District of Illinois in the matter of JNS Power & Control Systems, Inc. v. 350 Green, LLC in favor of JNS, which affirmed the sale of certain assets by 350 Green to JNS and the assumption of certain 350 Green liabilities by JNS. On April 7, 2016, JNS amended the complaint to add the Company alleging an unspecified amount of lost revenues from the chargers, among other matters, caused by the defendants. Plaintiff also seeks indemnity for its unspecified costs in connection with enforcing the Asset Purchase Agreement in courts in New York and Chicago. The parties concluded their efforts to mediate a settlement before Magistrate Judge Kim without achieving a settlement. Settlement discussions are ongoing between the parties. The next status hearing on the matter is set for May 31, 2017.

On February 23, 2017, Blink entered into an Exclusive Electronic Vehicle Charging Services Agreement with Sheetz for a five (5) year term. Pursuant to the agreement, Blink shall remit to Sheetz gross revenue generated by electric vehicle charging fees and advertising, minus (i) any and all taxes, (ii) 8% transaction fees, (iii) $18.00 per charger per month; and (iv) any electricity costs incurred by Blink ((i), (ii), (iii), and (iv) being referred to as the "Service Fees"). In the event the aggregate gross revenues are insufficient to cover the Service Fees incurred in a given month by the charging stations, such unpaid Service Fees will accrue to the following month. The agreement is subject to an automatic five year renewal unless written notice for the contrary is provided.

OTHER MATTER

On May 12, 2016, the SEC filed a complaint with the United States District Court in the Central District of California wherein the SEC alleges that an attorney who previously served as securities counsel to the Company was involved in a fraudulent scheme to create and sell seven (7) public "shell" companies. The SEC's complaint indicates that one of the shell companies, New Image Concepts, Inc. ("NIC") was the subject of the Company's December 7, 2009 reverse merger, wherein following the merger, NIC was renamed Car Charging Group, Inc. The Company is not named as a defendant in the SEC's complaint and, based on internal review and discussions, there were and are no continuing affiliations between any employees, directors, or investors of the pre-merger shell company and the Company. The Company has determined that no current or past employees of the Company were involved with the former shell company and it does not expect any additional actions to be necessary with respect to this matter.

With respect to the securities and purchase agreement dated October 7, 2016, on March 23, 2017, the parties agreed to amend the terms of the securities and purchase agreement and promissory note as follows:

The maturity date of the note is the earlier of May 15, 2017 or third business day after the closing of the Public Offering.

With respect to the Origination Shares, on the fifth (5th) trading day after the pricing of the Public Offering, but in no event later than May 15, 2017, or, if the Listing Approval End Date is February 28, 2017, in no event later than March 31, 2017, the Company shall deliver to the purchaser such number of duly and validly issued, fully paid and non-assessable Origination Shares equal to 48% of the consideration paid by the purchaser, divided by the lowest of (i) $35.00 per share, or (ii) the lowest daily closing price of the Common Stock during the ten days prior to delivery of the Origination Shares (subject to adjustment for stock splits), or (iii) 80% of the Common Stock offering price of the Public Offering, or (iv) 80% of the unit price offering price of the Public Offering (if applicable), or (v) the exercise price of any warrants issued in the Public Offering. In the event that the Public Offering is not completed before May 15, 2017, so long as purchaser owns any of the Origination Shares at the time of a subsequent

public offering where the pricing terms above would result in a lower Origination Share pricing, the Origination Shares pricing shall be subject to a reset based on the same above pricing terms (such that the Origination Shares issuance price would be reduced and the number of Origination Shares issued would be increased to equal the Origination Dollar Amount). Unless otherwise agreed by both parties, at no time will the Company issue to the purchaser such number of Origination Shares that would result in the purchaser owning more than 9.99% of the number of shares of Common Stock outstanding of the Issuer immediately after giving effect to the issuance of the Origination Shares.

CONVERTIBLE NOTES - CONTINUED

Amendment - Continued

The purchaser conditionally waives the defaults for the Company's failure to meet the original maturity date of the note and delivery date for the Origination Shares, but the purchaser does not waive any damages, fees, penalties, liquidated damages, or other amounts or remedies otherwise resulting from such defaults (which damages, fees, penalties, liquidated damages, or other amounts or remedies the Investor may choose in the future to assess, apply or pursue in its sole discretion) and the purchaser's conditional waiver is conditioned on the Company's not being in default of and not breaching any term of the note or the securities purchase agreement or any other Transaction Documents (as defined in the securities purchase agreement) at any time subsequent to the date of the amendment. If the Company triggers an event of default or breaches any term of the note, the securities purchase agreement, or the Transaction Documents at any time subsequent to the date of the amendment, the purchaser may issue a notice of default for the Company's failure to meet the original maturity date of the note and delivery date of the Origination Shares.

With the exception of the securities that are not affected by the Reverse Stock Split, all share and per share information has been retroactively adjusted to give effect to the Reverse Stock Split for all periods presented, unless otherwise indicated.

CAR CHARGING GROUP, INC. & SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

1. BUSINESS ORGANIZATION AND NATURE OF OPERATIONS

Car Charging Group, Inc. ("CCGI") was incorporated on October 3, 2006 under the laws of the State of Nevada as New Image Concepts, Inc. On December 7, 2009, New Image Concepts, Inc. changed its name to Car Charging Group, Inc.

CCGI, through its wholly-owned subsidiaries (collectively, the "Company" or "Car Charging"), acquires and installs electric vehicle ("EV") charging stations and shares servicing fees received from customers that use the charging stations with the property owner(s), on a property by property basis. In addition, the Company sells hardware and enters into individual arrangements for this purpose with various property owners, which may include municipalities, garage operators, hospitals, multi-family properties, shopping malls and facility owner/operators.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim financial information and with the instructions to Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all of the information and disclosures required by U.S. GAAP for annual financial statements. In the opinion of management, such statements include all adjustments (consisting only of normal recurring items) which are considered necessary for a fair presentation of the condensed consolidated financial statements of the Company as of March 31, 2017 and for the three months then ended. The results of operations for the three months ended March 31, 2017 are not necessarily indicative of the operating results for the full year ending December 31, 2017 or any other period. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and related disclosures of the Company as of December 31, 2016 and for the year then ended, which were filed with the Securities and Exchange Commission ("SEC") on Form 10-K on April 14, 2017 .

2. GOING CONCERN AND MANAGEMENT'S PLANS

As of March 31, 2017 , the Company had a cash balance, a working capital deficiency and an accumulated deficit of $2,988, $18,989,258 and $84,169,514, respectively. During the three months ended March 31, 2017, the Company incurred a net loss of $3,097,732. These conditions raise substantial doubt about the Company's ability to continue as a going concern within a year after the issuance date of this filing.

Since inception, the Company's operations have primarily been funded through proceeds received in equity and debt financings. Although management believes that the Company has access to capital resources, there are currently no commitments in place for new financing at this time, except as described below, and there is no assurance that the Company will be able to obtain funds on commercially acceptable terms, if at all. There is also no assurance that the amount of funds the Company might raise will enable the Company to complete its development initiatives or attain profitable operations. If the Company is unable to obtain additional financing on a timely basis, it may have to curtail its development, marketing and promotional activities, which would have a material adverse effect on the Company's business, financial condition and results of operations, and ultimately the Company could be forced to discontinue its operations and liquidate.

The accompanying condensed consolidated financial statements have been prepared in conformity with U.S. GAAP, which contemplate continuation of the Company as a going concern and the realization of assets and satisfaction of liabilities in the normal course of business. The condensed consolidated financial statements do not include any adjustment that might become necessary should the Company be unable to continue as a going concern.

Subsequent to March 31, 2017 , the Company received an aggregate of $695,000 associated with the issuance of a convertible note payable. In addition, pursuant to a convertible note, an additional $999,900 of funding could be released to the Company upon the completion of certain contractually defined milestones. See Note 5 – Notes Payable – Convertible and Other and Notes and Note 10 – Subsequent Events – Convertible Note for additional details. There can be no assurance that the Company will be successful in attaining the defined milestones. The Company is currently funding its operations on a month-to-month basis. While there can be no assurance that it will be successful, the Company is in active negotiations to raise additional capital.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PRINCIPLES OF CONSOLIDATION

The condensed consolidated financial statements include the accounts of CCGI and its wholly-owned subsidiaries, including Car Charging, Inc., Beam Charging LLC ("Beam"), EV Pass LLC ("EV Pass"), Blink Network LLC ("Blink") and Car Charging China Corp. ("Car Charging China"). All intercompany transactions and balances have been eliminated in consolidation.

Through April 16, 2014, 350 Green LLC ("350 Green") was a wholly-owned subsidiary of the Company in which the Company had full voting control and was therefore consolidated. Beginning on April 17, 2014, when 350 Green's assets and liabilities were transferred to a trust mortgage, 350 Green became a Variable Interest Entity ("VIE"). The consolidation guidance relating to accounting for VIEs requires an enterprise to perform an analysis to determine whether the enterprise's variable interest or interests give it a controlling financial interest in a variable interest entity and perform ongoing reassessments of whether an enterprise is the primary beneficiary of a VIE. The Company determined that it is the primary beneficiary of 350 Green, and as such, 350 Green's assets, liabilities and results of operations are included in the Company's condensed consolidated financial statements.

USE OF ESTIMATES

Preparation of financial statements in conformity with U.S. GAAP requires management to make estimates, judgments and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, together with amounts disclosed in the related notes to the financial statements. The Company's significant estimates used in these financial statements include, but are not limited to, stock-based compensation, accounts receivable reserves, warranty reserves, inventory valuations, the valuation allowance related to the Company's deferred tax assets, the carrying amount of intangible assets, estimates of future EV sales and the effects thereon, derivative liabilities and the recoverability and useful lives of long-lived assets. Certain of the Company's estimates could be affected by external conditions, including those unique to the Company and general economic conditions. It is reasonably possible that these external factors could have an effect on the Company's estimates and could cause actual results to differ from those estimates.

ACCOUNTS RECEIVABLE

Accounts receivable are carried at their contractual amounts, less an estimate for uncollectible amounts. As of March 31, 2017, and December 31, 2016, there was an allowance for uncollectable amounts of $19,848 and $42,349, respectively. Management estimates the allowance for bad debts based on existing economic conditions, the financial conditions of the customers, and the amount and age of past due accounts. Receivables are considered past due if full payment is not received by the contractual due date. Past due accounts are generally written off against the allowance for bad debts only after all collection attempts have been exhausted.

INVENTORIES

Inventory is comprised of electric charging stations and related parts, which are available for sale or for warranty requirements. Inventories are stated at the lower of cost or market. Cost is determined by the first-in, first-out method. Inventory that is sold to third parties is included within cost of sales and inventory that is installed on the premises of participating owner/operator properties, where the Company retains ownership, is transferred to fixed assets at the carrying value of the inventory. The Company periodically reviews for slow-moving, excess or obsolete inventories. Products that are determined to be obsolete, if any, are written down to net realizable value. Based on the aforementioned periodic reviews, the Company recorded an inventory reserve for slow-moving, excess or obsolete inventories of $188,000 and $154,000 as of March 31, 2017 and December 31, 2016, respectively.

As of March 31, 2017, and December 31, 2016, the Company's inventory was comprised solely of finished goods and parts that are available for sale.

FIXED ASSETS

Fixed assets are stated at cost, net of accumulated depreciation and amortization which is recorded commencing at the in-service date using the straight-line method over the estimated useful lives of the assets. Accumulated depreciation and amortization as of March 31, 2017 and December 31, 2016 was $4,870,795 and $4,726,861, respectively.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

INTANGIBLE ASSETS

Intangible assets were acquired in conjunction with the acquisitions of Beam, EV Pass, and Blink during 2013 and were recorded at their fair value at such time. Trademarks are amortized on a straight-line basis over their useful life of ten years. Patents are amortized on a straight-line basis over the lives of the patent (twenty years or less), commencing when the patent is approved and placed in service on a straight-line basis. Accumulated amortization related to intangible assets as of March 31, 2017 and December 31, 2016 was $36,339 and $33,759, respectively.

DERIVATIVE FINANCIAL INSTRUMENTS

The Company evaluates its convertible instruments to determine if those contracts or embedded components of those contracts qualify as derivative financial instruments to be separately accounted for in accordance with Topic 815 of the FASB ASC . The accounting treatment of derivative financial instruments requires that the Company record the conversion options and warrants at their fair values as of the inception date of the agreement and at fair value as of each subsequent balance sheet date. Any change in fair value is recorded as non-operating, non-cash income or expense for each reporting period at each balance sheet date. Conversion options are recorded as a discount to the host instrument and are amortized as interest expense over the life of the underlying instrument. The Company reassesses the classification of its derivative instruments at each balance sheet date. If the classification changes as a result of events during the period, the contract is reclassified as of the date of the event that caused the reclassification.

The Binomial Lattice Model was used to estimate the fair value of the warrants that are classified as derivative liabilities on the condensed consolidated balance sheets. The model includes subjective input assumptions that can materially affect the fair value estimates. The expected volatility is estimated based on the most recent historical period of time equal to the weighted average life of the warrants.

SEQUENCING POLICY

Under ASC 815-40-35, the Company has adopted a sequencing policy whereby, in the event that reclassification of contracts from equity to assets or liabilities is necessary pursuant to ASC 815 due to the Company's inability to demonstrate it has sufficient authorized shares, shares will be allocated on the basis of the earliest issuance date of potentially dilutive instruments, with the earliest grants receiving the first allocation of shares.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company measures the fair value of financial assets and liabilities based on the guidance of ASC 820 "Fair Value Measurements and Disclosures" ("ASC 820") which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements.

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 describes three levels of inputs that may be used to measure fair value:

Level 1 — quoted prices in active markets for identical assets or liabilities

Level 2 — quoted prices for similar assets and liabilities in active markets or inputs that are observable

Level 3 — inputs that are unobservable (for example, cash flow modeling inputs based on assumptions)

The carrying amounts of the Company's financial instruments , such as cash and cash equivalents, accounts receivable and accounts payable approximate fair values due to the short-term nature of these instruments. The carrying amount of the Company's notes payable approximates fair value because the effective yields on these obligations, which include contractual interest rates, taken together with other features such as concurrent issuance of warrants, are comparable to rates of returns for instruments of similar credit risk.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

REVENUE RECOGNITION

The Company recognizes revenue when it is realized or realizable and earned. The Company considers revenue realized or realizable and earned when all of the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) the services have been rendered to the customer, (iii) the sales price is fixed or determinable, and (iv) collectability is reasonably assured. Accordingly, when a customer completes use of a charging station, the service can be deemed rendered and revenue may be recognized based on the time duration of the session or kilowatt hours drawn during the session. Sales of EV stations are recognized upon shipment to the customer, free on board shipping point, or the point of customer acceptance.

Governmental grants and rebates pertaining to revenues and periodic expenses are recognized as income when the related revenue and/or periodic expense are recorded. Government grants and rebates related to EV charging stations and their installation are deferred and amortized in a manner consistent with the related depreciation expense of the related asset over their useful lives.

For arrangements with multiple elements, which is comprised of (1) a charging unit, (2) installation of the charging unit, (3) maintenance and (4) network fees, revenue is recognized dependent upon whether vendor specific objective evidence ("VSOE") of fair value exists for separating each of the elements. The Company determined that VSOE exists for both the delivered and undelivered elements of the company's multiple-element arrangements. The Company limited their assessment of fair value to either (a) the price charged when the same element is sold separately or (b) the price established by management having the relevant authority.

