Blink Charging Announces First Quarter 2019 Financial Results

Leading Provider of Electric Vehicle Charging Equipment and Networked Charging Services Announces Results for the Quarter ended March 31, 2019

MIAMI BEACH, FL (May 15, 2019): Blink Charging Co. (NASDAQ: BLNK, BLNKW) (“Blink” or the “Company”), a leading owner, operator and provider of electric vehicle (EV) charging station products and networked EV charging services, today announced unaudited financial results for the quarter ended March 31, 2019.

First Quarter 2019 Highlights:

- Net loss attributable to common shareholders for the quarter ended March 31, 2019 was \$1.9 million, or \$0.07 per share, versus a loss of \$21.9 million, or \$2.58 per share, for the quarter ended March 31, 2018. Blink’s net loss attributable to common shareholders improved by \$20 million, or 91%, between 2019 and 2018 primarily due to no deemed dividend for the quarter ended March 31, 2019 versus the quarter ended March 31, 2018 and lower operating expenses offset by lower other income for the quarter ended March 31, 2019 versus the quarter ended March 31, 2018.
- Total liabilities were \$4.8 million at March 31, 2019 versus \$5.6 million at December 31, 2018 reflecting a decrease of \$0.8 million or a 14% reduction in total liabilities during the first quarter of 2019, primarily as a result of lower notes payable, accounts payable and accrued expenses in the current period versus December 31, 2018.
- Blink’s electric vehicle charging network had approximately 146,567 registered members as of March 31, 2019 as compared to approximately 141,165 registered members as of March 31, 2018, representing a 4% increase year over year in registered network members.

Michael D. Farkas, Chairman and Chief Executive Officer, stated “We are pleased with our performance from the first quarter indicating continued improvement in our network charging revenue, increase in charging members and strategic initiatives to lead us into the next several quarters.”

During the first quarter of 2019, Blink successfully accomplished the following:

- Completed our pilot program for the Blink IQ200 family of next-generation, 80Amps, Level 2 Fast AC charging stations utilizing dozens of units and more than six months of testing throughout the United States. The Blink IQ200 is now in full production and commercially available to customers.
- Signed an agreement with the Eunice Energy Group (“EEG”) to establish a joint venture in Europe, Blink Charging Europe Ltd. The purpose of the joint venture will be to leverage Blink’s EV products, network, technology and experience within the EV charging space alongside EEG’s position in the energy space and financial capabilities to expand the charging infrastructure in Greece and other European countries.

About Blink Charging:

Blink Charging Co. (NASDAQ: BLNK, BLNKW) is one of the leaders in nationwide public electric vehicle (EV) charging equipment and services.
