Amendment No. 2 to Registration Statement on Form S-1
Filed July 6, 2017
File No. 333-214461**

Dear Mr. Mancuso:

Blink Charging Co. (formerly known as Car Charging Group, Inc.) (the "Company") is in receipt of your comment letter dated July 24, 2017 regarding the above referenced filing. As requested in your letter, we have provided responses to the questions raised by the staff. For your convenience, the matters are listed below, followed by the Company's responses:

Prospectus Cover Page

1. Clarify whether investors have a choice of purchasing a warrant or a share of common stock. If you are offering a unit, please revise throughout your registration statement to clarify, and revise your fee table as appropriate.

RESPONSE: In response to the staff's comment, we have revised our registration statement to clarify that we are offering units. These units will not be issued or certificated. In response to the staff's comment, we have revised our fee table.

2. Tell us when you intend to complete the blanks that you currently have included regarding the offering price range. Also tell us when information based on that range will be reflected in the related information throughout your registration statement.

RESPONSE: On August 28, 2017, our securities counsel and Tim Buchmiller of the Securities and Exchange Commission had a telephone conversation regarding this comment. Our securities counsel clarified that the offering price will be based on the market price at the time of the pricing of the offering and that, as a result, we are deleting the reference to an offering price range.

3. You indicate that the number of shares and warrants are based on an assumed public offering price of \$9.25 per share. Revise to disclose a fixed volume of securities that you are offering.

RESPONSE: In response to the staff's comment, we have revised to disclose a fixed volume of securities that we are offering.