CONCENTRATIONS

During the three months ended March 31, 2017 and 2016, revenues generated from Entity C represented approximately 10% and 13%, respectively, of the Company's total revenue. During the three months ended March 31, 2017, revenues generated from Entity D represented approximately 16% of the Company's total revenue. The Company generated charging service revenues from a customer (Entity C) and equipment sales revenue from a customer (Entity D). As of March 31, 2017, and December 31, 2016, accounts receivable from Entity C were 11% and 18%, respectively, of total accounts receivable.

RECLASSIFICATIONS

Certain prior year balances have been reclassified in order to conform to current year presentation. These reclassifications have no effect on previously reported results of operations or loss per share.

STOCK-BASED COMPENSATION

The Company measures the cost of services received in exchange for an award of equity instruments based on the fair value of the award. For employees, the fair value of the award is measured on the grant date and for non-employees, the fair value of the award is measured on the measurement date and re-measured on vesting dates and interim financial reporting dates until the service period is complete. The fair value amount is then recognized over the period during which services are required to be provided in exchange for the award, usually the vesting period. Awards granted to non-employee directors for their service as a director are treated on the same basis as awards granted to employees. The Company computes the fair value of equity-classified warrants and options granted using the Black-Scholes option pricing model.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

NET LOSS PER COMMON SHARE

Basic net loss per common share is computed by dividing net loss by the weighted average number of vested shares of Common Stock outstanding during the period. Diluted net loss per share of Common Stock is computed by dividing net loss by the weighted average number vested of shares of Common Stock, plus the net impact of shares of Common Stock (computed using the treasury stock method), if dilutive, resulting from the exercise of outstanding stock options and warrants, plus the conversion of preferred stock and convertible notes.

The following Common Stock equivalents are excluded from the calculation of weighted average dilutive shares of Common Stock because their inclusion would have been anti-dilutive:

	March 31,	
	2017	2016
Preferred stock	1,065,289	1,012,710
Warrants	1,118,018	1,157,624
Options	148,233	154,000
Convertible notes	17,002	1,020
Total potentially dilutive shares	2,348,542	2,325,354

COMMITMENTS AND CONTINGENCIES

Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated.

LITIGATION AND DISPUTES

The Company records legal costs associated with loss contingencies as incurred and accrues for all probable and estimable settlements.

REGISTRATION RIGHTS PENALTY

In connection with the sale of the Company's Series C Convertible Preferred Stock, the Company granted the purchasers certain registration rights. On November 7, 2016, the Company filed a registration statement under the Securities Act of 1933 but, as of March 31, 2017, the registration statement had not been declared effective by the SEC. The registration rights agreements entered into with the Series C Convertible Preferred Stock purchasers provide that the Company has to pay liquidated damages equal to 1% of all Series C subscription amounts received on the date the Series C resale registration statement was due to be filed pursuant to such registration rights agreements. The Company is required to pay such penalty each month thereafter until the resale registration statement is filed and once filed the Company has 30 days for the registration statement to be deemed effective otherwise the penalty resumes each month until the terms are met . The maximum liquidated damages amount is 10% of all Series C subscription amounts received. Failure to pay such liquidated damages results in interest on such damages at a rate of 18% per annum becoming due. As a result, the Company accrued $1,003,944 and $967,928 of Series C Convertible Preferred Stock registration rights damages at March 31, 2017 and December 31, 2016, respectively. Subsequent to March 31, 2017, the Company issued Series C Convertible Preferred Stock in satisfaction of the liability. WARRANTY PAYABLE

The Company provides a limited product warranty against defects in materials and workmanship for its Blink residential and commercial chargers, ranging in length from one to two years. The Company accrues for estimated warranty costs at the time of revenue recognition and records the expense of such accrued liabilities as a component of cost of sales. Estimated warranty costs are based on historical product data and anticipated future costs. Should actual failure rates differ significantly from estimates, the impact of these unforeseen costs would be recorded as a change in estimate in the period identified. Warranty expenses for the three months ended March 31, 2017 and 2016 were $19,147 and $71,116, respectively.

ACCRUED ISSUABLE EQUITY

In connection with the issuance of a convertible note payable in 2016, the Company is obligated to issue to the purchaser shares of Common Stock equal to 48% of the consideration paid by the purchaser. The Company must issue such shares on the earlier of (i) the fifth (5th) trading day after the pricing of the Public Offering and (ii) May 15, 2017. As of March 31, 2017, the purchaser paid aggregate consideration of $1,805,100 to the Company but the Company had not yet issued the Common Stock to the purchaser. 5. NOTES PAYABLE

CONVERTIBLE AND OTHER NOTES

Amendment of Promissory Note

With respect to the securities and purchase agreement dated October 7, 2016, on March 23, 2017, the parties agreed to amend the terms of the securities and purchase agreement and promissory note as follows:

The maturity date of the note is the earlier of May 15, 2017 or third business day after the closing of the Public Offering. Subsequent to March 31, 2017, the maturity date was extended to the earlier of June 15, 2017 or the third business day after the closing of the Public Offering. See Note 10 – Subsequent Events – Convertible Notes for additional details.

With respect to the Origination Shares, on the fifth (5th) trading day after the pricing of the Public Offering, but in no event later than May 15, 2017, or, if the Listing Approval End Date is February 28, 2017, in no event later than March 31, 2017, the Company shall deliver to the purchaser such number of duly and validly issued, fully paid and non-assessable Origination Shares equal to 48% of the consideration paid by the purchaser, divided by the lowest of (i) $35.00 per share, or (ii) the lowest daily closing price of the Common Stock during the ten days prior to delivery of the Origination Shares (subject to adjustment for stock splits), or (iii) 80% of the Common Stock offering price of the Public Offering, or (iv) 80% of the unit price offering price of the Public Offering (if applicable), or (v) the exercise price of any warrants issued in the Public Offering. In the event that the Public Offering is not completed before May 15, 2017, so long as purchaser owns any of the Origination Shares at the time of a subsequent public offering where the pricing terms above would result in a lower Origination Share pricing, the Origination Shares pricing shall be subject to a reset based on the same above pricing terms (such that the Origination Shares issuance price would be reduced and the number of Origination Shares issued would be increased to equal the Origination Dollar Amount). Unless otherwise agreed by both parties, at no time will the Company issue to the purchaser such number of Origination Shares that would result in the purchaser owning more than 9.99% of the number of shares of Common Stock outstanding of the Issuer immediately after giving effect to the issuance of the Origination Shares.

The purchaser conditionally waives the defaults for the Company's failure to meet the original maturity date of the note and delivery date for the Origination Shares, but the purchaser does not waive any damages, fees, penalties, liquidated damages, or other amounts or remedies otherwise resulting from such defaults (which damages, fees, penalties, liquidated damages, or other amounts or remedies the Investor may choose in the future to assess, apply or pursue in its sole discretion) and the purchaser's conditional waiver is conditioned on the Company's not being in default of and not breaching any term of the note or the securities purchase agreement or any other Transaction Documents (as defined in the securities purchase agreement) at any time subsequent to the date of the amendment. If the Company triggers an event of default or breaches any term of the note, the securities purchase agreement, or the Transaction Documents at any time subsequent to the date of the amendment, the purchaser may issue a notice of default for the Company's failure to meet the original maturity date of the note and delivery date of the Origination Shares.

A company owned by its Executive Chairman, such company is referred to as "FGI", and the Company's Chief Operating Officer ("COO") have made certain claims for historical unpaid compensation pursuant to their Fee/Commission Agreements with the Company. During November 2016, the Company's Board of Directors quantified the total claims to be approximately $475,000 for each party and, upon further analysis, determined the Company's reasonable estimate of the aggregate liability is $500,000 (estimated as $375,000 payable in cash and $125,000 payable in stock options). The Company's Board of Directors continues to investigate this claim, but has not reached any conclusions or new estimates of the aggregate liability. The estimated aggregate liability of $500,000 was accrued and is included within accrued expenses on the condensed balance sheet as of March 31, 2017. See Note 4 – Accrued Expenses.

In addition, FGI has made a claim that expired warrants to purchase an aggregate of 114,667 shares of Common Stock should be replaced pursuant to an agreement with the Company. LITIGATION AND DISPUTES

On July 28, 2015, a Notice of Arbitration was received stating ITT Cannon has a dispute with Blink for the manufacturing and purchase of 6,500 charging cables by Blink, which had not taken delivery or made payment on the contract price of $737,425. ITT Cannon also seeks to be paid the cost of attorney's fees as well as punitive damages. The Company contends that the product was not in accordance with the specifications in the purchase order and, as such, believes the claim is without merit. The parties have agreed on a single arbitrator. The arbitration hearing is currently scheduled for July 26, 2017 through July 28, 2017. The parties began initial depositions in February and will continue through the period leading to the arbitration hearing. In parallel however, the parties had settlement discussions on February 28, 2017. As of May 8, 2017, settlement agreement drafts have been exchanged between Blink, Car Charging and ITT reflecting stock valued at $200,000 and, as a result, the Company accrued for the liability as of March 31, 2017. The amount of shares will be determined and priced on the day of closing of our contemplated public offering. For this, ITT would relinquish to Car Charging all of the remaining inventory of the EV charging cable assemblies originally valued at $737,425. Typical stock restrictions and/or stock bleed out agreements may be imposed affecting the final settlement figure. On May 10, 2017, the parties had a case management conference in which they informed the arbitrator that they are attempting to settle the case.

On April 8, 2016, Douglas Stein filed a Petition for Fee Arbitration with the State Bar of Georgia against the Company for breach of contract for failure to pay invoices in the amount of $178,893 for legal work provided. The invoices have been accrued for in the periods in which the services were provided. The Company has responded to the claim and is simultaneously pursuing settlement options. The parties failed to settle after numerous attempts. On February 15, 2017, the case was brought to the Georgia Arbitration Committee. On February 26, 2017, The Stein Law firm was awarded a summary judgment for $178,893. The Company may appeal the decision and/or offer stock and/or cash in exchange for the awarded judgment at a later date.

On May 18, 2016, the Company was served with a complaint from Solomon Edwards Group, LLC for breach of written agreement and unjust enrichment for failure to pay invoices in the amount of $172,645 for services provided, plus interest and costs. The invoices have been accrued for in the periods in which the services were provided. The Company has responded to the claim and is simultaneously pursuing settlement options. Subsequent to March 31, 2017, the Company issued 7,281 shares of Common Stock to Solomon Edwards Group, LLC in partial satisfaction of the past due amount, which amount is included in Note 10 – Subsequent Events –Common Stock.

From time to time, the Company is a defendant or plaintiff in various legal actions that arise in the normal course of business.

350 GREEN, LLC

350 Green lawsuits relate solely to alleged pre-acquisition unpaid debts of 350 Green. Also, there are other unpaid creditors, aside from those noted above, that claim to be owed certain amounts for pre-acquisition work done on behalf of 350 Green solely, that potentially could file lawsuits at some point in the future.

On August 7, 2014, 350 Green received a copy of a complaint filed by Sheetz, a former vendor of 350 Green alleging breach of contract and unjust enrichment of $112,500. The complaint names 350 Green, 350 Holdings LLC and CCGI in separate breach of contract counts and names all three entities together in an unjust enrichment claim. CCGI and 350 Holdings will seek to be dismissed from the litigation, because, as the complaint is currently plead, there is no legal basis to hold CCGI or 350 Green liable for a contract to which they are not parties. As of March 31, 2017 and December 31, 2016, an amount of $112,500 is included in accounts payable of 350 Green. The parties held a mediation conference on May 15, 2015, but no settlement was reached. The Company settled with Sheetz in principal on February 10, 2017 with the formal documentation being signed on March 1, 2017. The settlement involved a combination of DC charging equipment, installation, charging services, shared driver charging revenue and maintenance for two systems in exchange for no further legal action amongst 350 Holdings or the Company.

On September 9, 2015, the United States Court of Appeals for the Seventh Circuit of Chicago, Illinois affirmed the ruling of the United States District Court for the Northern District of Illinois in the matter of JNS Power & Control Systems, Inc. v. 350 Green, LLC in favor of JNS, which affirmed the sale of certain assets by 350 Green to JNS and the assumption of certain 350 Green liabilities by JNS. On April 7, 2016, JNS amended the complaint to add the Company alleging an unspecified amount of lost revenues from the chargers, among other matters, caused by the defendants. Plaintiff also seeks indemnity for its unspecified costs in connection with enforcing the Asset Purchase Agreement in courts in New York and Chicago. On April 28, 2017 , the parties concluded their efforts to mediate a settlement before Magistrate Judge Kim without achieving a settlement. Settlement discussions are ongoing between the parties. The next status hearing on the matter is set for May 31, 2017.

10. SUBSEQUENT EVENTS

CONVERTIBLE NOTES

Issuances

With respect to the securities and purchase agreement dated October 7, 2016, as amended on March 23, 2017 and May 15, 2017, subsequent to March 31, 2017, the Company received additional advances of an aggregate of $695,000 under the note. Pursuant to the terms of the note, the Company issued warrants to purchase an aggregate of 19,857 shares of the Company's Common Stock with an aggregate exercise price of $695,000.

Amendment of Promissory Note

With respect to the securities and purchase agreement dated October 7, 2016, as amended on March 23, 2017, on May 15, 2017, the parties agreed to amend the terms of the securities and purchase agreement and promissory note as follows:

The maturity date of the note is the earlier of June 15, 2017 or third business day after the closing of the Public Offering.

With respect to the Origination Shares, on the fifth (5th) trading day after the pricing of the Public Offering, but in no event later than June 15, 2017, the Company shall deliver to the purchaser such number of duly and validly issued, fully paid and non-assessable Origination Shares equal to 48% of the consideration paid by the purchaser, divided by the lowest of (i) $35.00 per share, or (ii) the lowest daily closing price of the Common Stock during the ten days prior to delivery of the Origination Shares (subject to adjustment for stock splits), or (iii) 80% of the Common Stock offering price of the Public Offering, or (iv) 80% of the unit price offering price of the Public Offering (if applicable), or (v) the exercise price of any warrants issued in the Public Offering. In the event that the Public Offering is not completed before June 15, 2017, so long as purchaser owns any of the Origination Shares at the time of a subsequent public offering where the pricing terms above would result in a lower Origination Share pricing, the Origination Shares pricing shall be subject to a reset based on the same above pricing terms (such that the Origination Shares issuance price would be reduced and the number of Origination Shares issued would be increased to equal the Origination Dollar Amount). Unless otherwise agreed by both parties, at no time will the Company issue to the purchaser such number of Origination Shares that would result in the purchaser owning more than 9.99% of the number of shares of Common Stock outstanding of the Issuer immediately after giving effect to the issuance of the Origination Shares.

The purchaser conditionally waives the defaults for the Company's failure to meet the original and previously amended maturity date of the note and delivery date for the Origination Shares, but the purchaser does not waive any damages, fees, penalties, liquidated damages, or other amounts or remedies otherwise resulting from such defaults (which damages, fees, penalties, liquidated damages, or other amounts or remedies the Investor may choose in the future to assess, apply or pursue in its sole discretion) and the purchaser's conditional waiver is conditioned on the Company's not being in default of and not breaching any term of the note or the securities purchase agreement or any other Transaction Documents (as defined in the securities purchase agreement) at any time subsequent to the date of the amendment. If the Company triggers an event of default or breaches any term of the note, the securities purchase agreement, or the Transaction Documents at any time subsequent to the date of the amendment, the purchaser may issue a notice of default for the Company's failure to meet the original maturity date of the note and delivery date of the Origination Shares.

Item 14. Indemnification of Directors and Officers

Limitation of Liability and Indemnification of Officers and Directors

Nevada Law

Nevada Corporation Law limits or eliminates the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties as directors. Our bylaws include provisions that require the company to indemnify our directors or officers against monetary damages for actions taken as a director or officer of our Company. We are also expressly authorized to carry directors' and officers' insurance to protect our directors, officers, employees and agents for certain liabilities. Our articles of incorporation do not contain any limiting language regarding director immunity from liability.

The limitation of liability and indemnification provisions under the Nevada Corporation Law and our bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duties. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. However, these provisions do not limit or eliminate our rights, or those of any stockholder, to seek non-monetary relief such as injunction or rescission in the event of a breach of a director's fiduciary duties. Moreover, the provisions do not alter the liability of directors under the federal securities laws. In addition, your investment may be adversely affected to the extent that, in a class action or direct suit, we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

Indemnification Agreements

We have entered into separate indemnification agreements with our directors and executive officers, in addition to indemnification provided for in our bylaws. These agreements, among other things, provide for indemnification of our directors and executive officers for certain expenses, judgments, fines and settlement amounts, among others, incurred by such person in any action or proceeding arising out of such person's services as a director or executive officer in any capacity. We believe that these provisions in our bylaws and indemnification agreements are necessary to attract and retain qualified persons as directors and executive officers.

The above description of the indemnification provisions of our bylaws and our indemnification agreements is not complete and is qualified in its entirety by reference to these documents, each of which is incorporated by reference as an exhibit to this prospectus.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling our Company pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Item 15. Recent Sales of Unregistered Securities

The following sets forth information regarding all unregistered securities sold by us in transactions that were exempt from the requirements of the Securities Act in the last three years. Except where noted, all of the securities discussed in this Item 15 were all issued in reliance on the exemption under Section 4(a)(2) of the Securities Act.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(2) That for the purpose of determining any liability under the Securities Act of 1933 each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) The undersigned Registrant hereby undertakes to provide to the underwriters at the closing specified in the underwriting agreement certificates in such denominations and registered in such names as required by the underwriters to permit prompt delivery to each purchaser.

(7) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the provisions described in Item 14 above, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(8) The undersigned Registrant hereby undertakes:

(i) That for purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the Registrant pursuant to Rule 424(b)(1) or (4), or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(ii) That for the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and this offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Pursuant to the requirements of the Securities Act of 1933, the Registrant has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized in the City of Los Gatos, California, on July 6, 2017.

d) Mechanics of Conversion

i. Delivery of Conversion Shares Upon Conversion. Not later than three (3) Trading Days after each Conversion Date (the "Share Delivery Date"), the Corporation shall deliver, or cause to be delivered, to the converting Holder the number of Conversion Shares being acquired upon the conversion of the Preferred Stock.

ii. Failure to Deliver Conversion Shares. If, in the case of any Notice of Conversion, such Conversion Shares are not delivered to or as directed by the applicable Holder by the Share Delivery Date, the Holder shall be entitled to elect by written notice to the Corporation at any time on or before its receipt of such Conversion Shares, to rescind such Conversion, in which event the Corporation shall promptly return to the Holder any original Preferred Stock certificate delivered to the Corporation and the Holder shall promptly return to the

Corporation the Conversion Shares issued to such Holder pursuant to the rescinded Conversion Notice.

iii. Reservation of Shares Issuable Upon Conversion. The Corporation covenants that it will at all times reserve and keep available out of its authorized and unissued shares of Common Stock for the sole purpose of issuance upon conversion of the Preferred Stock, free from preemptive rights or any other actual contingent purchase rights of Persons other than the Holder, not less than such aggregate number of shares of the Common Stock as shall be issuable upon the conversion of the then outstanding shares of Preferred Stock. The Corporation covenants that all shares of Common Stock that shall be so issuable shall, upon issue, be duly authorized, validly issued, fully paid and nonassessable.

iv. Fractional Shares. No fractional shares or scrip representing fractional shares shall be issued upon the conversion of the Preferred Stock. As to any fraction of a share which the Holder would otherwise be entitled to purchase upon such conversion, the Corporation shall at its election, either pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the Conversion Price or round up to the next whole share.

Section 7. Redemption.

a) Redemption at Option of Holder.

i. The Holder shall be entitled to redeem: (a) 2,750 shares of Preferred Stock on December 31, 2016 (the "2016 Redemption Date"); (b) 2,750 shares of Preferred Stock on December 31, 2017 (the "2017 Redemption Date"); and (c) 2,750 shares of Preferred Stock on December 31, 2018 (the "2018 Redemption Date," together with the 2016 Redemption Date and the 2017 Redemption Date, the "Redemption Dates" and each a "Redemption Date") provided, however, that in the event of a Remaining Deposit Default, each Redemption Date shall be shortened by one year such that the 2016 Redemption Date shall now become December 31, 2015, the 2017 Redemption Date shall not become December 31, 2016 and the 2018 Redemption Date shall now become December 31, 2017. On each respective Redemption Date, the specific number of shares of Preferred Stock may be redeemed, at the request of the Holder, at a price equal to 100% of the Stated Value (the "Holder Redemption Request"). In the event that the Corporation chooses not to honor the Holder Redemption Request, the Holder shall be entitled to convert such shares of Preferred Stock that are

associated with each Redemption Date into Common Stock pursuant to the provisions in Section 6, above.

ii. Holders shall effect the redemption by providing the Corporation with the form of conversion notice attached hereto as Annex B (a "Holder Notice of Redemption"). Each Notice of Redemption shall specify the number of shares of Preferred Stock owned prior to the redemption at issue, which date may not be prior to the date the applicable Holder delivers by facsimile such Holder Notice of Redemption to the Corporation (such date, the "Holder Redemption Date"). If no Holder Redemption Date is specified in a Holder Notice of Redemption, the Holder Redemption Date shall be the date that such Holder Notice of Redemption to the Corporation is deemed delivered hereunder. No ink-original Holder Notice of Redemption shall be required, nor shall any medallion guarantee (or other type of guarantee or notarization) of any Holder Notice of Redemption form be required. The calculations and entries set forth in the Notice of Conversion shall control in the absence of manifest or mathematical error.

iii. A Holder Notice of Redemption may be withdrawn at any time prior to the Corporation's acceptance and effectuation of the requested redemption.

b) Redemption at Option of the Corporation.

i. The Corporation will have the right, at the Corporation's option exercisable at any time and from time to time, to redeem all or any portion of the shares of Preferred Stock, at a price per share equal to 100% of the Stated Value (the "Redemption Amount"). In the event the Corporation redeems any shares of the Preferred Stock, the Holders of such redeemed shares shall be entitled to receive the Stated Value, in full.

ii. Upon receipt by any Holder of a notice of redemption at the option of the Corporation, such Holder will promptly submit to the Corporation such Holder's Preferred Stock certificates. Upon receipt of such Holder's Preferred Stock certificates, the Corporation will pay the Redemption Amount to such Holder in cash.

Section 8. Merger or Combination. If, at any time while this Preferred Stock is outstanding, the Corporation, directly or indirectly, in one or more related transactions effects any merger or other combination (a "Fundamental Transaction"), then the Holder shall have the right to receive, for and in lieu of each Conversion Share that would have been issuable upon

such conversion immediately prior to the occurrence of such Fundamental Transaction, the number of shares of Common Stock of the successor or acquiring corporation or of the Corporation.

Section 9. Miscellaneous.

a) Cancellation of the Series B Preferred Stock. Upon the occurrence of the "Termination Date" as defined in the Tax Sharing Agreement, each share of unconverted Preferred Stock and any outstanding Conversion Shares issued to and held by Holder, shall be deemed immediately cancelled and shall no longer be deemed to be issued and outstanding Preferred Stock.

b) Failure to Pay Remaining Deposit. If the Remaining Deposit, including any Additional Deposit, is not paid by the Deposit Deadline (as each such term is defined in the Confirmation Order, subject only to the agreement of the parties placed upon the record before the Bankruptcy Court on January 22, 2015) is not paid as provided for under the Confirmation Order, and the Trustee delivers a notice to the Corporation no later than May 1, 2015 of such failure to pay (a "Remaining Deposit Default"), then the Corporation shall issue additional shares of the Preferred Stock equal to amount of the Remaining Deposit and the Additional Amount that has not been paid divided by the Stated Value.

c) Notices. Any and all notices or other communications or deliveries to be provided by the Holders hereunder including, without limitation, any Notice of Conversion, shall be in writing and delivered personally, by facsimile, or sent by a nationally recognized overnight courier service, addressed to the Corporation, at the address set forth above or such other address as the Corporation may specify for such purposes by notice to the Holders delivered in accordance with this Section 9. Any and all notices or other communications or deliveries to be provided by the Corporation hereunder shall be in writing and delivered personally, by facsimile, or sent by a nationally recognized overnight courier service addressed to each Holder at the facsimile number or address of such Holder appearing on the books of the Corporation, or if no such facsimile number or address appears on the books of the Corporation, at the principal place of business of such Holder. Any notice or other communication or deliveries hereunder shall be deemed given and effective on the earliest of (i) the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number set forth in this Section prior to 5:30 p.m. (New York City time) on any date, (ii) the next Trading Day after the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number set forth in this Section on a day that is not a Trading Day or later than 5:30 p.m. (New York City time) on any Trading Day, (iii)

the second Trading Day following the date of mailing, if sent by U.S. nationally recognized overnight courier service, or (iv) upon actual receipt by the party to whom such notice is required to be given.

d) Absolute Obligation. Except as expressly provided herein, no provision of this Certificate of Designation shall alter or impair the obligation of the Corporation, which is absolute and unconditional, to pay liquidated damages, accrued dividends and accrued interest, as applicable, on the shares of Preferred Stock at the time, place, and rate, and in the coin or currency, herein prescribed.

e) Lost or Mutilated Preferred Stock Certificate. If a Holder's Preferred Stock certificate shall be mutilated, lost, stolen or destroyed, the Corporation shall execute and deliver, in exchange and substitution for and upon cancellation of a mutilated certificate, or in lieu of or in substitution for a lost, stolen or destroyed certificate, a new certificate for the shares of Preferred Stock so mutilated, lost, stolen or destroyed, but only upon receipt of evidence of such loss, theft or destruction of such certificate, and of the ownership hereof reasonably satisfactory to the Corporation.

f) Waiver. Any waiver by the Corporation or a Holder of a breach of any provision of this Certificate of Designation shall not operate as or be construed to be a waiver of any other breach of such provision or of any breach of any other provision of this Certificate of Designation or a waiver by any other Holders. The failure of the Corporation or a Holder to insist upon strict adherence to any term of this Certificate of Designation on one or more occasions shall not be considered a waiver or deprive that party (or any other Holder) of the right thereafter to insist upon strict adherence to that term or any other term of this Certificate of Designation on any other occasion. Any waiver by the Corporation or a Holder must be in writing.

g) Severability. If any provision of this Certificate of Designation is invalid, illegal or unenforceable, the balance of this Certificate of Designation shall remain in effect, and if any provision is inapplicable to any Person or circumstance, it shall nevertheless remain applicable to all other Persons and circumstances. If it shall be found that any interest or other amount deemed interest due hereunder violates the applicable law governing usury, the applicable rate of interest due hereunder shall automatically be lowered to equal the maximum rate of interest permitted under applicable law.

h) Next Business Day. Whenever any payment or other obligation hereunder shall be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day.

i) Headings. The headings contained herein are for convenience only, do not constitute a part of this Certificate of Designation and shall not be deemed to limit or affect any of the provisions hereof.

j) Status of Converted, Redeemed or Cancelled Preferred Stock. Shares of Preferred Stock may only be issued pursuant to the terms hereof. If any shares of Preferred Stock shall be converted, redeemed, cancelled or reacquired by the Corporation, such shares shall resume the status of authorized but unissued shares of preferred stock and shall no longer be designated as Preferred Stock.

IN WITNESS WHEREOF, the undersigned has executed this Amended and Restated Certificate of Designation as of April 21, 2015.

Re: **Agreement to Convert –Series A Preferred Stock**

Dear Mr. Farkas :

You are being sent this letter (the "Letter Agreement") as you are currently the holder of Series A Preferred shares of Car Charging Group, Inc. (the "Company"). Reference is made to transaction documents entered into by and among Car Charging Group, Inc. and you pursuant to which you acquired Series A Preferred Stock (the "Transaction Documents").

Our Current Financing

As you may be aware, the Company is currently in the process of pursuing a public offering of its securities to raise up to $20,000,000 and list its securities onto the NASDAQ (the "Offering"). The Company has filed a registration statement on Form S-1 related to the Offering which is being led by Joseph Gunnar & Co. The registration statement relating to these securities has been filed with the Securities and Exchange Commission but has not yet become effective. These securities may not be sold nor may offers to buy be accepted prior to the time the registration statement becomes effective. A copy of the preliminary offering prospectus and registration statement related to the Offering can be found at www.sec.gov and may be obtained by writing to the Company at 3284 West 29 Court, Hollywood, Florida 33020, attention: CEO. In connection with the Offering and prior to its closing, the Company will be engaging in a reverse stock split pursuant to which the number of our shares of common stock, par value $0.001 per share (the "Common Stock"), issued and outstanding, will be reduced proportionately based on the reverse stock split ratio (the "Reverse Split"). The Company believes that attaining and maintaining the listing of our shares of Common Stock on NASDAQ is in the best interests of our Company and its stockholders, because if listed on NASDAQ, the Company believes that the liquidity in the trading of its Common Stock could be significantly enhanced, which could result in an increase in the trading price and may encourage investor interest and improve the marketability of our Common Stock to a broader range of investors. The Company is therefore contacting you and other holders of the Company's securities to request they convert their holdings into Common Stock.

What We Need From You

As of March 31, 2017 our records indicate that you own 10,000,000 Series A Preferred shares which are convertible into 25,000,000 shares of Common Stock. Under the terms of the Series A Preferred Stock Certificate of Designation, as amended, the Reverse Split will not result in a proportionate adjustment to the conversion ratio of the Series A Preferred Stock. By executing and delivering this Letter Agreement, you agree that, upon the Company's implementation of the Reverse Split, your 25,000,000 (as converted) shares of Common Stock will be reduced to 2,000,000 shares of Common Stock (the "Reverse Split Reduction").

In addition, by executing and delivering this Letter Agreement, you agree to accept shares of restricted common stock as described below as full compensation for all outstanding Series A Preferred shares, and any other amounts owed to you under any compensation associated with the Transaction Documents or any other agreements not referenced that may provide you with any rights to Series A Preferred shares.

You hereby agree to automatically convert upon closing of the Offering (the "Automatic Preferred Conversion"), your Series A Preferred shares into 2,000,000 restricted shares of Common Stock.

Upon the triggering of the Automatic Preferred Conversion, the Company shall send you prompt written notice (the "Automatic Preferred Conversion Notice") specifying the date upon which such conversion was effective (the "Effective Date") and the number of restricted shares of Common Stock to be issued to you upon conversion. The Automatic Preferred Conversion Notice will also contain instructions on surrendering to the Company your original Series A Preferred share certificates; provided, however, the Automatic Preferred Conversion shall be effective on the Effective Date whether or not you surrender your original Series A Preferred share certificates, which shall be null and void on the Effective Date.

By your agreement and acknowledgment below, this Letter Agreement shall serve as written confirmation that:

1. You agree to the terms of the Reverse Split Reduction and the Automatic Preferred Conversion.

2. You acknowledge and agree that upon the Automatic Preferred Conversion, the Series A Preferred Stock shall be cancelled.

3. You agree to the following lock-up conditions:

a. The Company and its Subsidiaries are in compliance with all U.S. federal, state, local and foreign laws and regulations relating to employment and employment practices, terms and conditions of employment and wages and hours, except where the failure to be in compliance could not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

(l) Compliance. Except as set forth in Schedule 3.1(l), neither the Company nor any Subsidiary: (i) is in default under or in violation of (and no event has occurred that has not been waived that, with notice or lapse of time or both, would result in a default by the Company or any Subsidiary under), nor has the Company or any Subsidiary received notice of a claim that it is in default under or that it is in violation of, any indenture, loan or credit agreement or any other agreement or instrument to which it is a party or by which it or any of its properties is bound (whether or not such default or violation has been waived), (ii) is in violation of any judgment, decree, or order of any court, arbitrator or other governmental authority or (iii) is or has been in material violation of any statute, rule, ordinance or regulation of any governmental authority, including without limitation all foreign, federal, state and local laws relating to taxes, environmental protection, occupational health and safety, product quality and safety and employment and labor matters.

(m) Regulatory Permits. The Company and the Subsidiaries possess all certificates, authorizations and permits issued by the appropriate federal, state, local or foreign regulatory authorities necessary to conduct their respective businesses as described in the SEC Reports, except where the failure to possess such permits could not reasonably be expected to result in a Material Adverse Effect ("Material Permits"), and neither the Company nor any Subsidiary has received any notice of proceedings relating to the revocation or modification of any Material Permit.

(n) Title to Assets. The Company and the Subsidiaries have good and marketable title in fee simple to all real property owned by them and good and marketable title in all personal property owned by them that is material to the business of the Company and the Subsidiaries, in each case free and clear of all Liens, except for (i) Liens as do not materially affect the value of such property and do not materially interfere with the use made and proposed to be made of such property by the Company and the Subsidiaries and (ii) Liens for the payment of federal, state or other taxes, for which appropriate reserves have been made therefor in accordance with GAAP and the payment of which is neither delinquent nor subject to penalties. Any real property and facilities held under lease by the Company and the Subsidiaries are held by them under valid, subsisting and enforceable leases with which the Company and the Subsidiaries are in compliance.

None of, and neither the Company nor any Subsidiary has received a notice (written or otherwise) that any of, the Intellectual Property Rights has expired, terminated or been abandoned, or is expected to expire or terminate or be abandoned, within two (2) years from the date of this Agreement and which the failure to do so could have a Material Adverse Effect. Neither the Company nor any Subsidiary has received, since the date of the latest audited financial statements included within the SEC Reports, a written notice of a claim or otherwise has any knowledge that the Intellectual Property Rights violate or infringe upon the rights of any Person, except as could not have or reasonably be expected to not have a Material Adverse Effect. To the knowledge of the Company, all such Intellectual Property Rights are enforceable and there is no existing infringement by another Person of any of the Intellectual Property Rights. The Company and its Subsidiaries have taken reasonable security measures to protect the secrecy, confidentiality and value of all of their intellectual properties, except where failure to do so could not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

(p) Insurance. The Company and the Subsidiaries are insured by insurers of recognized financial responsibility against such losses and risks and in such amounts as are prudent and customary in the businesses in which the Company and the Subsidiaries are engaged, including, but not limited to, directors and officers insurance coverage at least equal to the aggregate Subscription Amount. Neither the Company nor any Subsidiary has any reason to believe that it will not be able to renew its existing insurance coverage as and when such coverage expires or to obtain similar coverage from similar insurers as may be necessary to continue its business without a significant increase in cost.

(q) Transactions With Affiliates and Employees. Except as set forth in the SEC Reports, none of the officers or directors of the Company or any Subsidiary and, to the knowledge of the Company, none of the employees of the Company or any Subsidiary is presently a party to any transaction with the Company or any Subsidiary (other than for services as employees, officers and directors), including any contract, agreement or other arrangement providing for the furnishing of services to or by, providing for rental of real or personal property to or from, providing for the borrowing of money from or lending of money to or otherwise requiring payments to or from any officer, director or such employee or, to the knowledge of the Company, any entity in which any officer, director, or any such employee has a substantial interest or is an officer, director, trustee, stockholder, member or partner, in each case in excess of $50,000 other than for: (i) payment of salary or consulting fees for services rendered, (ii) reimbursement for expenses incurred on behalf of the Company and (iii) other employee benefits, including stock option agreements under any stock option plan of the Company.

The Company's certifying officers have evaluated the effectiveness of the disclosure controls and procedures of the Company and the Subsidiaries as of the end of the period covered by the most recently filed periodic report under the Exchange Act (such date, the "Evaluation Date"). The Company presented in its most recently filed periodic report under the Exchange Act the conclusions of the certifying officers about the effectiveness of the disclosure controls and procedures based on their evaluations as of the Evaluation Date. Since the Evaluation Date, there have been no changes in the internal control over financial reporting (as such term is defined in the Exchange Act) of the Company and its Subsidiaries that have materially affected, or is reasonably likely to materially affect, the internal control over financial reporting of the Company or its Subsidiaries.

No brokerage or finder's fees or commissions are or will be payable by the Company or any Subsidiary to any broker, financial advisor or consultant, finder, placement agent, investment banker, bank or other Person with respect to the transactions contemplated by the Transaction Documents. Assuming the accuracy of the Purchasers' representations and warranties set forth in Section 3.2, no registration under the Securities Act is required for the offer and sale of the Securities by the Company to the Purchasers as contemplated hereby. The Company is required to file periodic reports pursuant to Section 15(d) of the Exchange Act, and the Company has taken no action designed to, or which to its knowledge is likely to have the effect of, terminating the registration of the Common Stock under the Exchange Act nor has the Company received any notification that the Commission is contemplating terminating such registration. The Company has not, in the 12 months preceding the date hereof, received notice from any Trading Market on which the Common Stock is or has been listed or quoted to the effect that the Company is not in compliance with the listing or maintenance requirements of such Trading Market. The Company is, and has no reason to believe that it will not in the foreseeable future continue to be, in compliance with all such listing and maintenance requirements.

(x) Application of Takeover Protections. The Company and the Board of Directors have taken all necessary action, if any, in order to render inapplicable any control share acquisition, business combination, poison pill (including any distribution under a rights agreement) or other similar anti-takeover provision under the Company's certificate of incorporation (or similar charter documents) or the laws of its state of incorporation that is or could become applicable to the Purchasers as a result of the Purchasers and the Company fulfilling their obligations or exercising their rights under the Transaction Documents, including without limitation as a result of the Company's issuance of the Securities and the Purchasers' ownership of the Securities.

(y) Disclosure. Except with respect to the material terms and conditions of the transactions contemplated by the Transaction Documents, the Company confirms that neither it nor any other Person acting on its behalf has provided any of the Purchasers or their agents or counsel with any information that it believes constitutes or might constitute material, non-public information that would prevent the Purchasers from consummating the transaction contemplated hereby. The Company understands and confirms that the Purchasers will rely on the foregoing representation in effecting transactions in securities of the Company. All of the disclosure furnished by or on behalf of the Company to the Purchasers regarding the Company and its Subsidiaries, their respective businesses and the transactions contemplated hereby, including the Disclosure Schedules to this Agreement, is true and correct and does not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading. The press releases disseminated by the Company during the twelve months preceding the date of this Agreement taken as a whole do not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made and when made, not misleading. The Company acknowledges and agrees that no Purchaser makes or has made any representations or warranties with respect to the transactions contemplated hereby other than those specifically set forth in Section 3.2 hereof.

(z) No Integrated Offering. Assuming the accuracy of the Purchasers' representations and warranties set forth in Section 3.2, neither the Company, nor any of its Affiliates, nor any Person acting on its or their behalf has, directly or indirectly, made any offers or sales of any security or solicited any offers to buy any security, under circumstances that would cause this offering of the Securities to be integrated with prior offerings by the Company for purposes of (i) the Securities Act which would require the registration of any such securities under the Securities Act, or (ii) any applicable shareholder approval provisions of any Trading Market on which any of the securities of the Company are listed or designated.

(aa) Solvency. Except as set forth on Schedule 3.1(aa), based on the consolidated financial condition of the Company as of the Closing Date, after giving effect to the receipt by the Company of the proceeds from the sale of the Securities hereunder: (i) the fair saleable value of the Company's assets exceeds the amount that will be required to be paid on or in respect of the Company's existing debts and other liabilities (including known contingent liabilities) as they mature, (ii) the Company's assets do not constitute unreasonably small capital to carry on its business as now conducted and as proposed to be conducted including its capital needs taking into account the particular capital requirements of the business conducted by the Company, consolidated and projected capital requirements and capital availability thereof, and (iii) the current cash flow of the Company, together with the proceeds the Company would receive, were it to liquidate all of its assets, after taking into account all anticipated uses of the cash, would be sufficient to pay all amounts on or in respect of its liabilities when such amounts are required to be paid. The Company does not intend to incur debts beyond its ability to pay such debts as they mature (taking into account the timing and amounts of cash to be payable on or in respect of its debt). The Company has no knowledge of any facts or circumstances which lead it to believe that it will file for reorganization or liquidation under the bankruptcy or reorganization laws of any jurisdiction within one year from the Closing Date. Schedule 3.1(aa) sets forth as of the date hereof all outstanding secured and unsecured Indebtedness of the Company or any Subsidiary, or for which the Company or any Subsidiary has commitments. There are no unpaid taxes in any material amount claimed to be due by the taxing authority of any jurisdiction, and the officers of the Company or of any Subsidiary know of no basis for any such claim.

(cc) No General Solicitation. Neither the Company nor any person acting on behalf of the Company has offered or sold any of the Securities by any form of general solicitation or general advertising. The Company has offered the Securities for sale only to the Purchasers and certain other "accredited investors" within the meaning of Rule 501 under the Securities Act.

(dd) Foreign Corrupt Practices. Neither the Company nor any Subsidiary, to the knowledge of the Company or any Subsidiary, any agent or other person acting on behalf of the Company or any Subsidiary, has: (i) directly or indirectly, used any funds for unlawful contributions, gifts, entertainment or other unlawful expenses related to foreign or domestic political activity, (ii) made any unlawful payment to foreign or domestic government officials or employees or to any foreign or domestic political parties or campaigns from corporate funds, (iii) failed to disclose fully any contribution made by the Company or any Subsidiary (or made by any person acting on its behalf of which the Company is aware) which is in violation of law or (iv) violated in any material respect any provision of FCPA.

The Company acknowledges and agrees that each of the Purchasers is acting solely in the capacity of an arm's length purchaser with respect to the Transaction Documents and the transactions contemplated thereby. The Company further acknowledges that no Purchaser is acting as a financial advisor or fiduciary of the Company (or in any similar capacity) with respect to the Transaction Documents and the transactions contemplated thereby and any advice given by any Purchaser or any of their respective representatives or agents in connection with the Transaction Documents and the transactions contemplated thereby is merely incidental to the Purchasers' purchase of the Securities. The Company further represents to each Purchaser that the Company's decision to enter into this Agreement and the other Transaction Documents has been based solely on the independent evaluation of the transactions contemplated hereby by the Company and its representatives.

(hh) Regulation M Compliance. The Company has not, and to its knowledge no one acting on its behalf has, (i) taken, directly or indirectly, any action designed to cause or to result in the stabilization or manipulation of the price of any security of the Company to facilitate the sale or resale of any of the Securities, (ii) sold, bid for, purchased, or paid any compensation for soliciting purchases of, any of the Securities, or (iii) paid or agreed to pay to any Person any compensation for soliciting another to purchase any other securities of the Company.

3.2 Representations and Warranties of the Purchasers. Each Purchaser, for itself and for no other Purchaser, hereby represents and warrants as of the date hereof and as of the Closing Date to the Company as follows (unless as of a specific date therein):

(a) Organization; Authority. Such Purchaser is either an individual or an entity duly incorporated or formed, validly existing and in good standing under the laws of the jurisdiction of its incorporation or formation with full right, corporate, partnership, limited liability company or similar power and authority to enter into and to consummate the transactions contemplated by the Transaction Documents and otherwise to carry out its obligations hereunder and thereunder. The execution and delivery of the Transaction Documents and performance by such Purchaser of the transactions contemplated by the Transaction Documents have been duly authorized by all necessary corporate, partnership, limited liability company or similar action, as applicable, on the part of such Purchaser. Each Transaction Document to which it is a party has been duly executed by such Purchaser, and when delivered by such Purchaser in accordance with the terms hereof, will constitute the valid and legally binding obligation of such Purchaser, enforceable against it in accordance with its terms, except: (i) as limited by general equitable principles and applicable bankruptcy, insolvency, reorganization, moratorium and other laws of general application affecting enforcement of creditors' rights generally, (ii) as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies and (iii) insofar as indemnification and contribution provisions may be limited by applicable law.

(b) Own Account. Such Purchaser understands that the Securities are "restricted securities" and have not been registered under the Securities Act or any applicable state securities law and is acquiring the Securities as principal for its own account and not with a view to or for distributing or reselling such Securities or any part thereof in violation of the Securities Act or any applicable state securities law, has no present intention of distributing any of such Securities in violation of the Securities Act or any applicable state securities law and has no direct or indirect arrangement or understandings with any other persons to distribute or regarding the distribution of such Securities in violation of the Securities Act or any applicable state securities law (this representation and warranty not limiting such Purchaser's right to sell the Securities pursuant to the Registration Statement or otherwise in compliance with applicable federal and state securities laws). Such Purchaser is acquiring the Securities hereunder in the ordinary course of its business.

(c) Purchaser Status. At the time such Purchaser was offered the Securities, it was, and as of the date hereof it is, and on each date on which it exercises any Warrants, it will be either: (i) an "accredited investor" as defined in Rule 501(a)(1), (a)(2), (a)(3), (a)(7) or (a)(8) under the Securities Act or (ii) a "qualified institutional buyer" as defined in Rule 144A(a) under the Securities Act.

(d) Experience of Such Purchaser. Such Purchaser, either alone or together with its representatives, has such knowledge, sophistication and experience in business and financial matters so as to be capable of evaluating the merits and risks of the prospective investment in the Securities, and has so evaluated the merits and risks of such investment. Such Purchaser is able to bear the economic risk of an investment in the Securities and, at the present time, is able to afford a complete loss of such investment.

(e) General Solicitation. Such Purchaser is not purchasing the Securities as a result of any advertisement, article, notice or other communication regarding the Securities published in any newspaper, magazine or similar media or broadcast over television or radio or presented at any seminar or any other general solicitation or general advertisement.

(f) Opportunity to Obtain Information. Such Purchaser acknowledges that representatives of the Company have made available to such Purchaser the opportunity to review the books and records of the Company and its Subsidiaries and to ask questions of and receive answers from such representatives concerning the business and affairs of the Company and its Subsidiaries.

(g) Certain Transactions and Confidentiality. Other than consummating the transactions contemplated hereunder, such Purchaser has not directly or indirectly, nor has any Person acting on behalf of or pursuant to any understanding with such Purchaser, executed any purchases or sales, including Short Sales, of the securities of the Company during the period commencing as of the time that such Purchaser first received a term sheet (written or oral) from the Company or any other Person representing the Company setting forth the material terms of the transactions contemplated hereunder and ending immediately prior to the execution hereof. Notwithstanding the foregoing, in the case of a Purchaser that is a multi-managed investment vehicle whereby separate portfolio managers manage separate portions of such Purchaser's assets and the portfolio managers have no direct knowledge of the investment decisions made by the portfolio managers managing other portions of such Purchaser's assets, the representation set forth above shall only apply with respect to the portion of assets managed by the portfolio manager that made the investment decision to purchase the Securities covered by this Agreement. Other than to other Persons party to this Agreement, such Purchaser has maintained the confidentiality of all disclosures made to it in connection with this transaction (including the existence and terms of this transaction). Notwithstanding the foregoing, for avoidance of doubt, nothing contained herein shall constitute a representation or warranty, or preclude any actions, with respect to the identification of the availability of, or securing of, available shares to borrow in order to effect Short Sales or similar transactions in the future.

The Company acknowledges and agrees that the representations contained in Section 3.2 shall not modify, amend or affect such Purchaser's right to rely on the Company's representations and warranties contained in this Agreement or any representations and warranties contained in any other Transaction Document or any other document or instrument executed and/or delivered in connection with this Agreement or the consummation of the transaction contemplated hereby.

ARTICLE IV.
OTHER AGREEMENTS OF THE PARTIES

4.1 Transfer Restrictions.

(a) The Securities may only be disposed of in compliance with state and federal securities laws. In connection with any transfer of Securities other than pursuant to an effective registration statement or Rule 144, to the Company or to an Affiliate of a Purchaser or in connection with a pledge as contemplated in Section 4.1(b), the Company may require the transferor thereof to provide to the Company an opinion of counsel selected by the transferor and reasonably acceptable to the Company, the form and substance of which opinion shall be reasonably satisfactory to the Company, to the effect that such transfer does not require registration of such transferred Securities under the Securities Act. As a condition of transfer, any such transferee shall agree in writing to be bound by the terms of this Agreement and the Registration Rights Agreement and shall have the rights and obligations of a Purchaser under this Agreement and the Registration Rights Agreement.

(b) The Purchasers agree to the imprinting, so long as is required by this Section 4.1, of a legend on any of the Securities in the following form:

> NEITHER THE ISSUANCE AND SALE OF THE SECURITIES REPRESENTED BY THIS CERTIFICATE NOR THE SECURITIES INTO WHICH THESE SECURITIES ARE EXERCISABLE HAVE BEEN][THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN] REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR APPLICABLE STATE SECURITIES LAWS. THE SECURITIES MAY NOT BE OFFERED FOR SALE, SOLD, TRANSFERRED OR ASSIGNED (I) IN THE ABSENCE OF (A) AN EFFECTIVE REGISTRATION STATEMENT FOR THE SECURITIES UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR (B) AN OPINION OF COUNSEL TO THE HOLDER (IF REQUESTED BY THE COMPANY), IN A FORM REASONABLY ACCEPTABLE TO THE COMPANY, THAT REGISTRATION IS NOT REQUIRED UNDER SAID ACT OR (II) UNLESS SOLD OR ELIGIBLE TO BE SOLD PURSUANT TO RULE 144 OR RULE 144A UNDER SAID ACT. NOTWITHSTANDING THE FOREGOING, THE SECURITIES MAY BE PLEDGED IN CONNECTION WITH A BONA FIDE MARGIN ACCOUNT OR OTHER LOAN OR FINANCING ARRANGEMENT SECURED BY THE SECURITIES.

The Company acknowledges and agrees that a Purchaser may from time to time pledge pursuant to a bona fide margin agreement with a registered broker-dealer or grant a security interest in some or all of the Securities to a financial institution that is an "accredited investor" as defined in Rule 501(a) under the Securities Act and who agrees to be bound by the provisions of this Agreement and the Registration Rights Agreement and, if required under the terms of such arrangement, such Purchaser may transfer pledged or secured Securities to the pledgees or secured parties. Such a pledge or transfer would not be subject to approval of the Company and no legal opinion of legal counsel of the pledgee, secured party or pledgor shall be required in connection therewith. Further, no notice shall be required of such pledge. At the appropriate Purchaser's expense, the Company will execute and deliver such reasonable documentation as a pledgee or secured party of Securities may reasonably request in connection with a pledge or transfer of the Securities, including, if the Securities are subject to registration pursuant to the Registration Rights Agreement, the preparation and filing of any required prospectus supplement under Rule 424(b)(3) under the Securities Act or other applicable provision of the Securities Act to appropriately amend the list of Selling Stockholders (as defined in the Registration Rights Agreement) thereunder.

(c) Certificates evidencing the Common Shares and Warrant Shares shall not contain any legend (including the legend set forth in Section 4.1(b) hereof), (i) while a registration statement (including the Registration Statement) covering the resale of such security is effective under the Securities Act, (ii) following any sale of such Common Shares or Warrant Shares pursuant to Rule 144, (iii) if such Securities are eligible to be sold, assigned or transferred under Rule 144 (provided that a Purchaser provides the Company with reasonable assurances that such Securities are eligible for sale, assignment or transfer under Rule 144 which shall not include an opinion of Purchaser's counsel), or (iv) if such legend is not required under applicable requirements of the Securities Act (including judicial interpretations and pronouncements issued by the staff of the Commission). The Company shall cause its counsel to issue a legal opinion to the Transfer Agent promptly after the Effective Date if required by the Transfer Agent to effect the removal of the legend hereunder. If all or any portion of a Warrant is exercised at a time when there is an effective registration statement to cover the resale of the Warrant Shares, or if such Common Shares or Warrant Shares may be sold under Rule 144 and the Company is then in compliance with the current public information required under Rule 144, or if the Common Shares or Warrant Shares may be sold under Rule 144 without the requirement for the Company to be in compliance with the current public information required under Rule 144 as to such Common Shares or Warrant Shares or if such legend is not otherwise required under applicable requirements of the Securities Act (including judicial interpretations and pronouncements issued by the staff of the Commission) then such Common Shares and Warrant Shares shall be issued free of all legends. The Company agrees that following the Effective Date or at such time as such legend is no longer required under this Section 4.1(c), it will, no later than three Trading Days following the delivery by a Purchaser to the Company or the Transfer Agent of a certificate representing Common Shares or Warrant Shares, as the case may be, issued with a restrictive legend (such third Trading Day, the "Legend Removal Date"), deliver or cause to be delivered to such Purchaser a certificate representing such shares that is free from all restrictive and other legends. The Company may not make any notation on its records or give instructions to the Transfer Agent that enlarge the restrictions on transfer set forth in this Section 4. Certificates for Securities subject to legend removal hereunder shall be transmitted by the Transfer Agent to the Purchaser by crediting the account of the Purchaser's prime broker with the Depository Trust Company System as directed by such Purchaser.

(d) Each Purchaser, severally and not jointly with the other Purchasers, agrees with the Company that such Purchaser will sell any Securities pursuant to either the registration requirements of the Securities Act, including any applicable prospectus delivery requirements, or an exemption therefrom, and that if Securities are sold pursuant to a Registration Statement, they will be sold in compliance with the plan of distribution set forth therein, and acknowledges that the removal of the restrictive legend from certificates representing Securities as set forth in this Section 4.1 is predicated upon the Company's reliance upon this understanding.

4.2 Furnishing of Information; Public Information.

(a) If the Common Stock is not registered under Section 12(b) or 12(g) of the Exchange Act on the date hereof, the Company agrees to cause the Common Stock to be registered under Section 12(g) of the Exchange Act on or before the 120th calendar day following the date hereof. Until the earliest of the time that (i) no Purchaser owns Securities or (ii) the Warrants have expired, the Company covenants to maintain the registration of the Common Stock under Section 12(b) or 12(g) of the Exchange Act and to timely file (or obtain extensions in respect thereof and file within the applicable grace period) all reports required to be filed by the Company after the date hereof pursuant to the Exchange Act even if the Company is not then subject to the reporting requirements of the Exchange Act.

(b) At any time during the period commencing from the six (6) month anniversary of the date hereof and ending at such time that all of the Securities may be sold without the requirement for the Company to be in compliance with Rule 144(c)(1) and otherwise without restriction or limitation pursuant to Rule 144, if the Company shall fail for any reason to satisfy the current public information requirement under Rule 144(c) (a "Public Information Failure") then, in addition to such Purchaser's other available remedies, the Company shall pay to a Purchaser, in cash or in PIK Shares, as partial liquidated damages and not as a penalty, whether to pay in cash or in PIK Shares is at the Company's sole discretion, by reason of any such delay in or reduction of its ability to sell the Securities, an amount in cash equal to one percent (1.0%) of the aggregate Subscription Amount of such Purchaser's Securities on the day of a Public Information Failure and on every thirtieth (30th) day (pro rated for periods totaling less than thirty days) thereafter until the earlier of (a) the date such Public Information Failure is cured and (b) such time that such public information is no longer required for the Purchasers to transfer the Common Shares and Warrant Shares pursuant to Rule 144. The payments to which a Purchaser shall be entitled pursuant to this Section 4.2(b) are referred to herein as "Public Information Failure Payments." Public Information Failure Payments shall be paid on the earlier of (i) the last day of the calendar month during which such Public Information Failure Payments are incurred and (ii) the third (3rd) Business Day after the event or failure giving rise to the Public Information Failure Payments is cured. Nothing herein shall limit such Purchaser's right to pursue actual damages for the Public Information Failure, and such Purchaser shall have the right to pursue all remedies available to it at law or in equity including, without limitation, a decree of specific performance and/or injunctive relief.

4.3 Integration. The Company shall not sell, offer for sale or solicit offers to buy or otherwise negotiate in respect of any security (as defined in Section 2 of the Securities Act) that would be integrated with the offer or sale of the Securities in a manner that would require the registration under the Securities Act of the sale of the Securities or that would be integrated with the offer or sale of the Securities for purposes of the rules and regulations of any Trading Market such that it would require shareholder approval prior to the closing of such other transaction unless shareholder approval is obtained before the closing of such subsequent transaction.

4.4 Securities Laws Disclosure; Publicity. The Company shall (a) by 9:30 a.m. (New York City time) on the Trading Day immediately following the date hereof, issue a press release disclosing the material terms of the transactions contemplated hereby, and (b) file a Current Report on Form 8-K, including the Transaction Documents as exhibits thereto, with the Commission within the time required by the Exchange Act. From and after the issuance of such press release, the Company represents to the Purchasers that it shall have publicly disclosed all material, non-public information delivered to any of the Purchasers by the Company or any of its Subsidiaries, or any of their respective officers, directors, employees or agents in connection with the transactions contemplated by the Transaction Documents. The Company and each Purchaser shall consult with each other in issuing any other press releases with respect to the transactions contemplated hereby, and neither the Company nor any Purchaser shall issue any such press release nor otherwise make any such public statement without the prior consent of the Company, with respect to any press release of any Purchaser, or without the prior consent of each Purchaser, with respect to any press release of the Company, which consent shall not unreasonably be withheld or delayed, except if such disclosure is required by law, in which case the disclosing party shall promptly provide the other party with prior notice of such public statement or communication. Notwithstanding the foregoing, the Company shall not publicly disclose the name of any Purchaser, or include the name of any Purchaser in any filing with the Commission or any regulatory agency or Trading Market, without the prior written consent of such Purchaser, except: (a) as required by federal securities law in connection with (i) any registration statement contemplated by the Registration Rights Agreement and (ii) the filing of final Transaction Documents with the Commission and (b) to the extent such disclosure is required by law or Trading Market regulations, in which case the Company shall provide the Purchasers with prior notice of such disclosure permitted under this clause (b).

4.5 Shareholder Rights Plan. No claim will be made or enforced by the Company or, with the consent of the Company, any other Person, that any Purchaser is an "Acquiring Person" under any control share acquisition, business combination, poison pill (including any distribution under a rights agreement) or similar anti-takeover plan or arrangement in effect or hereafter adopted by the Company, or that any Purchaser could be deemed to trigger the provisions of any such plan or arrangement, by virtue of receiving Securities under the Transaction Documents or under any other agreement between the Company and the Purchasers.

4.6 Non-Public Information. Except with respect to the material terms and conditions of the transactions contemplated by the Transaction Documents, the Company covenants and agrees that neither it, nor any other Person acting on its behalf, will provide any Purchaser or its agents or counsel with any information that the Company believes constitutes material non-public information, unless prior thereto such Purchaser shall have entered into a written agreement with the Company regarding the confidentiality and use of such information. The Company understands and confirms that each Purchaser shall be relying on the foregoing covenant in effecting transactions in securities of the Company.

4.7 Use of Proceeds. The Company shall use the net proceeds from the sale of the Securities hereunder for working capital purposes.

4.8 Indemnification of Purchasers. Subject to the provisions of this Section, the Company will indemnify and hold each Purchaser and its directors, officers, shareholders, members, partners, employees and agents (and any other Persons with a functionally equivalent role of a Person holding such titles notwithstanding a lack of such title or any other title), each Person who controls such Purchaser (within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act), and the directors, officers, shareholders, agents, members, partners or employees (and any other Persons with a functionally equivalent role of a Person holding such titles notwithstanding a lack of such title or any other title) of such controlling persons (each, a "Purchaser Party") harmless from any and all losses, liabilities, obligations, claims, contingencies, damages, costs and expenses, including all judgments, amounts paid in settlements, court costs and reasonable attorneys' fees and costs of investigation that any such Purchaser Party may suffer or incur as a result of or relating to (a) any breach of any of the representations, warranties, covenants or agreements made by the Company in this Agreement or in the other Transaction Documents or (b) any action instituted against the Purchaser Parties in any capacity, or any of them or their respective Affiliates, by any stockholder of the Company who is not an Affiliate of such Purchaser Parties, with respect to any of the transactions contemplated by the Transaction Documents (unless such action is based upon a breach of such Purchaser Party's representations, warranties or covenants under the Transaction Documents or any agreements or understandings such Purchaser Parties may have with any such stockholder or any violations by such Purchaser Parties of state or federal securities laws or any conduct by such Purchaser Parties which constitutes fraud, gross negligence, willful misconduct or malfeasance). If any action shall be brought against any Purchaser Party in respect of which indemnity may be sought pursuant to this Agreement, such Purchaser Party shall promptly notify the Company in writing, and the Company shall have the right to assume the defense thereof with counsel of its own choosing reasonably acceptable to the Purchaser Party. Any Purchaser Party shall have the right to employ separate counsel in any such action and participate in the defense thereof, but the fees and expenses of such counsel shall be at the expense of such Purchaser Party except to the extent that (i) the employment thereof has been specifically authorized by the Company in writing, (ii) the Company has failed after a reasonable period of time to assume such defense and to employ counsel or (iii) in such action there is, in the reasonable opinion of counsel, a material conflict on any material issue between the position of the Company and the position of such Purchaser Party, in which case the Company shall be responsible for the reasonable fees and expenses of no more than one such separate counsel. The Company will not be liable to any Purchaser Party under this Agreement (y) for any settlement by a Purchaser Party effected without the Company's prior written consent, which shall not be unreasonably withheld or delayed; or (z) to the extent, but only to the extent that a loss, claim, damage or liability is attributable to any Purchaser Party's breach of any of the representations, warranties, covenants or agreements made by such Purchaser Party in this Agreement or in the other Transaction Documents. The indemnification required by this Section shall be made by periodic payments of the amount thereof during the course of the investigation or defense, as and when bills are received or are incurred. The indemnity agreements contained herein shall be in addition to any cause of action or similar right of any Purchaser Party against the Company or others and any liabilities the Company may be subject to pursuant to law.

4.9 Listing of Common Stock. The Company hereby agrees to use best efforts to maintain the listing or quotation of the Common Stock on the Trading Market on which it is currently listed, and concurrently with the Closing, the Company shall apply to list or quote all of the Common Shares and Warrant Shares on such Trading Market and promptly secure the listing of all of the Common Shares and Warrant Shares on such Trading Market. The Company further agrees, if the Company applies to have the Common Stock traded on any other Trading Market, it will then include in such application all of the Common Shares and Warrant Shares, and will take such other action as is necessary to cause all of the Common Shares and Warrant Shares to be listed or quoted on such other Trading Market as promptly as possible. The Company will then take all action reasonably necessary to continue the listing or quotation and trading of its Common Stock on a Trading Market and will comply in all respects with the Company's reporting, filing and other obligations under the bylaws or rules of the Trading Market.

4.10 Right of Participation.

(a) In addition, for a period commencing on the Closing Date and terminating on the twelve (12) month anniversary of the Closing Date, the Company agrees not to participate in any offer or sale of equity or debt securities (a "Subsequent Financing") without offering to the Purchasers the opportunity to purchase up to a minimum of 35% of the securities offered in such Subsequent Financing (the "Participation Maximum") on the same terms, conditions and price provided for in the Subsequent Financing.

(b) At least five (5) Trading Days prior to the closing of the Subsequent Financing, the Company shall deliver to each Purchaser a written notice of its intention to effect a Subsequent Financing ("Pre-Notice"), which Pre-Notice shall ask such Purchaser if it wants to review the details of such financing (such additional notice, a "Subsequent Financing Notice"). Upon the request of a Purchaser, and only upon a request by such Purchaser, for a Subsequent Financing Notice, the Company shall promptly, but no later than one (1) Trading Day after such request, deliver a Subsequent Financing Notice to such Purchaser. The Subsequent Financing Notice shall describe in reasonable detail the proposed terms of such Subsequent Financing, the amount of proceeds intended to be raised thereunder and the Person or Persons through or with whom such Subsequent Financing is proposed to be effected and shall include a term sheet or similar document relating thereto as an attachment.

(c) Any Purchaser desiring to participate in such Subsequent Financing must provide written notice to the Company by not later than 5:30 p.m. (New York City time) on the fifth (5th) Trading Day after such Purchaser's receipt of the Pre-Notice, that such Purchaser is willing to participate in the Subsequent Financing, the amount of such Purchaser's participation, and representing and warranting that such Purchaser has such funds ready, willing, and available for investment on the terms set forth in the Subsequent Financing Notice. If the Company receives no such notice from a Purchaser as of such fifth (5th) Trading Day, such Purchaser shall be deemed to have notified the Company that it does not elect to participate.

(d) If by 5:30 p.m. (New York City time) on the fifth (5th) Trading Day after all of the Purchasers have received the Pre-Notice, notifications by the Purchasers of their willingness to participate in the Subsequent Financing (or to cause their designees to participate) cover, in the aggregate, less than the total amount of the Subsequent Financing, then the Company may effect the remaining portion of such Subsequent Financing on the terms and with the Persons set forth in the Subsequent Financing Notice.

(e) If by 5:30 p.m. (New York City time) on the fifth (5^{th}) Trading Day after all of the Purchasers have received the Pre-Notice, the Company receives responses to a Subsequent Financing Notice from Purchasers seeking to purchase more than the aggregate amount of the Participation Maximum, each such Purchaser shall have the right to purchase its Pro Rata Portion (as defined below) of the Participation Maximum. "Pro Rata Portion" means the ratio of (x) the Subscription Amount of Securities purchased on the Closing Date by a Purchaser participating under this Section 4.10 and (y) the sum of the aggregate Subscription Amounts of Securities purchased on the Closing Date by all Purchasers participating under this Section 4.10 plus the aggregate subscription amounts of investors that acquire Preferred Shares for Exchange Securities that are participating in such Subsequent Financing pursuant to participation rights granted to such investors under such agreements that are substantially similar to this Section 4.10.

(f) The Company must provide the Purchasers with a second Subsequent Financing Notice, and the Purchasers will again have the right of participation set forth above in this Section 4.10, if the Subsequent Financing subject to the initial Subsequent Financing Notice is not consummated for any reason on the terms set forth in such Subsequent Financing Notice within thirty (30) Trading Days after the date of the initial Subsequent Financing Notice.

(g) The Company and each Purchaser agree that if any Purchaser elects to participate in the Subsequent Financing, the transaction documents related to the Subsequent Financing shall not include any term or provision whereby such Purchaser shall be required to agree to any restrictions on trading as to any of the Securities purchased hereunder or be required to consent to any amendment to or termination of, or grant any waiver, release or the like under or in connection with, this Agreement, without the prior written consent of such Purchaser.

(h) Notwithstanding anything to the contrary in this Section 4.10 and unless otherwise agreed to by such Purchaser, the Company shall either confirm in writing to such Purchaser that the transaction with respect to the Subsequent Financing has been abandoned or shall publicly disclose its intention to issue the securities in the Subsequent Financing, in either case in such a manner such that such Purchaser will not be in possession of any material, non-public information, by the tenth (10th) Business Day following delivery of the Subsequent Financing Notice. If by such tenth (10th) Business Day, no public disclosure regarding a transaction with respect to the Subsequent Financing has been made, and no notice regarding the abandonment of such transaction has been received by such Purchaser, such transaction shall be deemed to have been abandoned and such Purchaser shall not be deemed to be in possession of any material, non-public information with respect to the Company or any of its Subsidiaries.

(i) Notwithstanding the foregoing, this Section 4.10 shall not apply in respect of an Exempt Issuance.

4.11 Equal Treatment of Purchasers. Except pursuant to Article VI herein or otherwise agreed to in writing by the Company and the Purchasers, no consideration (including any modification of any Transaction Document) shall be offered or paid to any Person to amend or consent to a waiver or modification of any provision of this Agreement unless the same consideration is also offered to all of the parties to this Agreement but excluding any reimbursement of actual out-of-pocket expenses. For clarification purposes, this provision constitutes a separate right granted to each Purchaser by the Company and negotiated separately by each Purchaser, and is intended for the Company to treat the Purchasers as a class and shall not in any way be construed as the Purchasers acting in concert or as a group with respect to the purchase, disposition or voting of Securities or otherwise.

4.12 Intentionally Omitted.

4.13 Intentionally Omitted.

4.14 Intentionally Omitted.

4.15 Certain Transactions and Confidentiality. Each Purchaser, severally and not jointly with the other Purchasers, covenants that neither it, nor any Affiliate acting on its behalf or pursuant to any understanding with it will execute any purchases or sales, including Short Sales, of any of the Company's securities during the period commencing with the execution of this Agreement and ending at such time that the transactions contemplated by this Agreement are first publicly announced pursuant to the initial press release as described in Section 4.4. Each Purchaser, severally and not jointly with the other Purchasers, covenants that until such time as the transactions contemplated by this Agreement are publicly disclosed by the Company pursuant to the initial press release as described in Section 4.4, such Purchaser will maintain the confidentiality of the existence and terms of this transaction and the information included in the Transaction Documents and the Disclosure Schedules. Notwithstanding the foregoing, and notwithstanding anything contained in this Agreement to the contrary, the Company expressly acknowledges and agrees that (i) no Purchaser makes any representation, warranty or covenant hereby that it will not engage in effecting transactions in any securities of the Company after the time that the transactions contemplated by this Agreement are first publicly announced pursuant to the initial press release as described in Section 4.4, (ii) no Purchaser shall be restricted or prohibited from effecting any transactions in any securities of the Company in accordance with applicable securities laws from and after the time that the transactions contemplated by this Agreement are first publicly announced pursuant to the initial press release as described in Section 4.4 and (iii) no Purchaser shall have any duty of confidentiality to the Company or its Subsidiaries after the issuance of the initial press release as described in Section 4.4. Notwithstanding the foregoing, in the case of a Purchaser that is a multi-managed investment vehicle whereby separate portfolio managers manage separate portions of such Purchaser's assets and the portfolio managers have no direct knowledge of the investment decisions made by the portfolio managers managing other portions of such Purchaser's assets, the covenant set forth above shall only apply with respect to the portion of assets managed by the portfolio manager that made the investment decision to purchase the Securities covered by this Agreement.

4.16 Form D; Blue Sky Filings. The Company agrees to timely file a Form D with respect to the Securities as required under Regulation D and to provide a copy thereof, promptly upon request of any Purchaser. The Company shall take such action as the Company shall reasonably determine is necessary in order to obtain an exemption for, or to qualify the Securities for, sale to the Purchasers at the Closing under applicable securities or "Blue Sky" laws of the states of the United States, and shall provide evidence of such actions promptly upon request of any Purchaser.

4.17 Acknowledgment of Dilution. The Company acknowledges that the issuance of the Securities may result in dilution of the outstanding shares of Common Stock, which dilution may be substantial under certain market conditions. The Company further acknowledges that its obligations under the Transaction Documents, including, without limitation, its obligation to issue the Common Shares and Warrant Shares pursuant to the Transaction Documents, are unconditional and absolute and not subject to any right of set off, counterclaim, delay or reduction, regardless of the effect of any such dilution or any claim the Company may have against any Purchaser and regardless of the dilutive effect that such issuance may have on the ownership of the other stockholders of the Company.

4.18 No Short Sales. For so long as any Purchaser holds Securities, neither Purchaser nor any of its Affiliates nor any entity managed or controlled by each such Purchaser will, directly or indirectly, or cause or assist any Person to (x) enter into or execute any Short Sale or (y) trade in derivative securities to the same effect. For instance, no Purchaser shall engage in any Short Sale which would prevent the Company from exercising its rights under Section 2(f) of the Warrant. Nothing contained herein shall prevent the exercise of a warrant or securities lending in the ordinary course of business by a Purchaser.

4.19 Subsequent Debt and Equity Sales.

(a) From the date hereof until such time as no shares of Preferred Shares are outstanding, the Company shall not incur or enter into any agreement to incur any additional debt, other than working capital financing, debt issued to replace existing debt or an inventory financing transaction or transactions that have been previously approved by the Required Purchasers, without the prior written consent of the Required Purchasers which shall not be unreasonably withheld.

(b) From the date hereof until such time as no shares of Preferred Stock are outstanding, the Company shall not issue or enter into any agreement to issue, or announce the issuance or proposed issuance of any debt or equity securities that are senior, or *pari passu* with, in right to the Preferred Shares without the prior written consent of the Required Purchasers.

4.20 Board Nomination. The Board shall appoint one individual nominated by a majority in interest of the holders of Preferred Shares, such nominee to be reasonably satisfactory to the Board, to serve as a member of the Board until the next annual meeting of stockholders of the Company. The Company shall enter a customary indemnification agreement in favor of such director and shall maintain at all times directors liability insurance in form and amount reasonably satisfactory to such director.

4.21 Prohibition on Variable Rate Transactions. From the date hereof until such time as no Purchaser holds any of the Warrants, the Company shall be prohibited from effecting or entering into an agreement to effect any issuance by the Company or any of its Subsidiaries of Common Stock or Common Stock Equivalents (or a combination of units thereof) involving a Variable Rate Transaction. "Variable Rate Transaction" means a transaction in which the Company (i) issues or sells any debt or equity securities that are convertible into, exchangeable or exercisable for, or include the right to receive, additional shares of Common Stock either (A) at a conversion price, exercise price or exchange rate or other price that is based upon, and/or varies with, the trading prices of or quotations for the shares of Common Stock at any time after the initial issuance of such debt or equity securities or (B) with a conversion, exercise or exchange price that is subject to being reset at some future date after the initial issuance of such debt or equity security or upon the occurrence of specified or contingent events directly or indirectly related to the business of the Company or the market for the Common Stock or (ii) enters into any agreement, including, but not limited to, an equity line of credit, whereby the Company may issue securities at a future determined price. Any Purchaser shall be entitled to obtain injunctive relief against the Company to preclude any such issuance, which remedy shall be in addition to any right to collect damages.

4.22 Exchange Option. Until the twelve (12) month anniversary of the Closing Date, Purchaser shall have the option to exchange all or a portion of the Preferred Shares purchased pursuant to this Agreement for any securities placed by the Company in a future equity financing transaction, based on a Preferred Share value equal to 125% of the purchase price for financing closed prior to April 30, 2016 and otherwise based on a Preferred Share value equal to 150% of the Purchase Price hereunder. Additionally, the parties expressly agree that Purchaser may, pursuant to a written amendment, agree to amend or adjust the terms of this Agreement, this Section, and/or the terms applicable to the Preferred Shares purchased hereunder.

4 . 2 3 Company Payment Milestones. Prior to June 24, 2016, Purchasers will make incremental payments ("Milestone Amounts") to the Company toward the Subscription Amount upon Company's completion of the milestones listed below (the "Milestones") in the following amounts pro rata among all Purchasers, but in no case more than the Subscription Amount in aggregate including the Initial Payment:

(a) For each additional fiscal quarter's financial statements filed with the SEC the Purchasers will pay $150,000.

(b) For any publicly announced purchase order received by the Company for the sale of equipment where the Company in good faith estimates that the sale is at a 40% or greater gross margin, and the CEO personally certifies as such, Purchasers will pay one quarter of the portion of the total purchase order amount that relates to equipment to be delivered in calendar year 2016.

(c) For any additional publicly announced financing received by Company from a party other than Purchasers ("Third Party"), Purchasers will pay one half of Third Party's subscription amount.

Milestone related payments will be made within 5 business days of notice by the Company that the Milestone is completed. If, by June 24th, 2016, the Company has not met sufficient Milestones for payment of the full Subscription Amount, then the Purchasers will have no further obligation to pay further Milestone Amounts, and the Purchasers shall only be entitled to receive such additional Securities that correspond to the portion of the Subscription Amount paid by Purchaser.

4.24 (a) if

(i) the Company fails to achieve annual overall revenue growth of 20% measured year to year (e.g., Q3 2016 compared to Q3 2015) based on its most recent public filings; and

(ii) the Company fails to achieve at least a 25% increase in the value of purchase orders received for Generation 2 Hardware (with a minimum average 40% gross margin[1]) quarter over quarter on a quarterly basis (e.g., Q3 2016 compared to Q2 2016) based on its most recent two quarters of public filings; and

(iii) the Holders of the Preferred Shares request a Holder Redemption Request pursuant to the Series C Certificate of Designation; and

(iv) the Company chooses not to honor the Holder Redemption Request;

---

[1] As certified by the Company's Chief Executive Officer in a separate non-public document.

(b) then, within 180 days from the Company's receipt of notice from at least 60% of the holders of the Preferred Shares, the Company will use reasonable efforts to enter into an agreement to sell substantially all of its assets and use the proceeds to pay all creditors and shareholders according to their position and in accordance with applicable laws. The Company will promptly and continuously retain a reputed firm specializing in such asset sales which is acceptable to 60% of the holders of the Preferred Shares unless such holders waive this requirement.

(c) In the event the Company does not complete the sale of substantially all of its assets within said 180 day period, Michael D. Farkas agrees to vote all shares of voting capital stock of the Company registered in his name or beneficially owned by him as of the date hereof in accordance with the instructions of at least 60% of the holders of the Preferred Shares on questions relating to the liquidation of the Company and any other questions, including without limitation, Board of Directors modifications, necessary to effect a Company liquidation.

ARTICLE V.

5 . 3 Reservation of Shares. So long as Preferred Shares are outstanding, the Company shall not be party to any Fundamental Transaction (as defined in the Certificate of Designation and Warrants, respectively) unless the Company is in compliance with the applicable provisions governing Fundamental Transactions set forth in the Certificate of Designation and the Warrants.

Notwithstanding the above, any covenant in this Article V may be waived or otherwise amended by the Required Purchasers.

ARTICLE VI.
Omitted

ARTICLE VII.
MISCELLANEOUS

7.1 Termination. This Agreement may be terminated by any Purchaser, as to such Purchaser's obligations hereunder only and without any effect whatsoever on the obligations between the Company and the other Purchasers, by written notice to the other parties, if the Closing has not been consummated on or before March 4th, 2016; provided, however, that such termination will not affect the right of any party to sue for any breach by any other party (or parties).

7.2 Fees and Expenses. Except as expressly set forth in the Transaction Documents to the contrary, each party shall pay the fees and expenses of its advisers, counsel, accountants and other experts, if any, and all other expenses incurred by such party incident to the negotiation, preparation, execution, delivery and performance of this Agreement. The Company shall pay all Transfer Agent fees (including, without limitation, any fees required for same-day processing of any instruction letter delivered by the Company and any exercise notice delivered by a Purchaser), stamp taxes and other taxes and duties levied in connection with the delivery of any Securities to the Purchasers.

7.3 Entire Agreement. The Transaction Documents, together with the exhibits and schedules thereto, contain the entire understanding of the parties with respect to the subject matter hereof and thereof and supersede all prior agreements and understandings, oral or written, with respect to such matters, which the parties acknowledge have been merged into such documents, exhibits and schedules.

7.4 Notices. Any and all notices or other communications or deliveries required or permitted to be provided hereunder shall be in writing and shall be deemed given and effective on the earliest of: (a) the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number set forth on the signature pages attached hereto at or prior to 5:30 p.m. (New York City time) on a Trading Day, (b) the next Trading Day after the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number set forth on the signature pages attached hereto on a day that is not a Trading Day or later than 5:30 p.m. (New York City time) on any Trading Day, (c) the second (2nd) Trading Day following the date of mailing, if sent by U.S. nationally recognized overnight courier service or (d) upon actual receipt by the party to whom such notice is required to be given. The address for such notices and communications shall be as set forth on the signature pages attached hereto.

7.5 Amendments; Waivers. No provision of this Agreement may be waived, modified, supplemented or amended except in a written instrument signed, in the case of an amendment, by the Company and the Required Purchasers or, in the case of a waiver, by the party against whom enforcement of any such waived provision is sought. No waiver of any default with respect to any provision, condition or requirement of this Agreement shall be deemed to be a continuing waiver in the future or a waiver of any subsequent default or a waiver of any other provision, condition or requirement hereof, nor shall any delay or omission of any party to exercise any right hereunder in any manner impair the exercise of any such right.

7 . 6 Headings. The headings herein are for convenience only, do not constitute a part of this Agreement and shall not be deemed to limit or affect any of the provisions hereof.

7.7 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties and their successors and permitted assigns. The Company may not assign this Agreement or any rights or obligations hereunder without the prior written consent of each Purchaser (other than by merger). Any Purchaser may assign any or all of its rights under this Agreement to any Person to whom such Purchaser assigns or transfers any Securities, provided that such transferee agrees in writing to be bound, with respect to the transferred Securities, by the provisions of the Transaction Documents that apply to the "Purchasers."

7 . 8 No Third-Party Beneficiaries. This Agreement is intended for the benefit of the parties hereto and their respective successors and permitted assigns and is not for the benefit of, nor may any provision hereof be enforced by, any other Person, except as otherwise set forth in Section 4.8 and this Section 7.8.

7 . 9 Governing Law. All questions concerning the construction, validity, enforcement and interpretation of the Transaction Documents shall be governed by and construed and enforced in accordance with the internal laws of the State of New York, without regard to the principles of conflicts of law thereof. Each party agrees that all legal proceedings concerning the interpretations, enforcement and defense of the transactions contemplated by this Agreement and any other Transaction Documents (whether brought against a party hereto or its respective affiliates, directors, officers, shareholders, partners, members, employees or agents) shall be commenced exclusively in the state and federal courts sitting in the City of New York. Each party hereby irrevocably submits to the exclusive jurisdiction of the state and federal courts sitting in the City of New York, Borough of Manhattan for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein (including with respect to the enforcement of any of the Transaction Documents), and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of any such court, that such suit, action or proceeding is improper or is an inconvenient venue for such proceeding. Each party hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Agreement and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any other manner permitted by law. If either party shall commence an action or proceeding to enforce any provisions of the Transaction Documents, then in addition to the obligations of the Company under Section 4.8, the prevailing party in such action, suit or proceeding shall be reimbursed by the other party for its reasonable attorneys' fees and other costs and expenses incurred with the investigation, preparation and prosecution of such action or proceeding.

7.10 Survival. The representations and warranties contained herein shall survive the Closing and the delivery of the Securities.

7.11 Execution. This Agreement may be executed in two or more counterparts, all of which when taken together shall be considered one and the same agreement and shall become effective when counterparts have been signed by each party and delivered to each other party, it being understood that the parties need not sign the same counterpart. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.

7.12 Severability. If any term, provision, covenant or restriction of this Agreement is held by a court of competent jurisdiction to be invalid, illegal, void or unenforceable, the remainder of the terms, provisions, covenants and restrictions set forth herein shall remain in full force and effect and shall in no way be affected, impaired or invalidated, and the parties hereto shall use their commercially reasonable efforts to find and employ an alternative means to achieve the same or substantially the same result as that contemplated by such term, provision, covenant or restriction. It is hereby stipulated and declared to be the intention of the parties that they would have executed the remaining terms, provisions, covenants and restrictions without including any of such that may be hereafter declared invalid, illegal, void or unenforceable.

7.13 Rescission and Withdrawal Right. Notwithstanding anything to the contrary contained in (and without limiting any similar provisions of) any of the other Transaction Documents, whenever any Purchaser exercises a right, election, demand or option under a Transaction Document and the Company does not timely perform its related obligations within the periods therein provided, then such Purchaser may rescind or withdraw, in its sole discretion from time to time upon written notice to the Company, any relevant notice, demand or election in whole or in part without prejudice to its future actions and rights; provided, however, that in the case of a rescission of an exercise of a Warrant, the applicable Purchaser shall be required to return any shares of Common Stock subject to any such rescinded exercise notice concurrently with the return to such Purchaser of the aggregate exercise price paid to the Company for such shares and the restoration of such Purchaser's right to acquire such shares pursuant to such Purchaser's Warrant (including, issuance of a replacement warrant certificate evidencing such restored right).

7.14 Replacement of Securities. If any certificate or instrument evidencing any Securities is mutilated, lost, stolen or destroyed, the Company shall issue or cause to be issued in exchange and substitution for and upon cancellation thereof (in the case of mutilation), or in lieu of and substitution therefor, a new certificate or instrument, but only upon receipt of evidence reasonably satisfactory to the Company of such loss, theft or destruction. The applicant for a new certificate or instrument under such circumstances shall also pay any reasonable third-party costs (including customary indemnity) associated with the issuance of such replacement Securities.

7.15 Remedies. In addition to being entitled to exercise all rights provided herein or granted by law, including recovery of damages, each of the Purchasers and the Company will be entitled to specific performance under the Transaction Documents. The parties agree that monetary damages may not be adequate compensation for any loss incurred by reason of any breach of obligations contained in the Transaction Documents and hereby agree to waive and not to assert in any action for specific performance of any such obligation the defense that a remedy at law would be adequate.

7.16 Payment Set Aside. To the extent that the Company makes a payment or payments to any Purchaser pursuant to any Transaction Document or a Purchaser enforces or exercises its rights thereunder, and such payment or payments or the proceeds of such enforcement or exercise or any part thereof are subsequently invalidated, declared to be fraudulent or preferential, set aside, recovered from, disgorged by or are required to be refunded, repaid or otherwise restored to the Company, a trustee, receiver or any other Person under any law (including, without limitation, any bankruptcy law, state or federal law, common law or equitable cause of action), then to the extent of any such restoration the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such enforcement or setoff had not occurred.

7.17 Independent Nature of Purchasers' Obligations and Rights. The obligations of each Purchaser under any Transaction Document are several and not joint with the obligations of any other Purchaser, and no Purchaser shall be responsible in any way for the performance or non-performance of the obligations of any other Purchaser under any Transaction Document. Nothing contained herein or in any other Transaction Document, and no action taken by any Purchaser pursuant hereof or thereto, shall be deemed to constitute the Purchasers as a partnership, an association, a joint venture or any other kind of entity, or create a presumption that the Purchasers are in any way acting in concert or as a group with respect to such obligations or the transactions contemplated by the Transaction Documents. Each Purchaser shall be entitled to independently protect and enforce its rights, including, without limitation, the rights arising out of this Agreement or out of the other Transaction Documents, and it shall not be necessary for any other Purchaser to be joined as an additional party in any proceeding for such purpose. Each Purchaser has been represented by its own separate legal counsel in its review and negotiation of the Transaction Documents. The Company has elected to provide all Purchasers with the same terms and Transaction Documents for the convenience of the Company and not because it was required or requested to do so by any of the Purchasers.

7.18 Liquidated Damages. The Company's obligations to pay any partial liquidated damages or other amounts owing under the Transaction Documents is a continuing obligation of the Company and shall not terminate until all unpaid partial liquidated damages and other amounts have been paid notwithstanding the fact that the instrument or security pursuant to which such partial liquidated damages or other amounts are due and payable shall have been canceled.

7.19 Saturdays, Sundays, Holidays, etc. If the last or appointed day for the taking of any action or the expiration of any right required or granted herein shall not be a Business Day, then such action may be taken or such right may be exercised on the next succeeding Business Day.

7.20 Construction. The parties agree that each of them and/or their respective counsel have reviewed and had an opportunity to revise the Transaction Documents and, therefore, the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of the Transaction Documents or any amendments thereto. In addition, each and every reference to share prices and shares of Common Stock in any Transaction Document shall be subject to adjustment for reverse and forward stock splits, stock dividends, stock combinations and other similar transactions of the Common Stock that occur after the date of this Agreement.

7.21 **WAIVER OF JURY TRIAL. IN ANY ACTION, SUIT, OR PROCEEDING IN ANY JURISDICTION BROUGHT BY ANY PARTY AGAINST ANY OTHER PARTY, THE PARTIES EACH KNOWINGLY AND INTENTIONALLY, TO THE GREATEST EXTENT PERMITTED BY APPLICABLE LAW, HEREBY ABSOLUTELY, UNCONDITIONALLY, IRREVOCABLY AND EXPRESSLY WAIVES FOREVER TRIAL BY JURY.**

TO THE SECURITIES PURCHASE AGREEMENT AND
TO THE $3,725,000 PROMISSORY NOTE

This Amendment #3, dated June 15, 2017 (this "Amendment"), is by and between Car Charging Group, Inc., a Nevada corporation (the "Issuer") and JMJ Financial (the "Investor") (referred to collectively herein as the "Parties")

WHEREAS, the Issuer and the Investor entered into a Securities Purchase Agreement Document SPA-10052016 (the "SPA") dated as of October 7, 2016, pursuant to which the Issuer issued to the Investor a $3,725,000 Promissory Note (the "Note"), a Warrant, and Origination Shares (all capitalized terms not otherwise defined herein shall have the meanings given such terms in the SPA);

WHEREAS, the Issuer and the Investor previously entered into Amendment #1 to the SPA and the Note dated March 23, 2017 extending the Maturity Date of the Note and the date for delivery of the Origination Shares; and

WHEREAS, the Issuer and the Investor previously entered into Amendment #2 to the SPA and the Note dated May 15, 2017 further extending the Maturity Date of the Note and the date for delivery of the Origination Shares.

NOW, THEREFORE, the Issuer and the Investor agree as follows:

1. Extension of Maturity Date. In the sentence in the Note (as previously amended) that states "The Maturity Date is the earlier of June 15, 2017 or the third business day after the closing of the Public Offering," the date of June 15, 2017 shall be replaced with the date of July 15, 2017.

2. Extension of Origination Shares Dates. The references to the date of June 15, 2017 in Sections 1.3.1 and 1.3.2 of the SPA (as previously amended) shall be replaced with the date of July 15, 2017.

3. Conditional Waiver of Default. The Investor conditionally waives the defaults for the Issuer's failure to meet the original and previously amended Maturity Date of the Note and delivery date for the Origination Shares, but the Investor does not waive any damages, fees, penalties, liquidated damages, or other amounts or remedies otherwise resulting from such defaults (which damages, fees, penalties, liquidated damages, or other amounts or remedies the Investor may choose in the future to assess, apply or pursue in its sole discretion) and the Investor's conditional waiver is conditioned on the Issuer's not being in default of and not breaching any term of the Note or the SPA or any other Transaction Documents at any time subsequent to the date of this Amendment (if the Issuer triggers an event of default or breaches any term of the Note, the SPA, or the Transaction Documents at any time subsequent to the date of this Amendment, the Investor may issue a notice of default for the Issuer's failure to meet the original Maturity Date of the Note and delivery date of the Origination Shares.

Re: **Agreement to Convert – Warrants and Series C Preferred Stock**

[RECIPIENT]:

You are being sent this letter (the "Letter Agreement") as you are currently the holder of Warrant shares and Series C Preferred shares of Car Charging Group, Inc. Reference is made to transaction documents entered into by and among Car Charging Group, Inc. and [RECIPIENT] pursuant to which you acquired Warrants and/or Series C Preferred stock (the "Transaction Documents").

Our Current Financing

As you may be aware, the Company is currently in the process of pursuing a public offering of its securities to raise up to $20,000,000 and list its securities onto the NASDAQ (the "Offering"). The Company has filed a registration statement on Form S-1 related to the Offering which is being led by Joseph Gunnar & Co (the "Underwriter"). In connection with the Offering and prior to its closing, the Company will be engaging in a reverse stock split pursuant to which the number of our shares of common stock, par value $0.001 per share (the "Common Stock"), issued and outstanding will be reduced proportionately based on the reverse stock split ratio. The Company believes that attaining and maintaining the listing of our shares of Common Stock on NASDAQ is in the best interests of our Company and its stockholders, because if listed on NASDAQ, the Company believes that the liquidity in the trading of its Common Stock could be significantly enhanced, which could result in an increase in the trading price and may encourage investor interest and improve the marketability of our Common Stock to a broader range of investors. The Company is therefore contacting you and other holders of the Company's securities to request they convert their holdings into Common Stock.

What We Need From You

By executing and delivering this letter, you agree to accept shares of restricted common stock as described below as full compensation for all outstanding Warrant shares, Series C Preferred shares, and any other amounts owed to you under any compensation associated with the Transaction Documents or any other agreements not referenced that may provide you with any rights to Warrant shares or Preferred Series C shares and include, but not limited to, any accrued dividends owed, Public Information Failure, and any penalties associated with the Company's failure to meet its securities registration obligations As of March 31, 2017 our records indicate that you own 50,000 Warrant shares and have rights to 149 Preferred Series C shares based on the ownership of Series C Preferred shares, accrued Series C Preferred share dividends plus the conversion of all accrued penalties convertible into Series C Preferred shares.

You will hereby agree to automatically convert upon your signing of this Letter Agreement (the "Automatic Warrant Conversion"), your 50,000 Warrant shares into 50,000 restricted shares of Common Stock. Within ten (10) business days of date of your signing this Letter Agreement, the Company shall send you instructions on surrendering to the Company your original Warrants; provided, however, the Automatic Warrant Conversion shall be effective on the signing of this Letter Agreement whether or not you surrender your original Warrants, which shall be null and void on such date.

You will hereby agree to automatically convert upon closing of the Offering (the "Automatic Preferred Conversion"), your Series C Preferred shares into restricted shares of Common Stock. The Automatic Preferred Conversion shall be calculated as follows:

> Your Series C Preferred shares shall convert to Common Stock by taking the number of Series C Preferred shares you own times (i) a factor of 115 divided by (ii) 80% of the per share price of Common Stock in the Offering (the "Re-IPO Price"). By way of example, if you own 1,000 Series C Preferred Shares and the Re-IPO Price is $10.00 per share, you will receive (1,000 x 115) divided buy (10.00 times 0.8) or 14,375 shares of Common Stock

Upon the triggering of the Automatic Preferred Conversion, the Company shall send you written notice (the "Automatic Preferred Conversion Notice") specifying the conversion price and date upon which such conversion will be effective (the "Effective Date") and the number of restricted shares of Common Stock to be issued to you upon conversion. The Automatic Preferred Conversion Notice will also contain instructions on surrendering to the Company your original Series C Preferred share certificates; provided, however, the Automatic Preferred Conversion shall be effective on the Effective Date whether or not you surrender your original Series C Preferred share certificates, which shall be null and void on the Effective Date.

By your agreement and acknowledgment below, this Letter Agreement shall serve as written confirmation that:

(a) You agree to the terms of the Automatic Warrant Conversion and the Automatic Preferred Conversion.

(b) You acknowledge and agree that upon each of the Automatic Warrant Conversion and the Automatic Preferred Conversion, the Warrants and Series C Preferred, respectively, shall be cancelled.

(c) You agree to the following lock-up conditions:

a. That for a period of 270 days beginning on the Effective Date (the "Lock-Up Period"), you will not, without the prior written consent of the Underwriter, (1) offer, pledge, sell, contract to sell, grant, lend, or otherwise transfer or dispose of, directly or indirectly, any shares of the Common Stock (the "Shares") or any securities convertible into or exercisable or exchangeable for Shares, whether now owned or hereafter acquired by you or with respect to which you have or hereafter acquire the power of disposition (collectively, the "Lock-Up Securities"); (2) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of the Lock-Up Securities, whether any such transaction described in clause (1) above or this clause (2) is to be settled by delivery of Lock-Up Securities, in cash or otherwise; (3) make any demand for or exercise any right with respect to the registration of any Lock-Up Securities; or (4) publicly disclose the intention to make any offer, sale, pledge or disposition, or to enter into any transaction, swap, hedge or other arrangement relating to any Lock-Up Securities. Notwithstanding the foregoing, and subject to the conditions below, you may transfer Lock-Up Securities without the prior written consent of the Underwriter in connection with (a) transactions relating to Lock-Up Securities acquired in open market transactions after the completion of the Offering; provided that no filing under Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), shall be required or shall be voluntarily made in connection with subsequent sales of Lock-Up Securities acquired in such open market transactions; (b) transfers of Lock-Up Securities as a bona fide gift, by will or intestacy or to a family member or trust for the benefit of a family member (for purposes of this Letter Agreement, "family member" means any relationship by blood, marriage or adoption, not more remote than first cousin); (c) transfers of Lock-Up Securities to a charity or educational institution; or (d) if you, directly or indirectly, control a corporation, partnership, limited liability company or other business entity, any transfers of Lock-Up Securities to any shareholder, partner or member of, or owner of similar equity interests in such entity, as the case may be; provided that in the case of any transfer pursuant to the foregoing clauses (b), (c) or (d), (i) any such transfer shall not involve a disposition for value, (ii) each transferee shall sign and deliver to the Underwriter a lock up agreement substantially in the form of the lock-up provisions of this Letter Agreement and (iii) no filing under Section 16(a) of the Exchange Act shall be required or shall be voluntarily made. You also agree and consent to the entry of stop transfer instructions with the Company's transfer agent and registrar against the transfer of your Lock-Up Securities except in compliance with the lock-up provisions of this Letter Agreement.

b. If (i) during the last 17 days of the Lock-Up Period, the Company issues an earnings release or material news or a material event relating to the Company occurs, or (ii) prior to the expiration of the Lock-Up Period, the Company announces that it will release earnings results or becomes aware that material news or a material event will occur during the 16-day period beginning on the last day of the Lock-Up Period, the restrictions imposed by the lock-up provisions of this Letter Agreement shall continue to apply until the expiration of the 18-day period beginning on the issuance of the earnings release or the occurrence of such material news or material event, as applicable, unless the Underwriter waives, in writing, such extension.

c. You agree that, prior to engaging in any transaction or taking any other action that is subject to the terms of the lock-up provisions of this Letter Agreement during the initial Lock-Up Period and including the 34th day following the expiration of the initial Lock-Up Period, you will give notice thereof to the Company and will not consummate any such transaction or take any such action unless you have received written confirmation from the Company that the Lock-Up Period (as may have been extended pursuant to the previous paragraph) has expired.

d. No portion of the lock-up provisions of this Letter Agreement shall be deemed to restrict or prohibit the exercise, exchange or conversion by you of any securities exercisable or exchangeable for or convertible into the Shares, as applicable; provided that you do not transfer the Shares acquired on such exercise, exchange or conversion during the Lock-Up Period, unless otherwise permitted pursuant to the terms of the lock-up provisions of this Letter Agreement. In addition, no provision herein shall be deemed to restrict or prohibit the entry into or modification of a so-called "10b5-1" plan at any time (other than the entry into or modification of such a plan in such a manner as to cause the sale of any Lock-Up Securities within the Lock-Up Period).

e. You understand that the lock-up provisions of this Letter Agreement are irrevocable and shall be binding upon your heirs, legal representatives, successors and assigns.

By signing below, this Letter Agreement shall serve as written confirmation that you have reviewed this Letter Agreement (and consulted with your legal and tax advisors to the extent you deemed necessary) and agree to the terms and conditions of the Automatic Warrant Conversion and the Automatic Preferred Conversion as described herein. Upon the signing of this Letter Agreement (for the Automatic Warrant Conversion) and upon the Effective Date (for the Automatic Preferred Conversion), you understand that you will be releasing and discharging the Company and its affiliates from any and all obligations and duties that such persons may have to you with respect to, respectively, your Warrant shares and your Series C Preferred shares. Notwithstanding anything contained herein, in the event the Offering is not consummated on or before June 1, 2017, this Letter Agreement will terminate and the Automatic Preferred Conversion shall not take place.

This Letter Agreement contains the entire understanding between and among the parties and supersedes any prior understandings and agreements among them respecting the subject matter of this Letter Agreement. In addition, you hereby represent that you meet the requirements of at least one of the suitability standards for an "accredited investor" as that term is defined in Regulation D promulgated under the Securities Act of 1933, as amended and that you have had the opportunity to obtain any additional information, to the extent the Company has such information in its possession or could acquire it without unreasonable effort or expense, necessary in connection with the matters set forth in this Letter Agreement including, without limitation, information concerning the financial condition, results of operations, capitalization and business of the Company deemed relevant by you or your advisors, if any, and all such requested information, to the extent the Company had such information in its possession or could acquire it without unreasonable effort or expense, has been provided to your full satisfaction.. This Letter Agreement shall be governed by and construed in accordance with the laws of the State of Nevada without regard to choice of law principles. This Letter Agreement may be executed in any number of counterparts, each of which shall be an original but all of which together shall constitute one and the same instrument. In case any provision of this Letter Agreement shall be held to be invalid, illegal or unenforceable, such provision shall be severable from the rest of this Letter Agreement, and the validity legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

This letter evidences waiver by the undersigned with respect to any and all defaults or events of default by the Company with respect to any failure by the Company to comply with any covenants contained in the Transaction Documents.

The parties hereby consent and agree that if this Letter Agreement shall at any time be deemed by the parties for any reason insufficient, in whole or in part, to carry out the true intent and spirit hereof or thereof, the parties will execute or cause to be executed such other and further assurances and documents as in the reasonable opinion of the parties may be reasonably required in order more effectively to accomplish the purposes of this Letter Agreement.

CONVERSION AGREEMENT

THIS CONVERSION AGREEMENT (this "Agreement") is made and entered into as of _____, 2017, between Car Charging Group, Inc., a Nevada corporation ("CCGI"), and the undersigned holder ("Holder") of shares of CCGI's preferred stock Series B, $.001 par value per share (the "Preferred Stock Series B").

RECITALS

WHEREAS, Holder owns 8,250 shares of Preferred Stock Series B pursuant to the confirmed Joint Chapter 11 Plan of Reorganization (the "Plan") filed by Electric Transportation Engineering Corporation and its affiliates in the United States Bankruptcy Court for the District of Arizona, case no. 2-13-bk-16126, (the "Bankruptcy Case") which Plan was confirmed by the Bankruptcy Court by Order dated April 10, 2015 (the "Order");

WHEREAS, on December 31, 2016, pursuant to the Plan and Order, Holder gave notice to CCGI of its election to redeem 2,750 shares of its Preferred Stock Series B;

WHEREAS, CCGI has declined to honor such election;

WHEREAS, the shares of Preferred Stock Series B held by Holder are convertible into shares of CCGI's common stock, no value per share (the "Common Stock"), at the option of Holder, pursuant to, and subject to the limitations set forth in, the "Amended and Restated Certificate of Designation of Preferences, Rights and Limitations of Series B Preferred Stock of Car Charging Group, Inc." ("Series B Certificate); and

WHEREAS, CCGI has filed a Registration Statement on Form S-1 with the Securities and Exchange Commission ("SEC"); and

WHEREAS, the shares of Preferred Stock Series B are entitled to certain registration rights as set forth in the Series B Certificate; and

WHEREAS, CCGI has requested that, in conjunction with CCGI's anticipated public offering (the "IPO"), Holder agree to convert its Preferred Stock Series B to a quantifiable number of shares of Common Stock and thus eliminate the possibility that the conversion of the Preferred Stock Series B could require CCGI to issue more shares of Common Stock to Holder than it actually had available in its treasury; and

WHEREAS, Holder is willing to agree to CCGI's request under the terms and conditions set forth in this Agreement; and

WHEREAS, Holder and CCGI desire to enter into this Agreement to provide for the conversion of all shares of the Preferred Stock Series B held by Holder in exchange for CCGI granting certain additional registration rights to Holder, including those shares of Preferred Stock Series B that are not yet eligible for conversion under the Series B Certificate;

NOW, THEREFORE, for good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, the parties hereto hereby agree as follows:

1. Election to Convert.

a. Holder hereby elects to convert all 8,250 of its shares of Preferred Stock Series B held by Holder into shares of Common Stock in accordance with Section 6 of the Series B Certificate.

b. The conversion of shares of Preferred Stock Series B contemplated hereby shall be effective upon the date on which CCGI and its underwriter determines the initial public offering price for the common stock to be offered by CCGI pursuant to the IPO.

c. In connection with the election made by Holder hereby, Holder is delivering with this executed Agreement an executed conversion notice ("Notice of Conversion") which constitutes the written instructions which Holder is required to deliver to CCGI pursuant to Section 6 of the Series B Certificate.

2. Additional Consideration.

a. As additional consideration for Holder's election to convert all the shares of Preferred Stock Series B, CCGI hereby agrees to issue to Holder Common Stock equal to 15% of the Common Stock issued to Holder at the time the Preferred Stock Series B is converted to Common Stock.

b. For the avoidance of doubt, CCGI shall issue to Holder, upon conversion, Common Stock with a total dollar value, calculated according to the IPO price, of $948,750 (comprised of $825,000 for the Preferred Stock Series B and $123,750 for the additional consideration referenced in the preceding Section 2a). Thus, and by way of example only, if the public offering price is $10 per share, CCGI will issue 9,487.50 shares of Common Stock to Holder.

3. Issuance of Shares of Common Stock. Immediately upon conversion, CCGI shall cause to be issued and delivered to Holder a certificate representing the shares of Common Stock issued to and registered in Holder's name.

4. Limitations on Resale. Holder hereby covenants and agrees that Holder (i) will not sell or otherwise dispose of the Shares except pursuant to an effective registration statement (the "Registration Statement") under the Securities Act, or (ii) will comply with the requirements of the Securities Act when selling or otherwise disposing of the Shares, including, but not limited to, Rule 144 promulgated by the Securities & Exchange Commission and/or the prospectus delivery requirements of the Securities Act. Whenever CCGI proposes to register the offer and sale of any shares of its common stock under the Securities Act (other than pursuant to the S-1 registration referenced herein),CCGI shall give prompt written notice (in any event no later than 30 days prior to the filing of such Registration Statement) to the Holder of its intention to effect such a registration and will include the Common Stock in such Registration Statement if Holder has delivered to CCGI within 15 days after CCGI's notice has been given to each such holder (a "Piggyback Registration"). CCGI may postpone or withdraw the filing or the effectiveness of the Registration Statement which includes the Piggyback Registration at any time in its sole discretion.

5. CCGI covenants that it will comply, on a timely basis, with all filing requirements necessary to enable Holder to utilize Rule 144 to dispose of the Common Stock in compliance with that rule. CCGI will cooperate with Holder at the end of six months after issuance of the Common Stock to Holder to enable Holder, at its option, to sell the Common Stock in the open market.

6. Further Assurances. Each of Holder and CCGI agrees that it will make, execute and deliver any and all such other instruments, instructions and documents and will do and perform any and all such further acts as shall become necessary, proper or convenient to carry out or effectuate the respective covenants, promises and undertakings set forth herein.

7. Enforceability. If and to the extent any provision herein is held invalid or unenforceable at law, then such provision will be deemed stricken from this Agreement and the remainder of the Agreement will continue in effect and be valid and enforceable to the fullest extent permitted by law.

8. Governing Law. This Agreement shall be deemed executed in the State of Nevada and is to be governed by and construed under Nevada law, without regard to its choice of law provisions.

9. Waivers. To the extent any provision or term of this Agreement is inconsistent with the Series B Certificate, each of CCGI and Holder waives the applicability of the Series B Certificate, and this Agreement shall take precedence with respect to such inconsistency.

10. Representations and Warranties. Each of Holder and CCGI represents and warrants to the other that this Agreement, and each provision hereof, has been authorized and approved by the appropriate person of each party, and will, upon execution, be fully enforceable according to its terms. CCGI further represents and warrants that no holders of any other of its securities, nor any of its creditors, has the right to object to the terms of this Agreement and this Agreement does not violate the terms of any agreement, certificate of designations and preferences, or any other instrument setting forth the terms of any class of its securities whatsoever. CCGI shall defend, indemnify, and hold Holder harmless against any and all loss, damage, or injury resulting or arising from a breach of any of these representations and warranties.

11. Entire Agreement. This Agreement (along with the Notice of Conversion) is the entire agreement between Holder and CCGI and may not be modified or amended except by a written instrument signed by each of Holder and CCGI. Each of Holder and CCGI has read this Agreement, understands it and agrees to be bound by its terms and conditions. There are no understandings with respect to the subject matter hereof, express or implied, that are not stated herein. This Agreement may be executed in counterparts, and signatures exchanged by facsimile or other electronic means are effective for all purposes hereunder to the same extent as original signatures.

12. Specific Performance. Each party to this Agreement acknowledges and agrees that any breach by any of them of this Agreement may cause another party irreparable harm which may not be adequately compensable by money damages. Accordingly, in the event of a breach or threatened breach by a party of any provision of this Agreement, each other party shall be entitled to seek the remedies of specific performance, injunction or other preliminary or equitable relief, without having to prove irreparable harm or actual damages. The foregoing right shall be in addition to such other rights or remedies as may be available to any party for such breach or threatened breach, including but not limited to the recovery of money damages.

13. Costs of Enforcement. If any party to this Agreement seeks to enforce its rights under this Agreement by legal proceedings, the non-prevailing party shall pay all costs and expenses incurred by the prevailing party, including, without limitation, all reasonable attorneys' fees.

14. Amendment and Waiver. No amendment, modification, termination or cancellation of this Agreement shall be effective unless it is in writing signed by CCGI and Holder. No waiver of any of the provisions of this Agreement shall be deemed or shall constitute a waiver of any other provisions hereof (whether or not similar) nor shall such waiver constitute a continuing waiver.

15. Successors and Assigns; Assignment. Except as otherwise provided in this Agreement, the rights and obligations of the parties under this Agreement will be binding upon and inure to the benefit of their respective successors, assigns, heirs, executors, administrators and legal representatives.

16. Severability.
